CASE NO.: 2:16-cv-03493-FMO-AS

NOTICE OF MOTION AND MOTION FOR CERTIFICATION OF SETTLEMENT CLASS, PRELIMINARY APPROVAL OF CLASS ACTION SETTLEMENT, APPROVAL OF NOTICE PLAN, APPOINTMENT OF CLASS ACTION SETTLEMENT ADMINISTRATOR, AND APPOINTMENT OF CLASS COUNSEL

[Filed Concurrently with Memorandum of Points and Authorities; Proposed Order]

Time of Hearing: 10:00 a.m.
Date of Hearing: July 23, 2020
Courtroom: 6D
Honorable Fernando M. Olguin

File Date: May 19, 2016
Trial Date: May 11, 2021

PLEASE TAKE NOTICE that on July 23, 2020, at 10:00 a.m., or as soon thereafter as the matter may be heard before the Honorable Fernando M. Olguin, in Courtroom 6D of the United States Courthouse, 350 West First Street Los Angeles, CA 90012, Plaintiffs City of Long Beach, County of Los Angeles, City of Chula Vista, City of San Diego, City of San Jose, City of Oakland, City of Berkeley, City of Spokane, City of Tacoma, City of Portland, Port of Portland, Baltimore County, Mayor and City Council of Baltimore; all individually and on behalf of all others similarly situated, will and hereby do move the Court for an order for Certification of Settlement Class, Preliminary Approval of Class Action Settlement, Approval of Notice Plan, Appointment of Class Action Settlement Administrator, and Appointment of Class Counsel. This motion is made following the conference of counsel pursuant to L.R. 7-3, which took place on June 16, 2020.

This motion is based on this Notice, the supporting Memorandum of Points and Authorities, the Declaration of Hon. (Ret.) Jay Gandhi, and the Declarations of John Fiske and Scott Summy, including attached expert declarations.

Respectfully submitted,

Date: June 24, 2020

/s/ John Fiske

Plaintiffs and Defendants Monsanto Company, Solutia Inc., and Pharmacia LLC (collectively, "Monsanto" or "Defendant") have reached a proposed nationwide class action settlement (the "Settlement") to resolve allegations that Defendant's design, manufacture, sale, promotion, and supply of chemicals known as polychlorinated biphenyls ("PCBs") resulted in the contamination of Plaintiffs' stormwater and other resources, necessitating treatment and/or remediation to remove PCBs. Defendant has agreed to pay as a net class benefit $550 million into a common fund to be distributed to 2,528 class members across the United States. Defendant also has agreed to separately pay class counsel attorneys' fees and expenses, and class administration and notice costs.

This Settlement is the result of contentious, prolonged, arm's length negotiations during in-person meetings and numerous telephone conference mediation sessions between early to mid-2019 and March 2020 when a confidential term sheet was executed. The mediation process was led by JAMS mediator Judge (Ret.) Jay Gandhi. The Parties negotiated a resolution to litigation that has been pending since early 2015 in several jurisdictions across the United States. The Settlement confers substantial relief for Settlement Class Members who will automatically receive a minimum payment and may provide additional payments upon application.

The Parties move this Court for an Order pursuant to Fed. R. Civ. P. 23 that would: (1) certify the Settlement Class; (2) preliminarily approve the terms of the proposed Settlement Agreement; (3) approve and direct the proposed Notice Plan; (4) appoint the Class Action Settlement Administrator; and (5) appoint Lead and Co-Class Counsel.

I. STATEMENT OF THE CASE

Monsanto Company (now known as Pharmacia LLC) manufactured a class of industrial chemicals called polychlorinated biphenyls ("PCBs") between the 1930s and 1977. Plaintiffs allege that, while Monsanto was promoting the widespread use of PCBs, the company also knew that PCBs were toxic and foresaw the type of environmental/stormwater contamination alleged in these cases. Specifically, Plaintiffs allege that Monsanto internally acknowledged that PCBs would escape end use

applications and migrate into the surrounding air or onto nearby surfaces and contaminate natural resources. Defendant vigorously denies these allegations.

The Litigation. Plaintiffs' Counsel filed the following actions, including the instant Action, against Monsanto in federal district courts around the country related to Defendant's manufacture, sale, testing, disposal, release, marketing, promotion, or management of PCBs: *City of Long Beach v. Monsanto Co*., Case No. 2:16-CV-03493-FMO-AS (C.D. Ca.); *City of Berkeley v. Monsanto Co*., Case No. 5:16-cv00071-EJD (N.D. Ca.); *City of San Diego v. Monsanto Co*., Case No. 3:15-CV-00578-WQH-AGS (S.D. Ca.); *City of Oakland v. Monsanto Co*., Case No. 5:15-cv-5152-EJD (N.D. Ca.); *City of San Jose v. Monsanto Co*., Case No. 5:15-cv-03178-EJD (N.D. Ca.); *Mayor and City Council of Baltimore v. Monsanto Co*., Case No. 1:19-cv-00483-RDB); *City of Chula Vista v. Monsanto Co*., Case No. 3:18-CV-01942-BEN-JMA (S.D. Ca.); *County of Los Angeles; L.A. County Flood Control District v. Monsanto Co*., Case No. 2:19-CV-0464-GW-AFM (C.D. Ca.); *Port of Portland v. Monsanto Co*., Case No. 3:17-cv-00015-PK (D. Ore.); *City of Portland v. Monsanto Co*., Case No.3:16-cv-01418-MO (D. Ore.); *City of Spokane v. Monsanto Co*., Case No. 2:15-CV-00201-SMJ (E.D. Wa.) collectively referred to as "the Public Entity Cases".

In these lawsuits, Plaintiffs asserted various claims against Defendant for alleged PCB-related impairments to water bodies and stormwater systems. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater systems, waterbodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief. Defendant contested the allegations as well as the application of Plaintiffs' asserted causes of action. In addition, Defendant filed counterclaims against several Plaintiffs, seeking to impose liability on Plaintiffs under various environmental statutes. Over the course of five years, the Parties argued dozens of motions and engaged in exhaustive discovery, including several dozen terabytes of documents and electronic information. *See* Exhibit C, Declaration of Scott Summy, at ¶¶ 15, 16, 19. Some cases, such as the *Spokane* and *San Diego* actions,

advanced beyond summary judgment motions and/or pre-trial and in limine motions. The *Spokane* trial date was extended to accommodate the execution and administration of this Settlement.

The Mediation. While discovery and dispositive motions were being litigated in the Public Entity Cases, preliminary and exploratory discussions commenced in early to mid-2019. In late 2019, settlement discussions progressed to the point where the Parties decided to participate in non-binding mediation, which occurred in early 2020. The Parties, through their counsel, attended and participated in several mediation sessions conducted by retired Magistrate Judge Jay C. Gandhi ("the Mediator"), who is an experienced, independent mediator, and further engaged in additional extensive communications with the Mediator and each other.

The Settlement Agreement. The Parties reached the material terms of this nationwide Settlement with respect to "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs," which is now the proposed Class Definition.

As described in detail below, the Settlement provides direct and significant benefits to the Settlement Class, while avoiding the risks and delay associated with further litigation.

II. TERMS OF THE SETTLEMENT

A. The Settlement Class

The Settlement Class is defined as follows: "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all

NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

Initial Settlement Class Members are identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau.

The following geospatial and data overlay analyses reveal the total, finite list of Initial Settlement Class Members: First, all 303(d) water bodies impaired by PCBs were identified. Then, all USGS HUC 12 Watersheds, which contain and/or are immediately adjoining all 303(d) water bodies impaired by PCBs, were identified. Thirdly, as of June 24, 2020 only, but not later, the NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs, were identified. The U.S. Census Bureau database was used to identify all class members except townships, which were originally identified as MS4 permittees by EPA and then confirmed using the U.S. Census Bureau database.

The total number of Initial Settlement Class Members is 2,528.

1. Settlement Class Allocation

The Settlement Funds of five hundred and fifty million dollars ($550,000,000) will be allocated into four separate Allocation Funds as follows:

Monitoring Fund:	$42,895,000
TMDL Fund:	$250,000,000
Sediments Fund:	$150,000,000
Special Needs Fund:	$107,105,000

Each Allocation Fund will be allocated as described in each corresponding section, below.

2. Monitoring Fund

The Monitoring Fund will provide a minimum payment to all Settlement Class Members as consideration for a class release. The funds are intended to pay for PCB sampling and/or any other mitigation efforts in the Settlement Class Member's sole discretion, as part of compliance with applicable law. The total number of nationwide class members is 2,528, each of which will receive payment from the Monitoring Fund as follows:

The Monitoring Fund provides payment at four levels based on whether the Initial Settlement Class Member is a Phase I or Phase II NPDES Permittee, and whether the Initial Settlement Class Member contains a population of at least 100,000. Independent port districts are excluded from the population consideration and therefore included in levels at or above 100,000. Phase I Permittees are generally larger than Phase II Permittees. There are two hundred and seventy-three (273) Phase I Initial Settlement Class Members, and there are two thousand two hundred and fifty-five (2,255) Phase II Initial Settlement Class Members. Notwithstanding of any other payment made within the Allocation, Phase I Initial Settlement Class Members with populations at or greater than 100,000 and Phase I independent port districts each will receive thirty thousand dollars ($30,000); Phase I Initial Settlement Class Members with populations less than 100,000 each will receive twenty thousand dollars ($20,000); Phase II Initial Settlement Class Members with populations at or greater than 100,000 and Phase II independent port districts each will receive twenty-five thousand dollars ($25,000); Phase II Initial Settlement Class Members with populations less than 100,000 each will receive fifteen thousand dollars ($15,000).

Phase I ≥ 100,000 pop. and Phase I independent port districts: 124 x $30,000 = $3,720,000

Phase I < 100,000 pop.: 149 x $20,000 = $2,980,000

Phase II ≥ 100,000 pop. and Phase II independent port districts: 237 x $25,000 = $5,925,000

Phase II < 100,000 pop.: 2018 x $15,000 = $30,270,000

3. TMDL Fund

The TMDL Fund is allocated two hundred and fifty million dollars ($250,000,000) and includes only those Initial Settlement Class Members that are subject to and/or responsible for, as of June 24, 2020 only, but not later, a TMDL, TMDL Alternative, or TMDL Direct-to-Implementation regulation, promulgated or updated after January 1, 2010, wherein PCB is a named constituent. There are two hundred and forty-two (242) TMDL Fund Entities, as of June 24, 2020 only, but not later, as listed in and attached hereto as Exhibit D. TMDL funds are intended to compensate Settlement Class Members for restitution and remediation including mitigation of contaminated property, stormwater, and/or stormwater systems, including compliance with a TMDL.

The TMDL Funds of $250,000,000 are further allocated among all 242 TMDL Fund Entities using the following TMDL Allocation Calculation: for all TMDL Fund Entities, multiply (1) the total jurisdictional area within any HUC 12 Watershed that contains a 303(d) water body impaired by PCBs, by (2) the USGS Geodatabase Imperviousness of such jurisdictional area (known as "Weighted Imperviousness"). Then, proportionally normalize[1] all Weighted Imperviousness values to calculate a weighted, relative percentage for each TMDL Fund Entity. Lastly, multiply (1) the weighted, relative percentage for each TMDL Fund Entity, by (2) the total fund less Population

---

[1] TMDL fund class member portion =

$$\left(\frac{\text{Class member's impervious TMDL land area}}{\Sigma\ \text{Impervious TMDL land areas of all TMDL fund class members}}\right) x\ (\text{Total TMDL fund} - \Sigma\ \text{population bonus})^*$$

*TMDL fund class member exceeding 3% of total TMDL fund will be capped at 3% of the total TMDL fund. These TMDL fund class members will be subtracted from the proportional calculation of the TMDL fund. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than 100,000.

Factor Awards. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than one hundred thousand (100,000).

To account for population as a factor in the equitable allocation of the TMDL Fund, each TMDL Fund Entity town, city, village, borough, or township with a population of more than 1 million, and each TMDL Fund Entity county with a population of more than 2 million, will receive a Population Factor Award of $2 million.

No TMDL Fund Entity shall recover more than seven million five hundred thousand dollars ($7,500,000) as an absolute maximum recovery under the TMDL Fund, regardless of whether a Population Factor Award would otherwise have provided for an amount greater than $7,500,000.

4. Sediment Sites Fund

The Sediment Sites Fund is allocated $150,000,000 and includes those Initial Settlement Class Members that, as of June 24, 2020 only, but not later, are a named Responsible Party in at least one of three types of regulated Sediment Sites wherein PCBs have contaminated sediments due to stormwater contribution. The three types of Sediments Sites include only the following: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and/or (3) Clean Water Act Category 4b Sites/Waters. Sediment Site funds are intended to compensate Class Members for restitution and remediation, including mitigation of contaminated property, stormwater and/or stormwater systems, and including compliance with a regulatory process.

The following is the list of the nine (9) Sediment Sites wherein at least one Initial Settlement Class Member, as of June 24, 2020 only, but not later, is a named Responsible Party due to stormwater contribution of PCBs: Diamond Alkali-Lower Passaic River (Newark, New Jersey); Newtown Creek (New York, New York); Gowanus Canal (New York, New York); Lower Duwamish Waterway (Seattle, Washington); Portland Harbor (Portland, Oregon); Commencement Bay, Near Shore/Tide Flats (Tacoma, Washington); Harbor Island (Lead) (Seattle, Washington); Pacific Sound Resources (Seattle, Washington); San Diego Bay (San Diego, California).

The following is the list of the twelve (12) Initial Settlement Class Members that, as of June 24, 2020 only but not later, are named Responsible Parties, due to stormwater contribution of PCBs, in at least one Sediment Site: City of Newark, New Jersey; City of New York, New York; City of Seattle, Washington; King County, Washington; Port of Seattle, Washington; City of Tukwila, Washington; City of Tacoma, Washington; Port of Tacoma, Washington; City of Portland, Oregon; Port of Portland, Oregon; City of San Diego, California; Port of San Diego, California.

The Sediment Fund will be further allocated among the twelve (12) Qualifying Sediment Site Entities pursuant to a court-appointed Special Master, who will equitably allocate Sediment Site funds, upon application, based on the totality and relativity of the following PCB-caused factors: past costs and expenses spent as of the date of the application for Sediment Site remediation; past costs and expenses spent as of the date of the application for other mitigation required due to the Sediment Site; documented and evidenced future costs and expenses that will be spent for Sediment Site remediation; documented and evidenced future costs and expenses that will be spent for mitigation required due to the Sediment Site; and any other important factors or information deemed relevant by the Special Master. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any

distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard.

The Sediment Sites Application is attached hereto as Exhibit F. To the extent a Qualifying Sediment Site Entity Opts Out of the Settlement Class, or a Qualifying Sediment Site Entity does not Opt Out but fails to submit an Application, the Special Master will rely on the Allocation Experts to determine, upon application completed by the Allocation Experts, the allocation amount that could have been otherwise allocated to the Qualifying Sediment Site Entity that did not submit an application. Settlement Class Members that do not return a completed application or that return a late application will forfeit the right to appeal as described in Paragraph 79 subsection (f), but will not forfeit the receipt of Reserve Funds, distributed pro-rata after all appeals are exhausted. Funds allocated to any non-Opt-Out Qualifying Sediment Entities shall be disbursed in accordance with this Agreement. Funds allocated to any non-Litigating Entity Qualifying Sediment Site Entity Opt-Outs shall be disbursed to all non-Opt-Out Qualifying Sediment Site Entities on a pro-rata basis as determined by the Special Master. Funds allocated to any Opt-Out Litigating Entity Qualifying Sediment Site Entity shall be refunded to Defendant.

The Special Master shall use the Sediment Sites Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master may, but is not required to, create an appeals process by utilizing a Sediment Sites Appeals Reserve Fund of up to ten percent (10%) of the $150,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be at the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original

application as evidence of such basis. Any Sediment Sites Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Sediment Site Settlement Class Members on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

5. Special Needs Funds

The Special Needs Fund is allocated $107,270,000, and further allocated into two separate parts known as Special Needs Fund, Part A ($57,105,000), and Special Needs Fund, Part B ($50,000,000).

Special Needs Fund, Part A is allocated fifty seven million three hundred and twenty thousand ($57105,000) to compensate and accommodate those Litigating Entities whose time, energy, effort, attorney work product, costs, expenses, and risk of litigation helped to cause the entire Settlement, for the benefit of all 2,528 Initial Settlement Class Members.

Special Needs Fund, Part A is available only to those Initial Settlement Class Members that are Litigating Entities. Litigating Entities are Initial Settlement Class Members that, as of June 24, 2020 only, but not later, (1) have filed tort, public nuisance, and/or product liability lawsuits against Defendants for PCB contamination of stormwater and sediment, and/or (2) that are Named Class Members. Litigating Entities include only the following fifteen (15) Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and Baltimore County.

Special Needs Fund, Part A, will be further allocated pursuant to a court-appointed Special Master, who will equitably and reasonably allocate Part A funds, upon application, based on the totality and relativity of the following factors: whether outside counsel was retained; whether a lawsuit was filed; how long the lawsuit was filed at the

time of Preliminary Class Approval; the case posture and procedure of any lawsuit; the amount, time, energy, cost, and productivity during discovery with Defendants; the retention of experts; the development of expert testimony and reports; the preparation and presentation of experts for deposition; the litigation of significant motions, including but not limited to motions to dismiss, discovery motions, motions for summary judgment or adjudication, in limine motions, and other motions; and any other important factors or information deemed relevant by the Special Master as having a significant impact on, or catalyst for, this Settlement. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process.

All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard. The Special Master will give attention and consideration to any Litigating Entity that has incurred attorneys' fees to outside counsel, other than Lead or Co-Class Counsel. The Special Master will reasonably and equitably prioritize and reimburse any Litigating Entity that, through outside counsel other than Lead or Co-Class Counsel, incurred reasonable, documented out-of-pocket litigation costs.

Litigating Entities, which as of October 2019, were under contract for representation by Lead or Co-Class Counsel shall not recover for outside counsel fees in the Special Needs Fund, Part A. Litigating Entities that retained outside counsel, and that were not under contract for representation by Lead or Co-Class Counsel, may apply for

and receive, subject to Special Master Allocation, an equitable and reasonable allocation for such outside counsel, including attorneys' fees and costs. Nothing herein shall prevent any Litigating Entity from applying for and receiving, subject to Special Master Allocation, an equitable allocation for in-house or general counsel fees, overhead, salaries, time, energy, costs, resources, and/or attention, including but not limited to city attorneys, county counsel, and/or general counsel.

The Special Needs Fund, Part A Application is attached hereto as Exhibit G. The Special Master shall use the Special Needs Fund, Part A Application to inform, guide, and design an equitable allocation among all eligible applicants. Litigating Entities that do not timely return a completed application forfeit any right to Part A Funds.

The Special Master may, but is not required to, create an appeals process by utilizing a Part A Appeals Reserve Fund of up to ten percent (10%) of the $57,105,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part A Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Litigating Entities on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

Special Needs Fund, Part B, is allocated fifty million dollars ($50,000,000) and available to all Settlement Class Members who apply and make a showing, in the discretion of the Special Master, of a significant regional, state, or national benefit, cost, or contribution regarding 303(d) bodies of water impaired by PCBs through stormwater and/or dry weather runoff, and such benefit, cost, or contribution is not otherwise encompassed within any other part of this Allocation.

The Special Needs Fund, Part B Application is attached hereto as Exhibit H. The

Special Master shall use the Special Needs Fund, Part B Application to equitably allocate Part B Funds among only those who apply. Settlement Class Members who do not apply will receive no Part B Funds. Application does not guarantee that the Special Master will allocate Part B Funds to the applicant. Some Part B applicants may not receive any Part B Funds. The Special Master shall use the Special Needs Fund, Part B Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process.

All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds.

The Special Master may, but is not required to, create an appeals process by utilizing a Part B Appeals Reserve Fund of up to ten percent (10%) of the $50,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions, including regarding eligibility, will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall

Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part B Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Part B awarded applicants only on a pro-rata basis. Part B applicants who did not receive an award under either an initial application or an appeal will not receive any pro-rata distribution after all appeals are exhausted. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

The Special Master may, in his sole discretion, fairly and reasonably, and consistent with the intention and general structure of the terms of the Allocation, equitably balance monetary allocations to Settlement Class Members to the extent that any did not receive a proper and appropriate Allocation in accordance with the terms herein.

B. Additional Terms of the Settlement Agreement

1. Effect of Future State Attorney General Action

In the event that a State Attorney General or any other entity acting on behalf of a State or a State-controlled entity files a future action (on or after March 27, 2020) against Defendant related to PCBs for which one or more Settlement Class Members were or are compensated under this settlement, then Settlement Class Members, within that same state, that are permitted and discharge or release PCBs into the 303(d) body of water impaired by PCBs that is the subject of the newly filed suit, shall have only their future payments reduced by twenty percent (20%). The 20% reduction of future payments shall occur evenly across all remaining payments in the payment schedule. In the event an Attorney General files a PCB suit that attempts to address PCBs across the entire state, then all Settlement Class Members in that state will have their future payments reduced by 20%. This Settlement shall not preclude nor waive any defenses Defendant may have with respect to such subsequently-filed action. This section requires that future payments to each entity be determined and notice of same be provided to Defendant prior to submitting the Settlement for Final Approval.

2. Settlement Administration and Class Notice

The Settlement Agreement provides for the engagement, subject to Court approval, of Steven Weisbrot of Angeion Group, LLC as the Class Action Settlement Administrator to advise them with respect to the providing of Notice and administer the Notice to all Settlement Class Members.

The Settlement provides that the Class Action Settlement Administrator shall send the Direct Notices by U.S. Mail, to each member of the Settlement Class identified by the Parties through reasonable efforts as set forth above. The Notice will advise Settlement Class Members of the following:

(a) General Terms: The Notice shall contain a plain and concise description of the nature of the Action; the fact of preliminary certification of the Settlement Class for settlement purposes; and the proposed Settlement itself, including a description of the Settlement Class Members, the benefits under the proposed Settlement, and what claims are released under the proposed Settlement.

(b) Requests for Exclusion: The Notice shall inform Settlement Class Members that they have the right to exclude themselves from (opt out of) the Settlement. The Notice shall provide the deadlines and procedures for exercising this right.

(c) Objections: The Notice shall inform Settlement Class Members of their right to object to the proposed Settlement and appear at the Final Approval Hearing. The Notice shall provide the deadlines and procedures for exercising these rights.

(d) The Notice shall inform Settlement Class Members about the amounts being sought by Class Counsel as Attorneys' Fees and Expenses.

All reasonable efforts will be made to notify each Settlement Class Member's in-house counsel or managing executive of each Settlement Class Member. Lead Class Counsel shall promptly provide this information to the Class Action Settlement Administrator.

The Class Action Settlement Administrator will give Notice pursuant to the deadlines set forth in the Court's Preliminary Approval Order. The Class Action

Settlement Administrator will promptly log each Direct Notice that is returned as undeliverable and shall provide copies of the log to Class Counsel and Defense Counsel. The Class Action Settlement Administrator shall take reasonable steps to re-mail all undeliverable Direct Notices to updated addresses provided by the National Change of Address Database maintained by the United States Post Office or by other means. *See* Ex. B, Declaration of Steve Weisbrot, at ¶¶ 17-19. In the event that any Direct Notice mailed to a Settlement Class Member is returned as undeliverable a second time, then no further mailing shall be required. *See* Ex. A, Settlement Agreement, at ¶ 84.

Pursuant to the Class Action Fairness Act of 2005, 28 U.S.C. § 1715(b), Defendant shall serve notice of the settlement via First Class Mail on the appropriate federal and state officials no later than 10 calendar days after the filing of this Settlement Agreement with the Court. Ex. A, Settlement Agreement, ¶ 87.

3. Exclusion and Objection Rights

Any Member of the Settlement Class wishing to do so may opt out of the Settlement Class during the opt-out period. Ex. A Settlement Agreement ¶¶ 94-97. The opt-out period shall expire sixty (60) days after the date Notice is mailed. Those who wish to opt out can do so by providing a written request for exclusion which includes the potential Settlement Class Member's name, address, telephone number, an email address (if available) and an express statement of desire to be excluded from the Settlement Class. *Id.* The request must be sent by certified or first-class mail to the Class Action Settlement Administrator. *Id.* Exclusions sent by any Settlement Class Member to incorrect locations shall not be valid. *Id.* The Class Action Settlement Administrator shall promptly forward within five (5) days copies of any written requests for exclusion to Lead Class Counsel and Defendant's Counsel. *Id.* A list reflecting all requests for exclusion shall be filed with the Court by the Class Action Settlement Administrator no later than twenty-one (21) days before the Final Approval Hearing. *Id.* If a potential Settlement Class Member files a request for exclusion, it may not file an objection. *Id.*

Any Settlement Class Member who elects to opt out of the Settlement Class

pursuant to this Agreement shall not be entitled to relief under or affected by this Agreement. *Id*. Settlement Class Members who have elected to opt out of the Settlement Class may withdraw their opt out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to water bodies. *Id*.

Lead Class Counsel shall have the right to contact persons who file exclusion requests and to challenge the timeliness and validity of any exclusion requests, as well as the right to effect the withdrawal of any exclusion filed in error and any exclusion request which a Settlement Class Member wishes to withdraw for purposes of participating in the Settlement as set forth in this Agreement. The Court shall determine whether any of the contested opt-outs are valid.

Settlement Class Members may object to the Settlement. Ex. A, Settlement Agreement, ¶¶ 98-101. The Parties propose that Settlement Class Members who wish to object must file a notice of intent with the Clerk of the Court and the Class Action Settlement Administrator no later than sixty (60) days after the date the Notice is mailed. *Id.* The objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Settlement Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the objection, and whether or not the Settlement Class Member intends to appear at the final approval hearing. *Id.* If the Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Settlement Class Member. *Id.* Objections sent by any Settlement Class Member to incorrect locations shall not be valid. *Id.*

The Class Action Settlement Administrator shall forward any objection(s) to Class Counsel and Defendant's Counsel within five (5) days of receipt. *Id.* Any Settlement Class Member who fails to comply with this procedure shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this

Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. *Id.*

Any Settlement Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Settlement Agreement and the terms contained herein are approved, as long as the objecting Settlement Class Member complies with all requirements of this Settlement Agreement applicable to Settlement Class Members, including the timely submission of an Application and other requirements herein. *Id.*

4. Cancellation

The Settlement Agreement provides that before the Parties move the Court for Final Approval of the Settlement, Defendant has the option to withdraw from the Settlement if any Named Class Action Plaintiff listed in Paragraph 27 of the Settlement Agreement or more than two percent (2%) of the Settlement Class Members opt out of the Settlement. If any Party that has filed a lawsuit against Defendant as of the issuance of the Final Order approving the Settlement opts out of the Settlement, then the total settlement amount to be paid by Defendant will be reduced by each opting out Plaintiff's allocated share of the Settlement Funds.

5. Attorneys' Fees and Litigation Costs and Expenses

After negotiating the terms of the Settlement Agreement, the Parties agreed that Plaintiffs' Counsel may file a motion with the Court for an award of Attorneys' Fees and Expenses not to exceed $98,000,000. This award shall include all fees, costs, and expenses for all Plaintiffs' Counsel (and their employees, consultants, experts, and other agents) who may have performed work in connection with this Action.

6. Mutual Releases

Upon entry of the Final Approval Order, Defendant and Released Persons will have released any and all claims arising from PCB contamination that they have alleged or could allege against any Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons. Upon entry of the Final Approval Order, the Releasing Persons will

have released the Released Persons from the Released Claims. Additionally, Defendant is entitled to protection from contribution and/or indemnity claims or actions asserted against Defendant by any person or persons who are not parties to this Settlement Agreement for all Released Claims and all matters alleged in the Action or the Underlying Actions. Nothing in this section shall create a duty on the part of Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons to defend and/or indemnify Defendant or Released Persons in any contribution and/or indemnity claim. All Releases provided herein shall be mutual between Plaintiffs, Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand.

Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or derivative claims made by any third party for or as against Settlement Funds and/or the consideration that is the subject to this Agreement, to the extent allocated to each Settlement Class Member. Settlement Class Members further agree to defend, indemnify, and hold harmless Defendant against any claim, demand, action, cost, expense, attorneys' fee, loss, judgment, or liability it may be subjected to by any person or entity who may claim through the Settlement, for the portion of the Settlement allocated to each Settlement Class Member, in a derivative manner against Defendant, including without limitation, any insurers, agents, representatives, successors, predecessors, assigns, and attorneys, bankruptcy trustees, and any and all other persons, firms, corporations, associations, and other legal entities who may claim through them in a derivative manner

"Released Claims" means all claims, demands, rights, damages, obligations, suits, debts, liens, contracts, agreements, and causes of action of every nature and description whatsoever, ascertained or unascertained, suspected or unsuspected, existing now or arising in the future, whether known or unknown, both at law and in equity which were or could have been alleged related to the manufacture, sale, testing, disposal, release, marketing, or management of PCBs, including but not limited to any claims based upon or related in any way to the subjects of the Action, the Underlying Actions, or this

Settlement Agreement or any component parts thereof, and regardless of the legal theory or type or nature of damages claimed; provided, however, that nothing in this Settlement Agreement will preclude or affect any action brought by governmental entities seeking response costs, penalties, or other remedies, under the Comprehensive Response, Compensation and Liability Act ("CERCLA") or similar state Superfund statutes and applicable regulations, or under any other laws or regulations, related to Defendant's or a Released Person's discharge or disposal of PCBs. This Agreement shall in no way affect any administrative test claims related to the California Water Board. Released Claims also include any claim for attorneys' fees, expenses, costs, and catalyst fees under any state's law or under federal law. The Releases provided herein shall be mutual between Plaintiffs, Settlement Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand. Releasing Persons release only Released Persons as defined herein

III. STANDARD OF REVIEW

Rule 23(e) of the Federal Rules of Civil Procedure governs settlements of class action lawsuits. It provides that a "class may be settled, voluntarily dismissed, or compromised only with the court's approval." Fed. R. Civ. P. 23(e). Although the procedure for approval of a class action is not delineated in Rule 23, approval under Rule 23(e) involves a two-step process "in which the [c]ourt first determines whether a proposed class action settlement deserves preliminary approval and then, after notice is given to class members, whether final approval is warranted." *National Rural Telecommunications Cooperative v. DIRECTV, Inc. ("NRTC")*, 221 F.R.D. 523, 525 (C.D. Cal. 2004) (citing *Manual for Complex Litigation, Third*, § 30.14, at 236–37 (1995)).

For a settlement class to be certified, all four requirements of Rule 23(a) must be satisfied, along with one of the three requirements of Rule 23(b). Fed. R. Civ. P. 23; *Amchem Prods. Inc. v. Windsor*, 521 U.S. 591, 620 (1997). In certifying a class for settlement purposes only, the Court need not determine "whether the case, if tried, would

present intractable management problems . . . for the proposal is that there be no trial." *Amchem*, 521 U.S. at 620. Further, the practical purpose of provisional certification is to facilitate dissemination of notice to the class of the terms of the proposed settlement and the date and time of the final settlement approval hearing. *See Manual for Complex Litigation* § 21.633. For the purposes of settlement, the requirements of Fed. R. Civ. P. 23(a) and (b)(3) have been met.

A court considering a motion for preliminary approval neither decides the merits of the underlying case, resolves unsettled legal questions, nor crafts a settlement for the parties. Fed. R. Civ. P. 23(e); *Officers for Justice v. Civil Serv. Comm'n of City & County of San Francisco*, 688 F.2d 615 (9th Cir. 1982) ("In determining whether class action settlement should be approved, neither trial court nor Court of Appeals is to reach any ultimate conclusion on contested issues of fact and law which underlie merits of dispute, for it is the very uncertainty of outcome in litigation and avoidance of wasteful and expensive litigation that induce consensual settlements; proposed settlement is not to be judged against hypothetical or speculative measure of what might have been achieved by negotiators."). The ultimate determination of whether a proposed class action settlement warrants approval resides in the Court's discretion. *Protective Comm. for Indep. S' holders of TMT Trailer Ferry, Inc. v. Anderson,* 390 U.S. 414, 424-25 (1968).

To determine the preliminary fairness of an agreement, the Court balances "the strength of plaintiffs' case; the risk, expense, complexity, and likely duration of further litigation; the risk of maintaining class action status throughout the trial; the amount offered in settlement; the extent of discovery completed, and the stage of the proceedings; the experience and views of counsel; [and] the presence of a governmental participant." *Staton v. Boeing Co*., 327 F.3d 938, 959 (9th Cir. 2003) (quoting *Molski v. Gleich*, 318 F.3d 937, 953 (9th Cir. 2003)); *see also Ching*, 2013 U.S. Dist. LEXIS 169279, at * 17 (applying these factors to a preliminary approval of class settlement). Preliminary approval is appropriate if "the proposed settlement appears to be the product of serious, informed, non-collusive negotiations, has no obvious deficiencies, does not improperly

grant preferential treatment to class representatives or segments of the class, and falls within the range of possible approval." *In re Tableware Antitrust Litig.*, 484 F.Supp.2d 1078, 1079 (N.D. Cal. 2007) (citing *Manual for Complex Litigation, Second* § 30.44 (1985)).

Certification of settlement classes is routine, and the certification hearing and preliminary fairness evaluation are usually combined. *See Manual for Complex* Litigation § 21.632. Neither formal notice nor a hearing is required for the court to grant preliminary approval or provisional certification; instead, the court may grant such relief upon an informal presentation by the settling parties, and may conduct any necessary hearing in court or in chambers, at the court's discretion. *Id.*; *accord* Joseph M. McLaughlin, 2 *McLaughlin on Class Actions* § 6.6 (3d ed. 2006).

