IN RE: DEERE & COMPANY REPAIR SERVICES ANTITRUST LITIGATION	MDL No. 3030 Case No.: 3:22-cv-50188 Hon. Iain D. Johnston

DECLARATION OF PAUL S. ROTHSTEIN IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS ON BEHALF OF PAUL S. ROTHSTEIN, P.A.

I, Paul S. Rothstein, declare and state as follows:

1. I am the owner of Paul S. Rothstein, P.A. I submit this declaration in support of Interim Co-Lead Class Counsel's Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards. This declaration summarizes the services rendered and expenses incurred by my firm in connection with this litigation. I make this declaration based on my personal knowledge and, if called as a witness, I could and would competently testify to the matters stated herein.

2. My firm and I serve on the Plaintiffs' Steering Committee and as referring counsel for Colvin Farms, LLC ("Colvin Farms").

3. My firm is experienced in class action, antitrust, and complex civil litigation matters. I have had leadership roles in a number of antitrust and other complex class actions.

4. Attached hereto as **Exhibit A** is my firm's total hours and lodestar, computed at historical rates, from leadership appointment on September 2, 2022 through August 31, 2026. The total number of hours spent by my firm during this period was 660.60 hours with a corresponding lodestar of $364,258.00. This summary was prepared from contemporaneous, daily time records

prepared and maintained by my firm. The total lodestar amount reflected in **Exhibit A** is for work assigned by Co-Lead Class Counsel and was performed by professional staff at my law firm for the benefit of the Class. In preparing this time, I followed Co-Lead Class Counsel's protocol for time keeping and assignments and have audited my time to comply with that protocol. In connection with representing Plaintiffs in this litigation, my firm did the following:

- responded to questions from Class Representatives and provided updates to Class Representatives regarding discovery matters, case updates and filings, settlement, discovery responses, and required disclosures;
- extensive worked to coordinate and implement a modified Rule 31 deposition of a fact witness based on the need to accommodate specific medical issues;
- analyzed and responded to discovery propounded to the Class Representatives;
- collected, reviewed, analyzed, and produced documents from Class Representatives;
- met-and-conferred about written discovery served on Deere and non-parties and drafting correspondence related thereto;
- reviewed and analyzed thousands of pages of documents produced by Deere and non-parties; and
- worked cooperatively with Co-Lead Class Counsel and other Plaintiffs' counsel.

5. These are just examples of the work undertaken by Paul S. Rothstein, P.A. in this litigation. The firm's time records, submitted through the course of this litigation, fully describe the work performed by my firm on behalf of the Class.

6. The hourly rates for the partners, attorneys, and professional support staff in my firm are the same as the usual and customary hourly rates charged for their services in similar contingent complex litigation matters, except for work completed on document review, which is capped at $350 per hour. My firm's hourly rates have been submitted in support of fee awards, for which courts have ordered the payment of attorneys' fees from recoveries in class action matters. Most recently, Paul S. Rothstein P.A. participated in the following complex actions resulting in an

award of attorneys' fees: *Kinlaw v. Richard Sackler et al*, No. 1:25-cv-00918-SCY-JMR (D.N.M) (pending written final order); *In re Endo Int'l plc*, *et al.*, No. 22-22549 (JLG) (Bankr. S.D.N.Y.); *In re: Mallinckrodt plc, et al*, No. 20-12522 (JTD) (Bankr. D. Del.); *In re: Rite Aid Corp.*, No. 23-18993 (MBK) (Bankr. D.N.J.); *In re Purdue Pharma, L.P.*, No. 19-23649 (Bankr. S.D.N.Y.).

7. As detailed in **Exhibit B** attached hereto, my firm has incurred a total of $3,690.12 in unreimbursed expenses from leadership appointment on September 2, 2022 through August 31, 2026. These expenses do not include my firm's assessment payments to the common cost litigation fund, maintained by Co-Lead Class Counsel. The expenses incurred in this litigation are reflected in the books and records of my firm. These books and records are prepared from expense vouchers, check records, and other source materials and represent an accurate record of the expenses incurred.