IV. THE COURT SHOULD CERTIFY THE SETTLEMENT CLASS

Here, the Settlement Class meets the requirements of Rule 23.[2]

A. Rule 23(a) Is Satisfied for Purposes of Certifying the Settlement Classes

1. The Settlement Class is Numerous

Rule 23(a)(1) requires that a class be "so numerous that joinder of all members is impracticable." Fed. R. Civ. P. 23(a)(1). This action meets that requirement. Class Counsel, through the extensive work product of experts, has identified 2,528 Settlement Class Members. See Exhibit D-1 to Declaration of John Fiske. See Appendix F to the Declaration of Michael Trapp. These Settlement Class Members are geographically dispersed across the United States and cannot be practicably joined in a single litigation. In addition, the Judicial Panel on Multidistrict Litigation previously refused to consolidate

[2] Defendant maintains that there remain substantial obstacles to certification of any litigation class and that any certification of the final Settlement Class is for settlement purposes only. Nothing in the Motion or these Suggestions in Support shall constitute, or be construed as, an admission on the part of Defendant that this action, or any other proposed or certified class action, is appropriate for treatment as a class for any other purpose, including for trial class treatment.

the claims of the original plaintiffs who filed suit and initiated litigation against Monsanto. The numerosity requirement for class certification of a Settlement Class is satisfied. *See Lowdermilk v. United States Bank National Assoc.*, 479 F.3d 994, 997 (9th Cir. 2007) (numerosity criteria satisfied where class size "exceeds 30 persons.").

2. The Settlement Class Members Share Common Questions of Law and Fact

Under Rule 23(a)(2), a district court may certify a class only when "there are questions of law or fact common to the class." Fed. R. Civ. P. 23(a)(2). The key inquiry for the commonality analysis is whether a common question can be answered in a class-wide proceeding, such that the answer will "drive the resolution of the litigation." *Wal-Mart Stores, Inc. v. Dukes,* 131 S. Ct. 2541, 2551 (2011). The existence of shared legal issues with divergent factual predicates is sufficient, as is a common core of salient facts coupled with disparate legal remedies within the class. *Hanlon v. Chrysler Corp*., 150 F.3d 1011, 1019 (9th Cir. 1998).

Applying these principles, the commonality requirement of Rule 23(a)(2) is satisfied here for purposes of settlement. The claims of the putative Settlement Class Members arise from the same allegations in the Third Amended Class Action Complaint, namely, claims against Defendant for alleged PCB-related impairments to stormwater, stormwater systems, sediments, and water bodies.

3. The Claims of the Class Representatives Are Typical of those of the Proposed Classes

Typicality under Rule 23(a)(3) requires that the "claims or defenses of the representative parties [be] typical of the claims or defenses of the class." Fed. R. Civ. P. 23(a)(3); *see also Dukes,* 131 S. Ct. at 2548. The "purpose of the typicality requirement is to assure that the interest of the named representative aligns with the interests of the class." *Hanon v. Dataproducts Corp*., 976 F.2d 497, 508 (9th Cir. 1992). "Typicality does not mean that the claims of the class representative[s] must be identical or substantially identical to those of the absent class members." *Staton*, 327 F.3d at 957 (internal quotation

mark omitted). Rather, they only need to be "reasonably co-extensive with those of absent class members[.]" *Hanlon*, 150 F.3d at 1020.

The typicality criteria are satisfied here. All Named Plaintiffs asserted identical facts describing Monsanto's design, manufacture, sale, and distribution of PCBs. They likewise similarly allege that Monsanto is liable for resulting PCB-related impairments to water bodies. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater and wastewater systems, waterbodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief. Because Plaintiffs are members of the proposed Settlement Class and assert the same or similar causes of action on behalf of themselves and absent class members, their claims are typical.

4. The Class Representatives are Adequate

Rule 23(a)(4) requires that the "representative Parties will fairly and adequately protect the interests of the class." Fed. R. Civ. P. 23(a)(4). Adequacy involves analysis of two inquiries: (1) whether the named plaintiff and his or her counsel have any conflicts of interest with other class members and (2) whether the named plaintiff and his or her counsel will act vigorously on behalf of the class. *Hanlon*, 150 F.3d at 1020; *See also Molski*, 318 F.3d at 955 (quoting *Crawford v. Honig*, 37 F.3d 485, 487 (9th Cir.1995)).

There exist no conflicts of interest between any named Plaintiffs or proposed Settlement Class Members. All Plaintiffs and proposed Settlement Class Members are equally interested in demonstrating PCBs caused damages to their public properties and sites. The Named Class Plaintiffs stand in the same factual and legal shoes, and seek the same form of relief, as other Settlement Class Members: receiving economic damages for PCB-related impairments their public properties and sites. In addition, the Named Class Plaintiffs have demonstrated a commitment to prosecuting this matter by supplying essential factual information concerning legal claims, conducting discovery, and being willing to testify at depositions and trial if necessary. *See* Exs. C, D, Declarations of Scott Summy and John Fiske.

Finally, the requirement of vigorous advocacy is also met. Class Counsel have extensive experience handling complex class actions and have demonstrated a willingness to vigorously prosecute the class claims, as outlined in the accompanying Declarations of Scott Summy and John Fiske. As evidenced by the terms of the Settlement Agreement, Plaintiffs, through qualified counsel, have vigorously prosecuted the case in interests of the Settlement Classes. The terms of the Settlement provide substantial benefits to the Settlement Class. *See id*.

B. Rule 23(b) Is Satisfied for Purposes of Certifying the Settlement Classes

In addition to satisfying the requirements of Rule 23(a), a party seeking class certification pursuant to Rule 23(b)(3) must also demonstrate that "the questions of law or fact common to class members predominate over any questions affecting only individual members, and that a class action is superior to other available methods for fairly and efficiently adjudicating the controversy." Fed. R. Civ. P. 23(b)(3); *Hanlon*, 150 F.3d at 1022.

Predominance "tests whether proposed classes are sufficiently cohesive to warrant adjudication by representation." *Hanlon*, 150 F.3d at 1022 (quoting *Amchem*, 521 U.S. at 623). Predominance requires more than proof of common issues of law or fact. *Hanlon*, 150 F.3d at 1022. Rather, the common questions must present a significant aspect of the case that can be resolved for all members of the class in a single adjudication. *Id*. (quoting 7A Charles Alan Wright, Arthur R. Miller & Mary Kay Kane, *Fed. Prac. & Proc*. § 1778 (2d ed.1986)).

Here, common questions predominate over any issues individual members of the proposed class may have. As stated above, Plaintiffs allege a common course of conduct by Monsanto that resulted in similar injury to each class member. Issues of liability are likewise the same with respect to each Settlement Class Member. Although individual issues may exist, the nature and scope of the common questions in this case satisfy Rule 23(b)(3)'s predominance requirement.

The superiority inquiry under Rule 23(b)(3) requires determination of whether the objectives of the particular class action procedure will be achieved in the particular case. *Hanlon*, 150 F.3d at 1023 (quoting Wright, Miller & Kane, *Fed. Prac. & Proc.* § 1779). This determination necessarily involves a comparative evaluation of alternative mechanisms of dispute resolution. *Id.* A class action is superior to other methods of litigation where, "classwide litigation of common issues will reduce litigation costs and promote greater efficiency" and "no realistic alternative [to classwide treatment] exists." *Valentino v. Carter-Wallace, Inc*., 97 F.3d 1227, 1234-35 (9th Cir. 1996). In considering whether a class action is superior, the Court must focus on whether "efficiency and economy" would be advanced by class treatment. *See Zinser v. Accufix Research Inst.*, Inc., 253 F.3d. 1180, 1190 (9th Cir. 2001).

Here, the expense and burden of individual litigation makes it impracticable for members of the proposed class to seek redress individually. Moreover, seeking redress through individual litigation is highly uncertain and may not occur before a lengthy trial and appellate proceedings are complete. The proposed settlement provides Settlement Class Members with real benefits under a straightforward claims framework, while fully preserving their due process rights. And it benefits Defendant by allowing for full resolution of all similar litigation in a single action.

V. THE COURT SHOULD GRANT PRELIMINARY APPROVAL OF THE PROPOSED SETTLEMENT

In the Ninth Circuit, there is a "strong judicial policy that favors settlements, particularly where complex class action litigation is concerned." *Class Plaintiffs v. City of Seattle*, 955 F.2d 1268, 1276 (9th Cir. 1992); *see Officers for Justice v. Civil Serv. Comm'n*, 688 F.2d 615, 625 (9th Cir. 1982), ("[V]oluntary conciliation and settlement are the preferred means of dispute resolution.").

Under Rule 23(e)(2), the Court may approve a proposed settlement only after finding that the settlement is "fair, reasonable, and adequate." Fed. R. Civ. P. 23(e)(2).

The recent amendments to Rule 23, effective December 1, 2018, require a court, in making a determination about the adequacy of a proposed settlement, to consider whether:

(A) the class representatives and class counsel have adequately represented the class;

(B) the proposal was negotiated at arm's length;

(C) the relief provided for the class is adequate, taking into account:

(i) the costs, risks, and delay of trial and appeal;

(ii) the effectiveness of any proposed method of distributing relief to the class, including the method of processing class-member claims;

(iii) the terms of any proposed award of attorney's fees, including timing of payment; and

(iv) any agreement required to be identified under Rule 23(e)(3); and

(D) the proposal treats class members equitably relative to each other.

Fed. R. Civ. P. 23(e)(2).

The Ninth Circuit has often used the following "*Churchill* factors" when determining whether to approve a class action settlement: (1) the strength of the plaintiff's case; (2) the risk, expense, complexity, and likely duration of further litigation; (3) the risk of maintaining class action status throughout the trial; (4) the amount offered in settlement; (5) the extent of discovery completed and the stage of the proceedings; (6) the experience and views of counsel; (7) the presence of a governmental participant, and (8) the reaction of the class members of the proposed settlement. *Churchill Vill., L.L.C. v. Gen. Elec.*, 361 F.3d 566, 575 (9th Cir. 2004); *Torrisi v. Tucson Elec. Power Co.*, 8 F.3d 1370, 1375 (9th Cir. 1993).[3]

There is substantial overlap between the factors in Fed. R. Civ. P. 23(e)(2) and the *Churchill* factors that the Ninth Circuit has often considered when determining whether

[3] The "*Churchill* factors" are also known as the "*Hanlon* factors." *Hanlon v. Chrysler Corp.*, 150 F.3d 1011, 1026 (9th Cir. 1998).

to approve a class action settlement. *Hartranft v. TVI, Inc*., 2019 WL 7195324 at *6 (C.D. Cal. 2019). To the extent possible, courts in the Ninth Circuit apply the factors listed in Fed. R. Civ. P. 23(e)(2) through the lens of the Circuit's *Churchill* factors and existing relevant precedent. *Cheng Jiangchen v. Rentech, Inc.*, 2019 WL 5173771 at *4 (C.D. Cal. 2019). As such, courts in the Ninth Circuit have found that the factors in Fed. R. Civ. P. 23(e)(2) are satisfied if the *Churchill* factors are satisfied. *Hartranft v. TVI, Inc*., 2019 WL 7195324 at *6 (C.D. Cal. 2019); *Feller v. Transamerica Life Ins. Co.*, 2019 WL 6605886 at *10 (C.D. Cal. 2019).

Preliminary approval is warranted under the circumstances. "If the proposed settlement 'appears to be the product of serious, informed, non-collusive negotiations, has no obvious deficiencies, does not improperly grant preferential treatment to class representatives or segments of the class, and falls within the range of possible approval,' the court should grant preliminary approval of the class and direct notice of the proposed settlement to the class." *Kenneth Glover, et al. v. City of Laguna Beach, et al*., 2018 WL 6131601, at *2 (C.D. Cal. 2018) (*quoting In re Tableware Antitrust Litig*., 484 F. Supp. 2d 1078, 1079-80 (N.D. Cal. 2007) (citation omitted); *see also In re Netflix Privacy Litig*., 2013 WL 1120801, at *4 (N.D. Cal. Mar. 18, 2013) (applying at preliminary approval a "presumption" of fairness to settlement that was "the product of non-collusive, arms' length negotiations conducted by capable and experienced counsel."). The relevant factors set forth by the Ninth Circuit and recently revised Rule 23(e)(2)(A)-(D) for evaluating the fairness of a settlement weigh in favor of preliminary approval, and there can be no doubt that the Settlement was accomplished in a procedurally fair manner. For these reasons, the Settlement merits an initial presumption of fairness, and thus preliminary approval should be granted. *Nat'l Rural Telecommunications Coop*., 221 F.R.D. at 527 (stating that if the "settlement follow[s] sufficient discovery and genuine arms-length negotiation," it should be "presumed fair."). As detailed below, the Settlement passes both procedural and substantive muster and merits preliminary approval.

A. Class Representatives and Class Counsel Have and Will Continue to Zealously Represent the Class

The Named Class Plaintiffs and Lead Class Counsel have prosecuted their individual actions for over five years. *See* Fed. R. Civ. P. 23(e)(2)(A). For a court to approve a proposed settlement, "[t]he parties must . . .have engaged in sufficient investigation of the facts to enable the court to intelligently make an appraisal of the settlement." *Byrne v. Santa Barbara Hospitality Services, Inc*., 2017 WL 5035366, at *8 (C.D. Cal. 2017) (citation omitted). Here, Class Counsel engaged in extensive written discovery. As part of that process, Class Counsel responded to 36 sets of written discovery; obtained and reviewed well in excess of 300,000 Monsanto documents; gathered, coded and reviewed over 9 million of its own clients documents and produced a large subset of those documents; and obtained additional documents produced by third-parties subpoenaed by Monsanto. Ex. C, Declaration of Scott Summy, at ¶¶ 15-16. In addition, Class Counsel took and/or defended 82 depositions; 31 of which were expert witnesses. *Id*. at ¶ 17.

Class Counsel's analysis of the vast volume of discovery material, much of which had never before been produced in litigation, publicly available data, and deposition testimony establishes that Counsel has gathered sufficient information to enter into a reasoned and well-informed settlement. *See, e.g., In re Mego Fin. Corp. Sec. Litig*., 213 F.3d 454, 459 (9th Cir. 2000) (holding "significant investigation, discovery and research" supported "district court's conclusion that the Plaintiffs had sufficient information to make an informed decision about the Settlement"). Class Counsel briefed dozens of motions for summary judgment, motions to exclude experts, and motions in limine. In all, Class Counsel was involved in filing and/or responding to over 100 motions in the Public Entity Cases. Ex. C, Declaration of Scott Summy, at ¶ 12. This gives Class Counsel a thorough understanding of the strengths and weaknesses of the legal claims and positions.

The case-specific experience must be considered against Class Counsel's expertise in representing public entities in environmental litigation. Baron & Budd's Environmental Litigation Group has litigated similar cases for close to twenty years. Many of the lawyers in the Group have 20+ years of practice experience and have spent their careers prosecuting these types of cases. *See* Ex. C, Declaration of Scott Summy, at ¶¶ 2, 4, 14, 18, 24, 25.

The Named Class Plaintiffs were likewise actively engaged and understand the demands and risks of litigation. They produced numerous documents, assisted Class Counsel with fact development, answered several dozen sets of discovery requests, and regularly communicated with counsel to remain up to date on the litigation. *See* Ex. D, Declaration of John Fiske, at ¶13. Their interests are aligned with those of the Settlement Class Members, and they will continue to represent those interests in consummating the proposed Settlement.

B. The Settlement Is the Product of Good Faith, Informed, and Arm's-Length Negotiations, and It Is Fair

The proposed Settlement Agreement arises out of serious, informed, and non-collusive negotiations facilitated by a JAMS neutral, Hon. Jay Gandhi, retired. *See* Fed. R. Civ. P. 23(e)(2)(B). Class Counsel vigorously prosecuted this action for many years before entering into any settlement talks; once the Parties began to contemplate settlement, the negotiations were difficult, protracted, and often spirited. Judge Gandhi, an unbiased experienced mediator, aided the parties' attempts and played a crucial role in supervising the negotiations and helping the parties bridge their differences and evaluate the strengths and weaknesses of their respective positions. *See* Exhibit E, Declaration of Hon. (Ret.) Jay Gandhi, at ¶¶ 10-16.

The Settlement was not achieved without difficulty or uncertainty. The Parties began discussions in 2019 but could not reach an accord. Ex. C, Declaration of Scott Summy, at ¶ 20. They then retained Judge Gandhi, who oversaw multiple separate telephone and video-conference mediation sessions through Spring 2020. Ex. C,

Declaration of Scott Summy, at ¶ 21; Ex. E, Declaration of Judge Gandhi, at ¶¶ 10-14. Because the mediation sessions were not fruitful for some time, the Parties continued to prepare for trial in the *City of Spokane* matter, which was moved only to accommodate these settlement mediations and would have commenced on June 24, 2020. *Id*. at ¶ 20.

On March 27, 2020, the Parties reached agreement on material terms for a settlement and executed a non-binding term sheet. Ex. C, Declaration of Scott Summy, at ¶ 21. Subsequently, the Parties spent weeks finalizing the release and settlement agreement as well as the related exhibits. The Parties continued to work with Judge Gandhi through numerous calls to finalize all of the details. A final Settlement Agreement was reached in June 2020. *See id.* The adversarial nature of the litigation and the aid provided by Judge Gandhi are factors that weigh in favor of preliminary approval. *See Rosales*, 2015 WL 4460918, at *16 (quoting *In re Bluetooth Headset Prods. Liab. Litig*., 654 F.3d 935, 946 (9th Cir. 2011) ("Notably, the Ninth Circuit has determined the 'presence of a neutral mediator [is] a factor weighing in favor of a finding of non-collusiveness.'")). The proposed Settlement is the product of arm's length negotiations by Class Counsel.

C. The Settlement Provides Significant Benefits in Exchange for the Compromise of Strong Claims.

1. The Risk, Expense, Complexity, and Duration of Further Litigation Weighs in Favor of Approval

In assessing the risk, expense, complexity, and likely duration of further litigation, "the Court will consider the vagaries of litigation and compare the significance of immediate recovery by way of the compromise to the mere possibility of relief in the future, after protracted and expensive litigation." *DIRECTV, Inc*., 221 F.R.D. at 526 (quoting *Oppenlander v. Standard Oil Co. (Indiana)*, 64 F.R.D. 597, 624 (D. Colo. 1974)). In addition, the Court evaluates the time and cost of further litigation. *Woodard v. Labrada*, No. EDCV1600189JGBSPX, 2019 WL 6998775 at *5 (C.D. Cal. 2019). As such, "Unless the settlement is clearly inadequate, its acceptance and approval are

preferable to lengthy and expensive litigation with uncertain results." *DIRECTV, Inc.*, 221 F.R.D. at 526 (quoting 3 *Newberg on Class Actions* § 11:50 (4th ed. 2012)).

"An important consideration in judging the reasonableness of a settlement is the strength of the plaintiffs' case on the merits balanced against the amount offered in the settlement." *DIRECTV, Inc.*, 221 F.R.D. at 526 (quoting 5 *Moore Federal Practice*, § 23.85[2][b] (Matthew Bender 3d. ed.)). In determining the probability of plaintiffs' success on the merits, there is no "particular formula by which that outcome must be tested." *Rodriguez v. W. Publ'g Corp.*, 563 F.3d 948, 965 (9th Cir. 2009). However, in balancing, "a proposed settlement is not to be judged against a speculative measure of what might have been awarded in a judgment in favor of the class." *DIRECTV, Inc.*, 221 F.R.D. at 526 (quoting 5 *Moore Federal Practice*, § 23.85[2][b]). In assessing the strength of the case, a district court need not "reach any ultimate conclusions on the contested issues of fact and law which underlie the merits of the dispute, for it is the very uncertainty of outcome in litigation and avoidance of wasteful and expensive litigation that induce consensual settlements." *Officers for Justice*, 688 F.2d at 625.

Here, the Parties recognize the risks of continued litigation and an adverse outcome. Although Plaintiffs and Defendant believe in the merits of their claims and defenses, they are cognizant of the risks of proceeding to trial. Class Counsel is informed by a successful motion for summary judgment in favor of Monsanto in one matter. Although Class Counsel can distinguish the one particular ruling from the Amended Class Complaint and those of the other Named Class Plaintiffs and Settlement Class Members, the ruling demonstrates the very real risk faced by the Plaintiffs in these cases. *See* Ex. C, Declaration of Scott Summy, at ¶25. Other courts could potentially make similar rulings to the detriment of other Plaintiffs and Settlement Class Members. The legal and factual issues in this lawsuit are both complex and disputed, as evidenced by the numerous dispositive motions that have been filed.

There can be little doubt that resolving the Settlement Class Members' claims through a single class action is superior to nearly 2,500 individual lawsuits. "From either

a judicial or litigant viewpoint, there is no advantage in individual members controlling the prosecution of separate actions. There would be less litigation or settlement leverage, significantly reduced resources and no greater prospect for recovery." *Hanlon*, 150 F.3d at 1023. The time required for each putative Settlement Class Member to initiate litigation and conduct discovery weighed against the risks to each public entity favors the Settlement. The time it would take for Class Members to engage in and complete similar litigation would likely take up to a decade to complete. *See* Ex. C, Declaration of Scott Summy, at ¶ 24.

In addition, the potential costs of going to trial would be substantial. The Parties have expended enormous sums to date in the course of ordinary litigation. Litigating against Monsanto in the Public Entity Cases heavily taxed Lead Class Counsel and their firm. Over a five to six year period, 35 attorneys, 3 paralegals, 6 legal staff and IT personnel were used to address all aspects of these cases. Ex. C, Declaration of Scott Summy, at ¶ 14. Lead Class Counsel's firm funded all of these cases, which included out-of-pocket costs for experts, depositions, filing fees, travel and voluminous electronic discovery performed in-house. These expenses totaled approximately $10 million. *Id*. at ¶ 19. Under such circumstances, the avoidance of further risks and costs conserves the parties' and the Court's resources. Moreover, any judgment would likely be subject to lengthy appeals, whereas the Settlement provides more immediate results and benefits to Settlement Class Members. This factor weighs in favor of the preliminary approval of the proposed Settlement Agreement.

2. The Amount Offered in Settlement Supports Approval

In assessing the consideration obtained by the class members in a class action settlement, "[i]t is the complete package taken as a whole, rather than the individual component parts, that must be examined for overall fairness." *Officers for Justice*, 688 F.2d at 628. Because courts examine the complete settlement package, "it is well-settled law that a proposed settlement may be acceptable even though it amounts to only a

fraction of the potential recovery that might be available to the class members at trial." *DIRECTV, Inc*., 221 F.R.D. at 527.

Here, $550,000,000 is being offered collectively to cities, towns, villages, boroughs, townships, counties, and independent port districts that have incurred or will incur costs associated with PCBs in stormwater, stormwater systems, sediment, and water bodies. These funds can provide real-world relief and restitution for public funds spent and those that will be spent on PCB monitoring, remediation, and mitigation. Additionally, it may be pointed out that the Settlement Class Members have not released any claims that they may still have against third-parties that may have released PCBs. *See* Ex. C, Declaration of Scott Summy, at ¶ 24.

3. The Effectiveness of the Proposed Method of Distributing Relief to Class Members, Including the Method of Processing Class-Member Claims Supports Approval

Class Counsel, working with experts, have gone through extensive and exhaustive efforts to identify all Settlement Class Members from publicly-available government data — a research project never before completed. Ex. D, Declaration of John Fiske, at ¶ 16. The extensive and exhaustive class member identification and allocation structure research project took many months and was very expensive. No other setting or process could identify, allocate, and deliver to over 2,000 cities, towns, villages, boroughs, townships, counties, and independent port districts a $550,000,000 class benefit. The proposed method of distribution of proceeds is likewise streamlined by having a known set of putative Settlement Class Members at this time.

4. Extent of Discovery Completed and the Stage of Proceedings Weigh in Favor of Approval

"A court is more likely to approve a settlement if most of the discovery is completed because it suggests that the parties arrived at a compromise based on a full understanding of the legal and factual issues surrounding the case." *DIRECTV, Inc*., 221 F.R.D. at 527 (quoting 5 *Moore's Federal Practice* § 23.85[2][e]). As such, "[a]

settlement following sufficient discovery and genuine arms-length negotiation is presumed fair." *Chambers v. Whirlpool Corp.*, 214 F. Supp. 3d 877, 889 (C.D. Cal. 2016). However, formal discovery is not required where the "parties have sufficient information to make an informed decision about settlement," this factor weighs in favor of approving the settlement. *Linney v. Cellular Alaska P'ship*, 151 F.3d 1234, 1239 (9th Cir. 1998); *see In re Mego Fin. Corp. Sec. Litig.*, 213 F.3d at 459.

As discussed above, the Parties undertook full discovery and planned to litigate each case individually. As this Settlement came together the general liability discovery as to Monsanto was substantially complete and available for use in all of the Public Entity Cases. *See* Ex. C, Declaration of Scott Summy, at ¶ 18. Accordingly, both sides along with the Mediator were armed with a significant amount of information to make a well informed and intelligent decision regarding the Settlement reached in this matter. This factor weighs in favor of the preliminary approval of the proposed Settlement Agreement.

5. The Experience and Views of Counsel Weigh in Favor of Approval

"Great weight is accorded to the recommendation of counsel, who are most closely acquainted with the facts of the underlying litigation." *DIRECTV, Inc.*, 221 F.R.D. at 527 (quoting *In re Painewebber Ltd. P'ships Litig.*, 171 F.R.D. 104, 125 (S.D.N.Y.1997)). Therefore, in considering the adequacy of the terms of a settlement, the Court should rely upon the judgment of experienced counsel for the parties. *Woodard v. Labrada*, No. EDCV1600189JGBSPX, 2019 WL 6998775 at *7 (C.D. Cal. 2019). This reliance is predicated on the fact that "[p]arties represented by competent counsel are better positioned than courts to produce a settlement that fairly reflects each party's expected outcome in the litigation." *In re Pac. Enters. Sec. Litig.*, 47 F.3d 373, 378 (9th Cir. 1995). Thus, "the trial judge, absent fraud, collusion, or the like, should be hesitant to substitute its own judgment for that of counsel." *DIRECTV, Inc.*, 221 F.R.D. at 527 (quoting *Cotton v. Hinton*, 559 F.2d 1326, 1330 (5th Cir. 1977); *Hanrahan v. Britt*, 174 F.R.D. 356, 366–368 (E.D.Pa. 1997)).

Plaintiffs' Counsel involved in this case have extensive experience serving as lead counsel and/or class counsel in complex environmental cases, and have litigated individual PCB-related cases. Plaintiffs' Counsel and their firms have served as lead or co-lead counsel in numerous class actions in the environmental arena. *See* Declarations of Scott Summy and John Fiske. Based on the experience and the specific facts of this case, Plaintiffs' Counsel have concluded that the Settlement is fair, reasonable, and adequate. Experienced counsel is also of the opinion that this class settlement maximizes the recovery for these Settlement Class Members considering the substantial risks involved. *See* Ex. C, Declaration of Scott Summy, at ¶ 24. Defendant's Counsel are also highly skilled and well adept at defending class actions, having defended class actions in nearly every state for dozens of companies. Thus, counsel for each of the Parties – who are experienced plaintiffs' class action and defense attorneys – have fully evaluated the strengths, weaknesses, and equities of the parties' respective positions and have done so in light of similar litigation with which they were involved.

6. The Presence of a Governmental Participant Weighs in Favor of Approval

Courts presume that governmental participants and government officials put on notice of class action settlement proceedings will raise any concerns that they may have during the normal course of such proceedings. *Taylor v. Shippers Transp. Express, Inc*., No. CV1302092BROPLAX, 2015 WL 12658458 at *11 (C.D. Cal. 2015). Thus, a governmental entity or governmental official being involved in class action settlement proceedings weighs in favor of approval. *Touhey v. U.S.*, No. EDCV 08-01418-VAP, 2011 WL 3179036 at *8 (C.D. Cal. 2011).

The Named Plaintiffs and Settlement Class Members are all sophisticated governmental subdivisions. Most of them are represented by their own in-house attorneys and have experience with litigation. The participation of the Named Plaintiffs in full discovery and their participation at every stage of the case favors approval.

VI. THE COURT SHOULD APPOINT CLASS ACTION SETTLEMENT ADMINISTRATOR

The Parties propose Steven Weisbrot of Angeion Group, LLC to be appointed as Class Action Settlement Administrator. Accordingly, the Court should approve and designate Steven Weisbrot of Angeion Group, LLC as Class Action Settlement Administrator. *See* Exhibit B, Declaration of Steve Weisbrot.

VII. THE COURT SHOULD APPROVE THE CONTENT AND DISTRIBUTION OF THE PROPOSED NOTICE TO THE SETTLEMENT CLASS MEMBERS

Here, the Parties propose that the Court require the Class Action Settlement Administrator to provide Notice of the proposed Settlement as described above and in the Settlement Agreement and Notice Plan. The proposed Class Action Administrator has also attested that implementation of the Notice Plan in the manner set forth in the Settlement Agreement is fair, appropriate and constitutes "the best notice practicable" under the circumstances. *See* Ex. B, Declaration of Steve Weisbrot at ¶¶ 11, 21.

VIII. THE COURT SHOULD APPOINT CLASS COUNSEL

Pursuant to Fed. R. Civ. P. 23(g), a Court certifying a case as a class action "must appoint class counsel." Class Counsel respectfully request that the Court appoint them as Class Counsel. The experience and qualifications of the proposed Class Counsel are established, and the proposed Class Counsel will zealously prosecute the claims of the Settlement Class Members.[4] *See* Exs. C, D, Declarations of Scott Summy and John Fiske. The Court should appoint Scott Summy, John Fiske, and Carla Burke Pickrel of Baron & Budd, P.C. as Lead Class Counsel, and John Gomez of Gomez Trial Attorneys, John R.

[4] Defendant takes no position on the appointment of Class Counsel, except that certain Lead and Co-Class Counsel are contemplated and agreed to in the Settlement Agreement.

Wertz, Esq., and Richard Gordon and Martin Wolf of Gordon Carney & Wolf as Co-Class Counsel.

IX. ESTABLISHMENT OF FINAL APPROVAL AND FAIRNESS HEARING AND ASSOCIATED DEADLINES

The Parties propose the following schedule regarding Notice to the Settlement Classes and final approval of the Settlement Agreement:

Event	Time For Compliance
Preliminary Approval Hearing	July 23, 2020
Entry of Preliminary Approval Order	TBD
Direct Notice Mailed to Settlement Class Members	5 days from entry of Preliminary Approval Order.
Deadline for Opting Out or Objecting	65 days from entry of Preliminary Approval Order.
Final Approval Hearing	May 2021 (proposed).

/ / /

/ / /

/ / /

X. CONCLUSION

For the reasons stated above, the proposed Settlement Agreement is the product of serious, non-collusive, arm's-length negotiations, and is a fair, reasonable, and adequate resolution of Plaintiffs' claims. The proposed Notice and Notice Plan also satisfy Rule 23's due process requirements. As a result, the Parties respectfully request that the Court grant their motion and enter the proposed order attached hereto which: (1) grants certification of the Settlement Class; (2) grants preliminary approval of the Settlement Agreement; (3) approves the Notice and Notice Plan; (4) appoints Class Counsel; (5) appoints Steven Weisbrot of Angeion Group, LLC as Class Action Settlement Administrator; and (6) Jay Gandhi as the Special Master.

Dated June 24, 2020

Respectfully submitted,

/s/ John Fiske

This Settlement Agreement ("Settlement Agreement"), including its attached Exhibits, is entered into as of this 24th day of June, 2020, by and among Plaintiffs City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma (collectively, on behalf of themselves and on behalf of the Settlement Class Members) and Defendant (collectively, "the Parties") to settle and compromise the Action and to discharge the Released Parties as set forth herein.

I. RECITALS

WHEREAS, the former Monsanto Company manufactured a class of industrial chemicals called polychlorinated biphenyls ("PCBs") between the 1930s and 1977.

WHEREAS, Plaintiffs' Counsel filed the following actions against Defendant in federal district courts related to Monsanto's manufacture, sale, testing, disposal, release, marketing, promotion or management of PCBs: *City of Long Beach v. Monsanto Co*., Case No. 2:16-CV-03493-FMO-AS (C.D. Cal.); *City of Berkeley v. Monsanto Co.*, Case No. 5:16-cv00071-EJD (N.D. Cal.); *City of San Diego v. Monsanto Co.*, Case No. 3:15-CV-00578-WQH-AGS (S.D. Cal.); *City of Oakland v. Monsanto Co.*, Case No. 5:15-cv-5152-EJD (N.D. Ca.); *City of San Jose v. Monsanto Co*., Case No. 5:15-cv-03178-EJD (N.D. Cal.); *Mayor and City Council of Baltimore v. Monsanto Co*., Case No. 1:19-cv-00483-RDB); *City of Chula Vista v. Monsanto Co*., Case No. 3:18-CV-01942-BEN-JMA (S.D. Cal.); *County of Los Angeles; L.A. County Flood Control District v. Monsanto Co*., Case No. 2:19-CV-0464-GW-AFM (C.D. Cal.); *Port of Portland v. Monsanto Co*., Case No. 3:17-cv-00015-PK (D. Ore.); *City of Portland v. Monsanto Co*., Case No. 3:16-cv-01418-MO (D. Ore.); *City of Spokane v. Monsanto Co*., Case No. 2:15-CV-00201-SMJ (E.D. Wa.) (collectively referred to as "the Underlying Actions").

WHEREAS, Plaintiffs asserted various claims against Defendant for alleged PCB-related environmental impairments, including impairments to water bodies. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater and wastewater systems, water bodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief.

WHEREAS, Defendant filed motions to dismiss in each case, resulting in the dismissal of some but not all claims.

WHEREAS, the Parties have been engaged in extensive and voluminous fact and expert discovery over several years. For example, the Parties took 51 depositions in the *City and County of San Diego Unified Port District* cases, and Defendant filed three motions for summary judgment. The Court heard oral arguments on these motions on December 6, 2019. The Court granted summary judgment with respect to the City of San Diego's claims as well as the County of San Diego Unified Port District's purpresture claims. Defendant filed four motions for summary judgment in the City of Spokane case, which are still pending.

WHEREAS, Plaintiffs' Counsel conducted extensive investigations into the facts and circumstances related to this litigation, including consulting with experts, interviewing potential

witnesses, and researching and studying legal principles applicable to the issues of liability, damages, jurisdiction and procedure.

WHEREAS, informal settlement discussions led to a confidential mediation process. The Parties, through their counsel, attended and participated in a confidential mediation process conducted by retired Magistrate Judge Jay C. Gandhi ("the Mediator"), who is an experienced, independent mediator, and further engaged in additional extensive communications with the Mediator and each other.