8. My firm is referring counsel for Colvin Farms and participated extensively in all discovery matters, including depositions, deposition preparation, and responding to written discovery. Over the course of the litigation, my firm kept Colvin Farms apprised of the status of the litigation, worked with Colvin Farms to respond to discovery served by Deere, and assisted Colvin Farms in deposition preparation and defense.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

DECLARATION OF GARRETT D. BLANCHFIELD IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS
ON BEHALF OF REINHARDT WENDORF & BLANCHFIELD

I, Garrett D. Blanchfield, declare and state as follows:

1. I am a partner of Reinhardt Wendorf & Blanchfield. I submit this Declaration in support of Interim Co-Lead Class Counsel's Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards. This declaration summarizes the services rendered and expenses incurred by my firm in connection with this litigation. I make this declaration based on my personal knowledge and, if called as a witness, I could and would competently testify to the matters stated herein.

2. My firm and I serve on the Plaintiffs' Steering Committee.

3. My firm is experienced in class action, antitrust, and complex civil litigation matters. My law firm has had leadership roles in a number of antitrust and other complex class actions.

4. Attached hereto as **Exhibit A** is my firm's total hours and lodestar, computed at historical rates, from leadership appointment on September 2, 2022 through August 31, 2026. The total number of hours spent by my firm during this period was 4,973.50 hours with a corresponding lodestar of $1,948,590.50. This summary was prepared from contemporaneous, daily time records

prepared and maintained by my firm. The total lodestar amount reflected in **Exhibit A** is for work assigned by Co-Lead Class Counsel and was performed by professional staff at my law firm for the benefit of the Class. In preparing this time, I followed Co-Lead Class Counsel's protocol for time keeping and assignments and have audited my time to comply with that protocol. In connection with representing Plaintiffs in this litigation, my firm did the following:

- Provided updates and responded to questions from Class Representatives regarding case updates and filings, discovery matters, settlement, discovery responses, and required disclosures;
- analyzed and responded to discovery propounded to the Class Representatives;
- collected, reviewed, analyzed, and produced documents from Class Representatives;
- drafted, served, and met-and-conferred about written discovery served on non-parties and drafted correspondence related thereto;

5. These are just examples of the work undertaken by Reinhardt Wendorf & Blanchfield in this litigation. The firm's time records, submitted through the course of this litigation, fully describe the work performed by my firm on behalf of the Class.

6. The hourly rates for the partners, attorneys, and professional support staff in my firm are the same as the usual and customary hourly rates charged for their services in similar contingent complex litigation matters, except for work completed on document review, which is capped at $350 per hour. My firm's hourly rates have been approved by courts to which they have been submitted in connection with the payment of attorneys' fees from recoveries in class action matters. Most recently, these hourly rates were approved in the following actions: *In re Generic Drugs Antitrust Litigation*, Case No. MDL 2724 (E.D. Pa.), *Tyler v. No. 27-cv-23-14056 (Hennepin County, Minn.) and *In re Broiler Chicken Antitrust Litigation,* Case No. 1:16-cv-08637 (N.D. Ill.).

7. As detailed in **Exhibit B** attached hereto, my firm has incurred a total of $3,665.63 in unreimbursed expenses from leadership appointment on September 2, 2022 through August 31, 2026. These expenses do not include my firm's assessment payments to the common cost litigation fund, maintained by Co-Lead Class Counsel. The expenses incurred in this litigation are reflected in the books and records of my firm. These books and records are prepared from expense vouchers, check records, and other source materials and represent an accurate record of the expenses incurred.

The total number of hours spent by my firm during this period was 3,082.2 hours with a corresponding lodestar of $1,674,032. This summary was prepared from contemporaneous, daily time records

prepared and maintained by my firm. The total lodestar amount reflected in **Exhibit A** is for work assigned by Co-Lead Class Counsel and was performed by professional staff at my law firm for the benefit of the Class. In preparing this time, I followed Co-Lead Class Counsel's protocol for time keeping and assignments and have audited my time to comply with that protocol. In connection with representing Plaintiffs in this litigation, my firm performed the following tasks:

- Conducted factual research that supported the Consolidated Amended Complaint;
- Reviewed and analyzed Defendant's discovery responses, researched discovery standards related to issues presented in responses, prepared strategic memoranda regarding discovery, prepared deficiency letters, and conducted meet-and-confers;
- Coordinated and drafted a motion to compel regarding Defendant's document productions;
- Conducted discovery of Defendant, including identifying deficiencies in data sources, researching and negotiating search strings, coordinating with experts, and preparing meet-and-confer letters;
- Developed and executed subpoena enforcement plan for multiple third party dealer subpoenas, including proposing and negotiating search strings and the scope of production, which involved copious amounts of critical transaction data essential to Plaintiffs' expert's damages modeling efforts; conducted meet-and-confers; and researched and drafted related correspondence;
- Conducted Tier 1 document review; and
- Met with experts regarding essential transaction data needed from third party dealerships in support of expert damages modeling.

5. These are just examples of the work undertaken by Zimmerman Reed in this litigation. The firm's time records, submitted through the course of this litigation, fully describe the work assigned by lead counsel and performed by my firm on behalf of Plaintiffs and the Class.

6. The hourly rates for the partners, attorneys, and professional support staff in my firm are the same as the usual and customary hourly rates charged for their services in similar contingent complex litigation matters, except for work completed by our attorneys on document review, which is capped at $350 per hour. My firm's hourly rates have been approved by courts to

which they have been submitted in connection with the payment of attorneys' fees from recoveries in class action matters. Most recently, these hourly rates were approved in the following actions: *In re Pork Antitrust Litig.*, No. 18-cv-1776-JRT-JFD (D. Minn. Oct. 8, 2026), *In re Cattle and Beef Antitrust Litig.*, No. 22-MD-3031-JRT-JFD (D. Minn. Oct. 8, 2026), *In re: Regents of the University of Minn. Data Litig.*, No. 27-CV-23-14056 (Hennepin Cnty. Dist. Ct., March 4, 2026), and *In re Turkey Antitrust Litig.*, No. 1:19-cv-08318 (N.D. Ill. Dec. 16, 2025).

7. As detailed in **Exhibit B** attached hereto, my firm has incurred a total of $20,997.93 in unreimbursed expenses from leadership appointment on September 2, 2022 through August 31, 2026. These expenses do not include my firm's assessment payments to the common cost litigation fund, maintained by Co-Lead Class Counsel. The expenses incurred in this litigation are reflected in the books and records of my firm. These books and records are prepared from expense vouchers, check records, and other source materials and represent an accurate record of the expenses incurred.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on October 9, 2026, in Minneapolis, Minnesota.

2. My firm and I serve on the Plaintiffs' Steering Committee.

3. My firm is experienced in class action, antitrust, and complex civil litigation matters. My law firm has had leadership roles in a number of antitrust and other complex class actions.

DECLARATION OF BLAKE JOHNSON IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Blake Johnson, hereby declare the following:

1. I am a resident of the state of Tennessee and over 18 years old. I make this Declaration based upon my personal knowledge of the facts and circumstances described herein and am competent to testify to such matters if called upon to do so.

2. I am one of the named Plaintiffs and Class Representatives in the above-captioned action. I submit this Declaration in support of Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards filed concurrently herewith and Plaintiffs' Motion for Final Approval of the Proposed Settlement, which is due December 18, 2026 (Dkt. No. 367).

3. I owned and operated a 150-acre hobby farm in Michie, Tennessee, from 2006 until 2023. I spent about 15 to 20 hours a week farming during that period. I produced hay and cattle and, when I sold my herd of cattle in April 2023, I had one bull, 26 cows, and 15 calves. During the Class Period,[1] as part of my hobby farming operations, I owned Deere Large Agricultural

[1] All capitalized terms shall have the meaning ascribed to them in Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards.

Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, I owned a Deere 2955 Utility Tractor, 5100E Utility Tractor, and 6105E Utility Tractor. I conducted farm operations during a portion of this four-year litigation.

4. Deere restricted my ability to repair my Deere Large Agricultural Equipment. These restrictions impacted my hobby farm. I completed repairs on the 2955 Utility Tractor myself and, when I purchased the 5100E Utility Tractor and 6105E Utility Tractor, I intended to complete any repairs on them myself as well. Unfortunately, I later discovered that I could not do so. For example, in 2021, my 6105E Utility Tractor had a short circuit in the wire harness under the driver's seat. I was forced to bring this tractor to a Deere-authorized Dealer to reset the computer in it. The service manager of the Deere-authorized Dealer informed me that a Deere-authorized Dealer had to complete repairs on my 5100E Utility Tractor and 6105E Utility Tractor even if I could fix the problem myself. I would have completed every repair myself if Deere permitted me to do so.