WHEREAS, prior to and during the mediation sessions, the Parties exchanged information and documents which allowed each side to further evaluate their claims and defenses.

WHEREAS, Plaintiffs' experts, along with their Counsel, have developed an Allocation Process that would allow Settlement Funds to be paid to Settlement Class Members based on several objective criteria.

WHEREAS, Plaintiffs intend to file a proposed amended complaint in *City of Long Beach* in conjunction with this Settlement Agreement that seeks certification of a nationwide settlement class to encompass "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district Municipal Separate Storm Sewer System ("MS4") permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

WHEREAS, Plaintiffs believe that the claims asserted in the Action have merit; however, taking into account the extensive burdens and expense of litigation, including the risks and uncertainties associated with protracted trials and appeals, as well as the fair, cost-effective and assured method of resolving the claims of the Settlement Class, Plaintiffs and their Counsel have concluded that the Settlement Agreement provides substantial benefits to the Settlement Class, and is fair, reasonable, adequate, and in the best interests of Plaintiffs and the Settlement Class.

WHEREAS, Defendant denies Plaintiffs' allegations and believe that the Action is without merit; however, Defendant has also taken into account the uncertainty, risk, delay, and costs inherent in litigation and agreed to enter into the Settlement Agreement to avoid any further litigation expenses and inconvenience and to remove the distraction of burdensome and protracted litigation.

WHEREAS, it is the intention and desire of the Parties to compromise, resolve, dismiss and release all allegations, disputes, and claims for damages or equitable relief, regardless of the legal theory or type or nature of damages claimed, relating to city, town, county, borough, village, township, and special port district permittees' claims regarding PCBs that are the subject of this Settlement on the terms set forth in the Settlement Agreement that have been or could have been brought by Plaintiffs themselves, and on behalf of Settlement Class Members, against Defendant.

WHEREAS, the Parties agree that the Settlement is fair, reasonable, and adequate, and is an appropriate nationwide resolution accomplished through the benefits, releases, and orders set forth in or attached to this Settlement Agreement.

WHEREAS, the Parties desire not only to end further burdensome and protracted litigation but also to create the payment and release of claims as set forth herein.

NOW, THEREFORE, without an admission or concession on the part of Plaintiffs on the lack of merit of the Action or an admission or concession of liability or wrongdoing or the lack of merit of any defense by Defendant, it is stipulated and agreed by Defendant and Plaintiffs, acting for themselves and on behalf of the Settlement Class, that, on the following terms and conditions, the Action shall be settled and dismissed with prejudice as among Plaintiffs, the Settlement Class, and Defendant upon Final Approval of the Court after the hearing(s) provided for in the Settlement; and the Settlement Class Members shall release all Released Claims against Defendant and all Released Parties.

II. DEFINITIONS

1. As used in this Settlement Agreement, the following terms shall have the defined meanings set forth below.

2. "303(d) water body impaired by PCBs" means and refers to a water body listed on the United States Environmental Protection Agency ("EPA") Clean Water Act Section 303(d) list of waters impaired or threatened by polychlorinated biphenyls.

3. "Action" means the case originally captioned *City of Long Beach v. Monsanto Co.*, Case No. 2:16-CV-03493-FMO-AS, originally filed in the United States District Court for the Central District of California on May 19, 2016.

4. "Allocation" or "Allocation Process" means the process of fairly dividing the total Settlement Amount to determine the "Allocated Amount" payable to each Settlement Class Member from the Settlement Funds.

5. "Allocation Algorithm" means and refers to the algorithm used to calculate the TMDL Allocation, as described in Paragraph 78(b) and corresponding footnote 1.

6. "Allocated Amount" means the portion of the total Settlement Fund payable to each Settlement Class Member.

7. "Attorneys' Fees and Expenses" means the amounts approved by the Court for payment to Class Counsel, which shall include attorneys' fees, costs, litigation expenses, and fees and expenses of the Special Master and consulting experts assigned to assist the Special Master in developing the Allocation. Attorneys' Fees and Expenses does not include Claims Administration Expenses. The costs and expenses for implementing the Allocation by the Special Master will be split equally between the Parties; however, Defendant's share of costs and expenses shall not exceed $100,000. Any additional costs and expenses for implementing the Allocation shall be paid from Class Counsel's Attorneys' Fees and Expenses. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

8. "Category 4b" means and refers to the TMDL alternative process described in the EPA's Integrated Reporting Guidance for Sections 303(d), 305(b), and 314 of the Clean Water Act (USEPA 2005a, 2006).

9. "Claims Process" means the process by which Settlement Class Members may request and receive settlement benefits.

10. "Claims Administration Expenses" means all reasonable costs and expenses incurred in (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. These costs shall be paid by Defendant. Claims Administration Expenses does not include the costs and expenses of the Special Master and any consulting experts assigned to assist the Special Master in developing the Allocation Process.

11. "Class Action Settlement Administrator" means Steven Weisbrot of Angeion Group, LLC.

12. "Co-Class Counsel" means John Gomez of Gomez Trial Attorneys, 655 W. Broadway, Suite 1700, San Diego, CA 92101; Richard Gordon and Martin Wolf of Gordon, Wolf & Carney, 100 W. Pennsylvania Ave, Suite 100, Towson, MD 21204; and John R. Wertz, 2345 Willow St, San Diego, CA 92106.

13. "Court" means the United States District Court for the Central District of California.

14. "Defendant" means Monsanto Company, Solutia Inc., and Pharmacia LLC (the former Monsanto Company), including each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, member, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

15. "Defendant's Counsel" means the following, either individually or collectively:

Mark D. Anstoetter
Brent Dwerlkotte
SHOOK, HARDY & BACON LLP
2555 Grand Blvd.
Kansas City, MO 64108
Phone: (816) 474-6550

16. "Direct Notice" means the form of notice described in Section V.

17. "Effective Date" means the latest date on which: (a) if no appeal has been taken from the Final Approval Order, the date on which the time to appeal therefrom has expired; or (b) if any appeal has been taken from the Final Order, the date on which all appeals therefrom, including petitions for rehearing or reargument, petitions for rehearing en banc and petitions for certiorari or any other form of review, have been finally disposed of and/or have expired in a manner that

affirms the Final Order; or (c) on any other agreed date if Plaintiffs' Counsel and Defendant's Counsel agree in writing.

18. "Final Approval Order" means the order to be entered by the Court pursuant to the Settlement Agreement that finally approves the Settlement.

19. "EPA" means and refers to the United States Environmental Protection Agency.

20. "HUC 12 Watershed" means and refers to a United States Geological Survey ("USGS") 12-Digit Hydrologic Unit Code Watershed.

21. "Imperviousness" means and refers to the percentage of an area that is considered impervious per the USGS Geodatabase.

22. "Independent port district" means and refers to a port district that is a separate or independent public legal entity, and does not mean, refer to, or include port districts that are agencies or departments of another public entity.

23. "Initial Settlement Class Members" means and refers to those 2,528 cities, towns, villages, townships, boroughs, counties and independent port districts identified in Exhibit A in accordance with the Settlement Class definition, effective as of June 24, 2020 only, but not later.

24. "Lead Class Counsel" means Scott Summy, John Fiske, and Carla Burke Pickrel of Baron & Budd, P.C.

25. "Litigating Entities" mean and refers to the following list of Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and Baltimore County.

26. "Mediator" means retired magistrate Judge Jay C. Gandhi.

27. "Named Class Plaintiffs" mean City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma.

28. "Notice" means the Court-approved form of notice of this Settlement Agreement to the Settlement Class, as described in Section V below, and substantially in the forms attached hereto as Exhibit I (Direct Notice). "Notice Plan" means the plan for disseminating Notice to the Settlement Class, which shall include direct notice in the manner and form set forth below in Section V.

29. "Noticed Parties" means and refers to those Settlement Class Members that have received notification of potential responsibility or liability, including those noticed Potentially Responsible Parties ("PRPs"), as used and defined within the context of a respective regulatory action,

including but not limited to the U.S. EPA Superfund Site Program, U.S. EPA Sediment Site Program, or Clean Water Act TMDL Program.

30. "NPDES" means and refers to the United States Environmental Protection Agency National Pollutant Discharge Elimination System, including its permit program, created by the Clean Water Act of 1972, as amended.

31. "Opt-Out Entity" means and refers to those Initial Settlement Class Members that have timely and properly requested to be excluded from the Settlement Class pursuant to the terms of this Agreement.

32. "Parties" means Plaintiffs and Defendant.

33. "PCB" or "PCBs" means and refers to polychlorinated biphenyls.

34. "Person" means an individual, corporation, partnership, limited partnership, association, joint stock company, estate, legal representative, trust, unincorporated association, business, legal entity, government or any political subdivision or agency thereof.

35. "Phase I" means and refers to the NPDES Stormwater program's 1990 Phase I regulation of cities, towns, boroughs, villages, townships, counties, and independent port districts. There are 273 Phase I Initial Class Members.

36. "Phase II" means and refers to the NPDES Stormwater program's 1999 Phase II regulation of cities, towns, boroughs, villages, townships, counties, and independent port districts. There are 2,255 Phase II Initial Class Members.

37. "Plaintiffs' Counsel" means the following, either individually or collectively, in whole or in part:

Scott Summy
Carla Burke Pickrel
BARON & BUDD, PC
3102 Oak Lawn Ave., # 1100
Dallas, Texas 75219

John P. Fiske
BARON & BUDD, PC
11440 W. Bernardo Court, Suite 265
San Diego, CA 92127

John Gomez
Gomez Trial Attorneys
655 W. Broadway, Suite 1700
San Diego, CA 92101

John R. Wertz
2345 Willow St,
San Diego, CA 92106.

Richard Gordon
Martin Wolf
Gordon, Wolf & Carney
100 W. Pennsylvania Ave, Suite 100
Towson, MD 21204

38. "Preliminary Approval Order" means the order to be entered by the Court pursuant to the Settlement Agreement.

39. "Qualifying Sediment Sites" means and refers to the nine (9) sites listed in Paragraph 79(b). Qualifying Sediments Sites are effective as of June 24, 2020 only, but not later.

40. "Qualifying Sediment Site Entities" means and refer to the twelve (12) Initial Settlement Class Members listed in Paragraph 79(c). Qualifying Sediment Site Entities are effective as of June 24, 2020 only, but not later.

41. "Released Claims" means all claims, demands, rights, damages, obligations, suits, debts, liens, contracts, agreements, and causes of action of every nature and description whatsoever, ascertained or unascertained, suspected or unsuspected, existing now or arising in the future, whether known or unknown, both at law and in equity which were or could have been alleged related to the manufacture, sale, testing, disposal, release, marketing, or management of PCBs, including but not limited to any claims based upon or related in any way to the subjects of the Action, the Underlying Actions, or this Settlement Agreement or any component parts thereof, and regardless of the legal theory or type or nature of damages claimed; provided, however, that nothing in this Settlement Agreement will preclude or affect any action brought by governmental entities seeking response costs, penalties, or other remedies, under the Comprehensive Response, Compensation and Liability Act ("CERCLA") or similar state Superfund statutes and applicable regulations, or under any other laws or regulations, related to Defendant's or a Released Person's discharge or disposal of PCBs. This Agreement shall in no way affect any administrative test claims related to the California Water Board. Released Claims also include any claim for attorneys' fees, expenses, costs, and catalyst fees under any state's law or under federal law. The Releases provided herein shall be mutual between Plaintiffs, Settlement Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand. Releasing Persons release only Released Persons as defined herein.

42. "Released Persons" means Defendant and any Affiliate of Defendant, including but not limited, to Bayer AG, Pfizer Inc., and Eastman Chemical Company. "Affiliate" under this Settlement means each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

43. "Releasing Persons" shall include Named Class Plaintiffs and all Settlement Class Members, and each of their past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

44. "Responsible Parties" means and refers to those Settlement Class Members that have been designated as potentially responsible or liable parties, as used and defined within the context of a respective regulatory program, including the U.S. EPA Superfund Site Program, U.S. EPA Sediment Site Program, or Clean Water Act TMDL Program.

45. "Sediment Sites" means and refers to those sites wherein PCBs have contaminated sediment through stormwater contribution, including sites from only the following three lists: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and (3) Clean Water Act Category 4b Sites/Waters, exclusive of sites receiving combined sewer overflow discharges from Defendant's manufacture of PCBs.

46. "Sediment Sites Fund Application" means and refers to Exhibit F.

47. "Sediment Sites Fund" means and refers to the $150,000,000 fund to be allocated among the twelve (12) Qualifying Sediment Site Entities.

48. "Sediment Sites Appeals and Reserve Fund" means and refers to the appeals reserve fund equal to or less than 10% of the value of the Sediment Site Fund, as established in the discretion of the Special Master.

49. "Settlement" means the settlement set forth in this Settlement Agreement.

50. "Settlement Agreement" means this document which describes the Settlement.

51. "Settlement Class" means and refers to "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

52. "Settlement Class" means the Settlement Class above and any and all sub-classes contained therein, as of June 24, 2020 only, but not later.

53. "Settlement Class Allocation" means and refers to the process of Allocating the Class Benefit as described throughout this Settlement Agreement, including but not limited to those paragraphs under Section "IV. SETTLEMENT BENEFITS AND ALLOCATION."

54. "Settlement Class Members" means all persons who are members of the Settlement Class and who do not timely and properly request exclusion from the Settlement Class pursuant to the terms of this Agreement.

55. "Settling Parties" means Settlement Class Members and Defendant.

56. "Settlement Funds" means the amount of the Settlement to be paid to Settlement Class Members as explained in Section IV.

57. "USGS" means and refers to the United States Geological Survey.

58. "Special Master" means the individual(s) who the Parties will move the Court to appoint pursuant to Federal Rule of Civil Procedure 53, and who will be responsible for working with the Allocation Experts to allocate certain Settlement Funds, make final Allocation determinations, implement the Allocation, and direct distribution of Settlement Funds, as necessary to further develop and implement the Allocation.

59. "Special Master Allocation" means and refers to the process by which the Special Master allocates the Sediment Sites Fund, Special Needs, Part A Fund, and Special Needs, Part B Fund.

60. "Special Needs Funds" means and refers to those funds allocated to the Special Needs Fund, including Part A and Part B.

61. "Special Needs Fund, Part A" means and refers to those funds allocated to Part A of the Special Needs Fund, equal to $57,105,000.

62. "Special Needs Fund, Part A Application" means and refers to Exhibit G.

63. "Special Needs Fund, Part B" means and refers to those funds allocated to Part B of the Special Needs Fund, equal to $50,000,000.

64. "Special Needs Fund, Part B Application" means and refers to Exhibit H.

65. "TMDL" means and refers to Total Maximum Daily Load pursuant to Section 303(d) of the Clean Water Act, and collectively at times may refer to TMDL Alternatives or TMDL Direct-to-Implementation regulatory processes.

66. "TMDL Alternative" means and refers to the TMDL Alternative regulatory process as defined and used in Section 303(d) of the Clean Water Act, 33 U.S.C § 1251 *et seq*. (as amended) ("Clean Water Act").

67. "TMDL Direct-to-Implementation" means and refers to a regulatory method of implementing and enforcing a TMDL Alternative, and/or means and refers to an alternative method to enforce section 303(d) of the Clean Water Act in lieu of a TMDL.

68. "TMDL Fund Entities" means and refers to those Initial Settlement Class Members listed on Exhibit D. TMDL Fund Entities are effective as of June 24, 2020 only, but not later.

III. REQUIRED EVENTS

69. In conjunction with filing the executed Settlement Agreement with the Court, Named Class Plaintiffs shall file a motion for leave to file an Amended Class Action Complaint naming City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma as Named Class Plaintiffs and seeking certification of the following Settlement Class:

Settlement Class:

> "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

70. Within a reasonable time following the filing of the Motion for Preliminary Approval, the Parties also agree to file joint motions to stay all the pending litigations. The joint motions to stay will seek to stay each case until the Effective Date of the Settlement as defined in this Settlement Agreement. However, if the Settlement Agreement is not approved and/or does not become effective, all litigation between Named Class Plaintiffs and Defendant will be restored without prejudice to their respective positions in the Actions as if the Settlement Agreement, any application for its approval by the Court, and the filing of the proposed Amended Class Action Complaint in the *City of Long Beach* Action had not been made, submitted or filed. The Parties shall file a joint Motion for Conditional Certification of Settlement Class, Preliminary Approval of Settlement, Approval of Notice Plan, Appointment of Notice Administrator, and Appointment of Class Counsel ("Motion for Preliminary Approval"). The Motion for Preliminary Approval shall, among other things:

(a) Include supporting declarations from the Special Master, Judge (Ret.) Jay Gandhi, and the proposed Class Action Settlement Administrator, Steven Weisbrot of Angeion Group, LLC; and

(b) Seek entry of a proposed Preliminary Approval Order which would, for settlement purposes only, certify the Settlement Class; preliminarily approve the Settlement Agreement; approve the proposed Notice Plan, including the Direct Notice, as set forth in Exhibit I and Section V of this Settlement Agreement; appoint Steven Weisbrot as the Class Action Settlement Administrator; appoint Judge (Ret.) Jay Gandhi as the Special Master to implement the Allocation (with the assistance of Mediator Lexi Myers and Allocation Experts Michael Trapp and Rob Hesse); appoint Lead and Co-Class Counsel; schedule the Final Approval Hearing; and set a briefing schedule for the Final Approval Hearing.

71. In accordance with the Court's Preliminary Approval Order, the Parties shall subsequently file a joint Motion for Final Approval of Settlement ("Motion for Final Approval"). The Motion shall seek entry of a proposed Final Approval Order that would, among other things: grant final approval of the Settlement Agreement and direct its implementation pursuant to its terms and conditions; discharge and release the Released Persons, and each of them, from the Released Claims; permanently bar and enjoin all Releasing Persons from instituting, maintaining, or prosecuting, either directly or indirectly, any lawsuit that asserts Released Claims; direct that the action be dismissed with prejudice and without costs; state pursuant to Federal Rule of Civil Procedure 54(b) that there is no just reason for delay and directing that the Final Approval Order

and Judgment is a final, appealable order; and reserve to the Court continuing and exclusive jurisdiction over the Settling Parties with respect to the Settlement Agreement and the Final Approval Order. In particular, the proposed Final Approval Order shall specify that, without in any way affecting the finality of the Final Approval Order, the Court expressly retains exclusive and continuing jurisdiction over the Parties, including the Settlement Class, in all matters relating to the administration, consummation, validity, enforcement and interpretation of the Settlement Agreement and the Final Approval Order, including, without limitation, for the purpose of: (a) enforcing the terms and conditions of the Settlement Agreement and negotiations and resolving any disputes that arise out of the implementation or enforcement of the Settlement Agreement; (b) entering such additional orders, if any, as may be necessary or appropriate to protect or effectuate the Final Order and the Settlement Agreement (including, without limitation, orders enjoining persons or entities pursuing any claims), or to ensure the fair and orderly administration of the Settlement; and (c) entering any other necessary or appropriate orders to protect and effectuate this Court's retention of continuing jurisdiction over the Settlement Agreement and the Parties in matters relating to the implementation or enforcement of the Settlement Agreement.

IV. SETTLEMENT BENEFITS AND ALLOCATION

72. Settlement Class Members will receive a settlement check from the Class Action Settlement Administrator based on the Settlement Class Allocation method developed by Lead Class Counsel, the Special Master, and the Named Class Plaintiffs' consulting experts. Under Plaintiffs' Settlement Class Allocation, four separate funds will be created, including: (1) Monitoring Fund; (2) TMDL/TMDL Alternative/TMDL Direct-to-Implementation Fund ("TMDL Fund"); (3) Sediment Sites Fund; and (4) Special Needs Fund.

73. Settlement benefits vary based on the Settlement Class Members' status as described in Paragraphs 76-82 below. Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, agrees to pay, within thirty (30) days of the Effective Date of this Agreement, into the Class Action Settlement Administrator's escrow account a lump sum of Five Hundred and Fifty Million Dollars ($550,000,000) that shall be distributed to Settlement Class Members in four (4) annual payments based on the following percentages: Year 1: 40%; Year 2: 20%; Year 3: 20%; Year 4: 20% ("Settlement Fund"), except that the Monitoring Fund Payments will be disbursed in their entirety during the first payment in Year 1. The first payment (Year 1) shall be made as soon as possible and at the earliest reasonable direction by the Special Master to the Claims Administrator. Each subsequent annual payment will be made at or near the anniversary date, at the direction of the Special Master to the Claims Administrator. In addition, Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, agrees to pay Attorneys' Fees and Expenses as provided under Section VII of the Settlement Agreement. Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, also agrees to pay Claims Administration Expenses.

74. Subject to Paragraphs 79(e), 81, and 102, any remainder or unclaimed Settlement Funds, that are remaining or unclaimed one (1) year after the date of disbursement of those particular funds, shall be redistributed, at the direction of the Special Master to the Class Action Settlement Administrator, to Class Members that received an allocation under Special Needs Fund, Part B on a pro-rata basis.

75. **Class Member Identification**

> "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

Initial Settlement Class Members are identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau.

(a) The list of Initial Settlement Class Members is attached hereto as Exhibit A.

(b) The list of U.S. EPA 303(d) water bodies impaired by PCBs is attached hereto as Exhibit B.

(c) The list of USGS HUC 12 Watersheds that contain and/or immediately adjoin 303(d) water bodies impaired by PCBs is attached hereto as Exhibit C.

The following geospatial and data overlay analyses reveal the total, finite list of Initial Settlement Class Members:

First, all 303(d) water bodies impaired by PCBs were identified. Then, all USGS HUC 12 Watersheds, which contain and/or are immediately adjoining all 303(d) water bodies impaired by PCBs, were identified. Thirdly, as of June 24, 2020 only, but not later, the NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs, were identified. The U.S. Census Bureau database was used to identify all class members except townships, which were originally identified as MS4 permittees by EPA and then confirmed using the U.S. Census Bureau database.

The total number of Initial Settlement Class Members, as identified in Exhibit A, is 2,528.

76. **Settlement Class Allocation**

The Settlement Funds of five hundred and fifty million dollars ($550,000,000) will be allocated into four separate Allocation Funds as follows:

(a) Monitoring Fund: $42,895,000

(b) TMDL Fund: $250,000,000

(c) Sediments Fund: $150,000,000

(d) Special Needs Fund: $107,105,000

Each Allocation Fund will be allocated as described in each corresponding section, below.

77. **Monitoring Fund**:

The Monitoring Fund will provide a minimum payment to all Settlement Class Members as consideration for a class release. The funds are intended to pay for PCB sampling and/or any other mitigation efforts in the Settlement Class Member's sole discretion, as part of compliance with applicable law. The total number of nationwide class members is 2,528, each of which will receive payment from the Monitoring Fund as follows:

The Monitoring Fund provides payment at four levels based on whether the Initial Settlement Class Member is a Phase I or Phase II NPDES Permittee, and whether the Initial Settlement Class Member contains a population of at least 100,000. Independent port districts are excluded from the population consideration and therefore included in levels above 100,000. Phase I Permittees are generally larger than Phase II Permittees. There are two hundred and seventy-three (273) Phase I Initial Settlement Class Members, and there are two thousand two hundred and fifty-five (2,255) Phase II Initial Settlement Class Members. Notwithstanding of any other payment made within the Allocation, Phase I Initial Settlement Class Members with populations greater than 100,000 and Phase I independent port districts each will receive thirty thousand dollars ($30,000); Phase I Initial Settlement Class Members with populations less than 100,000 each will receive twenty thousand dollars ($20,000); Phase II Initial Settlement Class Members with populations greater than 100,000 and Phase II independent port districts each will receive twenty-five thousand dollars ($25,000); Phase II Initial Settlement Class Members with populations less than 100,000 each will receive fifteen thousands dollars ($15,000).

(a) Phase I ≥ 100,000 pop. and Phase I independent port districts: 124 x $30,000 = $3,720,000

(b) Phase I < 100,000 pop.: 149 x $20,000 = $2,980,000

(c) Phase II ≥ 100,000 pop. and Phase II independent port districts: 237 x $25,000 = $5,925,000

(d) Phase II < 100,000 pop.: 2018 x $15,000 = $30,270,000

78. **TMDL Fund**:

(a) **TMDL Fund.** The TMDL Fund is allocated two hundred and fifty million dollars ($250,000,000) and includes only those Initial Settlement Class Members that are subject to and/or responsible for, as of June 24, 2020 only, but not later, a TMDL, TMDL Alternative, or TMDL Direct-to-Implementation regulation, promulgated

or updated after January 1, 2010, wherein PCB is a named constituent. There are two hundred and forty-two (242) TMDL Fund Entities, as of June 24, 2020 only, but not later, as listed in and attached hereto as Exhibit D. TMDL funds are intended to compensate Settlement Class Members for restitution and remediation including mitigation of contaminated property, stormwater, and/or stormwater systems, including compliance with a TMDL.

(b) **Allocation Algorithm.** The TMDL Funds of $250,000,000 are further allocated among all 242 TMDL Fund Entities using the following TMDL Allocation Calculation: for all TMDL Fund Entities, multiply (1) the total jurisdictional area within any HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body with a PCB TMDL, by (2) the USGS Geodatabase Imperviousness of such jurisdictional area (known as "Weighted Imperviousness"). Then, proportionally normalize[1] all Weighted Imperviousness values to calculate a weighted, relative percentage for each TMDL Fund Entity. Lastly, multiply (1) the weighted, relative percentage for each TMDL Fund Entity, by (2) the total fund less Population Factor Awards. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than one hundred thousand (100,000).

(c) **Large Population Factor.** To account for population as a factor in the equitable allocation of the TMDL Fund, each TMDL Fund Entity town, city, village, borough, or township with a population of more than 1 million, and each TMDL Fund Entity county with a population of more than 2 million, will receive a Population Factor Award of $2 million.

(d) **Maximum Allowance.** No TMDL Fund Entity shall recover more than seven million five hundred thousand dollars ($7,500,000) as an absolute maximum recovery under the TMDL Fund, regardless of whether a Population Factor Award would otherwise have provided for an amount greater than $7,500,000.

79. **Sediment Sites Fund**:

(a) **Sediment Sites Fund.** The Sediment Sites Fund is allocated $150,000,000 and includes those Initial Settlement Class Members that, as of June 24, 2020 only, but not later, are a Noticed Party or named Responsible Party in at least one of three types of regulated Sediment Sites wherein PCBs have contaminated sediments due to stormwater contribution. The three types of Sediments Sites include only the following: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and/or (3) Clean Water Act Category 4b Sites/Waters. Sediment Site funds are

[1] TMDL fund class member portion =

$$\left(\frac{\text{Class member's impervious TMDL land area}}{\Sigma\ \text{Impervious TMDL land areas of all TMDL fund class members}}\right) x\ (\text{Total TMDL fund} - \Sigma\ \text{population bonus})^*$$

*TMDL fund class member exceeding 3% of total TMDL fund will be capped at 3% of the total TMDL fund. These TMDL fund class members will be subtracted from the proportional calculation of the TMDL fund. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than 100,000.

intended to compensate Class Members for restitution and remediation, including mitigation of contaminated property, stormwater and/or stormwater systems, and including compliance with a regulatory process.

(b) **Qualifying Sediment Sites.** The following is the list of the nine (9) Sediment Sites wherein at least one Initial Settlement Class Member, as of June 24, 2020 only, but not later, is a Noticed Party or named Responsible Party due to stormwater contribution of PCBs: Diamond Alkali-Lower Passaic River (Newark, New Jersey); Newtown Creek (New York, New York); Gowanus Canal (New York, New York); Lower Duwamish Waterway (Seattle, Washington); Portland Harbor (Portland, Oregon); Commencement Bay, Near Shore/Tide Flats (Tacoma, Washington); Harbor Island (Lead) (Seattle, Washington); Pacific Sound Resources (Seattle, Washington); San Diego Bay (San Diego, California).

(c) **Qualifying Sediment Site Entities.** The following is the list of the twelve (12) Initial Settlement Class Members that, as of June 24, 2020 only but not later, are Noticed Parties or named Responsible Parties, due to stormwater contribution of PCBs, in at least one Sediment Site: City of Newark, New Jersey; City of New York, New York; City of Seattle, Washington; King County, Washington; Port of Seattle, Washington; City of Tukwila, Washington; City of Tacoma, Washington; Port of Tacoma, Washington; City of Portland, Oregon; Port of Portland, Oregon; City of San Diego, California; Port of San Diego, California.

(d) **Special Master Allocation.** The Sediment Fund will be further allocated among the twelve (12) Qualifying Sediment Site Entities pursuant to a court-appointed Special Master, who will equitably allocate Sediment Site funds, upon application, based on the totality and relativity of the following PCB-caused factors: past costs and expenses spent as of the date of the application for Sediment Site remediation; past costs and expenses spent as of the date of the application for other mitigation required due to the Sediment Site; documented and evidenced future costs and expenses that will be spent for Sediment Site remediation; documented and evidenced future costs and expenses that will be spent for mitigation required due to the Sediment Site; and any other important factors or information deemed relevant by the Special Master. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation.

Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard.

(e) **Sediment Sites Application.** The Sediment Sites Application is attached hereto as Exhibit F. To the extent a Qualifying Sediment Site Entity Opts Out of the Settlement Class, or a Qualifying Sediment Site Entity does not Opt Out but fails to submit an Application, the Special Master will rely on the Allocation Experts to determine, upon application completed by the Allocation Experts, the allocation amount that could have been otherwise allocated to the Qualifying Sediment Site Entity that did not submit an application. Settlement Class Members that do not return a completed application or that return a late application will forfeit the right to appeal as described in subsection (f) below, but will not forfeit the receipt of Reserve Funds, distributed pro-rata after all appeals are exhausted. Funds allocated to any non-Opt-Out Qualifying Sediment Entities shall be disbursed in accordance with this Agreement. Funds allocated to any non-Litigating Entity Qualifying Sediment Site Entity Opt-Outs shall be disbursed to all non-Opt-Out Qualifying Sediment Site Entities on a pro-rata basis as determined by the Special Master. Funds allocated to any Opt-Out Litigating Entity Qualifying Sediment Site Entity shall be refunded to Defendant.

(f) **Sediment Site Allocation Appeals and Reserve Funds.** The Special Master shall use the Sediment Sites Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master may, but is not required to, create an appeals process by utilizing a Sediment Sites Appeals Reserve Fund of up to ten percent (10%) of the $150,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be at the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Sediment Sites Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Sediment Site Settlement Class Members on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

80. **Special Needs Funds**:

(a) **Special Needs Funds.** The Special Needs Fund is allocated $107,105,000, and further allocated into two separate parts known as Special Needs Fund, Part A ($57,105,000), and Special Needs Fund, Part B ($50,000,000).

(b) **Special Needs Fund, Part A.** Special Needs Fund, Part A is allocated fifty seven million one hundred and five thousand ($57,105,000) to compensate and accommodate those Litigating Entities whose time, energy, effort, attorney work

product, costs, expenses, and risk of litigation helped to cause the entire Class Settlement, for the benefit of all 2,528 Initial Settlement Class Members.

(c) **Litigating Entities.** Special Needs Fund, Part A is available only to those Initial Settlement Class Members that are Litigating Entities. Litigating Entities are Initial Settlement Class Members that, as of June 24, 2020 only, but not later, (1) have filed tort, public nuisance, and/or product liability lawsuits against Defendants for PCB contamination of stormwater and sediment, and/or (2) that are Named Class Members. Litigating Entities include only the following fifteen (15) Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and Baltimore County.

(d) **Special Master Allocation.** Special Needs Fund, Part A, will be further allocated pursuant to a court-appointed Special Master, who will equitably and reasonably allocate Part A funds, upon application, based on the totality and relativity of the following factors: whether outside counsel was retained; whether a lawsuit was filed; how long the lawsuit was filed at the time of Preliminary Class Approval; the case posture and procedure of any lawsuit; the amount, time, energy, cost, and productivity during discovery with Defendants; the retention of experts; the development of expert testimony and reports; the preparation and presentation of experts for deposition; the litigation of significant motions, including but not limited to motions to dismiss, discovery motions, motions for summary judgment or adjudication, in limine motions, and other motions; and any other important factors or information deemed relevant by the Special Master as having a significant impact on, or catalyst for, this Settlement. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. The Claims Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard. The Special Master will give attention and consideration to any Litigating Entity that has incurred attorneys' fees to outside counsel, other than Lead or Co-Class Counsel. The Special Master will reasonably and equitably prioritize and reimburse any Litigating Entity that, through outside counsel other than Lead or Co-Class Counsel, incurred reasonable, documented out-of-pocket litigation costs.

(e) **Restrictions.** Litigating Entities, which as of October 2019, were under contract for representation by Lead or Co-Class Counsel shall not recover for outside counsel fees in the Special Needs Fund, Part A. Litigating Entities that retained

outside counsel, and that were not under contract for representation by Lead or Co-Class Counsel, may apply for and receive, subject to Special Master Allocation, an equitable and reasonable allocation for such outside counsel, including attorneys' fees and costs. Nothing herein shall prevent any Litigating Entity from applying for and receiving, subject to Special Master Allocation, an equitable allocation for in-house or general counsel fees, overhead, salaries, time, energy, costs, resources, and/or attention, including but not limited to city attorneys, county counsel, and/or general counsel.

(f) **Application and Forfeiture.** The Special Needs Fund, Part A Application is attached hereto as Exhibit G. The Special Master shall use the Special Needs Fund, Part A Application to inform, guide, and design an equitable allocation among all eligible applicants. Litigating Entities that do not timely return a completed application forfeit any right to Part A Funds.

(g) **Part A Appeals and Reserve Funds.** The Special Master may, but is not required to, create an appeals process by utilizing a Part A Appeals Reserve Fund of up to ten percent (10%) of the $57,105,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part A Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Litigating Entities on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(h) **Special Needs Fund, Part B.** Special Needs Fund, Part B, is allocated fifty million dollars ($50,000,000) and available to all Settlement Class Members who apply and make a showing, in the discretion of the Special Master, of a significant regional, state, or national benefit, cost, or contribution regarding 303(d) bodies of water impaired by PCBs through stormwater and/or dry weather runoff, and such benefit, cost, or contribution is not otherwise encompassed within any other part of this Allocation.

(i) **Special Master Allocation, Application, and Forfeiture.** The Special Needs Fund, Part B Application is attached hereto as Exhibit H. The Special Master shall use the Special Needs Fund, Part B Application to equitably allocate Part B Funds among only those who apply. Settlement Class Members who do not apply will receive no Part B Funds. Application does not guarantee that the Special Master will allocate Part B Funds to the applicant. Some Part B applicants may not receive any Part B Funds. The Special Master shall use the Special Needs Fund, Part B Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive

process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Claims Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds.

(j) **Part B Appeals and Reserve Funds**. The Special Master may, but is not required to, create an appeals process by utilizing a Part B Appeals Reserve Fund of up to ten percent (10%) of the $50,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions, including regarding eligibility, will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part B Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Part B awarded applicants only on a pro-rata basis. Part B applicants who did not receive an award under either an initial application or an appeal will not receive any pro-rata distribution after all appeals are exhausted. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(k) **Part B Equitable Purpose.** The Special Master may, in his sole discretion, fairly and reasonably, and consistent with the intention and general structure of the terms of the Allocation, equitably balance monetary allocations to Settlement Class Members to the extent that any did not receive a proper and appropriate Allocation in accordance with the terms herein.

81. In the event that a State Attorney General or any other entity acting on behalf of a State or a State-controlled entity files a future action (on or after March 27, 2020) against Defendant related to PCBs for which one or more Settlement Class Members were or are compensated under this settlement, then Settlement Class Members, within that same state, that are permitted and discharge or release PCBs into the 303(d) body of water impaired by PCBs that is the subject of the newly filed suit, shall have only their future payments reduced by twenty percent (20%). The 20% reduction of future payments shall occur evenly across all remaining payments in the payment schedule. In the event an Attorney General files a PCB suit that attempts to address PCBs across the entire state, then all Class Members in that state will have their future payments reduced by

20%. This Settlement shall not preclude nor waive any defenses Defendant may have with respect to such subsequently-filed action. This section requires that future payments to each entity be determined and notice of same be provided to Defendant prior to submitting the Settlement for Final Approval.

V. NOTICE OF PROPOSED SETTLEMENT TO SETTLEMENT CLASS MEMBERS

82. Notice of the Settlement to Settlement Class Members shall be provided pursuant to orders of the Court.

83. The Parties agree that reasonable notice of this Agreement consistent with Due Process requirements of the United States Constitution shall be given to any and all Settlement Class Members. To effectuate such notice, Lead Class Counsel has agreed to engage the Class Action Settlement Administrator to advise them and administer the notice process. Although Lead Class Counsel will be responsible for ensuring the Notice process is effectuated, Defendant's Counsel will have continued involvement in the Notice process. The text of the notice and the mechanisms for distributing the notices shall be subject to the approval of the Court and shall be the responsibility of the Class Action Settlement Administrator.

Initial Settlement Class Members have been identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau. Initial Settlement Class Members are identified as:

> As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.

84. As part of the Notice Plan, the Class Action Settlement Administrator shall send the Direct Notices, substantially in the form attached hereto as Exhibit I, by U.S. Mail, to each member of the Settlement Class identified by the Parties through reasonable efforts as set forth above. All reasonable efforts will be made to notify each Class Member's in-house counsel or managing executive. Lead Class Counsel shall promptly provide this information to the Class Action Settlement Administrator who shall then mail Direct Notice within five days after the issuance of the Preliminary Approval Order, unless otherwise directed by the Court. The Class Action Settlement Administrator will promptly log each Direct Notice that is returned as undeliverable and shall provide copies of the log to Class Counsel and Defense Counsel. The Class Action Settlement Administrator shall take reasonable steps to re-mail all undeliverable Direct Notices to updated addresses provided by the National Change of Address Database maintained by the United States Post Office or by other means. In the event that any Direct Notice mailed to a Settlement Class Member is returned as undeliverable a second time, then no further mailing shall be required. Where the Class Action Settlment Adminstrator re-mails Direct Notice, the sixty (60) day

deadlines to request exclusion or object as set forth in Sections VI.A and B shall apply from the date of the initial mailing attempt that was returned as undeliverable.

85. The Direct Notice, substantially in the form attached as Exhibit I or in such other form as directed by the Court, shall advise Settlement Class Members of the following:

(a) General Terms: The Notice shall contain a plain and concise description of the nature of the Action; the fact of preliminary certification of the Settlement Class for settlement purposes; and the proposed Settlement itself, including a description of the Settlement Class Members, the benefits under the proposed Settlement, and what claims are released under the proposed Settlement.

(b) Requests for Exclusion: The Notice shall inform Settlement Class Members that they have the right to exclude themselves from (opt out of) the Settlement. The Notice shall provide the deadlines and procedures for exercising this right.

(c) Objections: The Notice shall inform Settlement Class Members of their right to object to the proposed Settlement and appear at the Final Approval Hearing. The Notice shall provide the deadlines and procedures for exercising these rights.

(d) The Notice shall inform Settlement Class Members about the amounts being sought by Class Counsel as Attorneys' Fees and Expenses.

86. The Class Action Settlement Administrator shall maintain records of all of its activities, including logs of all telephone calls received and all mailings, and shall maintain an electronic database reflecting the running tally of all calls received and number and types of materials mailed by it in connection with this Settlement.

87. Pursuant to the Class Action Fairness Act of 2005, 28 U.S.C. § 1715(b), Defendant's Counsel shall serve notice of the settlement via First Class Mail on the appropriate federal and state officials no later than ten (10) calendar days after the filing of this Settlement Agreement with the Court. A proposed form of CAFA notice, without the accompanying attachments, is attached as Exhibit J.

88. The Class Action Settlement Administrator shall be responsible for, without limitation: (a) printing, mailing or arranging for the mailing of the Direct Notices; (b) handling returned mail not delivered to Settlement Class Members; (c) attempting to obtain updated address information for any Direct Notices returned without a forwarding address; (d) making any additional mailings required under the terms of this Settlement Agreement; (e) receiving and maintaining on behalf of the Court any Settlement Class Member correspondence regarding requests for exclusion and/or objections to the Settlement; (f) forwarding written inquiries to Class Counsel or their designee for a response, if warranted; and (g) otherwise implementing and/or assisting with the dissemination of the Notice of the Settlement. The Class Action Settlement Administrator shall also be responsible for, without limitation, implementing the terms of the Claims Process and related administrative activities.

89. If the Class Action Settlement Administrator fails to perform adequately on behalf of Defendant or the Settlement Class, the Parties may agree to remove the Class Action Settlement

Administrator. If counsel cannot resolve the issue after a good faith attempt to do so, they will refer the matter to the Court for resolution.

90. The Class Action Settlement Administrator may retain one or more persons to assist in the completion of his or her responsibilities as reasonably necessary to fulfill the Class Action Settlement Administrator's duties herein.

91. Not later than twenty-one (21) days before the date of the Final Approval Hearing, the Class Action Settlement Administrator shall file with the Court a list of those persons who have opted out of or objected to the Settlement. The Class Action Settlement Administrator shall also file with the Court proof, by affidavit or declaration, of the aforesaid publications and mailings as well as the details outlining the scope, method and results of the notice program.

92. The Class Action Settlement Administrator and the Parties shall promptly after receipt provide copies of any requests for exclusion, objections and/or related correspondence to each other.

93. The cost of the above Notice shall be paid by Defendant.

VI. OBJECTIONS/REQUESTS FOR EXCLUSION/CANCELLATION

A. Requests for Exclusion

94. A Settlement Class Member may opt out of the Settlement Class. To exercise this exclusion right, the Settlement Class Member must send a written notification of the decision to request exclusion via certified or first class mail to the Class Action Settlement Administrator. The request for exclusion must bear the signature of the Settlement Class Member (even if represented by counsel), and the Settlement Class Member's current address and telephone number. If the Settlement Class Member has entered into a written or oral agreement to be represented by counsel, the request for exclusion shall also be signed by the attorney who represents the Settlement Class Member. Such requests must be postmarked or personally delivered on such schedule as the Court may direct. In seeking Preliminary Approval of this Agreement, the parties will request that the deadline for submission of requests for exclusion shall be set on a date no less than sixty (60) days after the Direct Notices are mailed. That deadline will be stated in the Direct Notice. Exclusions sent by any Settlement Class Member to incorrect locations shall not be valid. The Class Action Settlement Administrator shall forward within five (5) days copies of any written requests for exclusion to Lead Class Counsel and Defendant's Counsel. A list reflecting all requests for exclusion shall be filed with the Court by the Class Action Settlement Administrator no later than twenty-one (21) days before the Final Approval Hearing. If a potential Settlement Class Member files a request for exclusion, he or she may not file an objection under Paragraphs 98-101.

95. Any Settlement Class Member who has not timely and properly filed a written request for exclusion as provided in Paragraph 94 shall be bound by the Settlement and all subsequent proceedings, orders, and judgments, including, but not limited to, the Release and Final Approval Order. Any Settlement Class Member who elects to opt out of the Settlement Class pursuant to this Agreement shall not be entitled to relief under or affected by this Agreement.

96. Settlement Class Members who have elected to opt out of the Settlement Class may withdraw their opt out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to water bodies.

97. Lead Class Counsel shall have the right to contact persons who file exclusion requests and to challenge the timeliness and validity of any exclusion requests, as well as the right to effect the withdrawal of any exclusion filed in error and any exclusion request which a Settlement Class Member wishes to withdraw for purposes of participating in the Settlement as set forth in this Agreement. The Court shall determine whether any of the contested opt-outs are valid.

B. Objections

98. A Settlement Class Member may object to the Settlement. To exercise this objection right, the Settlement Class Member must provide written notice of the objection via certified or first class mail to the Court and the Class Action Settlement Administrator. The objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Settlement Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the objection, and whether or not the Settlement Class Member intends to appear at the Final Approval Hearing. If the Settlement Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Settlement Class Member and state whether the attorney representing the objector will appear at the Final Approval Hearing. Such objection must be postmarked or personally delivered on such schedule as the Court may direct. In seeking Preliminary Approval of this Agreement, the parties will request that the deadline for submission of notice of objections shall be set on a date no less than sixty (60) days after the Direct Notices are mailed. Objections sent by any Settlement Class Member to incorrect locations shall not be valid.

99. The Class Action Settlement Administrator shall forward any objection(s) to Class Counsel and Defendant's Counsel within five (5) days of receipt.

100. Any Settlement Class Member who fails to comply with the provisions of Paragraph 94-98 above shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. The exclusive means for any challenge to this Settlement shall be through the provisions of this Section VI.B. Without limiting the foregoing, any challenge to the Settlement or Final Approval Order shall be pursuant to appeal under the Federal Rules of Appellate Procedure and not through a collateral attack.

101. Any Settlement Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Settlement Agreement and the terms contained herein are approved, as long as the objecting Settlement Class Member complies with all requirements of this Settlement Agreement applicable to Settlement Class Members, including the timely submission of an Application and other requirements herein.

C. Cancellation

102. Before the Parties move the Court for Final Approval of the Settlement, Defendant has the option to withdraw from the settlement, if any Named Class Action Plaintiff listed in Paragraph 28 or more than two percent (2%) of the Settlement Class Members opt out of the Settlement. If any Party that has filed a lawsuit against Defendant as of the issuance of the Final Order approving the Class Action Settlement ("Litigating Plaintiff") opts out of the Settlement, then the total settlement amount to be paid by Defendant under Paragraph 73 will be reduced by each opting out Litigating Plaintiff's allocated share of the Settlement Funds.

VII. ATTORNEYS' FEES AND EXPENSES

103. In advance of the date set by the Court for Objections, Class Counsel agrees to request approval of an award of all Attorneys' Fees and Expenses in a total amount of $98,000,000. Defendant agrees to pay the Attorneys' Fees and Expenses awarded by the Court in an amount not to exceed $98,000,000, and will do so within thirty (30) days of the Effective Date. The amount of Attorneys' Fees and Expenses was negotiated after the substantive terms of the Settlement, including the benefits to Settlement Class Members. The attorneys' fee was the product of the mediation process. The Motion for Preliminary Approval and Direct Notice shall state that Class Counsel will seek an award of Attorneys' Fees and Expenses in an amount not to exceed $98,000,000. Lead Class Counsel will petition the Court for approval. Lead Class Counsel may attach a declaration of the Mediator, declarations of other experts, and additional supporting documentation.

104. If the request for an award of Attorneys' Fees and Expenses is finally approved by the Court and upheld on any appeal, then Defendant shall pay the amount ordered by the Court via electronic transfer to Lead Class Counsel within thirty (30) days after the Effective Date, provided that Lead Class Counsel has submitted appropriate routing information and payment information reasonably necessary for Defendant to process such transfer.

105. Lead Class Counsel shall distribute Attorneys' Fees and Expenses to Co-Class Counsel. Should a dispute arise regarding the distribution, the cost shall be borne by Class Counsel. Neither this Agreement nor the Class Benefit are condintioned on the award of any particular amount of Class Counsel Attorneys' Fees and/or Expenses. No Attorneys' Fees and/or Expenses will be paid from the Settlement Fund.

VIII. MUTUAL RELEASE

106. Upon entry of the Final Approval Order, Defendant and Released Persons will have released any and all claims arising from PCB contamination that they have alleged or could allege against any Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons. Upon entry of the Final Approval Order, the Releasing Persons will have released the Released Persons from the Released Claims. Additionally, Defendant is entitled to protection from contribution and/or indemnity claims or actions asserted against Defendant by any person or persons who are not parties to this Settlement Agreement for all Released Claims and all matters alleged in the Action or the Underlying Actions. Nothing in this section shall create a duty on the part of Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons to defend and/or indemnify

Defendant or Released Persons in any contribution and/or indemnity claim. All Releases provided herein shall be mutual between Plaintiffs, Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand.

107. Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or derivative claims made by any third party for or as against Settlement Funds and/or the consideration that is the subject to this Agreement, to the extent allocated to each Settlement Class Member. Each Settlement Class Members further agree to defend, indemnify, and hold harmless Defendant against any claim, demand, action, cost, expense, attorneys' fee, loss, judgment, or liability it may be subjected to by any person or entity who may claim through the Settlement, for the portion of the Settlement allocated to each Settlement Class Member, in a derivative manner against Defendant, including without limitation, any insurers, agents, representatives, successors, predecessors, assigns, and attorneys, bankruptcy trustees, and any and all other persons, firms, corporations, associations, and other legal entities who may claim through them in a derivative manner.

108. If any Settlement Class Member brings an action or asserts a claim against Defendant contrary to the terms of the Settlement Agreement, Defendant shall provide Lead Class Counsel with a copy of the Settlement Class Member's complaint. Lead Class Counsel agrees to contact counsel of record for the Settlement Class Member and advise him or her of the Settlement Agreement.

IX. MISCELLANEOUS PROVISIONS

A. For Settlement Purposes Only/No Admissions

109. The Settlement Agreement is for settlement purposes only, and neither the fact of, nor any provision contained in, this Agreement or its Exhibits, nor any action taken hereunder shall constitute, be construed as, or be admissible in evidence as an admission of: (a) the validity of any claim or allegation by Plaintiffs, or of any defense asserted by Defendant in the Action; (b) the propriety of class certification or proceeding in whole or in part on a classwide basis for purposes of litigation and/or trial in this Action or any future action against one or more Defendant or any Released Party; or (3) any wrongdoing, fault, violation of law, or liability if any kind on the part of any Defendant or Released Party.

110. In the event that this Agreement does not become effective for any reason, this Agreement shall become null and void and of no further force and effect. In such instance, this Agreement and any negotiations, statements, communications, proceedings, and pleadings relating thereto, and the fact that the Parties agreed to the Agreement, shall be without prejudice to the rights of Plaintiffs or Defendant or any Settlement Class Member, shall not be used for any purpose whatsoever in any subsequent proceeding in this action or in any other action in any court or tribunal, and shall not be construed as an admission or concession by any party of any fact, matter, or allegation. In the event that this Agreement does not become effective, Plaintiffs, Defendant, and the Settlement Class Members shall be restored without prejudice to their respective positions as if the Agreement, any application for its approval by the Court, and the proposed amended complaint in the *City of Long Beach* action had not been made, submitted, or filed. Notwithstanding the foregoing, in the event that the Court should refuse to approve any material

part of this Agreement or the Exhibits thereto or if, on appeal, an appellate court fails to affirm the judgment entered pursuant to this Agreement, then the Parties may (but are not obligated to) agree in writing to amend this Agreement and proceed with the Settlement as so amended. Neither any award to a Named Class Plaintiff in an amount less than that sought, nor an award of attorneys' fees, costs, and disbursement to Class Counsel in an amount less than that requested by Class Counsel, nor a reversal on appeal of any such award shall be deemed to be a modification of a material part of this Agreement that causes the Agreement to become null and void pursuant to this section.

B. Alternative Dispute Resolution

111. So that the Settling Parties do not have to return to court, if any disputes arise out of finalization of the settlement documentation or out of the Settlement itself, said disputes are to be resolved by the Mediator first by way of mediation. If for any reason the Mediator is unavailable or has a conflict, the Settling Parties will agree on a substitute neutral so that this clause may be enforced without returning to Court. If the Settling Parties cannot agree upon a substitute neutral, they will jointly petition either the Mediator or the Court to select a neutral for them to enforce this clause.

112. If the Parties cannot resolve disputes via mediation, the Court will retain jurisdiction to enforce the terms of this Agreement and will be the ultimate arbiter of any disagreements.

113. Nothing in this provision is intended to prevent the Court from exercising its authority to inquire about the bases for settlement, settlement terms, the implementation of the settlement, or the information provided to the Court in connection with preliminary or final approval of the Settlement.

C. Exclusive Remedy; Dismissal of Actions; Continuing Jurisdiction of the Court

114. Each and every Settlement Class Member who has not requested exclusion pursuant to this Agreement submits to the jurisdiction of the Court and will be bound by the terms of this Settlement (including, without limitation, any and all releases).

115. This Agreement shall be the sole and exclusive remedy for any and all Released Claims, and upon entry of the Final Judgment by the Court, each Settlement Class Member who has not opted out of the Class shall be barred from initiating, asserting, or prosecuting any such Released Claims against Defendant.

116. Upon the entry of the Final Approval Order, this Action will be dismissed with prejudice.

117. No later than ten (10) days following the Effective Date, the Parties shall file a joint stipulation of voluntary dismissal with prejudice and without costs under Fed. R. Civ. P. 41 in each of the related Actions.

D. Best Efforts

118. The Parties, Lead Class Counsel, Co-Class Counsel, and Defendant's Counsel agree to use their best efforts to obtain Court approval of this Settlement, and agree to support all terms of the

Settlement Agreement in documents filed with the Court. They further agree to execute all such additional documents as shall be reasonably necessary to carry out the provisions of this Agreement.

E. Administrative Costs

119. Except as provided in Sections V (Notice) and VII (Attorneys' Fees and Expenses), each of the Named Class Plaintiffs and the Defendant shall be solely responsible for his, her, or its own costs and expenses.

F. Taxes

120. Plaintiffs, Settlement Class Members, Lead Class Counsel, and Co-Class Counsel shall be responsible for paying any and all federal, state, and local taxes due on any payments made to them pursuant to the Settlement Agreement.

G. Public Statements

121. Lead Class Counsel, Co-Class Counsel, and Defendant's Counsel shall not disparage the terms of this Settlement Agreement.

H. Complete Agreement

122. This Settlement Agreement and its Exhibits represent the complete agreement as to each and every term agreed to by and among Named Class Plaintiffs, the Settlement Class Members, and Defendant. The Settlement contemplated by this Agreement is not subject to any condition not expressly provided for herein, and there exist no collateral or oral agreements relating to the subject matter of the Agreement. In entering into this Settlement Agreement, no Party has made or relied on any warranty, promise, inducement or representation not specifically set forth herein. Any agreement purporting to change or modify the terms of this Agreement or the Exhibits hereto must be in writing, signed by Lead Class Counsel and Defendant's Counsel. The Parties agree that California law applies to the interpretation of this Agreement.

123. All the Exhibits attached hereto or referred to herein are incorporated as if fully set forth in the body of the Agreement.

I. Headings for Convenience Only

124. The headings in this Settlement Agreement are for the convenience of the reader only and shall not affect the meaning or interpretation of this Settlement Agreement.

J. No Party Is the Drafter

125. None of the Parties shall be considered to be the primary drafter of this Settlement Agreement or any provision hereof for the purpose of any rule of interpretation or construction that might cause any provision to be construed against the drafter.

K. Binding Effect

126. This Settlement Agreement shall be binding according to its terms upon, and inure to the benefit of Named Class Plaintiffs, Settlement Class Members, and Defendant, and their respective agents, successors, and assigns.

L. Authorization to Enter Settlement Agreement

127. Lead Class Counsel represents that they are fully authorized to conduct settlement negotiations with counsel for Defendant on behalf of Named Class Plaintiffs and the Settlement Class Members, and to enter into, and to execute, this Settlement Agreement on behalf of Named Class Plaintiffs and the Settlement Class Members, subject to Court approval pursuant to Federal Rule of Civil Procedure 23(e).

128. Defendant represents and warrants that: (a) it has all requisite corporate power and authority to execute, deliver and perform this Agreement and to consummate the transactions contemplated hereby; (b) the execution, delivery, and performance of this Agreement have been duly authorized by all necessary corporate action on the part of Defendant; (c) its signatories to the Agreement have full authority to sign on behalf of and to bind Defendant to its terms; and (d) this Agreement has been duly and validly executed and delivered by Defendant and constitutes its legal, valid and binding obligations.

129. Lead Class Counsel and Defendant's Counsel counsel represent that they have been fully authorized to execute this Agreement on behalf of their respective clients.

M. Execution in Counterparts

130. This Settlement Agreement may be executed in counterparts, and the execution of counterparts shall have the same effect as if all Parties had signed the same instrument. Facsimile signatures shall be considered as valid signatures as of the date signed, although the original signature dates shall thereafter be appended to the Settlement Agreement. This Settlement Agreement shall not be deemed executed until signed by Lead Class Counsel and Defendant's Counsel.

N. California Civil Code § 1542

131. The Parties have read, understood, and consulted with their attorneys and have been fully advised by them as to the contents and meaning of Section 1542 of the Civil Code of California, which provides that:

> A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor.
>
> The Parties shall be deemed to have knowingly and voluntarily waived and relinquished all rights and benefits afforded by California Civil Code Section 1542, and by any comparable

> statutory provision or common law rule that provides, in sum or substance, that a general release does not extend to claims which the party does not know or suspect to exist in its favor at the time of executing the release, which if known by it must have materially affected the settlement. The Parties hereby agree and acknowledge that this waiver is an essential term of this Settlement Agreement without which the consideration given herein by Defendant would not have been given.

IN WITNESS THEREOF, the Parties have executed this Settlement Agreement as of the dates set forth below.

Sediment Sites Fund- Allocation Application

Class Member: _____

Class Member Contact Information:

Contact Person: _____ Phone Number: _____

Email Address: _____

Qualifying Sediment Site Entity (must be one of 12 Qualifying Sediment Site Entities; only one qualifying Sediment Site per Application):

_____

Please provide an initial summary description of the Class Member's role, involvement, or responsibility in the qualifying Sediment Site, focusing on the regulatory or legal responsibility, and the costs or expenses related to and caused by PCB contamination, specific to the Class Member. The Class Member may continue this summary by attaching no more than two (2) pages typed, 14-point font, entitled "Sediment Sites Fund—Initial Summary Description."

_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____
_____

Please provide known total amounts in dollars for the following categories of damages (undocumented totals will be considered speculative or inapplicable):

Total past costs/expenses spent for PCB-caused remediation of the Sediment Site:

$_____

Total past costs/expenses spent for PCB-caused mitigation required due to the Sediment Site:

$_____

Total future costs/expenses, as documented and evidenced, for PCB-caused remediation of the Sediment Site:

$_____

Total future costs/expenses, as documented and evidenced, for PCB-caused mitigation due to the Sediment Site:

$_____

Please provide a summary description of any other important factors or information that may be relevant to the Special Master's allocation, focusing on the regulatory or legal responsibility, and the costs or expenses related to and caused by PCB contamination, specific to the Class Member. The Class Member may continue this summary by attaching no more than two (2) pages typed, 14-point font entitled "Sediment Sites Fund—Other Important Factors and Information."

_____
_____
_____
_____
_____
_____
_____

Please provide a summary description of other relevant named Responsible Parties, and what impact, if any, those other relevant named Responsible Parties will have on the information provided above, including cost-sharing or cost reduction for the Class Member. Please continue this summary by attaching no more than two (2) page typed, 14-point font entitled "Sediment Sites Fund—Other Responsible Parties."

Please provide a total Sediment Site Fund award requested by the Class Member:

$_____

Please attach no more than 25 pages of supporting documentation and evidence of your summary description, past and future costs and expenses, and other important factors and information that may be relevant to the Special Master's allocation. Only the first 25 pages submitted will be considered by the Special Master.

I hereby declare under penalty of perjury under the laws of the state of _____ that the information within this application and its attachments are true and correct to the best of my knowledge. Executed this ___ day of _____ at _____(County), _____ (State).

Signed: _____

(Must be signed by the Contact Person named above)

Application Instructions and Information:

Please fill out this Sediment Sites Allocation Application to the best of your knowledge and the knowledge of the qualifying Class Member. Please return your completed application to [INSERT EMAIL] no later than [INSERT DATE]. Late applications will not be considered by the Special Master. Qualifying Class Members that do not return a completed application or that return a late application will receive an allocation by the Special Master based on the good faith, best efforts of the Allocation Experts to complete an application for the qualifying class member. Qualifying Class Members that do not return a completed application or that return a late application will forfeit the right to the one (1) appeal to the Special Master but will not forfeit the receipt of Reserve Funds distributed pro-rata after all Appeals are exhausted and decided by the Special Master.

For any questions about this application or process, you may contact Lead Class Counsel Scott Summy, John Fiske, or Carla Burke of Baron & Budd, P.C., at PCBClassAction@BaronBudd.com; the Special Master at [INSERT EMAIL]; or the Allocation Experts at [INSERT EMAIL].

Exhibit I

**UNITED STATES DISTRICT COURT
FOR THE CENTRAL DISTRICT OF
CALIFORNIA WESTERN DIVISION**

Case No.: 2:16-cv-03493-FMO-AS

NOTICE OF PENDENCY OF CLASS-ACTION PROPOSED SETTLEMENT AND COURT-APPROVAL HEARING

TO: As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.

THIS IS A COURT-APPROVED NOTICE. PLEASE READ THIS NOTICE CAREFULLY, AS THE PROPOSED SETTLEMENT DESCRIBED BELOW MAY AFFECT YOUR LEGAL RIGHTS AND PROVIDE YOU POTENTIAL BENEFITS. THIS IS *NOT* A NOTICE OF A LAWSUIT AGAINST YOU OR A SOLICITATION FROM A LAWYER.

I. WHAT IS THE PURPOSE OF THIS NOTICE?

The purpose of this Notice is (i) to advise you of a proposed settlement (referred to as the "Settlement") of the above-captioned consolidated lawsuits (the "Action") pending against Monsanto Company, Solutia Inc., and Pharmacia LLC (the former Monsanto Company), (collectively, "Defendant" or “Monsanto”) in the United States District Court for the Central District of California (the "Court"); (ii) to summarize your rights in connection with the Settlement; and (iii) to inform you of a Court hearing to consider whether to grant final approval of the Settlement, to be held on [DATE/TIME] before the Honorable Fernando M. Olguin, United States District Judge of the United

States District Court for the Central District of California, located at 350 W. First St., Los Angeles, California 90012.

II. WHAT IS THE ACTION ABOUT?

Plaintiffs City of Long Beach, Mayor and City Council of Baltimore, , City of Berkeley, City of Chula Vista, County of Los Angeles, City of Oakland, City of Portland, Port of Portland, City of San Diego, City of San Jose, and City of Spokane filed lawsuits against Defendant in district courts in their respective jurisdictions. In their complaints, Plaintiffs asserted that Defendant manufactured a class of industrial chemicals called polychlorinated biphenyls ("PCBs") between the 1930s and 1977 and stated various causes of action against Defendant for alleged PCB-related impairments to the environment, including to water bodies. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater and wastewater systems, water bodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief.

On _____, the Court entered an order certifying the Action as a class action, and specifically certifying a Nationwide Class defined as: **As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs**. The claims certified for class-action treatment include claims that Defendant's PCBs and PCB-containing products were defectively designed, that the risks of environmental harm associated with PCBs and PCB-containing products outweighed the benefits of their uses, that Defendant failed to warn of the risks of harm associated with PCBs and PCB-containing products, and that Plaintiffs and the Settlement Class Members suffered property damage as a result of PCB contamination.

Defendant denies that class certification was or remains appropriate (except for purposes of the proposed settlement), denies that its PCBs and PCB-containing products were defectively designed, denies that the risks of

environmental harm associated with PCBs and PCB-containing products outweigh their benefits, denies that it acted unlawfully, and asserts various legal and factual defenses against Plaintiffs' claims.

The parties reached a settlement before the Court resolved the claims and defenses of the parties in the Action. Therefore, the Court never resolved whether Defendants did anything wrong.

This Notice should not be understood as an expression of any opinion by the Court as to the merits of the Plaintiffs' claims or Defendant's defenses. Plaintiffs and Defendant recognize that to resolve these and other important issues would be time-consuming, uncertain, and expensive, which is part of the reason for the Settlement.

III. WHO IS PART OF THE PROPOSED SETTLEMENT?

Plaintiffs and Defendant have entered into an agreement to settle the Action (the "Settlement Agreement"). The Court has preliminarily approved the Settlement Agreement as fair, reasonable, and adequate. The Court will hold the final Court Approval Hearing, as described below, to consider whether to make the settlement final.

You are a Class Member if you are:

- **As of June 24, 2020 only, but not later, a NPDES Phase I or II city, town, village, borough, township, or independent port district MS4 permittee with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs;**

OR

- **As of June 24, 2020 only, but not later, a NPDES Phase I or II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.**

If you received this Notice about the proposed settlement in the mail,

then you have been identified as an Initial Settlement Class Member according to the parties' records.

Initial Settlement Class Members have been identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau.

IV. WHAT ARE THE KEY TERMS OF THE PROPOSED SETTLEMENT?

The key terms of the proposed Settlement are as follows.

1. ***Settlement Amount.*** Defendant has agreed to pay five hundred and fifty million dollars ($550,000,000) as the total and maximum dollar amount Defendant will be obligated to pay if the Court grants final approval and all other contingencies are met. This amount includes all payments (i) to Settlement Class Members in exchange for the Release (as described below), and (ii) to the Plaintiffs as class-representative awards (as described below). The Settlement Amount does not include the amount to be paid to Plaintiffs' attorneys for attorneys' fees and expenses actually incurred in the Action (as described below). The Settlement Amount also does not include the reasonable costs and expenses incurred in (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. Defendant will pay for the costs of the notice process and the costs necessary to process claims and administer the Settlement Agreement. The costs and expenses for implementing the Allocation by the Special Master will be split equally between the Parties; however, Defendant's share of costs and expenses shall not exceed $100,000. Any additional costs and expenses for implementing the Allocation shall be paid from Class Counsel's Attorneys' Fees and Expenses. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

2. ***Settlement Benefit.*** Each Settlement Class Member who has not excluded itself from the Class will be eligible to receive a settlement check(s) from the Class Action Settlement Administrator based on the Settlement Class Allocation method developed by Lead Class Counsel, the Special Master, and

the Named Class Plaintiffs' consulting experts, which has been approved by the Court as fair and reasonable.

The Settlement Amount will be allocated among four separate funds for Class Members. **You may be eligible to receive a payment from one or more of these funds. You are required to apply to receive payment from certain funds.**

(a) Monitoring Fund. The Monitoring Fund will include $42,895,000. **Every Settlement Class Member will receive a minimum payment from the Monitoring Fund as consideration for a Release.** The funds are intended to pay for PCB sampling and/or any other mitigation efforts in the Settlement Class Member's sole discretion, as part of compliance with applicable law.

The amount of Monitoring Fund payments are based on each Settlement Class Member's NDPES Permittee status as Phase I or Phase II and each Settlement Class Member's population as follows:

(1) Phase I ≥ 100,000 pop. and Phase I independent port districts each receive $30,000

(2) Phase I < 100,000 pop. each receive $20,000

(3) Phase II ≥ 100,000 pop. and Phase II independent port districts each receive $25,000

(4) Phase II < 100,000 pop. each receive $15,000

(b) TMDL Fund. The TMDL Fund will include $250,000,000. **Not every Settlement Class Member is eligible to receive payment from the TMDL Fund.** A Settlement Class Member will receive a payment from the TMDL Fund if the Settlement Class Member is subject to and/or responsible for a TMDL, TMDL Alternative, or TMDL Direct-to-Implementation regulation, promulgated or updated after January 1, 2010, wherein PCB is a named constituent.

The amount of TMDL Fund payments are determined by the following TMDL Allocation Calculation: for all TMDL Fund Entities, multiply (1) the total jurisdictional area within any HUC-12 Watershed that contains a 303(d) water body with a PCB TMDL, by (2) the USGS Geodatabase Imperviousness of such jurisdictional area (known as "Weighted Imperviousness"). Then, proportionally normalize all Weighted Imperviousness values to calculate a weighted, relative percentage for each TMDL Fund Entity. Lastly, multiply (1)

the weighted, relative percentage for each TMDL Fund Entity, by (2) the total fund less Population Factor Awards. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than one hundred thousand (100,000). To account for large populations as a factor in the equitable allocation of the TMDL Fund, each TMDL Fund Entity town, city, village, borough, or township with a population of more than 1 million, and each TMDL Fund Entity county with a population of more than 2 million, will receive a Population Factor Award of $2 million. No Settlement Class Member will recover more than seven million five hundred thousand dollars ($7,500,000) under the TMDL Fund, regardless of whether a Population Factor Award would otherwise have provided for an amount greater than $7,500,000.