5. As a Class Representative, I have devoted significant effort and resources to participating in this action. Illustrative examples of my contributions to the action since 2022 are as follows:

6. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

7. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, my individual Complaint, Plaintiffs' Consolidated Class Action

Complaint, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings.

8. I reviewed the 13 Interrogatories, 36 Requests for Production of Documents, and 46 Requests for Admission that Deere served on me. I provided input on responding to these written discovery requests. I approved the responses and objections to these requests, and I also verified my interrogatory responses.

9. I have spent about 37 hours assisting Plaintiffs' counsel in the collection and review of documents in response to Deere's Requests for Production of Documents. In response to these requests, I have identified and provided Plaintiffs' counsel with access to all my sources of potentially responsive information and produced 437 pages of documents in this action.

10. I spent about 10 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(1) deposition conducted by Deere's counsel.

11. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

12. Throughout this litigation, I always considered the interests of the proposed Class as I would consider my own interests. I made myself available to participate in the action by timely and accurately answering all Plaintiffs' counsel's inquiries, assisting Plaintiffs' counsel with all discovery specific to me, and keeping generally aware of the status and progress of the action.

13. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement. I discussed the terms of the proposed Settlement with Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

14. In total, I estimate that I have spent about 47 hours assisting Plaintiffs' counsel in the prosecution of this action.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on October 8, 2026, in Michie, TN.

DECLARATION OF COLVIN FARMS, LLC IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Blaire Colvin, hereby declare the following:

1. I am a resident of the state of Florida and am over 18 years old. I make this Declaration based upon my personal knowledge of the facts and circumstances described herein and am competent to testify to such matters if called upon to do so.

2. On behalf of Colvin Farms, LLC ("Colvin Farms"), one of the named Plaintiffs and Class Representatives in the above-captioned action, I submit this Declaration in support of Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards filed concurrently herewith and Plaintiffs' Motion for Final Approval of the Proposed Settlement, which is due on December 18, 2026 (Dkt. No. 367).

3. I am the co-owner of Colvin Farms, a 1,600-acre family farm in Dellwood, Florida, that my father, Daniel Colvin, established in 1989 and now co-owns with me. Before moving to Dellwood, Colvin Farms operated in Orange Springs, Florida, until 2021. Colvin Farms produces crops, including peanuts, sweet and field corn, small grains, and watermelons. During the Class

Period,[1] as part of its farming operations, Colvin Farms owned Deere Large Agricultural Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, Colvin Farms owned a Deere 7200R Row-Crop Tractor, 8245R Row-Crop Tractor (two units), 4630 Self-Propelled Sprayer, 6155R Row-Crop Tractor, 8R 280 Row-Crop Tractor (two units), 8285R Row-Crop Tractor, 6145R Tractor, and 4720 Utility Tractor. Colvin Farms conducted farm operations throughout this four-year litigation.

4. Deere restricted Colvin Farms' ability to repair its Deere Large Agricultural Equipment. These restrictions impacted Colvin Farms. For example, Colvin Farms lost countless hours of productivity time in the field when it was forced to wait for a Deere-authorized Dealer technician to complete repairs that it was precluded from completing itself (or with the assistance of its independent mechanic) because only a Deere-authorized Dealer could reprogram an electronic control unit.

5. As a Class Representative, Colvin Farms has devoted significant effort and resources to participating in this action. Illustrative examples of my contributions on behalf of Colvin Farms to the action since 2022 are as follows: Responding to discovery requests including interrogatories, requests for admission and requests to produce documents; producing more than 4,000 pages of documents in response to discovery requests; preparing for deposition, reviewing and analyzing court documents as requested by counsel; analyzing the proposed settlement agreement and objections thereto; and otherwise staying apprised of the litigation and issues raised through counsel.

[1] All capitalized terms shall have the meaning ascribed to them in Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards.

6. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

7. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, Colvin Farms's individual Complaint, Plaintiffs' Consolidated Class Action Complaint, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings.