(c) Sediment Sites Fund. The Sediment Sites Fund will receive $150,000,000. **Not every Settlement Class Member is eligible to receive payment from the Sediment Sites Fund.** A Settlement Class Member will receive a payment from the Sediment Sites Fund if the Settlement Class Member is a Noticed Party/Potentially Responsible Party or named Responsible Party in at least one of three types of regulated Sediment Sites wherein PCBs have contaminated sediments due to stormwater contribution. The three types of Sediments Sites include only the following: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and/or (3) Clean Water Act Category 4b Sites/Waters. The following is a list of Sediment Sites wherein at least one Initial Settlement Class Member is a Noticed Party/ Potentially Responsible Party or named Responsible Party due to stormwater contribution of PCBs: Diamond Alkali- Lower Passaic River (Newark, New Jersey); Newtown Creek (New York, New York); Gowanus Canal (New York, New York); Lower Duwamish Waterway (Seattle, Washington); Portland Harbor (Portland, Oregon); Commencement Bay, Near Shore/Tide Flats (Tacoma, Washington); Harbor Island (Lead) (Seattle, Washington); Pacific Sound Resources (Seattle, Washington); San Diego Bay (San Diego, California). Class Members who are eligible for Sediment Sites Fund payments are "Qualifying Sediment Site Entities." The following is the list of the twelve (12) Initial Settlement Class Members that are Noticed Parties/Potentially Responsible Parties or named Responsible Parties, due to stormwater contribution of PCBs, in at least one Sediment Site: City of Newark, New Jersey; City of New York, New York; City of Seattle, Washington; King County, Washington; Port of Seattle, Washington; City of Tukwila, Washington; City of Tacoma, Washington; Port of Tacoma,

Washington; City of Portland, Oregon; Port of Portland, Oregon; City of San Diego, California; Port of San Diego, California.

The amount of Sediment Sites Fund payments will be determined by the court-appointed Special Master. The Special Master shall use the Sediment Sites Application to inform, guide, and design an equitable allocation among all eligible applicants based on the totality and relativity of the following PCB-caused factors: past costs and expenses spent as of the date of the application for Sediment Site remediation; past costs and expenses spent as of the date of the application for other mitigation required due to the Sediment Site; documented and evidenced future costs and expenses that will be spent for Sediment Site remediation; documented and evidenced future costs and expenses that will be spent for mitigation required due to the Sediment Site; and any other important factors or information deemed relevant by the Special Master. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential.

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

If a Qualifying Sediment Site Entity fails to provide a Sediment Sites Application, the Special Master will rely on the Allocation Experts to determine, upon application completed by the Allocation Experts, the allocation amount that could have been otherwise allocated to the Qualifying Sediment Site Entity that did not submit an application.

The Special Master may, but is not required to, create an appeals process by utilizing a Sediment Sites Appeals Reserve Fund of up to ten percent (10%) of the $150,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions will be at the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Sediment Sites

Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Sediment Site Settlement Class Members on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(d) Special Needs Fund**.** The Special Needs Fund will receive $107,105,000, further allocated into two separate parts known as Special Needs Fund, Part A and Special Needs Fund, Part B. Settlement **Class Members must apply to receive payment from these funds. Not every Settlement Class Member is eligible to receive payment from the Special Needs Funds.**

1. ***Special Needs Fund, Part A*****.** Special Needs Fund, Part A is allocated $57,105,000. Not every Settlement Class Member is eligible for a payment from Special Needs Fund, Part A, which is intended to compensate and accommodate those Litigating Entities whose time, energy, effort, attorney work product, costs, expenses, and risk of litigation helped to cause the entire Class Settlement, for the benefit of all 2,528 Initial Settlement Class Members.

Payment from Special Needs Fund, Part A is available only to those Initial Settlement Class Members that are "Litigating Entities" --- i.e., Class Members that (1) have filed tort, public nuisance, and/or product liability lawsuits against Defendant for PCB contamination of stormwater and sediment, and/or (2) that are Named Class Members --- who submit Special Needs Fund, Part A Applications. Litigating Entities include only the following fifteen (15) Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and County of Baltimore.

The Special Master will equitably and reasonably allocate Part A funds, upon application, based on the totality and relativity of the following factors: whether outside counsel was retained; whether a lawsuit was filed; how long the lawsuit was filed at the time of Preliminary Class Approval; the case posture and procedure of any lawsuit; the amount, time, energy, cost, and productivity during discovery with Defendants the retention of experts; the development of expert testimony and reports; the preparation and presentation

of experts for deposition; the litigation of significant motions, including but not limited to motions to dismiss, discovery motions, motions for summary judgment or adjudication, in limine motions, and other motions; and any other important factors or information deemed relevant by the Special Master as having a significant impact on, or catalyst for, this Settlement. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Evidence Code section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. The Claims Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard. The Special Master will give attention and consideration to any Litigating Entity that has incurred attorneys' fees to outside counsel, other than Lead or Co-Class Counsel. The Special Master will reasonably and equitably prioritize and reimburse any Litigating Entity that, through outside counsel other than Lead or Co-Class Counsel, incurred reasonable, documented out-of-pocket litigation costs. Litigating Entities that retained outside counsel, and that were not under contract for representation by Lead or Co-Class Counsel, may apply for and receive, subject to Special Master Allocation, an equitable and reasonable allocation for such outside counsel, including attorneys' fees and costs. Nothing herein shall prevent any Litigating Entity from applying for and receiving, subject to Special Master Allocation, an equitable allocation for in-house or general counsel fees, overhead, salaries, time, energy, costs, resources, and/or attention, including but not limited to city attorneys, county counsel, and/or general counsel.

Not every Settlement Class Member who submits a Special Needs Fund, Part A Application will receive payment from this Fund. Certain Settlement Class Members are not eligible to receive payment, or payment for certain categories, from the Special Needs Fund, Part A:

- Settlement Class Members that are not Litigating Entities shall not recover from the Special Needs Fund, Part A.
- Litigating Entities, which as of October 2019, were under contract for

representation by Lead or Co-Class Counsel shall not recover for outside counsel fees or costs in the Special Needs Fund, Part A.

- Litigating Entities that do not timely return a completed application will not receive any payment from the Special Needs Fund, Part A.

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

The Special Master may, but is not required to, create an appeals process by utilizing a Part A Appeals Reserve Fund of up to ten percent (10%) of the $57,105,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part A Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Litigating Entities on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

2. ***Special Needs Fund, Part B.*** Special Needs Fund, Part B, is allocated $50,000,000. Not every Settlement Class Member is eligible for a payment from Special Needs Fund, Part B, which is intended to compensate those Settlement Class Members who apply and make a showing, in the discretion of the Special Master, of a significant regional, state, or national benefit, cost, or contribution regarding 303(d) bodies of water impaired by PCBs through stormwater and/or dry weather runoff, and such benefit, cost, or contribution is not otherwise encompassed within any other part of this Allocation.

The Special Master will equitably and reasonably allocate Part B funds among only those Settlement Class Members who apply for funds. Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds. Application does not guarantee that the Special Master will allocate Part B Funds to the applicant. **Some Part B applicants may not receive any Part B Funds.** The Special Master shall use the Special Needs

Fund, Part B Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Evidence Code section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. **Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds.**

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

The Special Master may, but is not required to, create an appeals process by utilizing a Part B Appeals Reserve Fund of up to ten percent (10%) of the $50,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions, including regarding eligibility, will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part B Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Part B awarded applicants only on a pro-rata basis. Part B applicants who did not receive an award under either an initial application or an appeal will not receive any pro-rata distribution after all appeals are exhausted. All final

decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

The Special Master may, in his sole discretion, fairly and reasonably, and consistent with the intention and general structure of the terms of the Allocation, equitably balance monetary allocations to Settlement Class Members to the extent that any did not receive a proper and appropriate Allocation in accordance with the terms herein.

3. ***Payment of Settlement Benefit.*** Settlement Benefits will be paid to Settlement Class Members in four (4) annual payments based on the following percentages: Year 1: 40%; Year 2: 20%; Year 3: 20%; Year 4: 20%. Monitoring Fund Payments will be disbursed in their entirety during the first payment in Year 1. The first payment will be made as soon as possible and at the earliest reasonable direction by the Special Master to the Class Action Settlement Administrator. Subsequent payments will be made annually on or around the same date.

4. ***Release.*** Plaintiffs and all Settlement Class Members who have not excluded themselves from the Class will release certain claims against the Defendant, its affiliates, certain predecessors and successors, and other parties set forth in the Settlement Agreement. This is referred to as the "Release." Generally speaking, the Release will prevent any Settlement Class Member from bringing any lawsuit or making any claims that Defendant's PCBs and PCB-containing products were defectively designed, that the risks of environmental harm associated with PCBs and PCB-containing products outweighed the benefits of their uses, that Defendant failed to warn of the risks of harm associated with PCBs and PCB-containing products, and that Plaintiffs and the Class suffered property damage as a result of PCB contamination. The terms of the Release, as set forth in the Settlement Agreement, can be found in the Addendum at the end of this Notice.

The Release, as set forth in Paragraphs 106-108, and Paragraph 41, of the Settlement Agreement and the Addendum to this Notice, will be effective as to every Settlement Class Member who has not excluded himself or herself from the Class, regardless whether or not that Settlement Class Member receives a Settlement Benefit.

5. ***Attorney fee/litigation cost and class representative awards***. The Court will determine the amount of attorneys' fees and expenses to award to Class Counsel from the Settlement Amount for investigating the facts and law in the

Action, litigating the Action since 2015, and negotiating the proposed Settlement of the Action. Class Counsel will request an award of all Attorneys' Fees and Expenses in a total amount of $98,000,000 to be paid by Defendant. Class Counsel will make their request in a motion for attorneys' fees and litigation costs to be filed with the Court at least 60 days before the Final Approval Hearing. After the motion for attorneys' fees and litigation costs is filed, copies will be available from Class Counsel, the Settlement website, or from the Court docket.

Any attorneys' fees, litigation costs, or award to the class representatives approved by the Court will be paid by Defendant exclusively and will not be paid from the class benefit Settlement Amount.

6. ***Settlement Administration.*** In addition to the Settlement Amount, Defendant has agreed to pay the reasonable costs of (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

7. ***Dismissal of the Action.*** If the Settlement is approved by the Court and becomes final, the Action will be dismissed with prejudice. If the Settlement is not approved by the Court or does not become final for any reason, the Action will continue, and Class Members will not be entitled to receive any Settlement Benefit.

THE PARAGRAPHS ABOVE PROVIDE ONLY A GENERAL SUMMARY OF THE TERMS OF THE PROPOSED SETTLEMENT. YOU CAN REVIEW THE SETTLEMENT AGREEMENT ITSELF FOR MORE INFORMATION ABOUT THE EXACT TERMS OF THE SETTLEMENT. THE SETTLEMENT AGREEMENT IS AVAILABLE FROM LEAD CLASS COUNSEL.

V. WHO REPRESENTS THE SETTLEMENT CLASS?

The Court has appointed the attorneys from the following law firms to act as counsel for the Class (referred to as "Lead Class Counsel" or "Plaintiffs' Counsel") for purposes of the proposed settlement:

Scott Summy
Carla Burke Pickrel
Baron & Budd, P.C.
3102 Oak Lawn Avenue,
Ste. 1100
Dallas, Texas 75219
(214) 521-3605

summy@baronbudd.com
cburkepickrel@baronbudd.com
jfiske@baronbudd.com

John Fiske
Baron & Budd, P.C.
11440 West Bernardo Court, Suite
265
San Diego, CA 92127
858-251-7424

VI. WHAT ARE THE REASONS FOR THE PROPOSED SETTLEMENT?

Plaintiffs and Defendant agreed on all of the terms of the proposed Settlement through extensive arms-length negotiations between Plaintiffs' Counsel and Counsel for the Defendant, with the able assistance of a third-party mediator, Hon. Jay C. Gandhi (Ret.) of JAMS. The parties have entered into the proposed Settlement after weighing the benefits of the Settlement against the probabilities of success or failure in the Action, and against the delays that would be likely if the Action proceeded to trial and, after trial, to appeal.

Plaintiffs and Plaintiffs' Counsel have concluded that the proposed Settlement provides substantial benefits to the Class, avoids prolonged litigation, and is in the best interests of the Class. Plaintiffs and Plaintiffs' Counsel have concluded that the proposed Settlement is fair, reasonable, and adequate.

Defendant firmly deny any wrongdoing and any liability whatsoever, but believe that it is in their best interest to settle the Action on the terms set forth in the Settlement Agreement in order to avoid further expense, uncertainty, inconvenience, and business disruption as a result of the Action.

VII. WHAT DO YOU NEED TO KNOW AND DO NOW?

You CAN PARTICIPATE IN THE SETTLEMENT. You do not need to do anything in order to participate in the Settlement and be represented by Plaintiffs and Plaintiffs' Counsel. You will not be billed for their services. If you do nothing, you will be eligible to receive the Monitoring Fund Payment described in this Notice. You may apply for additional payments from the TMDL Fund, the Sediment Sites Fund, and the Special Needs Funds, Parts A and B by submitting applications to the Special Master. Plaintiffs' Counsel will receive a fee only if the Court approves the Settlement and the fee award, if any, will be set by the Court. If you participate in the Settlement, you will be bound by any judgment or other final disposition of the Action, including the Release set forth in the Settlement Agreement, and will be precluded from pursuing claims against Defendant separately if those claims are within the scope of the Release.

You CAN OPT OUT OF THE SETTLEMENT. If you do not wish to be a Class Member, and do not want to participate in the Settlement and receive a Settlement Benefit Check, you may exclude yourself from the Class by completing and mailing a notice of intention to opt-out (referred to as an "Opt-Out").

To be treated as valid, the Opt-Out must be sent via certified or first class mail to the Class Action Settlement Administrator at the address below.

Class Action Settlement Administrator
Steven Weisbrot of Angeion Group, LLC
1650 Arch Street, Suite 2210
Philadelphia, PA 19103

The Opt-Out must be postmarked on, or personally delivered, no later than [DATE].

The Opt-Out must bear the signature of the Settlement Class Member (even if represented by counsel), and the Settlement Class Member's current address and telephone number. If the Settlement Class Member has entered into a written or oral agreement to be represented by counsel, the request for exclusion shall also be signed by the attorney who represents the Settlement

Class Member.

Any Settlement Class Member who has not timely and properly filed an Opt-Out will be bound by the Settlement and all subsequent proceedings, orders, and judgments, including, but not limited to, the Release and Final Approval Order. **Any Settlement Class Member who elects to opt out of the Settlement Class pursuant to this Agreement shall not be entitled to any Settlement Benefit.**

Settlement Class Members who have elected to Opt Out of the Settlement Class may withdraw their Opt-Out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to the environment, including water bodies.

Lead Class Counsel shall have the right to contact persons who file Opt-Outs and to challenge the timeliness and validity of any Opt-Out requests, as well as the right to effect the withdrawal of any exclusion filed in error and any exclusion request which a Settlement Class Member wishes to withdraw for purposes of participating in the Settlement as set forth in this Agreement. The Court shall determine whether any of the contested Opt-Outs are valid.

You CAN OBJECT OR TAKE OTHER ACTIONS. Any Settlement Class Member who has not successfully excluded himself or herself ("Opted-Out") may object to the Settlement. To exercise this objection right, the Settlement Class Member must provide written notice of the objection via certified or first class mail to the Court and the Class Action Settlement Administrator at the addresses below:

United States District Court for the Central District of California
350 W. First Street
Los Angeles, California, 90012

Class Action Settlement Administrator
Steven Weisbrot of Angeion Group, LLC
1650 Arch Street, Suite 2210
Philadelphia, PA 19103

The Objection must be postmarked on, or personally delivered, no later than [DATE]:

The objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Settlement Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the objection, and whether or not the Settlement Class Member intends to appear at the Final Approval Hearing. If the Settlement Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Settlement Class Member and state whether the attorney representing the objector will appear at the Final Approval Hearing.

Any Settlement Class Member who fails to comply with these provisions shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. The exclusive means for any challenge to this Settlement shall be through the provisions of Section VII of the Settlement Agreement. Without limiting the foregoing, any challenge to the Settlement or Final Approval Order shall be pursuant to appeal under the Federal Rules of Appellate Procedure and not through a collateral attack.

Any Settlement Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Settlement Agreement and the terms contained herein are approved, as long as the objecting Settlement Class Member complies with all requirements of this Settlement Agreement applicable to Settlement Class Members, including the timely submission of an Application and other requirements herein.

Appearances at the Court Approval Hearing. It is not necessary for you to appear at the final Court Approval Hearing. If you have not excluded yourself from the Class and wish to appear and/or speak at the hearing, whether personally or through a lawyer, then you must properly file a Notice of Appearance in the Action with the Clerk of Court of the United States District Court for the Central District of California, and you must mail or hand-deliver a copy of the Notice of Appearance to Class Counsel and Counsel for the Defendants at the addresses set forth below, by [DATE]. If you choose to participate at

the hearing, you will not be permitted to raise matters that you could have raised, but did not raise, in a properly submitted and valid objection (as described above) without the Court's approval.

Other Motions or Submissions Concerning the Action or the Settlement. It is not necessary for you to submit any motion concerning the Action or Settlement to the Court. If you have not excluded yourself from the Settlement and want to submit a motion to the Court concerning the Settlement or the Action, however, then you must properly file a motion, together with all supporting documents, in the Action with the Clerk of Court of the United States District Court for the Central District of California, and must mail or hand-deliver a copy of the motion, together with all supporting documents, to Class Counsel and Counsel for the Defendant at the addresses set forth below, by [DATE].

VIII. WHAT WILL HAPPEN AT THE FINAL COURT APPROVAL HEARING?

The Court will hold the final Court Approval Hearing in Courtroom 80 of the First Street U.S. Courthouse, located at 350 W. 1st St., Los Angeles, California, 90012, on [DATE/TIME]. At that time, the Court will determine, among other things, (i) whether the Settlement should be finally approved as fair, reasonable, and adequate, (ii) whether the Action should be dismissed with prejudice pursuant to the terms of the Settlement Agreement, (iii) whether Class Members should be bound by the Release set forth in the Agreement, (iv) whether Class Members should be subject to a permanent injunction that, among other things, bars Settlement Class Members from filing, commencing, prosecuting, intervening in, or participating in (as class members or otherwise) any lawsuit, claim, demand, or proceeding in any jurisdiction that is based on or related to, directly or indirectly, matters within the scope of the Release, (v) the amount of attorneys' fees and costs to be awarded to Plaintiffs' Counsel, if any, and (vi) the amount of the award to be made to Plaintiffs for their services as class representatives, if any. The Court approval hearing may be postponed, adjourned, or continued by Order of the Court without further notice to the Class.

IX. HOW CAN YOU GET ADDITIONAL INFORMATION ABOUT THE ACTION, THE PROPOSED SETTLEMENT, THE

SETTLEMENT AGREEMENT, OR THE NOTICE?

The descriptions of the Action, the Settlement, and the Settlement Agreement in this Notice are only a general summary. In the event of a conflict between this Notice and the Settlement Agreement, the terms of the Settlement Agreement control. All papers filed in this case, including the full Settlement Agreement, are available for you to inspect and copy (at your cost) at the office of the Clerk of Court, the Settlement website, or online through PACER. A copy of the Settlement Agreement also may be obtained from Class Counsel by contacting them at the addresses or telephone numbers set forth above. Any questions concerning this Notice, the Settlement Agreement, or the Settlement may be directed to Class Counsel. You may also seek the advice and counsel of your own attorney, at your own expense, if you desire.

DO NOT WRITE OR TELEPHONE THE COURT, THE CLERK'S OFFICE, OR DEFENDANTS WITH ANY QUESTIONS ABOUT THIS NOTICE, THE SETTLEMENT, OR THE SETTLEMENT AGREEMENT.

X. WHAT ARE THE ADDRESSES YOU MAY NEED?

Lead Class Counsel:

XI. WHAT YOU MUST INCLUDE IN ANY DOCUMENT YOU SEND REGARDING THE ACTION.

In sending any document to the Settlement Administrator, the Court, Class Counsel, or Defendants' Counsel, it is important that both your envelope and any documents inside contain the following case name and identifying number:

City of Long Beach v. Monsanto Co., et al., CASE NO.: 2:16-cv-03493-FMO-AS.

You must also include your full name, address, email address, and a telephone number where you can be reached.

XII. WHAT IMPORTANT DEADLINES YOU NEED TO KNOW.

DATE	Any notices of appearances and motions must be hand-delivered or postmarked and mailed to the Court and hand-delivered or postmarked and mailed to Class Counsel and Defendants' Counsel.
DATE	All opt-outs must be postmarked and mailed to the

	Settlement Administrator.
DATE	Any objections must be hand-delivered or postmarked and mailed to the Court and hand-delivered or postmarked and mailed to Class Counsel and Defendants' Counsel.
DATE	Court Approval Hearing

_____ Dated: 2020

The Honorable Fernando M. Olguin UNITED STATES DISTRICT JUDGE

ADDENDUM

As noted in Section IV of the Notice, the terms of the Release, and definitions of terms, as embodied in Paragraphs 41-43 and 106-108 of the Settlement Agreement, are reproduced below.

41. "Released Claims" means all claims, demands, rights, damages, obligations, suits, debts, liens, contracts, agreements, and causes of action of every nature and description whatsoever, ascertained or unascertained, suspected or unsuspected, existing now or arising in the future, whether known or unknown, both at law and in equity which were or could have been alleged related to the manufacture, sale, testing, disposal, release, marketing, or management of PCBs, including but not limited to any claims based upon or related in any way to the subjects of the Action, the Underlying Actions, or this Settlement Agreement or any component parts thereof, and regardless of the legal theory or type or nature of damages claimed; provided, however, that nothing in this Settlement Agreement will preclude or affect any action brought by governmental entities seeking response costs, penalties, or other remedies, under the Comprehensive Response, Compensation and Liability Act ("CERCLA") or similar state Superfund statutes and applicable regulations, or under any other laws or regulations, related to Defendant's or a Released Person's discharge or disposal of PCBs. This Agreement shall in no way affect any administrative test claims related to the California Water Board. Released Claims also include any claim for attorneys' fees, expenses, costs, and catalyst fees under any state's law or under federal law. The Releases provided herein shall be mutual between Plaintiffs, Settlement Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand. Releasing Persons release only Released Persons as defined herein.

42. "Released Persons" means Defendant and any Affiliate of Defendant, including but not limited, to Bayer AG, Pfizer Inc., and Eastman Chemical Company. "Affiliate" under this Settlement means each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

43. "Releasing Persons" shall include Named Class Plaintiffs and all Settlement Class Members, and each of their past, present, or future, direct or indirect,

predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

VIII. MUTUAL RELEASE

106. Upon entry of the Final Approval Order, Defendant and Released Persons will have released any and all claims arising from PCB contamination that they have alleged or could allege against any Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons. Upon entry of the Final Approval Order, the Releasing Persons will have released the Released Persons from the Released Claims. Additionally, Defendant is entitled to protection from contribution and/or indemnity claims or actions asserted against Defendant by any person or persons who are not parties to this Settlement Agreement for all Released Claims and all matters alleged in the Action or the Underlying Actions. Nothing in this section shall create a duty on the part of Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons to defend and/or indemnify Defendant or Released Persons in any contribution and/or indemnity claim. All Releases provided herein shall be mutual between Plaintiffs, Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand.

107. Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or derivative claims made by any third party for or as against Settlement Funds and/or the consideration that is the subject to this Agreement, to the extent allocated to each Settlement Class Member. Each Settlement Class Members further agree to defend, indemnify, and hold harmless Defendant against any claim, demand, action, cost, expense, attorneys' fee, loss, judgment, or liability it may be subjected to by any person or entity who may claim through the Settlement, for the portion of the Settlement allocated to each Settlement Class Member, in a derivative manner against Defendant, including without limitation, any insurers, agents, representatives, successors, predecessors, assigns, and attorneys, bankruptcy trustees, and any and all other persons, firms, corporations, associations, and other legal entities who may claim through them in a derivative manner.

108. If any Settlement Class Member brings an action or asserts a claim against Defendant contrary to the terms of the Settlement Agreement, Defendant shall

provide Lead Class Counsel with a copy of the Settlement Class Member's complaint. Lead Class Counsel agrees to contact counsel of record for the Settlement Class Member and advise him or her of the Settlement Agreement.

Attorney General

Re: Notice of Proposed Class Action Settlement Pursuant to 28 U.S.C. § 1715

Dear Attorney General:

Pursuant to the Class Action Fairness Act ("CAFA"), 28 U.S.C. § 1715, Defendant Monsanto Company, through undersigned counsel, writes to give notice of a proposed nationwide class settlement in: *City of Long Beach v. Monsanto Co.*, Case No. 2:16-CV-03493-FMO-AS (C.D. Ca.). On June 24, 2020, the Parties filed a Joint Motion for Preliminary Approval of Class Action Settlement.

The parties' Settlement Agreement contemplates that the Court will certify a class, for settlement purposes only, defined as: "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

Enclosed with this letter are the following documents: (1) the Third Amended Complaint filed in *City of Long Beach v. Monsanto Co.; City of Chula Vista v. Monsanto Co.*; and (2) the Notice of Motion and Joint Motion for Preliminary Approval of Class Action Settlement and corresponding exhibits, which includes, among other things, the settlement agreement, the proposed notice of settlement, and exclusion rights to class members.

The Court has not scheduled a preliminary approval hearing or final approval hearing.

There are no other agreements between class counsel and counsel for Defendant at this time. No final judgment or notice of dismissal has been issued. There are no written judicial opinions related to the information described in 28 U.S.C. §§ 1715(b)(3)-(6). Enclosed with this letter is a listing

of the names of the class members who reside in each state. At this time, it is not feasible to provide the estimated shares of their claims.

Thank you for your attention to this matter.

Sincerely,

/s/ Mark D. Anstoetter
Mark D. Anstoetter

Attorney for Monsanto Company

Defendants.

Case No. 2:16-cv-03493-FMO-AS

DECLARATION OF STEVEN WEISBROT, ESQ. RE: ANGEION GROUP, LLC QUALIFICATIONS AND IMPLEMENTATION OF THE NOTICE PROGRAM

Judge: Hon. Fernando M. Olguin

I, Steven Weisbrot, Esq., declare under penalty of perjury as follows:

1. I am a partner at the class action notice and claims administration firm Angeion Group, LLC ("Angeion"). I am fully familiar with the facts contained herein based upon my personal knowledge.

2. I have been responsible in whole or in part for the design and implementation of hundreds of court-approved notice and administration programs including some of the largest and most complex notice plans in recent history. I have taught numerous accredited Continuing Legal Education courses on the Ethics of Legal Notification in Class Action Settlements, using Digital Media in Due Process Notice Programs, as well as Claims Administration, generally. I am the author of multiple articles on Class Action Notice, Claims Administration, and Notice Design in publications such as Bloomberg, BNA Class Action Litigation Report, Law360, the ABA Class Action and Derivative Section Newsletter, and I am a frequent speaker on notice issues at conferences throughout the United States and internationally.

3. I was certified as a professional in digital media sales by the Interactive Advertising Bureau ("IAB") and I am co-author of the Digital Media section of Duke Law's *Guidelines and Best Practices—Implementing 2018 Amendments to Rule 23*.

4. I have given public comment and written testimony to the Judicial Conference Committee on Rules of Practice and Procedure on the role of direct mail, email, broadcast media, digital media and print publication, in effecting Due Process notice, and I have met with representatives of the Federal Judicial Center to discuss the 2018 amendments to Rule 23 and suggest an educational curriculum for the judiciary concerning notice procedures.

5. Prior to joining Angeion's executive team, I was employed as Director of Class Action services at Kurtzman Carson Consultants, an experienced notice and settlement administrator. Prior to my notice and claims administration experience, I was employed in private law practice.

6. My notice work comprises a wide range of class actions that include product defect, data breach, mass disasters, false advertising, employment, antitrust, tobacco, banking, firearm, insurance, and bankruptcy cases.

7. I have been at the forefront of infusing digital media, as well as big data and advanced

targeting, into class action notice programs. For example, the Honorable Sarah Vance stated in her December 31, 2014 Order in *In Re: Pool Products Distribution Market Antitrust Litigation*, MDL No. 2328:

> To make up for the lack of individual notice to the remainder of the class, the parties propose a print and web-based plan for publicizing notice. The Court welcomes the inclusion of web-based forms of communication in the plan…. The Court finds that the proposed method of notice satisfies the requirements of Rule 23(c)(2)(B) and due process.
>
> The direct emailing of notice to those potential class members for whom Hayward and Zodiac have a valid email address, along with publication of notice in print and on the web, is reasonably calculated to apprise class members of the settlement.

As detailed below, courts have repeatedly recognized my work in the design of class action notice programs:

(a) On February 24, 2017, The Honorable Ronald B. Rubin in *James Roy et al. v. Titeflex Corporation et al.*, No. 384003V (Md. Cir. Ct.), noted when granting preliminary approval to the settlement:

> What is impressive to me about this settlement is in addition to all the usual recitation of road racing litanies is that there is going to be a) public notice of a real nature and b) about a matter concerning not just money but public safety and then folks will have the knowledge to decide for themselves whether to take steps to protect themselves or not. And that's probably the best thing a government can do is to arm their citizens with knowledge and then the citizens can make a decision. To me that is a key piece of this deal. ***I think the notice provisions are exquisite.*** (Emphasis added).

(b) Likewise, on July 21, 2017, The Honorable John A. Ross in *In Re Ashley Madison Customer Data Security Breach Litigation*, MDL No. 2669 (E.D. Mo.), stated in the Court's Order granting preliminary approval of the settlement:

> The Court further finds that the method of disseminating Notice, as set forth in the Motion, the Declaration of Steven Weisbrot, Esq. on Adequacy of Notice Program, dated July 13, 2017, and the Parties' Stipulation—including an extensive and targeted publication campaign composed of both consumer magazine publications in

> People and Sports Illustrated, as well as serving 11,484,000 highly targeted digital banner ads to reach the prospective class members that will deliver approximately 75.3% reach with an average frequency of 3.04 —***is the best method of notice practicable under the circumstances and satisfies all requirements provided in Rule 23(c)(2)(B) and all Constitutional requirements including those of due process***. (Emphasis added).
>
> The Court further finds that the Notice fully satisfies Rule 23 of the Federal Rules of Civil Procedure and the requirements of due process; provided, that the Parties, by agreement, may revise the Notice, the Claim Form, and other exhibits to the Stipulation, in ways that are not material or ways that are appropriate to update those documents for purposes of accuracy.

(c) In the *In Re Chrysler-Dodge-Jeep EcoDiesel Marketing, Sales Practices, and Products Liability Litigation*, Case No. 17-md-02777-EMC (N.D. Cal.), in the Court's February 11, 2019 Order, the Honorable Edward M. Chen ruled:

> [In addition] the Court finds that the language of the class notices (short and long-form) is appropriate and that the means of notice – which includes mail notice, electronic notice, publication notice, and social media "marketing" – is the "best notice . . . practicable under the circumstances." Fed. R. Civ. P. 23(c)(2)(B); see also Proc. Guidance for Class Action Sett. ¶¶ 3-5, 9 (addressing class notice, opt-outs, and objections). The Court notes that the means of notice has changed somewhat, as explained in the Supplemental Weisbrot Declaration filed on February 8, 2019, so that notice will be more targeted and effective. See generally Docket No. 525 (Supp. Weisbrot Decl.) (addressing, inter alia, press release to be distributed via national newswire service, digital and social media marketing designed to enhance notice, and "reminder" first-class mail notice when AEM becomes available).

(d) On June 26, 2018, in his Order granting preliminary approval of the settlement in *Mayhew v. KAS Direct, LLC, et al.*, Case No. 16-cv-6981 (VB) (S.D.N.Y.), The Honorable Vincent J. Briccetti ruled:

> In connection with their motion, plaintiffs provide the declaration of Steven Weisbrot, Esq., a principal at the firm Angeion Group, LLC, which will serve as the notice and settlement administrator in this case. (Doc. #101, Ex. F: Weisbrot Decl.) According to Mr. Weisbrot, he has been responsible for the design and implementation of hundreds of class action administration plans, has taught courses on

> class action claims administration, and has given testimony to the Judicial Conference Committee on Rules of Practice and Procedure on the role of direct mail, email, and digital media in due process notice. Mr. Weisbrot states that the internet banner advertisement campaign will be responsive to search terms relevant to "baby wipes, baby products, baby care products, detergents, sanitizers, baby lotion, [and] diapers," and will target users who are currently browsing or recently browsed categories "such as parenting, toddlers, baby care, [and] organic products." (Weisbrot Decl. ¶ 18). According to Mr. Weisbrot, the internet banner advertising campaign will reach seventy percent of the proposed class members at least three times each. (Id. ¶ 9). Accordingly, the Court approves of the manner of notice proposed by the parties as it is reasonable and the best practicable option for confirming the class members receive notice.

(e) A comprehensive summary of judicial recognition Angeion has received is attached hereto as **Exhibit A**.

8. By way of background, Angeion is an experienced class action notice and claims administration company formed by a team of executives that have had extensive tenures at five other nationally recognized claims administration companies. Collectively, the management team at Angeion has overseen more than 2,000 class action settlements and distributed over $12 billion to class members. The executive profiles as well as the company overview are available at http://www.angeiongroup.com/our_team.htm.

9. As a class action administrator, Angeion has regularly been approved by both federal and state courts throughout the United States and abroad to provide notice of settlement and claims processing services.

10. This declaration will describe the notice program that we will implement in this matter, including the considerations that informed the development of the plan and why it will provide Due Process of Law to the Class.

SUMMARY OF THE NOTICE PROGRAM

11. In my professional opinion, the Notice Program detailed below is the best notice that is practicable under the circumstances and fully comports with due process and Fed. R. Civ. P. 23. The Notice Program provides individual direct notice to all reasonably identifiable Settlement Class

Members.

CLASS DEFINITION

12. The "Settlement Class" means and refers to "All NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs, and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

13. The Settlement Class means the Settlement Class above and any and all sub-classes contained therein.

14. Angeion has been informed that Initial Settlement Class Members have been identified in accordance with the Class Definition using three publicly maintained and available databases as of and on May 1, 2020, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau. Settlement Class Members are identified as those NPDES Phase I and II city, town, county, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains a 303(d) body of water impaired by PCBs. The Initial Settlement Class Members means and refers to the 2,528 cities, towns, counties and independent port districts identified in Exhibit A to the Class Action Settlement Agreement in accordance with the Settlement Class definition.

DIRECT NOTICE

15. Angeion will cause the Direct Notice to be mailed to each Settlement Class Member identified by the Parties via U.S. Mail, postage prepaid. All reasonable efforts will be made to notify each Settlement Class Member's in-house counsel or managing executive.

16. In administering the Notice Program in this action, Angeion will employ the following best practices to increase the deliverability rate of the mailed Direct Notices. Angeion will cause the mailing address information for members of the Settlement Class to be updated utilizing the National Change of Address ("NCOA") database, which provides updated address information for

individuals or entities who have moved during the previous four years and filed a change of address with the United States Postal Service ("USPS").

17. Direct Notices returned to Angeion by the USPS with a forwarding address will be re-mailed to the new address provided by the USPS and the class member database will be updated accordingly.

18. Direct Notices returned to Angeion by the USPS without forwarding addresses will be subjected to an address verification search (commonly referred to as "skip tracing") utilizing a wide variety of data sources, including public records, real estate records, electronic directory assistance listings, etc., to locate updated addresses.

19. For any Settlement Class Member where a new address is identified through the skip trace process, the class member database will be updated with the new address information and a Direct Notice will be re-mailed to that address.

RESPONSE MECHANISMS

20. The Notice Program will also implement the creation of a case-specific website, where Settlement Class Members can easily view general information about this settlement, review relevant Court documents, and view important dates and deadlines pertinent to the settlement. The website is www.pcbclassaction.com. The website will be designed to be user-friendly and make it easy for Settlement Class Members to find information about the case. The website will also have a "Contact Us" page whereby Class Members can send an email with any additional questions to a dedicated email address. Likewise, Settlement Class Members who want to apply to receive additional payments from the TMDL Fund, Sediment Sites Fund, or the Special Needs Fund will be able to submit those applications and supporting documentation directly on the website via a secure portal.

CONCLUSION

21. The Notice Program outlined above includes direct notice to all reasonably identifiable Settlement Class Members. In my opinion, the Notice Program will provide full and proper notice to Settlement Class Members before the applicable settlement deadlines. Moreover, it is my opinion

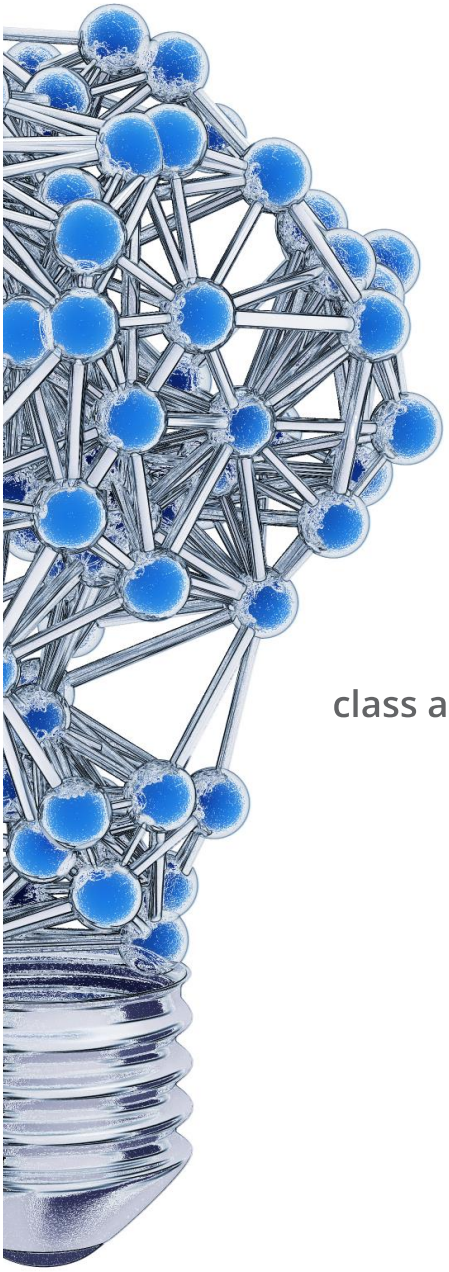

that Notice Program is the best notice that is practicable under the circumstances and fully comports with due process and Fed. R. Civ. P. 23. After the Notice Program has concluded, Angeion will provide a final report verifying its effective implementation.

I hereby declare under penalty of perjury that the foregoing is true and correct.

JUDICIAL RECOGNITION

IN RE: APPLE INC. DEVICE PERFORMANCE LITIGATION

Case No. 5:18-md-02827

The Honorable Edward J. Davila, United States District Court, Northern District of California (May 7, 2020): The Court approves the Claim Form, Class Notice, and Summary Notice, which are attached to the Settlement Agreement as Exhibits A, B, and C, respectively, and finds that their dissemination substantially in the manner and form set forth in the Settlement Agreement meets the requirements of Federal Rule of Civil Procedure 23 and due process, constitutes the best notice practicable under the circumstances, and is reasonably calculated, under the circumstances, to apprise members of the Settlement Class of the pendency of the Actions, the effect of the proposed Settlement (including the releases contained therein), the anticipated Motion for Attorneys' Fees and/or Expenses and for Service Awards, and their rights to participate in, opt out of, or object to any aspect of the proposed Settlement.

IN RE: GOOGLE PLUS PROFILE LITIGATION

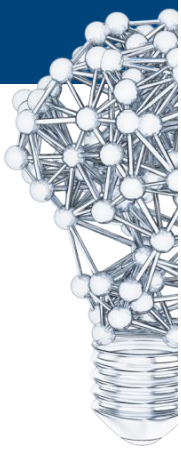

Case No. 5:18-cv-06164

The Honorable Edward J. Davila, United States District Court, Northern District of California (June 10, 2020): The Court approves the program for disseminating notice to Class Members set forth in the Agreement and Exhibits A and B thereto (herein, the "Notice Program"). The Court approves the form and content of the proposed forms of notice, in the forms attached as Exhibits A and B to the Agreement. (Doc. 57-2). The Court finds that the proposed forms of notice are clear and readily understandable by Class Members. The Court finds that the Notice Program, including the proposed forms of notice, is reasonable and appropriate and satisfies any applicable due process and other requirements, and is the only notice to the Class Members of the Settlement that is required.

CLAY ET AL. V. CYTOSPORT INC.

Case No. 3:15-cv-00165

The Honorable M. James Lorenz, United States District Court, Southern District of California (June 17, 2020): The Court approves the proposed Notice Plan for giving notice to the Settlement Class through publication,

both print and digital, and through the establishment of a Settlement Website, as more fully described in the Agreement and the Claims Administrator's affidavits (docs. no. 222-9, 224, 224-1, and 232-3 through 232-6). The Notice Plan, in form, method, and content, complies with the requirements of Rule 23 and due process, and constitutes the best notice practicable under the circumstances.

GROGAN v. AARON'S INC.

Case No. 1:18-cv-02821

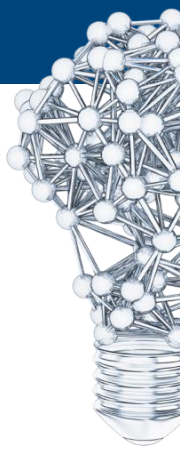

The Honorable J.P. Boulee, United States District Court, Northern District of Georgia (May 1, 2020):

The Court finds that the Notice Plan as set forth in the Settlement Agreement meets the requirements of Fed. R. Civ. P. 23 and constitutes the best notice practicable under the circumstances, including direct individual notice by mail and email to Settlement Class Members where feasible and a nationwide publication website-based notice program, as well as establishing a Settlement Website at the web address of www.AaronsTCPASettlement.com, and satisfies fully the requirements the Federal Rules of Civil Procedure, the U.S. Constitution, and any other applicable law, such that the Settlement Agreement and Final Order and Judgment will be binding on all Settlement Class Members.

CUMMINGS v. BOARD OF REGENTS OF THE UNIVERSITY OF NEW MEXICO, ET AL.

Case No. D-202-CV-2001-00579

The Honorable Carl Butkus, Second Judicial District Court, County of Bernalillo, State of New Mexico (March 30, 2020): The Court has reviewed the Class Notice, the Plan of Allocation and Distribution and Claim Form, each of which it approves in form and substance. The Court finds that the form and methods of notice set forth in the Agreement: (i) are reasonable and the best practicable notice under the circumstances; (ii) are reasonably calculated to apprise Settlement Class Members of the pendency of the Lawsuit, of their rights to object to or opt-out of the Settlement, and of the Final Approval Hearing; (iii) constitute due, adequate, and sufficient notice to all persons entitled to receive notice; and (iv) meet the requirements of the New Mexico Rules of Civil Procedure, the requirements of due process under the New

Mexico and United States Constitutions, and the requirements of any other applicable rules or laws.

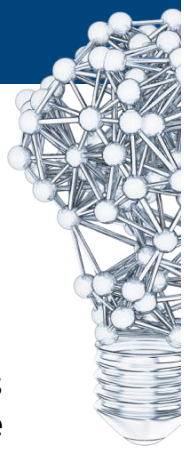

SCHNEIDER, ET AL. v. CHIPOTLE MEXICAN GRILL, INC.

Case No. 4:16-cv-02200

The Honorable Haywood S. Gilliam, Jr., United States District Court, Northern District of California (January 31, 2020): Given that direct notice appears to be infeasible, the third-party settlement administrator will implement a digital media campaign and provide for publication notice in People magazine, a nationwide publication, and the East Bay Times. SA § IV.A, C; Dkt. No. 205-12 at ¶¶ 13–23. The publication notices will run for four consecutive weeks. Dkt. No. 205 at ¶ 23. The digital media campaign includes an internet banner notice implemented using a 60-day desktop and mobile campaign. Dkt. No. 205-12 at ¶ 18. It will rely on "Programmatic Display Advertising" to reach the "Target Audience," Dkt. No. 216-1 at ¶ 6, which is estimated to include 30,100,000 people and identified using the target definition of "Fast Food & Drive-In Restaurants Total Restaurants Last 6 Months [Chipotle Mexican Grill]," Dkt. No. 205-12 at ¶ 13. Programmatic display advertising utilizes "search targeting," "category contextual targeting," "keyword contextual targeting," and "site targeting," to place ads. Dkt. No. 216-1 at ¶¶ 9–12. And through "learning" technology, it continues placing ads on websites where the ad is performing well. Id. ¶ 7. Put simply, prospective Class Members will see a banner ad notifying them of the settlement when they search for terms or websites that are similar to or related to Chipotle, when they browse websites that are categorically relevant to Chipotle (for example, a website related to fast casual dining or Mexican food), and when they browse websites that include a relevant keyword (for example, a fitness website with ads comparing fast casual choices). Id. ¶¶ 9–12. By using this technology, the banner notice is "designed to result in serving approximately 59,598,000 impressions." Dkt. No. 205-12 at ¶ 18.

The Court finds that the proposed notice process is "'reasonably calculated, under all the circumstances,' to apprise all class members of the proposed settlement." Roes, 944 F.3d at 1045 (citation omitted).

JUDICIAL RECOGNITION

HANLEY v. TAMPA BAY SPORTS AND ENTERTAINMENT LLC

Case No. 8:19-cv-00550

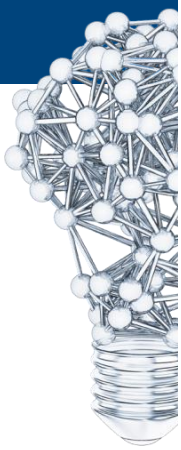

The Honorable Charlene Edwards Honeywell, United States District Court, Middle District of Florida (January 7, 2020): The Court approves the form and content of the Class notices and claim forms substantially in the forms attached as Exhibits A-D to the Settlement. The Court further finds that the Class Notice program described in the Settlement is the best practicable under the circumstances. The Class Notice program is reasonably calculated under the circumstances to inform the Settlement Class of the pendency of the Action, certification of a Settlement Class, the terms of the Settlement, Class Counsel's attorney's fees application and the request for a service award for Plaintiff, and their rights to opt-out of the Settlement Class or object to the Settlement. The Class notices and Class Notice program constitute sufficient notice to all persons entitled to notice. The Class notices and Class Notice program satisfy all applicable requirements of law, including, but not limited to, Federal Rule of Civil Procedure 23 and the Constitutional requirement of Due Process.

CORCORAN, ET AL. v. CVS HEALTH, ET AL.

Case No. 4:15-cv-03504

The Honorable Yvonne Gonzalez Rogers, United States District Court, Northern District of California (November 22, 2019): Having reviewed the parties' briefings, plaintiffs' declarations regarding the selection process for a notice provider in this matter and regarding Angeion Group LLC's experience and qualifications, and in light of defendants' non-opposition, the Court APPROVES Angeion Group LLC as the notice provider. Thus, the Court GRANTS the motion for approval of class notice provider and class notice program on this basis.

Having considered the parties' revised proposed notice program, the Court agrees that the parties' proposed notice program is the "best notice that is practicable under the circumstances." The Court is satisfied with the representations made regarding Angeion Group LLC's methods for ascertaining email addresses from existing information in the possession of defendants. Rule 23 further contemplates and permits electronic notice to class members in certain situations. See Fed. R. Civ. P. 23(c)(2)(B). The Court

finds, in light of the representations made by the parties, that this is a situation that permits electronic notification via email, in addition to notice via United States Postal Service. Thus, the Court APPROVES the parties' revised proposed class notice program, and GRANTS the motion for approval of class notice provider and class notice program as to notification via email and United States Postal Service mail.

PATORA v. TARTE, INC.

Case No. 7:18-cv-11760

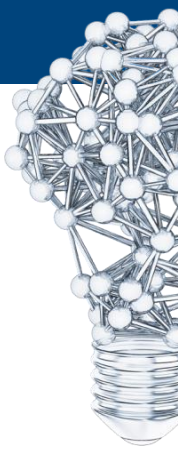

The Honorable Kenneth M. Karas, United States District Court, Southern District of New York (October 2, 2019): The Court finds that the form, content, and method of giving notice to the Class as described in Paragraph 9 of this Order: (a) will constitute the best practicable notice; (b) are reasonably calculated, under the circumstances, to apprise the Settlement Class Members of the pendency of the Action, the terms of the Proposed Settlement, and their rights under the Proposed Settlement, including but not limited to their rights to object to or exclude themselves from the Proposed Settlement and other rights under the terms of the Settlement Agreement; (c) are reasonable and constitute due, adequate, and sufficient notice to all Settlement Class Members and other persons entitled to receive notice; and (d) meet all applicable requirements of law, including but not limited to 28 U.S.C. § 1715, Rule 23(c) and (e), and the Due Process Clauses of the United States Constitution. The Court further finds that all of the notices are written in simple terminology, are readily understandable by Settlement Class Members, and are materially consistent with the Federal Judicial Center's illustrative class action notices.

CARTER, ET AL. v. GENERAL NUTRITION CENTERS, INC., and GNC HOLDINGS, INC.

Case No. 2:16-cv-00633

The Honorable Mark R. Hornak, United States District Court, Western District of Pennsylvania (September 9, 2019): The Court finds that the Class Notice and the manner of its dissemination described in Paragraph 7 above and Section VII of the Agreement constitutes the best practicable notice under the circumstances and is reasonably calculated, under all the circumstances, to apprise proposed Settlement Class Members of the pendency of this action, the terms of the Agreement, and their right to object to or exclude

JUDICIAL RECOGNITION

themselves from the proposed Settlement Class. The Court finds that the notice is reasonable, that it constitutes due, adequate and sufficient notice to all persons entitled to receive notice, and that it meets the requirements of due process, Rule 23 of the Federal Rules of Ci vii Procedure, and any other applicable laws.

CORZINE v. MAYTAG CORPORATION, ET AL.

Case No. 5:15-cv-05764

The Honorable Beth L. Freeman, United States District Court, Northern District of California (August 21, 2019): The Court, having reviewed the proposed Summary Notice, the proposed FAQ, the proposed Publication Notice, the proposed Claim Form, and the proposed plan for distributing and disseminating each of them, finds and concludes that the proposed plan will provide the best notice practicable under the circumstances and satisfies all requirements of federal and state laws and due process.

MEDNICK v. PRECOR, INC.

Case No. 1:14-cv-03624

The Honorable Harry D. Leinenweber, United States District Court, Northern District of Illinois (June 12, 2019): Notice provided to Class Members pursuant to the Preliminary Class Settlement Approval Order constitutes the best notice practicable under the circumstances, including individual email and mail notice to all Class Members who could be identified through reasonable effort, including information provided by authorized third-party retailers of Precor. Said notice provided full and adequate notice of these proceedings and of the matter set forth therein, including the proposed Settlement set forth in the Agreement, to all persons entitled to such notice, and said notice fully satisfied the requirements of F.R.C.P. Rule 23 (e) and (h) and the requirements of due process under the United States and California Constitutions.

JUDICIAL RECOGNITION

GONZALEZ v. TCR SPORTS BROADCASTING HOLDING LLP, ET AL.

Case No. 1:18-cv-20048

The Honorable Darrin P. Gayles, United States District Court, Southern District of Florida (May 24, 2019): The Court finds that notice to the class was reasonable and the best notice practicable under the circumstances, consistent with Rule 23(e)(1) and Rule 23(c)(2)(B).

ANDREWS ET AL. v. THE GAP, INC., ET AL.

Case No. CGC-18-567237

The Honorable Richard B. Ulmer Jr., Superior Court of the State of California, County of San Francisco (May 10, 2019): The Court finds that (a) the Full Notice, Email Notice, and Publication constitute the best notice practicable under the circumstances, (b) they constitute valid, due, and sufficient notice to all members of the Class, and (c) they comply fully with the requirements of California Code of Civil Procedure section 382, California Rules of Court 3.766 and 3.769, the California and United States Constitutions, and other applicable law.

COLE, ET AL. v. NIBCO, INC.

Case No. 3:13-cv-07871

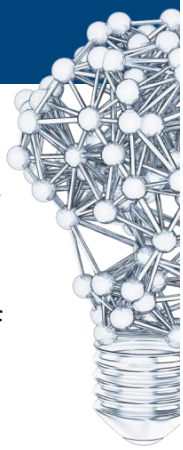

The Honorable Freda L. Wolfson, United States District Court, District of New Jersey (April 11, 2019): The record shows, and the Court finds, that the Notice Plan has been implemented in the manner approved by the Court in its Preliminary Approval Order. The Court finds that the Notice Plan constitutes: (i) the best notice practicable to the Settlement Class under the circumstances; (ii) was reasonably calculated, under the circumstances, to apprise the Settlement Class of the pendency of this…, (iii) due, adequate, and sufficient notice to all Persons entitled to receive notice; and (iv) notice that fully satisfies the requirements of the United States Constitution (including the Due Process Clause), Fed. R. Civ. P. 23, and any other applicable law.

DIFRANCESCO, ET AL. v. UTZ QUALITY FOODS, INC.

Case No. 1:14-cv-14744

The Honorable Douglas P. Woodlock, United States District Court, District of Massachusetts (March 15, 2019): The Court finds that the Notice plan and all

JUDICIAL RECOGNITION

forms of Notice to the Class as set forth in the Settlement Agreement and Exhibits 2 and 6 thereto, as amended (the "Notice Program"), is reasonably calculated to, under all circumstances, apprise the members of the Settlement Class of the pendency of this action, the certification of the Settlement Class, the terms of the Settlement Agreement, and the right of members to object to the settlement or to exclude themselves from the Class. The Notice Program is consistent with the requirements of Rule 23 and due process, and constitutes the best notice practicable under the circumstances.

IN RE: CHRYSLER-DODGE-JEEP ECODIESEL MARKETING, SALES PRACTICES, AND PRODUCTS LIABILITY LITIGATION

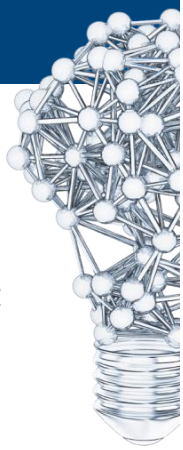

Case No. 3:17-md-02777

The Honorable Edward M. Chen, United States District Court, Northern District of California (February 11, 2019): Also, the parties went through a sufficiently rigorous selection process to select a settlement administrator. See Proc. Guidance for Class Action Sett. ¶ 2; see also Cabraser Decl. ¶¶ 9-10. While the settlement administration costs are significant – an estimated $1.5 million – they are adequately justified given the size of the class and the relief being provided.

In addition, the Court finds that the language of the class notices (short and long-form) is appropriate and that the means of notice – which includes mail notice, electronic notice, publication notice, and social media "marketing" – is the "best notice…practicable under the circumstances." Fed. R. Civ. P. 23(c)(2)(B); see also Proc. Guidance for Class Action Sett. ¶¶ 3-5, 9 (addressing class notice, opt-outs, and objections). The Court notes that the means of notice has changed somewhat, as explained in the Supplemental Weisbrot Declaration filed on February 8, 2019, so that notice will be more targeted and effective. See generally Docket No. 525 (Supp. Weisbrot Decl.) (addressing, inter alia, press release to be distributed via national newswire service, digital and social media marketing designed to enhance notice, and "reminder" first-class mail notice when AEM becomes available).

Finally, the parties have noted that the proposed settlement bears similarity to the settlement in the Volkswagen MDL. See Proc. Guidance for Class Action Sett. ¶ 11.

JUDICIAL RECOGNITION

RYSEWYK, ET AL. v. SEARS HOLDINGS CORPORATION and SEARS, ROEBUCK AND COMPANY

Case No. 1:15-cv-04519

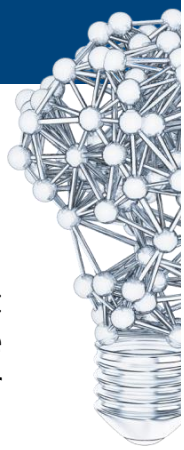

The Honorable Manish S. Shah, United States District Court, Northern District of Illinois (January 29, 2019): The Court holds that the Notice and notice plan as carried out satisfy the requirements of Rule 23(e) and due process. This Court has previously held the Notice and notice plan to be reasonable and the best practicable under the circumstances in its Preliminary Approval Order dated August 6, 2018. (Dkt. 191) Based on the declaration of Steven Weisbrot, Esq. of Angeion Group (Dkt. No. 209-2), which sets forth compliance with the Notice Plan and related matters, the Court finds that the multi-pronged notice strategy as implemented has successfully reached the putative Settlement Class, thus constituting the best practicable notice and satisfying due process.

MAYHEW, ET AL. v. KAS DIRECT, LLC, and S.C. JOHNSON & SON, INC.

Case No. 7:16-cv-06981

The Honorable Vincent J. Briccetti, United States District Court, Southern District of New York (June 26, 2018): In connection with their motion, plaintiffs provide the declaration of Steven Weisbrot, Esq., a principal at the firm Angeion Group, LLC, which will serve as the notice and settlement administrator in this case. (Doc. #101, Ex. F: Weisbrot Decl.) According to Mr. Weisbrot, he has been responsible for the design and implementation of hundreds of class action administration plans, has taught courses on class action claims administration, and has given testimony to the Judicial Conference Committee on Rules of Practice and Procedure on the role of direct mail, email, and digital media in due process notice. Mr. Weisbrot states that the internet banner advertisement campaign will be responsive to search terms relevant to "baby wipes, baby products, baby care products, detergents, sanitizers, baby lotion, [and] diapers," and will target users who are currently browsing or recently browsed categories "such as parenting, toddlers, baby care, [and] organic products." (Weisbrot Decl. ¶ 18). According to Mr. Weisbrot, the internet banner advertising campaign will reach seventy percent of the proposed class members at least three times each. (Id. ¶ 9). Accordingly, the Court approves of the manner of notice proposed by the parties as it is reasonable and the best practicable option for confirming the class members receive notice.

JUDICIAL RECOGNITION

IN RE: OUTER BANKS POWER OUTAGE LITIGATION

Case No. 4:17-cv-00141

The Honorable James C. Dever III, United States District Court, Eastern District of North Carolina (May 2, 2018): The court has reviewed the proposed notice plan and finds that the notice plan provides the best practicable notice under the circumstances and, when completed, shall constitute fair, reasonable, and adequate notice of the settlement to all persons and entities affected by or entitled to participate in the settlement, in full compliance with the notice requirements of Fed. R. Civ. P. 23(c)(2)(B) and due process. Thus, the court approves the proposed notice plan.

GOLDEMBERG, ET AL. v. JOHNSON & JOHNSON CONSUMER COMPANIES, INC.

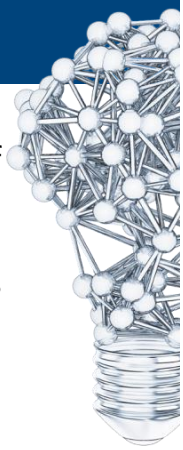

Case No. 7:13-cv-03073

The Honorable Nelson S. Roman, United States District Court, Southern District of New York (November 1, 2017): Notice of the pendency of the Action as a class action and of the proposed Settlement, as set forth in the Settlement Notices, was given to all Class Members who could be identified with reasonable effort, consistent with the terms of the Preliminary Approval Order. The form and method of notifying the Class of the pendency of the Action as a class action and of the terms and conditions of the proposed Settlement met the requirements of Rule 23 of the Federal Rules of Civil Procedure, due process, and any other applicable law in the United States. Such notice constituted the best notice practicable under the circumstances, and constituted due and sufficient notice to all persons and entities entitled thereto.

HALVORSON v. TALENTBIN, INC.

Case No. 3:15-cv-05166

The Honorable Joseph C. Spero, United States District Court, Northern District of California (July 25, 2017): The Court finds that the Notice provided for in the Order of Preliminary Approval of Settlement has been provided to the Settlement Class, and the Notice provided to the Settlement Class constituted the best notice practicable under the circumstances, and was in full compliance with the notice requirements of Rule 23 of the Federal Rules of Civil Procedure, due process, the United States Constitution, and any other

applicable law. The Notice apprised the members of the Settlement Class of the pendency of the litigation; of all material elements of the proposed settlement, including but not limited to the relief afforded the Settlement Class under the Settlement Agreement; of the res judicata effect on members of the Settlement Class and of their opportunity to object to, comment on, or opt-out of, the Settlement; of the identity of Settlement Class Counsel and of information necessary to contact Settlement Class Counsel; and of the right to appear at the Fairness Hearing. Full opportunity has been afforded to members of the Settlement Class to participate in the Fairness Hearing. Accordingly, the Court determines that all Final Settlement Class Members are bound by this Final Judgment in accordance with the terms provided herein.

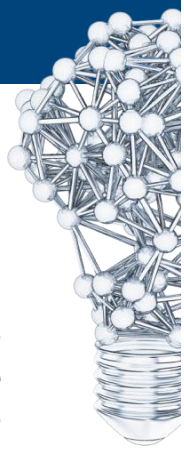

IN RE: ASHLEY MADISON CUSTOMER DATA SECURITY BREACH LITIGATION

MDL No. 2669/Case No. 4:15-md-02669

The Honorable John A. Ross, United States District Court, Eastern District of Missouri (July 21, 2017): The Court further finds that the method of disseminating Notice, as set forth in the Motion, the Declaration of Steven Weisbrot, Esq. on Adequacy of Notice Program, dated July 13, 2017, and the Parties' Stipulation—including an extensive and targeted publication campaign composed of both consumer magazine publications in People and Sports Illustrated, as well as serving 11,484,000 highly targeted digital banner ads to reach the prospective class members that will deliver approximately 75.3% reach with an average frequency of 3.04 —is the best method of notice practicable under the circumstances and satisfies all requirements provided in Rule 23(c)(2)(B) and all Constitutional requirements including those of due process.

The Court further finds that the Notice fully satisfies Rule 23 of the Federal Rules of Civil Procedure and the requirements of due process; provided, that the Parties, by agreement, may revise the Notice, the Claim Form, and other exhibits to the Stipulation, in ways that are not material or ways that are appropriate to update those documents for purposes of accuracy.

JUDICIAL RECOGNITION

TRAXLER, ET AL. v. PPG INDUSTRIES INC., ET AL.

Case No. 1:15-cv-00912

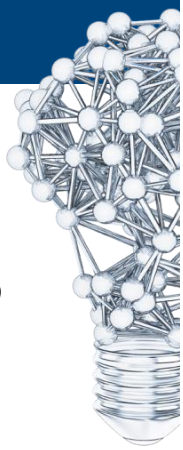

The Honorable Dan Aaron Polster, United States District Court, Northern District of Ohio (April 27, 2017): The Court hereby approves the form and procedure for disseminating notice of the proposed settlement to the Settlement Class as set forth in the Agreement. The Court finds that the proposed Notice Plan contemplated constitutes the best notice practicable under the circumstances and is reasonably calculated, under the circumstances, to apprise Settlement Class Members of the pendency of the Action and their right to object to the proposed settlement or opt out of the Settlement Class in full compliance with the requirements of applicable law, including the Due Process Clause of the United States Constitution and Rules 23(c) and (e). In addition, Class Notice clearly and concisely states in plain, easily understood language: (i) the nature of the action; (ii) the definition of the certified Settlement Class; (iii) the claims and issues of the Settlement Class; (iv) that a Settlement Class Member may enter an appearance through an attorney if the member so desires; (v) that the Court will exclude from the Settlement Class any member who requests exclusion; (vi) the time and manner for requesting exclusion; and (vii) the binding effect of a class judgment on members under Rule 23(c)(3).

IN RE: THE HOME DEPOT, INC., CUSTOMER DATA SECURITY BREACH LITIGATION

Case No. 1:14-md-02583

The Honorable Thomas W. Thrash Jr., United States District Court, Northern District of Georgia (March 10, 2017): The Court finds that the form, content, and method of giving notice to the settlement class as described in the settlement agreement and exhibits: (a) constitute the best practicable notice to the settlement class; (b) are reasonably calculated, under the circumstances, to apprise settlement class members of the pendency of the action, the terms of the proposed settlement, and their rights under the proposed settlement; (c) are reasonable and constitute due, adequate, and sufficient notice to those persons entitled to receive notice; and (d) satisfy the requirements of Federal Rule of Civil Procedure 23, the constitutional requirement of due process, and any other legal requirements. The Court further finds that the notice is written in plain language, uses simple

JUDICIAL RECOGNITION

terminology, and is designed to be readily understandable by settlement class members.

ROY v. TITEFLEX CORPORATION t/a GASTITE and WARD MANUFACTURING, LLC

Case No. 384003V

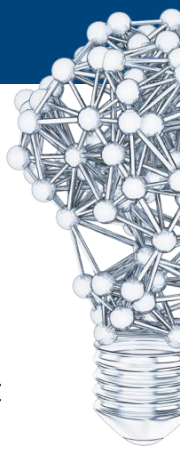

The Honorable Ronald B. Rubin, Circuit Court for Montgomery County, Maryland (February 24, 2017): What is impressive to me about this settlement is in addition to all the usual recitation of road racing litanies is that there is going to be a) public notice of a real nature and b) about a matter concerning not just money but public safety and then folks will have the knowledge to decide for themselves whether to take steps to protect themselves or not. And that's probably the best thing a government can do is to arm their citizens with knowledge and then the citizens can make decision. To me that is a key piece of this deal. ***I think the notice provisions are exquisite*** [emphasis added].

IN RE: LG FRONT LOADING WASHING MACHINE CLASS ACTION LITIGATION

Case No. 2:08-cv-00051

The Honorable Madeline Cox Arleo, United States District Court, District of New Jersey (June 17, 2016): This Court further approves the proposed methods for giving notice of the Settlement to the Members of the Settlement Class, as reflected in the Settlement Agreement and the joint motion for preliminary approval. The Court has reviewed the notices attached as exhibits to the Settlement, the plan for distributing the Summary Notices to the Settlement Class, and the plan for the Publication Notice's publication in print periodicals and on the internet, and finds that the Members of the Settlement Class will receive the best notice practicable under the circumstances. The Court specifically approves the Parties' proposal to use reasonable diligence to identify potential class members and an associated mailing and/or email address in the Company's records, and their proposal to direct the ICA to use this information to send absent class members notice both via first class mail and email. The Court further approves the plan for the Publication Notice's publication in two national print magazines and on the internet. The Court also approves payment of notice costs as provided in the Settlement. The Court finds that these procedures, carried out with

JUDICIAL RECOGNITION

reasonable diligence, will constitute the best notice practicable under the circumstances and will satisfy.

FENLEY v. APPLIED CONSULTANTS, INC.

Case No. 2:15-cv-00259

The Honorable Mark R. Hornak, United States District Court, Western District of Pennsylvania (June 16, 2016): The Court would note that it approved notice provisions of the settlement agreement in the proceedings today. That was all handled by the settlement and administrator Angeion. The notices were sent. The class list utilized the Postal Service's national change of address database along with using certain proprietary and other public resources to verify addresses. the requirements of Fed.R.Civ.P. 23(c)(2), Fed.R.Civ.P. 23(e) (l), and Due Process....

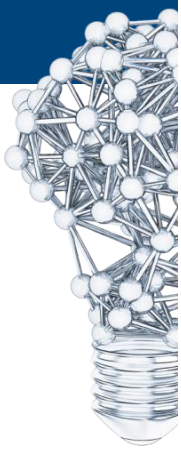

The Court finds and concludes that the mechanisms and methods of notice to the class as identified were reasonably calculated to provide all notice required by the due process clause, the applicable rules and statutory provisions, and that the results of ***the efforts of Angeion were highly successful and fulfilled all of those requirements*** [emphasis added].

FUENTES, ET AL. v. UNIRUSH, LLC d/b/a UNIRUSH FINANCIAL SERVICES, ET AL.