8. I reviewed the 12 Interrogatories, 36 Requests for Production of Documents, and 46 Requests for Admission that Deere served on Colvin Farms. I provided input on responding to these written discovery requests. I approved the responses and objections to these requests on behalf of Colvin Farms and verified the interrogatory responses on behalf of Colvin Farms.

9. I have spent about 100 hours assisting Plaintiffs' counsel in the collection and review of documents in response to Deere's Requests for Production of Documents. In response to these requests, I have identified and provided Plaintiffs' counsel with access to all Colvin Farms's sources of potentially responsive information, including three document custodians, and produced 4,438 pages of documents in this action. I have also identified three nonparties with potentially responsive information.

10. I spent about 25 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(6) deposition conducted by Deere's counsel.

11. Daniel Colvin, my father and the co-owner of Colvin Farms, has also spent approximately 20 hours preparing for and sitting for a modified Federal Rule of Civil Procedure 31 deposition during which he answered over 440 questions Deere presented.

12. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

13. Throughout this litigation, I always considered the interests of the proposed Class as I would consider the interests of Colvin Farms. I made myself available to participate in the action by timely and accurately answering all of Plaintiffs' counsel's inquiries, assisting Plaintiffs' counsel with all discovery specific to Colvin Farms, and keeping generally aware of the status and progress of the action.

14. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement. I discussed the terms of the proposed Settlement with Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

15. In total, I estimate that Daniel Colvin and I have spent about 150 hours on behalf of Colvin Farms assisting Plaintiffs' counsel in the prosecution of this action.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

DECLARATION OF EAGLE LAKE FARMS PARTNERSHIP IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Kent Falwell, Jr., hereby declare the following:

1. I am a resident of Arkansas and am over 18 years old. I make this Declaration based upon my personal knowledge of the facts and circumstances described herein and am competent to testify to such matters if called upon to do so.

2. On behalf of Eagle Lake Farms Partnership ("Eagle Lake Farms"), one of the named Plaintiffs and Class Representatives in the above-captioned action, I submit this Declaration in support of Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards filed concurrently herewith and Plaintiffs' Motion for Final Approval of the Proposed Settlement, which is due on December 18, 2026 (Dkt. No. 367).

3. I am the co-owner of Eagle Lake Farms, a 10,000-acre family farm in Newport, Arkansas, that my father, the late Kent Falwell, Sr., established in the 1960s. I co-own and co-operate Eagle Lake Farm with my brother, Gregory Falwell, and our respective families. Eagle Lake Farms produces crops, including corn, rice, soybeans, wheat, and oats as well as feeder cattle.

During the Class Period,[1] as part of its farming operations, Eagle Lake Farms owned John Deere, Large Agricultural Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, Eagle Lake Farms owned over 30 units of Deere equipment, including a Deere 8320RT Tracked Tractor, 8360R Row-Crop Tractor, and 9870STS Combine. Eagle Lake Farms conducted farm operations throughout this four-year litigation.

4. Deere restricted Eagle Lake Farms' ability to repair its Deere, Large Agricultural Equipment. These restrictions impacted Eagle Lake Farms. For example, Eagle Lake Farms' personnel, including myself, used to complete all repairs on its equipment or with an independent mechanic. In recent years, however, Eagle Lake Farms was forced to use a Deere-authorized Dealer for repairs involving electronic control units, incurring significant additional costs and, in many instances, days of downtime. Many of the independent mechanics that Eagle Lake Farms once used have shut down. Eagle Lake spends about $200,000 a year on repairs and parts at Deere-authorized Dealers.

5. I originally became aware of right-to-repair actions against Deere in early 2022 and retained counsel to represent Eagle Lake Farms in a right-to-repair action against Deere as a Class Representative in March 2022.

6. As a Class Representative, Eagle Lake Farms has devoted significant effort and resources to participating in this action. Illustrative examples of my contributions, as well as one of my employees, on behalf of Eagle Lake Farms, to the action since 2022 are as follows:

[1] All capitalized terms shall have the meaning ascribed to them in Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards.

7. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

8. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, Eagle Lake Farms's individual Complaint, Plaintiffs' Consolidated Class Action Complaint prior to its filing, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings. I also reviewed business records gathered by my employee regarding Eagle Lake Farm's Deere Large Agricultural Equipment. Following the Court's opinion allowing this action to move forward, I reviewed said opinion by the Court.

9. I had multiple telephone calls with my counsel as the case moved forward.

10. During the case, I reviewed the 12 Interrogatories, 36 Requests for Production of Documents, as well as the documents, and 46 Requests for Admission that Deere served on Eagle Lake Farms. I provided input on responding to these written discovery requests. I approved the responses and objections to these requests on behalf of Eagle Lake Farms and verified the interrogatory responses on behalf of Eagle Lake Farms.

11. I met with my attorneys on at least three occasions by Zoom and at my farm to prepare for Eagle Lake Farms' deposition. I had multiple phone calls with them to discuss the action. My employee additionally provided answers to all questions posed by my counsel. I sat for a deposition for over seven hours.

12. I provided my counsel with Eagle Lake Farm's business records and access to my accountants, so that counsel was able to gather all information pertaining to the purchase and repair of Eagle Lake Farms' Deere Large Agricultural Equipment.

13. I have spent about 15 hours assisting Plaintiffs' counsel in the collection and review of documents in response to Deere's Requests for Production of Documents and answering questions posed by my counsel. In response to these requests, I have identified and provided Plaintiffs' counsel with access to all Eagle Lake Farms's sources of potentially responsive information, including two document custodians. I have also identified four nonparties with potentially responsive information and had meetings with members of my own staff to discuss document search and collection. Eagle Lake Farms produced 1,293 pages of documents in this action.

14. I spent approximately 14 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(6) deposition conducted by Deere's counsel. My employee spent approximately 15 hours speaking with my counsel, speaking with the accountant, and gathering business records to provide me with the information I needed to review and send to my counsel.

15. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

16. Throughout this litigation, I always considered the interests of the proposed Class as I would consider the interests of Eagle Lake Farms. I made myself available to participate in the action by timely and accurately answering all of Plaintiffs' counsel's inquiries, assisting Plaintiffs' counsel with all discovery specific to Eagle Lake Farms, and keeping generally aware of the status and progress of the action.

17. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement by telephone calls and letters. I discussed the terms of the proposed Settlement with

Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

18. In total, I estimate that I and my employee have spent 45 hours assisting Plaintiffs' counsel on behalf of Eagle Lake Farms in the prosecution of this action.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on October 8, 2026, in Newport, AR.

DECLARATION OF ENGLAND FARMS & HARVESTING, LLC IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES, AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Michael England, hereby declare the following:

1. I am a resident of the state of Texas and am over 18 years old. I make this Declaration based upon my personal knowledge of the facts and circumstances described herein and am competent to testify to such matters if called upon to do so.

2. On behalf of England Farms & Harvesting, LLC ("England Farms"), one of the named Plaintiffs and Class Representatives in the above-captioned action, I submit this Declaration in support of Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards filed concurrently herewith and Plaintiffs' Motion for Final Approval of the Proposed Settlement, which is due on December 18, 2026 (Dkt. No. 367).

3. Along with my wife, Elizabeth "Crickett" England, we are the co-owners of England Farms, a 5,000-acre family farm in Mercedes, Texas, which we established in 1985 or 1986. I have been farming for 40 years. England Farms produces crops, including cotton, corn, grain, hay, and onions as well as cattle. It has a custom cotton harvesting operation, which harvests

a few thousand acres of cotton annually. During the Class Period,[1] as part of its farming operations, England Farms owned Deere Large Agricultural Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, England Farms owned a Deere 7420 Tractor, 8330 Tractor, 8410 Tractor, CP690 Cotton Picker, 7760 Cotton Picker (two units), and 9996 Cotton Picker (two units). England Farms conducted farm operations throughout this four-year litigation.

4. Deere restricted England Farms' ability to repair its Deere Large Agricultural Equipment. These restrictions impacted England Farms. England Farms preferred using independent mechanics to complete repairs on its Deere equipment as much and as far as it could but was often forced to use a Deere-authorized Dealer to complete repairs involving Deere software embedded in the equipment, causing additional expense and delay. For example, I hired an independent mechanic to complete a repair on England Farms' 8330 Tractor, but the independent mechanic was unable to finish the necessary calibrations for the equipment and parts without access to Deere embedded software in the equipment.