Case No. 1:15-cv-08372

The Honorable J. Paul Oetken, United States District Court, Southern District of New York (May 16, 2016): The Court approves, as to form, content, and distribution, the Claim Form attached to the Settlement Agreement as Exhibit A, the Notice Plan, and all forms of Notice to the Settlement Class as set forth in the Settlement Agreement and Exhibits B-D, thereto, and finds that such Notice is the best notice practicable under the circumstances, and that the Notice complies fully with the requirements of the Federal Rules of Civil Procedure. The Court also finds that the Notice constitutes valid, due and sufficient notice to all persons entitled thereto, and meets the requirements of Due Process. The Court further finds that the Notice is reasonably calculated to, under all circumstances, reasonably apprise members of the Settlement Class of the pendency of the Actions, the terms of the Settlement Agreement, and the right to object to the settlement and to exclude themselves from the Settlement Class. The Parties, by agreement, may revise

JUDICIAL RECOGNITION

the Notices and Claim Form in ways that are not material, or in ways that are appropriate to update those documents for purposes of accuracy or formatting for publication.

IN RE: WHIRLPOOL CORP. FRONTLOADING WASHER PRODUCTS LIABILITY LITIGATION

MDL No. 2001/Case No. 1:08-wp-65000

The Honorable Christopher A. Boyko, United States District Court, Northern District of Ohio (May 12, 2016): The Court, having reviewed the proposed Summary Notices, the proposed FAQ, the proposed Publication Notice, the proposed Claim Form, and the proposed plan for distributing and disseminating each of them, finds and concludes that the proposed plan for distributing and disseminating each of them will provide the best notice practicable under the circumstances and satisfies all requirements of federal and state laws and due process.

SATERIALE, ET AL. v. R.J. REYNOLDS TOBACCO CO.

Case No. 2:09-cv-08394

The Honorable Christina A. Snyder, United States District Court, Central District of California (May 3, 2016): The Court finds that the Notice provided to the Settlement Class pursuant to the Settlement Agreement and the Preliminary Approval Order has been successful, was the best notice practicable under the circumstances and (1) constituted notice that was reasonably calculated, under the circumstances, to apprise members of the Settlement Class of the pendency of the Action, their right to object to the Settlement, and their right to appear at the Final Approval Hearing; (2) was reasonable and constituted due, adequate, and sufficient notice to all persons entitled to receive notice; and (3) met all applicable requirements of the Federal Rules of Civil Procedure, Due Process, and the rules of the Court.

FERRERA, ET AL. v. SNYDER'S-LANCE, INC.

Case No. 0:13-cv-62496

The Honorable Joan A. Lenard, United States District Court, Southern District of Florida (February 12, 2016): The Court approves, as to form and content, the Long-Form Notice and Short- Form Publication Notice attached to the Memorandum in Support of Motion for Preliminary Approval of Class Action

JUDICIAL RECOGNITION

Settlement as Exhibits 1 and 2 to the Stipulation of Settlement. The Court also approves the procedure for disseminating notice of the proposed settlement to the Settlement Class and the Claim Form, as set forth in the Notice and Media Plan attached to the Memorandum in Support of Motion for Preliminary Approval of Class Action Settlement as Exhibits G. The Court finds that the notice to be given constitutes the best notice practicable under the circumstances, and constitutes valid, due, and sufficient notice to the Settlement Class in full compliance with the requirements of applicable law, including the Due Process Clause of the United States Constitution.

IN RE: POOL PRODUCTS DISTRIBUTION MARKET ANTITRUST LITIGATION

MDL No. 2328/Case No. 2:12-md-02328

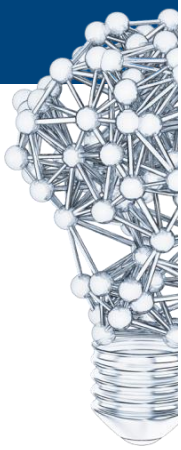

The Honorable Sarah S. Vance, United States District Court, Eastern District of Louisiana (December 31, 2014): To make up for the lack of individual notice to the remainder of the class, the parties propose a print and web-based plan for publicizing notice. The Court welcomes the inclusion of web-based forms of communication in the plan. The Court finds that the proposed method of notice satisfies the requirements of Rule 23(c)(2)(B) and due process. The direct emailing of notice to those potential class members for whom Hayward and Zodiac have a valid email address, along with publication of notice in print and on the web, is reasonably calculated to apprise class members of the settlement. Moreover, the plan to combine notice for the Zodiac and Hayward settlements should streamline the process and avoid confusion that might otherwise be caused by a proliferation of notices for different settlements. Therefore, the Court approves the proposed notice forms and the plan of notice.

SOTO, ET AL. v. THE GALLUP ORGANIZATION, INC.

Case No. 0:13-cv-61747

The Honorable Marcia G. Cooke, United States District Court, Southern District of Florida (June 16, 2015): The Court approves the form and substance of the notice of class action settlement described in ¶ 8 of the Agreement and attached to the Agreement as Exhibits A, C and D. The proposed form and method for notifying the Settlement Class Members of the settlement and its terms and conditions meet the requirements of Fed. R. Civ. P. 23(c)(2)(B) and due process, constitute the best notice practicable

JUDICIAL RECOGNITION

under the circumstances, and shall constitute due and sufficient notice to all persons and entities entitled to the notice. The Court finds that the proposed notice is clearly designed to advise the Settlement Class Members of their rights.

OTT v. MORTGAGE INVESTORS CORPORATION OF OHIO, INC.

Case No. 3:14-cv-00645

The Honorable Janice M. Stewart, United States District Court, District of Oregon (July 20, 2015): The Notice Plan, in form, method, and content, fully complies with the requirements of Rule 23 and due process, constitutes the best notice practicable under the circumstances, and is due and sufficient notice to all persons entitled thereto. The Court finds that the Notice Plan is reasonably calculated to, under all circumstances, reasonably apprise the persons in the Settlement Class of the pendency of this action, the terms of the Settlement Agreement, and the right to object to the Settlement and to exclude themselves from the Settlement Class.

UNITED STATES DISTRICT COURT

CENTRAL DISTRICT OF CALIFORNIA – WESTERN DIVISION

CITY OF LONG BEACH, a municipal corporation; COUNTY OF LOS ANGELES, a political subdivision; CITY OF CHULA VISTA, a municipal corporation; CITY OF SAN DIEGO, a municipal corporation; CITY OF SAN JOSE, a municipal corporation; CITY OF OAKLAND, a municipal corporation; CITY OF BERKELEY, a municipal corporation; CITY OF SPOKANE, a municipal corporation; CITY OF TACOMA, a municipal corporation; CITY OF PORTLAND, a municipal corporation; PORT OF PORTLAND, a port district of the State of Oregon; BALTIMORE COUNTY, a political subdivision; MAYOR AND CITY COUNCIL OF BALTIMORE; all individually and on behalf of all others similarly situated,

Plaintiffs,

v.

MONSANTO COMPANY; SOLUTIA INC., and PHARMACIA LLC, and DOES 1 through 100,

Defendants.

CASE NO.: 2:16-cv-03493-FMO-AS

DECLARATION OF SCOTT SUMMY IN SUPPORT OF MOTION FOR CERTIFICATION OF SETTLEMENT CLASS, PRELIMINARY APPROVAL OF CLASS ACTION SETTLEMENT, APPROVAL OF NOTICE PLAN, APPOINTMENT OF CLASS ACTION SETTLEMENT ADMINISTRATOR, AND APPOINTMENT OF CLASS COUNSEL

Time of Hearing: 10:00 a.m.
Date of Hearing: July 23, 2020
Courtroom 6D
Honorable Fernando M. Olguin

File Date: May 19, 2016
Trial Date: May 11, 2021

DECLARATION OF SCOTT SUMMY

I, Scott Summy, declare as follows:

1. I am an attorney licensed to practice in all courts in the States of Texas, North Carolina, and New York and admitted to this Court *pro hac vice*. I make this declaration in support of Plaintiffs' Motion for Preliminary Approval of Class Action Settlement and Direction of Notice under Fed.R.Civ.P.23(e). I have personal knowledge of the following facts, and if called as a witness, I could and would testify competently to them.
2. I am a Shareholder in the law firm of Baron & Budd, P.C. I have led my Firm's Environmental Litigation Practice Group ("ELG" or "Group") since 2002.
3. Attached as Exhibit 1 is the Settlement Agreement entered into by the Parties in proposed settlement of this matter.
4. My experience. I have a significant amount of experience in serving as lead counsel and/or class counsel in complex environmental litigation cases. For more than 20 years, I have represented numerous public entities and individuals in environmental tort cases that are substantively similar to the proposed Class Action. Many of our cases have invoked products liability and other tort causes of action against manufacturers of chemicals that have contaminated public and private wells, property, or other natural resources that belongs to public entities and/or individuals. This type of litigation has resulted in billions of dollars in recoveries for my clients. Some of the most significant cases, in which I had a leadership role, include the following:
    a. *In re: Oil Spill by the Oil Rig "Deepwater Horizon" in Gulf of Mexico on April 20, 2010* (MDL 2179). I oversaw the representation of 36 public entities and over 1,000 commercial businesses and individuals impacted by the oil spill in direct representation by ELG. I was appointed by the MDL Court to the Plaintiffs' Executive Committee and the Plaintiffs' Steering Committee. I was also appointed by the Court as Co-Class Counsel as part of the massive

resolution of these cases. ELG's direct representation clients recovered over $100 million. Also, the Class benefits paid to date exceed $14 billion. The BP Class Settlement has been recognized as one of the largest, successful and multi-faceted settlements in American history. The Class included all persons in a four-state area that were impacted by the spill.

b. *In re: Methyl Tertiary Butyl Ether ("MTBE") Products Liability Litigation* (MDL 1358). Over the last two decades, I have represented approximately 200 public entities and hundreds of individuals across the country in litigation against the major oil companies who made the decision to add MTBE to gasoline. Many of these cases were transferred to the MDL, while others were litigated in state courts across the country. I was appointed by the Court as Co-Lead Counsel in the federal MDL and served in that function. I also was appointed by the MDL Court to serve on the Plaintiffs' Steering Committee. I was also Lead Counsel in many state court actions where I represented both public entities and individuals. These environmental cases brought product liability allegations against the oil companies. These cases were successfully resolved and hundreds of millions were recovered for our clients.

c. *City of Greenville, et al. v. Syngenta Crop Protection, et al.*, Case No.: 10-cv-188-JPG-PMF, (S.D. Ill.). I served as Co-Lead Counsel representing 36 public entities in products liability litigation against the maker of Atrazine, a popular weedkiller, for extensive contamination of public drinking water wells. We originally filed the cases in Illinois, but after several years of litigation, we resolved the cases in a nationwide class settlement, and I was appointed Co-Lead Class Counsel. The Settlement paid $105 million to over 1,000 public entities.

d. *California North Bay Fire Cases*, JCCP No. 4955, Superior Court of the State of California, County of San Francisco; *Southern California Fire Cases*, JCCP No. 4965, Superior Court of the State of California, County of Los Angeles;

Woolsey Fire Cases, JCCP No. 5000, Superior Court of the State of California, County of Los Angeles. ELG has represented over 20 public entities in litigation against California Utilities for the devastating wildfires in 2015, 2017, and 2018. Our team has alleged that the fires were caused by the utilities' failure to recognize the new normal caused by Climate Change. These are very complex environmental cases. I was appointed as Co-Lead Counsel, along with attorney John Fiske, for the public entities in several state consolidated JCCPs. I was heavily involved in settlement negotiations. We reached a tentative settlement for $1 billion for the Northern California entities, which is pending in Bankruptcy Court. We reached a settlement of $360 million has been reached on behalf of the Southern California entities.

e. *TCP Cases*, JCCP No. 4435, Superior Court of the State of California, County of San Bernardino. I served as Co-Lead Counsel in representing nearly a dozen public entities in a California JCCP in products liability actions against the manufacturers of agricultural chemical 1.2,3 TCP, which caused environmental contamination to public drinking water wells. These cases have been litigated over the last 8 years and have resulted in settlements totaling over $200 million.

5. Investigation of the Litigation. In 2014, I began to meet with potential public entity clients who explained that they may face liability due to the presence of PCBs in their stormwater. PCBs (or "polychlorinated bipheyls") are chemical compounds that were used in a variety of industrial and consumer products for more than 50 years. Due to these compounds' physical and chemical characteristics, PCBs easily move into the air, water, and soil during manufacture and use.

6. Because PCB-containing products remain in use today, the compounds wash off of surfaces and streets with rain and dry-weather run off and run into stormwater systems that direct stormwater into bodies of water including oceans, bays, lakes, and streams. Public entities operate those stormwater systems under an EPA National

Pollutant Discharge Elimination System ("NPDES") Permit, which regulates the quantities of contaminants that can be discharged into bodies of water. Certain bodies of water are designated as "impaired" under section 303(d) of the Clean Water Act due to the unacceptable levels of PCBs in those waters. Because public entities are the conduit for PCB discharges into impaired bodies of water, public entities could face potential liability for those discharges. Regulatory orders can require public entities to monitor or reduce levels of PCBs in stormwater or at contaminated sites. For example, a Total Maximum Daily Load ("TMDL") Order can require a reduction of PCBs in stormwater by NPDES permittees. A Sediment Clean-up Order may require more extensive remediation at Superfund or other hazardous sites. While the potential liability varies by degree, the basis is the same --- stormwater draining into a PCB impaired body of water.

7. The Group decided to represent public entities that owned stormwater systems that discharge into waters impaired by PCBs. I oversaw ELG's investigation and research into potential legal remedies that could provide relief to these clients. We agreed to handle the cases on a contingency fee basis. I reached out to several law firms that often partnered with my Group in complex environmental cases, but they refused to get involved citing the high risk in taking on novel litigation against a multi-national chemical company.

8. In conducting our preliminary research, I learned that the Monsanto Company ("Monsanto") was the primary manufacturer of PCBs in the United States from the 1930s until Congress banned most uses of PCBs in 1978. As a product manufacturer, Monsanto is beyond the scope of traditional statutory theories typically used in environmental cases, which impose liability on the entity that actually released PCBs into the environment. Because those avenues were unavailable, we alleged common-law tort theories that were applicable to a product manufacturer --- i.e., public nuisance negligence and products liability. Until these cases were filed, I am unaware of any previous case in the United States that addressed stormwater

contamination using tort theories against a product manufacturer. In previous cases, however, Monsanto had been sued for discharges of PCBs from its own manufacturing plants into neighboring waterways or community air. No court had ever held Monsanto liable for the environmental harm caused by its design, sale, production, and supply of PCBs. Complicating the case even more was the issue of statute of limitations as PCBs were manufactured and banned many years ago.

9. Cases Filed. After approximately one year of preliminary investigation, we filed the first case on behalf of the City of San Diego ("the San Diego case"). San Diego complained that it was being pursued by California regulators and required to pay millions of dollars to assist in remediating PCBs in the first of many sediment segments of San Diego Bay. The link to pull the City into the fray was its stormwater which allegedly released PCBs into the Bay. The San Diego case was met with a vigorous Motion to Dismiss challenging the City's standing and the applicability of tort theories. Unfortunately, the Southern District of California granted Monsanto's motion, holding that the City lacked standing to pursue damages for contamination in the Bay, which it does not own. San Diego then amended its Complaint to allege that its stormwater system was damaged and had to be retrofitted to accommodate PCB reduction. The court denied Monsanto's renewed motion to dismiss, and the case was allowed to proceed to discovery.

10. My group began to file many other similar PCB cases. Over the next 3 years we filed the following cases:

    a. City of San Diego –filed on March 13, 2015 in the Southern District of California.
    b. City of San Jose—filed on July 8, 2015 in the Northern District of California
    c. City of Spokane – filed on July 31, 2015 in the Eastern District of Washington
    d. City of Oakland – filed on November 10, 2015 in the Northern District of California

e. City of Berkeley— filed on January 6, 2016 in the Northern District of California

f. City of Seattle – filed on January 25, 2016 in the Western District of Washington

g. City of Long Beach –filed on May 19, 2016 in the Central District of California

h. City of Portland – filed on July 12, 2016 in the District of Oregon

i. Port of Portland – filed on January 4, 2017 in the District of Oregon

j. City of Chula Vista – filed on August 8, 2018 in the Southern District of California

k. City of Baltimore – filed on February 19, 2019 in the District of Maryland

l. County of Los Angeles – filed on May 30, 2019 in the Central District of California

In addition, we represent the County of Baltimore, Maryland and the City of Tacoma, Washington, although we have not yet filed complaints for those entities. In each of these cases ("the Public Entity Cases"), a stormwater system operator sued Monsanto alleging that its stormwater was contaminated by PCBs that entered the stormwater as a result of Monsanto's design, manufacture, supply, and sale of PCBs and PCB-containing products..

11. Cases Filed Individually. These cases were filed individually and not as a class action. After we filed the first four cases, we moved to have the cases consolidated pursuant to the Federal Rules in attempt to establish a Multi-District Litigation (MDL) which would have streamlined motions and discovery, making the cases much more manageable and economical. The Judicial Panel on Multi-District Litigation disagreed and refused to consolidate the cases. As a result, because we did not file the cases as a class action, and because the Judicial Panel on Multidistrict Litigation declined to consolidate the cases, each individual Plaintiff's case

proceeded independently in seven different courts in four states, all simultaneously against a well-heeled defendant.

12. Motion Practice. In the first several years, Monsanto filed motions to dismiss in every case, and my Group spent a great deal of time briefing and arguing motions in 3 different states. While Monsanto prevailed on certain causes of action, we were able to prevail on the whole in each case and proceeded with discovery. Monsanto also filed counterclaims against many of these plaintiffs arguing that the cities were liable under CERCLA for discharging PCBs into the environment. My Group zealously fought these counterclaims and eventually succeeded after many years of motion practice. As further evidence of the odds and risk we were up against, Monsanto filed a Motion to Stay the Oakland, Berkeley and San Jose cases, arguing that these cities sought damages for which they were also seeking administrative relief before the Commission on Unfunded Mandates. Monsanto succeeded in staying these cases for several years, until the Northern District of California lifted the stay to avoid further delay. As the other cases proceeded through discovery and motion practice, the City of Spokane's case was set as first for trial in March, 2020. The parties briefed dozens of motions for summary judgment, motions to exclude experts, and motions *in limine*. In all, we were involved in filing and/or responding to over 100 motions in the Public Entity Cases.

13. Legal Risk. At all times, we faced substantial legal risk in proceeding with the litigation. Monsanto vigorously contested all factual allegations and the application of legal theories to hold the company liable for environmental contamination. No state had developed strong precedent supporting the ability of a city to sue for contamination of its stormwater; in fact, before our cases, no city had sued a product manufacturer for contamination of its run off and stormwater. Not only did Monsanto succeed in having certain causes of action dismissed, it ultimately prevailed on a motion for summary judgment against the City of San Diego on

causation and damages grounds. The rationale of the Southern District of California could have been used to defeat similar motions in the other cases.

14. Firm Resources. Litigating against Monsanto in the Public Entity Cases heavily taxed my law firm and Group. Over a 5 to 6 year period of fighting for our clients, we used 35 attorneys, 3 paralegals, 6 legal staff, and IT personnel to address all aspects of these cases. The team was very organized and lawyers were assigned to aspects of the cases that fit their experience level and specializations.

15. Document Discovery. Because the litigation involved the discovery of Monsanto's design, manufacture, supply, sale, and use of PCBs for over four decades (1930s to the late 1970s) coupled with the fact that many witnesses involved were no longer living, these cases involved a massive document investigation. Recognizing early on that our firm would shoulder the burden of building this case using Monsanto's historical documents and a huge number of documents our Public Entity clients would likely have to produce, we made use of a specialized program named XERA. This system allowed us to develop a program that would allow us to create databases of documents, create a coding and search protocol, and review documents in a manner using crafted search terms. We also purchased additional storage capacity to address the sheer volume of documents. All of this work was done in-house at Baron & Budd, rather than through an outside vendor.

16. Discovery proved to be a massive and contentious undertaking. All parties investigated significantly, conducting discovery regarding many decades of PCB manufacturing and use. We reviewed numerous Monsanto PCB-related deposition transcripts. In all, we obtained and reviewed well in excess of 300,000 Monsanto documents. At the same time, we gathered, coded and reviewed over 9 million of our clients' (the Named Class Plaintiffs') documents. We then produced a large subset of those during the course of the cases. In total, we responded to 36 sets of written discovery.

17. Deposition and Subpoenas. In all, there were 82 depositions in the Public Entity Cases. My Group both took and/or defended all of these depositions. Of the 82, 31 of the depositions involved expert witnesses. At the same time, Monsanto issued 202 Third-Party Subpoenas focused on third-parties that may have released PCBs to the environment. Many of these third-parties also produced documents.

18. In short, Class Counsel spent thousands of hours over 4-5 years developing the Public Entities Cases, coordinating all aspects of discovery. It was a massive undertaking that required highly skilled lawyers with experience in complex litigation. As to general liability discovery, it was substantially completed as to Monsanto and applicable to all of the Public Entity Cases.

19. Costs. The cases were extremely expensive to prosecute. In addition to all of the legal work outlined above performed by dozens of lawyers and staff, my firm single-handedly funded all of these cases, which included incurring out-of-pocket costs for experts, depositions, filing fees, travel and the voluminous electronic discovery performed in-house. These expenses alone totaled nearly $10 million. In addition, because the firm represented all the plaintiffs on a contingent-fee basis, the firm risked recovering no fee.

20. Settlement Negotiations. In the winter of 2019, we began settlement discussions with Monsanto in-house counsel. I was personally involved in every settlement-related conversation with Monsanto, and on a number of occasions, I was accompanied by Baron & Budd attorneys John Fiske and Carla Burke Pickrel. From the outset, Monsanto made it clear that it was interested in settlement only if all similarly situated public entities were included in the discussions. Settlement talks quickly centered around a potential national class settlement that would include certain public entities that owned permitted stormwater systems that discharged stormwater into 303(d) bodies of water that are designated as impaired by PCBs. We and Monsanto's counsel met numerous times, both in person and by conference call. By the fall of 2019, the parties had agreed on a structure but needed a mediator to negotiate a

settlement amount and some of the details of the class settlement.

21. Mediator. The parties agreed to hire retired federal judge Jay Gandhi of JAMS in Los Angeles. Judge Gandhi conducted numerous mediation sessions both in-person and by way of Zoom video calls and conference calls. The parties finalized a Term Sheet on March 27, 2020. After that date, the parties continued to work with Judge Gandhi through numerous calls to finalize all of the details. A final Settlement Agreement was reached in June.

22. Before we engaged in mediation, the Public Entity Clients agreed to serve at class representatives ("Named Class Plaintiffs") as did the City of Tacoma and the County of Baltimore, who had not yet filed cases. The Named Class Plaintiffs have not only participated in this process along the way but fully understand their role of representing the interests of the absent Class Members. They have accepted this role with due diligence and have no interests that conflicts with those of the absent Class Members.

23. Benefits of Settlement. The Settlement confers substantial relief on all Class Members and resolves Plaintiffs' and Class Members' allegations that, over the course of five decades, Monsanto manufactured, sold, and supplied PCBs that contaminate Plaintiffs' and Class Members' stormwater and/or other resources, requiring costly treatment and/or remediation.

24. My Professional Opinion. I have a detailed understanding of these cases and the proposed class settlement. Based on my extensive nearly 30 years of complex litigation experience and my personal involvement in the prosecution of these cases from start to finish, I believe this settlement is not only fair, reasonable, adequate, but also is in the best interests of all Class Members in light of all the known facts and circumstances, and therefore should be approved by the Court. The time it would take for Class Members to engage in and complete similar litigation would likely take up to a decade to complete. I believe that plaintiffs maximized the recovery they could have achieved for settlement of this matter in light of the known risks. At the same

time it is important to note that Monsanto is not the only responsible company for PCB contamination. Monsanto is only partly to blame. There are many other potentially responsible companies that actually released PCBs illegally. In this settlement, Class Members have not released their claims against these other companies.

25. Very few law firms could have achieved such a result. The legal theories are novel and the risks are great. These cases have been expensive and require tremendous legal resources to prosecute. A reminder of the risk came in March of this year while we were working on the final details of the settlement. The Southern District of California granted summary judgment in favor of Monsanto, holding that the City of San Diego failed to produce evidence that its stormwater system has been damages by the presence of PCBs. While the City disagrees with the court's reasoning and would appeal but for this settlement, this exemplifies the risk. The cases also present legal challenges due to causation issues, the existence of other contaminants in much of the stormwater and waterbodies, and the fact that many other third parties are also sources for PCB contamination. Given the risks I have outlined, it is my belief that this settlement benefits the proposed Class in a significant way.

26. No Class Representative was promised, or conditioned its representation on, the expectation of a service award.

27. I declare under penalty of perjury under the laws of the State of Texas that the foregoing is true and correct.

Executed this 23rd day of June 2020, at Dallas, Texas.

This Settlement Agreement ("Settlement Agreement"), including its attached Exhibits, is entered into as of this 24th day of June, 2020, by and among Plaintiffs City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma (collectively, on behalf of themselves and on behalf of the Settlement Class Members) and Defendant (collectively, "the Parties") to settle and compromise the Action and to discharge the Released Parties as set forth herein.

I. RECITALS

WHEREAS, the former Monsanto Company manufactured a class of industrial chemicals called polychlorinated biphenyls ("PCBs") between the 1930s and 1977.

WHEREAS, Plaintiffs' Counsel filed the following actions against Defendant in federal district courts related to Monsanto's manufacture, sale, testing, disposal, release, marketing, promotion or management of PCBs: *City of Long Beach v. Monsanto Co*., Case No. 2:16-CV-03493-FMO-AS (C.D. Cal.); *City of Berkeley v. Monsanto Co.*, Case No. 5:16-cv00071-EJD (N.D. Cal.); *City of San Diego v. Monsanto Co.*, Case No. 3:15-CV-00578-WQH-AGS (S.D. Cal.); *City of Oakland v. Monsanto Co.*, Case No. 5:15-cv-5152-EJD (N.D. Ca.); *City of San Jose v. Monsanto Co*., Case No. 5:15-cv-03178-EJD (N.D. Cal.); *Mayor and City Council of Baltimore v. Monsanto Co*., Case No. 1:19-cv-00483-RDB); *City of Chula Vista v. Monsanto Co*., Case No. 3:18-CV-01942-BEN-JMA (S.D. Cal.); *County of Los Angeles; L.A. County Flood Control District v. Monsanto Co*., Case No. 2:19-CV-0464-GW-AFM (C.D. Cal.); *Port of Portland v. Monsanto Co*., Case No. 3:17-cv-00015-PK (D. Ore.); *City of Portland v. Monsanto Co*., Case No. 3:16-cv-01418-MO (D. Ore.); *City of Spokane v. Monsanto Co*., Case No. 2:15-CV-00201-SMJ (E.D. Wa.) (collectively referred to as "the Underlying Actions").

WHEREAS, Plaintiffs asserted various claims against Defendant for alleged PCB-related environmental impairments, including impairments to water bodies. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater and wastewater systems, water bodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief.

WHEREAS, Defendant filed motions to dismiss in each case, resulting in the dismissal of some but not all claims.

WHEREAS, the Parties have been engaged in extensive and voluminous fact and expert discovery over several years. For example, the Parties took 51 depositions in the *City and County of San Diego Unified Port District* cases, and Defendant filed three motions for summary judgment. The Court heard oral arguments on these motions on December 6, 2019. The Court granted summary judgment with respect to the City of San Diego's claims as well as the County of San Diego Unified Port District's purpresture claims. Defendant filed four motions for summary judgment in the City of Spokane case, which are still pending.

WHEREAS, Plaintiffs' Counsel conducted extensive investigations into the facts and circumstances related to this litigation, including consulting with experts, interviewing potential

witnesses, and researching and studying legal principles applicable to the issues of liability, damages, jurisdiction and procedure.

WHEREAS, informal settlement discussions led to a confidential mediation process. The Parties, through their counsel, attended and participated in a confidential mediation process conducted by retired Magistrate Judge Jay C. Gandhi ("the Mediator"), who is an experienced, independent mediator, and further engaged in additional extensive communications with the Mediator and each other.

WHEREAS, prior to and during the mediation sessions, the Parties exchanged information and documents which allowed each side to further evaluate their claims and defenses.

WHEREAS, Plaintiffs' experts, along with their Counsel, have developed an Allocation Process that would allow Settlement Funds to be paid to Settlement Class Members based on several objective criteria.

WHEREAS, Plaintiffs intend to file a proposed amended complaint in *City of Long Beach* in conjunction with this Settlement Agreement that seeks certification of a nationwide settlement class to encompass "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district Municipal Separate Storm Sewer System ("MS4") permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

WHEREAS, Plaintiffs believe that the claims asserted in the Action have merit; however, taking into account the extensive burdens and expense of litigation, including the risks and uncertainties associated with protracted trials and appeals, as well as the fair, cost-effective and assured method of resolving the claims of the Settlement Class, Plaintiffs and their Counsel have concluded that the Settlement Agreement provides substantial benefits to the Settlement Class, and is fair, reasonable, adequate, and in the best interests of Plaintiffs and the Settlement Class.

WHEREAS, Defendant denies Plaintiffs' allegations and believe that the Action is without merit; however, Defendant has also taken into account the uncertainty, risk, delay, and costs inherent in litigation and agreed to enter into the Settlement Agreement to avoid any further litigation expenses and inconvenience and to remove the distraction of burdensome and protracted litigation.

WHEREAS, it is the intention and desire of the Parties to compromise, resolve, dismiss and release all allegations, disputes, and claims for damages or equitable relief, regardless of the legal theory or type or nature of damages claimed, relating to city, town, county, borough, village, township, and special port district permittees' claims regarding PCBs that are the subject of this Settlement on the terms set forth in the Settlement Agreement that have been or could have been brought by Plaintiffs themselves, and on behalf of Settlement Class Members, against Defendant.

WHEREAS, the Parties agree that the Settlement is fair, reasonable, and adequate, and is an appropriate nationwide resolution accomplished through the benefits, releases, and orders set forth in or attached to this Settlement Agreement.

WHEREAS, the Parties desire not only to end further burdensome and protracted litigation but also to create the payment and release of claims as set forth herein.

NOW, THEREFORE, without an admission or concession on the part of Plaintiffs on the lack of merit of the Action or an admission or concession of liability or wrongdoing or the lack of merit of any defense by Defendant, it is stipulated and agreed by Defendant and Plaintiffs, acting for themselves and on behalf of the Settlement Class, that, on the following terms and conditions, the Action shall be settled and dismissed with prejudice as among Plaintiffs, the Settlement Class, and Defendant upon Final Approval of the Court after the hearing(s) provided for in the Settlement; and the Settlement Class Members shall release all Released Claims against Defendant and all Released Parties.

II. DEFINITIONS

1. As used in this Settlement Agreement, the following terms shall have the defined meanings set forth below.

2. "303(d) water body impaired by PCBs" means and refers to a water body listed on the United States Environmental Protection Agency ("EPA") Clean Water Act Section 303(d) list of waters impaired or threatened by polychlorinated biphenyls.

3. "Action" means the case originally captioned *City of Long Beach v. Monsanto Co.*, Case No. 2:16-CV-03493-FMO-AS, originally filed in the United States District Court for the Central District of California on May 19, 2016.

4. "Allocation" or "Allocation Process" means the process of fairly dividing the total Settlement Amount to determine the "Allocated Amount" payable to each Settlement Class Member from the Settlement Funds.

5. "Allocation Algorithm" means and refers to the algorithm used to calculate the TMDL Allocation, as described in Paragraph 78(b) and corresponding footnote 1.

6. "Allocated Amount" means the portion of the total Settlement Fund payable to each Settlement Class Member.

7. "Attorneys' Fees and Expenses" means the amounts approved by the Court for payment to Class Counsel, which shall include attorneys' fees, costs, litigation expenses, and fees and expenses of the Special Master and consulting experts assigned to assist the Special Master in developing the Allocation. Attorneys' Fees and Expenses does not include Claims Administration Expenses. The costs and expenses for implementing the Allocation by the Special Master will be split equally between the Parties; however, Defendant's share of costs and expenses shall not exceed $100,000. Any additional costs and expenses for implementing the Allocation shall be paid from Class Counsel's Attorneys' Fees and Expenses. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

8. "Category 4b" means and refers to the TMDL alternative process described in the EPA's Integrated Reporting Guidance for Sections 303(d), 305(b), and 314 of the Clean Water Act (USEPA 2005a, 2006).

9. "Claims Process" means the process by which Settlement Class Members may request and receive settlement benefits.

10. "Claims Administration Expenses" means all reasonable costs and expenses incurred in (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. These costs shall be paid by Defendant. Claims Administration Expenses does not include the costs and expenses of the Special Master and any consulting experts assigned to assist the Special Master in developing the Allocation Process.

11. "Class Action Settlement Administrator" means Steven Weisbrot of Angeion Group, LLC.

12. "Co-Class Counsel" means John Gomez of Gomez Trial Attorneys, 655 W. Broadway, Suite 1700, San Diego, CA 92101; Richard Gordon and Martin Wolf of Gordon, Wolf & Carney, 100 W. Pennsylvania Ave, Suite 100, Towson, MD 21204; and John R. Wertz, 2345 Willow St, San Diego, CA 92106.

13. "Court" means the United States District Court for the Central District of California.

14. "Defendant" means Monsanto Company, Solutia Inc., and Pharmacia LLC (the former Monsanto Company), including each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, member, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

15. "Defendant's Counsel" means the following, either individually or collectively:

Mark D. Anstoetter
Brent Dwerlkotte
SHOOK, HARDY & BACON LLP
2555 Grand Blvd.
Kansas City, MO 64108
Phone: (816) 474-6550

16. "Direct Notice" means the form of notice described in Section V.

17. "Effective Date" means the latest date on which: (a) if no appeal has been taken from the Final Approval Order, the date on which the time to appeal therefrom has expired; or (b) if any appeal has been taken from the Final Order, the date on which all appeals therefrom, including petitions for rehearing or reargument, petitions for rehearing en banc and petitions for certiorari or any other form of review, have been finally disposed of and/or have expired in a manner that

affirms the Final Order; or (c) on any other agreed date if Plaintiffs' Counsel and Defendant's Counsel agree in writing.

18. "Final Approval Order" means the order to be entered by the Court pursuant to the Settlement Agreement that finally approves the Settlement.