5. As a Class Representative, England Farms has devoted significant effort and resources to participating in this action. Illustrative examples of my contributions on behalf of England Farms to the action since 2022 are as follows:

6. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

7. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, England Farms' individual Complaint, Plaintiffs' Consolidated Class

Action Complaint, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings.

8. I reviewed the 12 Interrogatories, 36 Requests for Production of Documents, and 46 Requests for Admission that Deere served on England Farms. I provided input on responding to these written discovery requests. I approved the responses and objections to these requests on behalf of England Farms and verified the interrogatory responses on behalf of England Farms.

9. I have spent about 40 hours assisting Plaintiffs' counsel in the collection and review of documents in response to Deere's Requests for Production of Documents. In response to these requests, I have identified and provided Plaintiffs' counsel with access to all England Farms' sources of potentially responsive information, including three document custodians, and produced 9,571 pages of documents in this action. I have also identified 13 nonparties with potentially responsive information.

10. I spent about 22 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(6) deposition conducted by Deere's counsel.

11. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

12. Throughout this litigation, I always considered the interests of the proposed Class as I would consider the interests of England Farms. I made myself available to participate in the action by timely and accurately answering all of Plaintiffs' counsel's inquiries, assisting Plaintiffs' counsel with all discovery specific to England Farms, and keeping generally aware of the status and progress of the action.

13. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement. I discussed the terms of the proposed Settlement with Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

14. In total, I estimate that I have spent about 64 hours assisting Plaintiffs' counsel on behalf of England Farms in the prosecution of this action.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on September 15, 2026 in Uvalde, Texas.

DECLARATION OF HAPKA FARMS, INC. IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Van Hapka, hereby declare the following:

1. I am a resident of the state of Minnesota and am over 18 years old. I make this Declaration based upon my personal knowledge of the facts and circumstances described herein and am competent to testify to such matters if called upon to do so.

2. On behalf of Hapka Farms, Inc. ("Hapka Farms"), one of the named Plaintiffs and Class Representatives in the above-captioned action, I submit this Declaration in support of Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards filed concurrently herewith and Plaintiffs' Motion for Final Approval of the Proposed Settlement, which is due on December 18, 2026 (Dkt. No. 367).

3. I am the owner of Hapka Farms, a 5,800-acre family farm in northwest Minnesota, where my family has farmed since the 1800s. My father legally established Hapka Farms in 1989. Hapka Farms produces crops, including corn, soybeans, navy beans, black beans, canola, and wheat; it historically produced sugar beets, pinto beans, and sunflowers. During the Class Period,[1]

[1] All capitalized terms shall have the meaning ascribed to them in Plaintiffs' Motion for Attorneys' Fees, Reimbursement of Expenses, and Class Representative Service Awards.

as part of its farming operations, Hapka Farms owned Deere Large Agricultural Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, Hapka Farms owned a Deere 4930 Self-Propelled Sprayer, 4940 Self-Propelled Sprayer, S780 Combine, 9620RX Quad Track Tractor, 9560R Tractor, 7210R Row-Crop Tractor, and 8370RT Row-Crop Tractor. Hapka Farms conducted farm operations throughout this four-year litigation.

4. Deere restricted Hapka Farms' ability to repair its Deere Large Agricultural Equipment. These restrictions impacted Hapka Farms. As one example, Hapka Farms' S780 Combine suffered two days of downtime when a Diesel Exhaust Fluid (DEF) system failure caused the equipment to derate. It took a Deere-authorized Dealer two days to complete the repairs and reprogramming. As another example, when the hydro switch on Hapka Farms' 4940 Self-Propelled Sprayer failed, I was able to replace the physical parts with my employees, but the equipment was inoperable for three days while waiting for a Deere-authorized Dealer technician to reprogram the ECU in the equipment.

5. As a Class Representative, Hapka Farms has devoted significant effort and resources to participating in this action. Illustrative examples of my contributions on behalf of Hapka Farms to the action since 2022 are as follows:

6. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

7. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, Hapka Farms's individual Complaint, Plaintiffs' the Consolidated

Class Action Complaint, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings.

8. I reviewed the 12 Interrogatories, 36 Requests for Production of Documents, and 46 Requests for Admission that Deere served on Hapka Farms. I provided input on responding to these written discovery requests. I approved the responses and objections to these requests on behalf of Hapka Farms and verified the interrogatory responses on behalf of Hapka Farms.

9. I have spent about 40 hours assisting Plaintiffs' counsel in the collection and review of documents in response to Deere's Requests for Production of Documents. In response to these requests, I have identified and provided Plaintiffs' counsel with access to all Hapka Farms's sources of potentially responsive information, including three document custodians, and produced 4,730 pages of documents in this action. I have also identified four nonparties with potentially responsive information.

10. I spent about 25 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(6) deposition conducted by Deere's counsel.

11. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

12. Throughout this litigation, I always considered the interests of the proposed Class as I would consider the interests of Hapka Farms. I made myself available to participate in the action by timely and accurately answering all of Plaintiffs' counsel's inquiries, assisting Plaintiffs' counsel with all discovery specific to Hapka Farms, and keeping generally aware of the status and progress of the action.

13. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement. I discussed the terms of the proposed Settlement with Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

14. In total, I estimate that I have spent about 80 hours assisting Plaintiffs' counsel on behalf of Hapka Farms in the prosecution of this action.

DECLARATION OF PLUM RIDGE FARMS, LTD. IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, REIMBURSEMENT OF EXPENSES AND CLASS REPRESENTATIVE SERVICE AWARDS AND MOTION FOR FINAL APPROVAL OF THE PROPOSED SETTLEMENT

I, Robert Haas, hereby declare the following:

Agricultural Equipment and purchased Repair Services for such equipment from Deere or Deere-authorized Dealers in the United States. Specifically, Plum Ridge Farms owned a Deere 6155M Row-Crop Tractor, 8295R Row-Crop Tractor, 8310R Row-Crop Tractor, 8320R Row-Crop Tractor, 8400R Row-Crop Tractor, 9620RX 4-Track Tractor, 9570RX 4-Track Tractor, and S790 Combine. Plum Ridge Farms conducted farm operations throughout this four-year litigation.

4. Deere restricted Plum Ridge Farms' ability to repair its Deere Large Agricultural Equipment. These restrictions impacted Plum Ridge Farms. On multiple occasions, particularly during spring planting season, Plum Ridge Farms had issues arise that could not be repaired except by a Deere-authorized Dealer, causing it critical delays in getting plants in the ground while waiting for repairs.

5. As a Class Representative, Plum Ridge Farms has devoted significant effort and resources to participating in this action. Illustrative examples of my contributions on behalf of Plum Ridge Farms to the action since 2022 are as follows:

6. At the outset, I reviewed and acknowledged my duties as a Class Representative as explained to me by Plaintiffs' counsel. I agreed to preserve all documents potentially relevant to this action.

7. I reviewed numerous documents before their filing and service on all parties, including, but not limited to, Plum Ridge Farms's individual Complaint, Plaintiffs' the Consolidated Class Action Complaint, Deere's Answer to the Consolidated Class Action Complaint, and briefing on Deere's Motion for Judgment on the Pleadings.

In response to these requests, I have identified and provided Plaintiffs' counsel with access to all Plum Ridge Farms's sources of potentially responsive information, including two document custodians, and produced 6,202 pages of documents in this action.

10. I spent about 15 hours preparing for and sitting for a Federal Rule of Civil Procedure 30(b)(6) deposition conducted by Deere's counsel.

11. Throughout this litigation, I remained informed on a continuous basis of the progress of the action, made every effort to provide Plaintiffs' counsel with all relevant facts of which I was aware, and assisted Plaintiffs' counsel whenever called upon to do so.

13. Plaintiffs' counsel informed me of the proposed resolution of this action by settlement. I discussed the terms of the proposed Settlement with Plaintiffs' counsel, including Settlement Class Counsel, and agree with their evaluation that the Settlement is fair and reasonable and in the best interests of the proposed Settlement Class.

14. In total, I estimate that I have spent about 150 hours assisting Plaintiffs' counsel on behalf of Plum Ridge Farms in the prosecution of this action.