19. "EPA" means and refers to the United States Environmental Protection Agency.

20. "HUC 12 Watershed" means and refers to a United States Geological Survey ("USGS") 12-Digit Hydrologic Unit Code Watershed.

21. "Imperviousness" means and refers to the percentage of an area that is considered impervious per the USGS Geodatabase.

22. "Independent port district" means and refers to a port district that is a separate or independent public legal entity, and does not mean, refer to, or include port districts that are agencies or departments of another public entity.

23. "Initial Settlement Class Members" means and refers to those 2,528 cities, towns, villages, townships, boroughs, counties and independent port districts identified in Exhibit A in accordance with the Settlement Class definition, effective as of June 24, 2020 only, but not later.

24. "Lead Class Counsel" means Scott Summy, John Fiske, and Carla Burke Pickrel of Baron & Budd, P.C.

25. "Litigating Entities" mean and refers to the following list of Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and Baltimore County.

26. "Mediator" means retired magistrate Judge Jay C. Gandhi.

27. "Named Class Plaintiffs" mean City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma.

28. "Notice" means the Court-approved form of notice of this Settlement Agreement to the Settlement Class, as described in Section V below, and substantially in the forms attached hereto as Exhibit I (Direct Notice). "Notice Plan" means the plan for disseminating Notice to the Settlement Class, which shall include direct notice in the manner and form set forth below in Section V.

29. "Noticed Parties" means and refers to those Settlement Class Members that have received notification of potential responsibility or liability, including those noticed Potentially Responsible Parties ("PRPs"), as used and defined within the context of a respective regulatory action,

including but not limited to the U.S. EPA Superfund Site Program, U.S. EPA Sediment Site Program, or Clean Water Act TMDL Program.

30. "NPDES" means and refers to the United States Environmental Protection Agency National Pollutant Discharge Elimination System, including its permit program, created by the Clean Water Act of 1972, as amended.

31. "Opt-Out Entity" means and refers to those Initial Settlement Class Members that have timely and properly requested to be excluded from the Settlement Class pursuant to the terms of this Agreement.

32. "Parties" means Plaintiffs and Defendant.

33. "PCB" or "PCBs" means and refers to polychlorinated biphenyls.

34. "Person" means an individual, corporation, partnership, limited partnership, association, joint stock company, estate, legal representative, trust, unincorporated association, business, legal entity, government or any political subdivision or agency thereof.

35. "Phase I" means and refers to the NPDES Stormwater program's 1990 Phase I regulation of cities, towns, boroughs, villages, townships, counties, and independent port districts. There are 273 Phase I Initial Class Members.

36. "Phase II" means and refers to the NPDES Stormwater program's 1999 Phase II regulation of cities, towns, boroughs, villages, townships, counties, and independent port districts. There are 2,255 Phase II Initial Class Members.

37. "Plaintiffs' Counsel" means the following, either individually or collectively, in whole or in part:

Scott Summy
Carla Burke Pickrel
BARON & BUDD, PC
3102 Oak Lawn Ave., # 1100
Dallas, Texas 75219

John P. Fiske
BARON & BUDD, PC
11440 W. Bernardo Court, Suite 265
San Diego, CA 92127

John Gomez
Gomez Trial Attorneys
655 W. Broadway, Suite 1700
San Diego, CA 92101

John R. Wertz
2345 Willow St,
San Diego, CA 92106.

Richard Gordon
Martin Wolf
Gordon, Wolf & Carney
100 W. Pennsylvania Ave, Suite 100
Towson, MD 21204

38. "Preliminary Approval Order" means the order to be entered by the Court pursuant to the Settlement Agreement.

39. "Qualifying Sediment Sites" means and refers to the nine (9) sites listed in Paragraph 79(b). Qualifying Sediments Sites are effective as of June 24, 2020 only, but not later.

40. "Qualifying Sediment Site Entities" means and refer to the twelve (12) Initial Settlement Class Members listed in Paragraph 79(c). Qualifying Sediment Site Entities are effective as of June 24, 2020 only, but not later.

41. "Released Claims" means all claims, demands, rights, damages, obligations, suits, debts, liens, contracts, agreements, and causes of action of every nature and description whatsoever, ascertained or unascertained, suspected or unsuspected, existing now or arising in the future, whether known or unknown, both at law and in equity which were or could have been alleged related to the manufacture, sale, testing, disposal, release, marketing, or management of PCBs, including but not limited to any claims based upon or related in any way to the subjects of the Action, the Underlying Actions, or this Settlement Agreement or any component parts thereof, and regardless of the legal theory or type or nature of damages claimed; provided, however, that nothing in this Settlement Agreement will preclude or affect any action brought by governmental entities seeking response costs, penalties, or other remedies, under the Comprehensive Response, Compensation and Liability Act ("CERCLA") or similar state Superfund statutes and applicable regulations, or under any other laws or regulations, related to Defendant's or a Released Person's discharge or disposal of PCBs. This Agreement shall in no way affect any administrative test claims related to the California Water Board. Released Claims also include any claim for attorneys' fees, expenses, costs, and catalyst fees under any state's law or under federal law. The Releases provided herein shall be mutual between Plaintiffs, Settlement Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand. Releasing Persons release only Released Persons as defined herein.

42. "Released Persons" means Defendant and any Affiliate of Defendant, including but not limited, to Bayer AG, Pfizer Inc., and Eastman Chemical Company. "Affiliate" under this Settlement means each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

43. "Releasing Persons" shall include Named Class Plaintiffs and all Settlement Class Members, and each of their past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

44. "Responsible Parties" means and refers to those Settlement Class Members that have been designated as potentially responsible or liable parties, as used and defined within the context of a respective regulatory program, including the U.S. EPA Superfund Site Program, U.S. EPA Sediment Site Program, or Clean Water Act TMDL Program.

45. "Sediment Sites" means and refers to those sites wherein PCBs have contaminated sediment through stormwater contribution, including sites from only the following three lists: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and (3) Clean Water Act Category 4b Sites/Waters, exclusive of sites receiving combined sewer overflow discharges from Defendant's manufacture of PCBs.

46. "Sediment Sites Fund Application" means and refers to Exhibit F.

47. "Sediment Sites Fund" means and refers to the $150,000,000 fund to be allocated among the twelve (12) Qualifying Sediment Site Entities.

48. "Sediment Sites Appeals and Reserve Fund" means and refers to the appeals reserve fund equal to or less than 10% of the value of the Sediment Site Fund, as established in the discretion of the Special Master.

49. "Settlement" means the settlement set forth in this Settlement Agreement.

50. "Settlement Agreement" means this document which describes the Settlement.

51. "Settlement Class" means and refers to "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

52. "Settlement Class" means the Settlement Class above and any and all sub-classes contained therein, as of June 24, 2020 only, but not later.

53. "Settlement Class Allocation" means and refers to the process of Allocating the Class Benefit as described throughout this Settlement Agreement, including but not limited to those paragraphs under Section "IV. SETTLEMENT BENEFITS AND ALLOCATION."

54. "Settlement Class Members" means all persons who are members of the Settlement Class and who do not timely and properly request exclusion from the Settlement Class pursuant to the terms of this Agreement.

55. "Settling Parties" means Settlement Class Members and Defendant.

56. "Settlement Funds" means the amount of the Settlement to be paid to Settlement Class Members as explained in Section IV.

57. "USGS" means and refers to the United States Geological Survey.

58. "Special Master" means the individual(s) who the Parties will move the Court to appoint pursuant to Federal Rule of Civil Procedure 53, and who will be responsible for working with the Allocation Experts to allocate certain Settlement Funds, make final Allocation determinations, implement the Allocation, and direct distribution of Settlement Funds, as necessary to further develop and implement the Allocation.

59. "Special Master Allocation" means and refers to the process by which the Special Master allocates the Sediment Sites Fund, Special Needs, Part A Fund, and Special Needs, Part B Fund.

60. "Special Needs Funds" means and refers to those funds allocated to the Special Needs Fund, including Part A and Part B.

61. "Special Needs Fund, Part A" means and refers to those funds allocated to Part A of the Special Needs Fund, equal to $57,105,000.

62. "Special Needs Fund, Part A Application" means and refers to Exhibit G.

63. "Special Needs Fund, Part B" means and refers to those funds allocated to Part B of the Special Needs Fund, equal to $50,000,000.

64. "Special Needs Fund, Part B Application" means and refers to Exhibit H.

65. "TMDL" means and refers to Total Maximum Daily Load pursuant to Section 303(d) of the Clean Water Act, and collectively at times may refer to TMDL Alternatives or TMDL Direct-to-Implementation regulatory processes.

66. "TMDL Alternative" means and refers to the TMDL Alternative regulatory process as defined and used in Section 303(d) of the Clean Water Act, 33 U.S.C § 1251 *et seq*. (as amended) ("Clean Water Act").

67. "TMDL Direct-to-Implementation" means and refers to a regulatory method of implementing and enforcing a TMDL Alternative, and/or means and refers to an alternative method to enforce section 303(d) of the Clean Water Act in lieu of a TMDL.

68. "TMDL Fund Entities" means and refers to those Initial Settlement Class Members listed on Exhibit D. TMDL Fund Entities are effective as of June 24, 2020 only, but not later.

III. REQUIRED EVENTS

69. In conjunction with filing the executed Settlement Agreement with the Court, Named Class Plaintiffs shall file a motion for leave to file an Amended Class Action Complaint naming City of Long Beach; Mayor and City Council of Baltimore; Baltimore County; City of Berkeley; City of Chula Vista; County of Los Angeles; City of Oakland; City of Portland; Port of Portland; City of San Diego; City of San Jose; City of Spokane; and City of Tacoma as Named Class Plaintiffs and seeking certification of the following Settlement Class:

Settlement Class:

> "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

70. Within a reasonable time following the filing of the Motion for Preliminary Approval, the Parties also agree to file joint motions to stay all the pending litigations. The joint motions to stay will seek to stay each case until the Effective Date of the Settlement as defined in this Settlement Agreement. However, if the Settlement Agreement is not approved and/or does not become effective, all litigation between Named Class Plaintiffs and Defendant will be restored without prejudice to their respective positions in the Actions as if the Settlement Agreement, any application for its approval by the Court, and the filing of the proposed Amended Class Action Complaint in the *City of Long Beach* Action had not been made, submitted or filed. The Parties shall file a joint Motion for Conditional Certification of Settlement Class, Preliminary Approval of Settlement, Approval of Notice Plan, Appointment of Notice Administrator, and Appointment of Class Counsel ("Motion for Preliminary Approval"). The Motion for Preliminary Approval shall, among other things:

(a) Include supporting declarations from the Special Master, Judge (Ret.) Jay Gandhi, and the proposed Class Action Settlement Administrator, Steven Weisbrot of Angeion Group, LLC; and

(b) Seek entry of a proposed Preliminary Approval Order which would, for settlement purposes only, certify the Settlement Class; preliminarily approve the Settlement Agreement; approve the proposed Notice Plan, including the Direct Notice, as set forth in Exhibit I and Section V of this Settlement Agreement; appoint Steven Weisbrot as the Class Action Settlement Administrator; appoint Judge (Ret.) Jay Gandhi as the Special Master to implement the Allocation (with the assistance of Mediator Lexi Myers and Allocation Experts Michael Trapp and Rob Hesse); appoint Lead and Co-Class Counsel; schedule the Final Approval Hearing; and set a briefing schedule for the Final Approval Hearing.

71. In accordance with the Court's Preliminary Approval Order, the Parties shall subsequently file a joint Motion for Final Approval of Settlement ("Motion for Final Approval"). The Motion shall seek entry of a proposed Final Approval Order that would, among other things: grant final approval of the Settlement Agreement and direct its implementation pursuant to its terms and conditions; discharge and release the Released Persons, and each of them, from the Released Claims; permanently bar and enjoin all Releasing Persons from instituting, maintaining, or prosecuting, either directly or indirectly, any lawsuit that asserts Released Claims; direct that the action be dismissed with prejudice and without costs; state pursuant to Federal Rule of Civil Procedure 54(b) that there is no just reason for delay and directing that the Final Approval Order

and Judgment is a final, appealable order; and reserve to the Court continuing and exclusive jurisdiction over the Settling Parties with respect to the Settlement Agreement and the Final Approval Order. In particular, the proposed Final Approval Order shall specify that, without in any way affecting the finality of the Final Approval Order, the Court expressly retains exclusive and continuing jurisdiction over the Parties, including the Settlement Class, in all matters relating to the administration, consummation, validity, enforcement and interpretation of the Settlement Agreement and the Final Approval Order, including, without limitation, for the purpose of: (a) enforcing the terms and conditions of the Settlement Agreement and negotiations and resolving any disputes that arise out of the implementation or enforcement of the Settlement Agreement; (b) entering such additional orders, if any, as may be necessary or appropriate to protect or effectuate the Final Order and the Settlement Agreement (including, without limitation, orders enjoining persons or entities pursuing any claims), or to ensure the fair and orderly administration of the Settlement; and (c) entering any other necessary or appropriate orders to protect and effectuate this Court's retention of continuing jurisdiction over the Settlement Agreement and the Parties in matters relating to the implementation or enforcement of the Settlement Agreement.

IV. SETTLEMENT BENEFITS AND ALLOCATION

72. Settlement Class Members will receive a settlement check from the Class Action Settlement Administrator based on the Settlement Class Allocation method developed by Lead Class Counsel, the Special Master, and the Named Class Plaintiffs' consulting experts. Under Plaintiffs' Settlement Class Allocation, four separate funds will be created, including: (1) Monitoring Fund; (2) TMDL/TMDL Alternative/TMDL Direct-to-Implementation Fund ("TMDL Fund"); (3) Sediment Sites Fund; and (4) Special Needs Fund.

73. Settlement benefits vary based on the Settlement Class Members' status as described in Paragraphs 76-82 below. Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, agrees to pay, within thirty (30) days of the Effective Date of this Agreement, into the Class Action Settlement Administrator's escrow account a lump sum of Five Hundred and Fifty Million Dollars ($550,000,000) that shall be distributed to Settlement Class Members in four (4) annual payments based on the following percentages: Year 1: 40%; Year 2: 20%; Year 3: 20%; Year 4: 20% ("Settlement Fund"), except that the Monitoring Fund Payments will be disbursed in their entirety during the first payment in Year 1. The first payment (Year 1) shall be made as soon as possible and at the earliest reasonable direction by the Special Master to the Claims Administrator. Each subsequent annual payment will be made at or near the anniversary date, at the direction of the Special Master to the Claims Administrator. In addition, Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, agrees to pay Attorneys' Fees and Expenses as provided under Section VII of the Settlement Agreement. Monsanto Company, on behalf of the entities described in Paragraphs 14 and 42, also agrees to pay Claims Administration Expenses.

74. Subject to Paragraphs 79(e), 81, and 102, any remainder or unclaimed Settlement Funds, that are remaining or unclaimed one (1) year after the date of disbursement of those particular funds, shall be redistributed, at the direction of the Special Master to the Class Action Settlement Administrator, to Class Members that received an allocation under Special Needs Fund, Part B on a pro-rata basis.

75. **Class Member Identification**

> "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

Initial Settlement Class Members are identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau.

(a) The list of Initial Settlement Class Members is attached hereto as Exhibit A.

(b) The list of U.S. EPA 303(d) water bodies impaired by PCBs is attached hereto as Exhibit B.

(c) The list of USGS HUC 12 Watersheds that contain and/or immediately adjoin 303(d) water bodies impaired by PCBs is attached hereto as Exhibit C.

The following geospatial and data overlay analyses reveal the total, finite list of Initial Settlement Class Members:

First, all 303(d) water bodies impaired by PCBs were identified. Then, all USGS HUC 12 Watersheds, which contain and/or are immediately adjoining all 303(d) water bodies impaired by PCBs, were identified. Thirdly, as of June 24, 2020 only, but not later, the NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs, were identified. The U.S. Census Bureau database was used to identify all class members except townships, which were originally identified as MS4 permittees by EPA and then confirmed using the U.S. Census Bureau database.

The total number of Initial Settlement Class Members, as identified in Exhibit A, is 2,528.

76. **Settlement Class Allocation**

The Settlement Funds of five hundred and fifty million dollars ($550,000,000) will be allocated into four separate Allocation Funds as follows:

(a) Monitoring Fund: $42,895,000

(b) TMDL Fund: $250,000,000

(c) Sediments Fund: $150,000,000

(d) Special Needs Fund: $107,105,000

Each Allocation Fund will be allocated as described in each corresponding section, below.

77. **Monitoring Fund**:

The Monitoring Fund will provide a minimum payment to all Settlement Class Members as consideration for a class release. The funds are intended to pay for PCB sampling and/or any other mitigation efforts in the Settlement Class Member's sole discretion, as part of compliance with applicable law. The total number of nationwide class members is 2,528, each of which will receive payment from the Monitoring Fund as follows:

The Monitoring Fund provides payment at four levels based on whether the Initial Settlement Class Member is a Phase I or Phase II NPDES Permittee, and whether the Initial Settlement Class Member contains a population of at least 100,000. Independent port districts are excluded from the population consideration and therefore included in levels above 100,000. Phase I Permittees are generally larger than Phase II Permittees. There are two hundred and seventy-three (273) Phase I Initial Settlement Class Members, and there are two thousand two hundred and fifty-five (2,255) Phase II Initial Settlement Class Members. Notwithstanding of any other payment made within the Allocation, Phase I Initial Settlement Class Members with populations greater than 100,000 and Phase I independent port districts each will receive thirty thousand dollars ($30,000); Phase I Initial Settlement Class Members with populations less than 100,000 each will receive twenty thousand dollars ($20,000); Phase II Initial Settlement Class Members with populations greater than 100,000 and Phase II independent port districts each will receive twenty-five thousand dollars ($25,000); Phase II Initial Settlement Class Members with populations less than 100,000 each will receive fifteen thousands dollars ($15,000).

(a) Phase I ≥ 100,000 pop. and Phase I independent port districts: 124 x $30,000 = $3,720,000

(b) Phase I < 100,000 pop.: 149 x $20,000 = $2,980,000

(c) Phase II ≥ 100,000 pop. and Phase II independent port districts: 237 x $25,000 = $5,925,000

(d) Phase II < 100,000 pop.: 2018 x $15,000 = $30,270,000

78. **TMDL Fund**:

(a) **TMDL Fund.** The TMDL Fund is allocated two hundred and fifty million dollars ($250,000,000) and includes only those Initial Settlement Class Members that are subject to and/or responsible for, as of June 24, 2020 only, but not later, a TMDL, TMDL Alternative, or TMDL Direct-to-Implementation regulation, promulgated

or updated after January 1, 2010, wherein PCB is a named constituent. There are two hundred and forty-two (242) TMDL Fund Entities, as of June 24, 2020 only, but not later, as listed in and attached hereto as Exhibit D. TMDL funds are intended to compensate Settlement Class Members for restitution and remediation including mitigation of contaminated property, stormwater, and/or stormwater systems, including compliance with a TMDL.

(b) **Allocation Algorithm.** The TMDL Funds of $250,000,000 are further allocated among all 242 TMDL Fund Entities using the following TMDL Allocation Calculation: for all TMDL Fund Entities, multiply (1) the total jurisdictional area within any HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body with a PCB TMDL, by (2) the USGS Geodatabase Imperviousness of such jurisdictional area (known as "Weighted Imperviousness"). Then, proportionally normalize[1] all Weighted Imperviousness values to calculate a weighted, relative percentage for each TMDL Fund Entity. Lastly, multiply (1) the weighted, relative percentage for each TMDL Fund Entity, by (2) the total fund less Population Factor Awards. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than one hundred thousand (100,000).

(c) **Large Population Factor.** To account for population as a factor in the equitable allocation of the TMDL Fund, each TMDL Fund Entity town, city, village, borough, or township with a population of more than 1 million, and each TMDL Fund Entity county with a population of more than 2 million, will receive a Population Factor Award of $2 million.

(d) **Maximum Allowance.** No TMDL Fund Entity shall recover more than seven million five hundred thousand dollars ($7,500,000) as an absolute maximum recovery under the TMDL Fund, regardless of whether a Population Factor Award would otherwise have provided for an amount greater than $7,500,000.

79. **Sediment Sites Fund**:

(a) **Sediment Sites Fund.** The Sediment Sites Fund is allocated $150,000,000 and includes those Initial Settlement Class Members that, as of June 24, 2020 only, but not later, are a Noticed Party or named Responsible Party in at least one of three types of regulated Sediment Sites wherein PCBs have contaminated sediments due to stormwater contribution. The three types of Sediments Sites include only the following: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and/or (3) Clean Water Act Category 4b Sites/Waters. Sediment Site funds are

[1] TMDL fund class member portion =

$$\left(\frac{\text{Class member's impervious TMDL land area}}{\Sigma\ \text{Impervious TMDL land areas of all TMDL fund class members}}\right) x\ (\text{Total TMDL fund} - \Sigma\ \text{population bonus})^*$$

*TMDL fund class member exceeding 3% of total TMDL fund will be capped at 3% of the total TMDL fund. These TMDL fund class members will be subtracted from the proportional calculation of the TMDL fund. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than 100,000.

intended to compensate Class Members for restitution and remediation, including mitigation of contaminated property, stormwater and/or stormwater systems, and including compliance with a regulatory process.

(b) **Qualifying Sediment Sites.** The following is the list of the nine (9) Sediment Sites wherein at least one Initial Settlement Class Member, as of June 24, 2020 only, but not later, is a Noticed Party or named Responsible Party due to stormwater contribution of PCBs: Diamond Alkali-Lower Passaic River (Newark, New Jersey); Newtown Creek (New York, New York); Gowanus Canal (New York, New York); Lower Duwamish Waterway (Seattle, Washington); Portland Harbor (Portland, Oregon); Commencement Bay, Near Shore/Tide Flats (Tacoma, Washington); Harbor Island (Lead) (Seattle, Washington); Pacific Sound Resources (Seattle, Washington); San Diego Bay (San Diego, California).

(c) **Qualifying Sediment Site Entities.** The following is the list of the twelve (12) Initial Settlement Class Members that, as of June 24, 2020 only but not later, are Noticed Parties or named Responsible Parties, due to stormwater contribution of PCBs, in at least one Sediment Site: City of Newark, New Jersey; City of New York, New York; City of Seattle, Washington; King County, Washington; Port of Seattle, Washington; City of Tukwila, Washington; City of Tacoma, Washington; Port of Tacoma, Washington; City of Portland, Oregon; Port of Portland, Oregon; City of San Diego, California; Port of San Diego, California.

(d) **Special Master Allocation.** The Sediment Fund will be further allocated among the twelve (12) Qualifying Sediment Site Entities pursuant to a court-appointed Special Master, who will equitably allocate Sediment Site funds, upon application, based on the totality and relativity of the following PCB-caused factors: past costs and expenses spent as of the date of the application for Sediment Site remediation; past costs and expenses spent as of the date of the application for other mitigation required due to the Sediment Site; documented and evidenced future costs and expenses that will be spent for Sediment Site remediation; documented and evidenced future costs and expenses that will be spent for mitigation required due to the Sediment Site; and any other important factors or information deemed relevant by the Special Master. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation.

Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard.

(e) **Sediment Sites Application.** The Sediment Sites Application is attached hereto as Exhibit F. To the extent a Qualifying Sediment Site Entity Opts Out of the Settlement Class, or a Qualifying Sediment Site Entity does not Opt Out but fails to submit an Application, the Special Master will rely on the Allocation Experts to determine, upon application completed by the Allocation Experts, the allocation amount that could have been otherwise allocated to the Qualifying Sediment Site Entity that did not submit an application. Settlement Class Members that do not return a completed application or that return a late application will forfeit the right to appeal as described in subsection (f) below, but will not forfeit the receipt of Reserve Funds, distributed pro-rata after all appeals are exhausted. Funds allocated to any non-Opt-Out Qualifying Sediment Entities shall be disbursed in accordance with this Agreement. Funds allocated to any non-Litigating Entity Qualifying Sediment Site Entity Opt-Outs shall be disbursed to all non-Opt-Out Qualifying Sediment Site Entities on a pro-rata basis as determined by the Special Master. Funds allocated to any Opt-Out Litigating Entity Qualifying Sediment Site Entity shall be refunded to Defendant.

(f) **Sediment Site Allocation Appeals and Reserve Funds.** The Special Master shall use the Sediment Sites Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master may, but is not required to, create an appeals process by utilizing a Sediment Sites Appeals Reserve Fund of up to ten percent (10%) of the $150,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be at the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Sediment Sites Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Sediment Site Settlement Class Members on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

80. **Special Needs Funds**:

(a) **Special Needs Funds.** The Special Needs Fund is allocated $107,105,000, and further allocated into two separate parts known as Special Needs Fund, Part A ($57,105,000), and Special Needs Fund, Part B ($50,000,000).

(b) **Special Needs Fund, Part A.** Special Needs Fund, Part A is allocated fifty seven million one hundred and five thousand ($57,105,000) to compensate and accommodate those Litigating Entities whose time, energy, effort, attorney work

product, costs, expenses, and risk of litigation helped to cause the entire Class Settlement, for the benefit of all 2,528 Initial Settlement Class Members.

(c) **Litigating Entities.** Special Needs Fund, Part A is available only to those Initial Settlement Class Members that are Litigating Entities. Litigating Entities are Initial Settlement Class Members that, as of June 24, 2020 only, but not later, (1) have filed tort, public nuisance, and/or product liability lawsuits against Defendants for PCB contamination of stormwater and sediment, and/or (2) that are Named Class Members. Litigating Entities include only the following fifteen (15) Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and Baltimore County.

(d) **Special Master Allocation.** Special Needs Fund, Part A, will be further allocated pursuant to a court-appointed Special Master, who will equitably and reasonably allocate Part A funds, upon application, based on the totality and relativity of the following factors: whether outside counsel was retained; whether a lawsuit was filed; how long the lawsuit was filed at the time of Preliminary Class Approval; the case posture and procedure of any lawsuit; the amount, time, energy, cost, and productivity during discovery with Defendants; the retention of experts; the development of expert testimony and reports; the preparation and presentation of experts for deposition; the litigation of significant motions, including but not limited to motions to dismiss, discovery motions, motions for summary judgment or adjudication, in limine motions, and other motions; and any other important factors or information deemed relevant by the Special Master as having a significant impact on, or catalyst for, this Settlement. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. The Claims Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard. The Special Master will give attention and consideration to any Litigating Entity that has incurred attorneys' fees to outside counsel, other than Lead or Co-Class Counsel. The Special Master will reasonably and equitably prioritize and reimburse any Litigating Entity that, through outside counsel other than Lead or Co-Class Counsel, incurred reasonable, documented out-of-pocket litigation costs.

(e) **Restrictions.** Litigating Entities, which as of October 2019, were under contract for representation by Lead or Co-Class Counsel shall not recover for outside counsel fees in the Special Needs Fund, Part A. Litigating Entities that retained

outside counsel, and that were not under contract for representation by Lead or Co-Class Counsel, may apply for and receive, subject to Special Master Allocation, an equitable and reasonable allocation for such outside counsel, including attorneys' fees and costs. Nothing herein shall prevent any Litigating Entity from applying for and receiving, subject to Special Master Allocation, an equitable allocation for in-house or general counsel fees, overhead, salaries, time, energy, costs, resources, and/or attention, including but not limited to city attorneys, county counsel, and/or general counsel.

(f) **Application and Forfeiture.** The Special Needs Fund, Part A Application is attached hereto as Exhibit G. The Special Master shall use the Special Needs Fund, Part A Application to inform, guide, and design an equitable allocation among all eligible applicants. Litigating Entities that do not timely return a completed application forfeit any right to Part A Funds.

(g) **Part A Appeals and Reserve Funds.** The Special Master may, but is not required to, create an appeals process by utilizing a Part A Appeals Reserve Fund of up to ten percent (10%) of the $57,105,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part A Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Litigating Entities on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(h) **Special Needs Fund, Part B.** Special Needs Fund, Part B, is allocated fifty million dollars ($50,000,000) and available to all Settlement Class Members who apply and make a showing, in the discretion of the Special Master, of a significant regional, state, or national benefit, cost, or contribution regarding 303(d) bodies of water impaired by PCBs through stormwater and/or dry weather runoff, and such benefit, cost, or contribution is not otherwise encompassed within any other part of this Allocation.

(i) **Special Master Allocation, Application, and Forfeiture.** The Special Needs Fund, Part B Application is attached hereto as Exhibit H. The Special Master shall use the Special Needs Fund, Part B Application to equitably allocate Part B Funds among only those who apply. Settlement Class Members who do not apply will receive no Part B Funds. Application does not guarantee that the Special Master will allocate Part B Funds to the applicant. Some Part B applicants may not receive any Part B Funds. The Special Master shall use the Special Needs Fund, Part B Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive

process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Federal Rule of Evidence section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Claims Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds.

(j) **Part B Appeals and Reserve Funds**. The Special Master may, but is not required to, create an appeals process by utilizing a Part B Appeals Reserve Fund of up to ten percent (10%) of the $50,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) *de novo* appeal from each eligible applicant, and any decisions, including regarding eligibility, will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part B Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Part B awarded applicants only on a pro-rata basis. Part B applicants who did not receive an award under either an initial application or an appeal will not receive any pro-rata distribution after all appeals are exhausted. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(k) **Part B Equitable Purpose.** The Special Master may, in his sole discretion, fairly and reasonably, and consistent with the intention and general structure of the terms of the Allocation, equitably balance monetary allocations to Settlement Class Members to the extent that any did not receive a proper and appropriate Allocation in accordance with the terms herein.

81. In the event that a State Attorney General or any other entity acting on behalf of a State or a State-controlled entity files a future action (on or after March 27, 2020) against Defendant related to PCBs for which one or more Settlement Class Members were or are compensated under this settlement, then Settlement Class Members, within that same state, that are permitted and discharge or release PCBs into the 303(d) body of water impaired by PCBs that is the subject of the newly filed suit, shall have only their future payments reduced by twenty percent (20%). The 20% reduction of future payments shall occur evenly across all remaining payments in the payment schedule. In the event an Attorney General files a PCB suit that attempts to address PCBs across the entire state, then all Class Members in that state will have their future payments reduced by

20%. This Settlement shall not preclude nor waive any defenses Defendant may have with respect to such subsequently-filed action. This section requires that future payments to each entity be determined and notice of same be provided to Defendant prior to submitting the Settlement for Final Approval.

V. NOTICE OF PROPOSED SETTLEMENT TO SETTLEMENT CLASS MEMBERS

82. Notice of the Settlement to Settlement Class Members shall be provided pursuant to orders of the Court.

83. The Parties agree that reasonable notice of this Agreement consistent with Due Process requirements of the United States Constitution shall be given to any and all Settlement Class Members. To effectuate such notice, Lead Class Counsel has agreed to engage the Class Action Settlement Administrator to advise them and administer the notice process. Although Lead Class Counsel will be responsible for ensuring the Notice process is effectuated, Defendant's Counsel will have continued involvement in the Notice process. The text of the notice and the mechanisms for distributing the notices shall be subject to the approval of the Court and shall be the responsibility of the Class Action Settlement Administrator.

Initial Settlement Class Members have been identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau. Initial Settlement Class Members are identified as:

> As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.

84. As part of the Notice Plan, the Class Action Settlement Administrator shall send the Direct Notices, substantially in the form attached hereto as Exhibit I, by U.S. Mail, to each member of the Settlement Class identified by the Parties through reasonable efforts as set forth above. All reasonable efforts will be made to notify each Class Member's in-house counsel or managing executive. Lead Class Counsel shall promptly provide this information to the Class Action Settlement Administrator who shall then mail Direct Notice within five days after the issuance of the Preliminary Approval Order, unless otherwise directed by the Court. The Class Action Settlement Administrator will promptly log each Direct Notice that is returned as undeliverable and shall provide copies of the log to Class Counsel and Defense Counsel. The Class Action Settlement Administrator shall take reasonable steps to re-mail all undeliverable Direct Notices to updated addresses provided by the National Change of Address Database maintained by the United States Post Office or by other means. In the event that any Direct Notice mailed to a Settlement Class Member is returned as undeliverable a second time, then no further mailing shall be required. Where the Class Action Settlment Adminstrator re-mails Direct Notice, the sixty (60) day

deadlines to request exclusion or object as set forth in Sections VI.A and B shall apply from the date of the initial mailing attempt that was returned as undeliverable.

85. The Direct Notice, substantially in the form attached as Exhibit I or in such other form as directed by the Court, shall advise Settlement Class Members of the following:

(a) General Terms: The Notice shall contain a plain and concise description of the nature of the Action; the fact of preliminary certification of the Settlement Class for settlement purposes; and the proposed Settlement itself, including a description of the Settlement Class Members, the benefits under the proposed Settlement, and what claims are released under the proposed Settlement.

(b) Requests for Exclusion: The Notice shall inform Settlement Class Members that they have the right to exclude themselves from (opt out of) the Settlement. The Notice shall provide the deadlines and procedures for exercising this right.

(c) Objections: The Notice shall inform Settlement Class Members of their right to object to the proposed Settlement and appear at the Final Approval Hearing. The Notice shall provide the deadlines and procedures for exercising these rights.

(d) The Notice shall inform Settlement Class Members about the amounts being sought by Class Counsel as Attorneys' Fees and Expenses.

86. The Class Action Settlement Administrator shall maintain records of all of its activities, including logs of all telephone calls received and all mailings, and shall maintain an electronic database reflecting the running tally of all calls received and number and types of materials mailed by it in connection with this Settlement.

87. Pursuant to the Class Action Fairness Act of 2005, 28 U.S.C. § 1715(b), Defendant's Counsel shall serve notice of the settlement via First Class Mail on the appropriate federal and state officials no later than ten (10) calendar days after the filing of this Settlement Agreement with the Court. A proposed form of CAFA notice, without the accompanying attachments, is attached as Exhibit J.

88. The Class Action Settlement Administrator shall be responsible for, without limitation: (a) printing, mailing or arranging for the mailing of the Direct Notices; (b) handling returned mail not delivered to Settlement Class Members; (c) attempting to obtain updated address information for any Direct Notices returned without a forwarding address; (d) making any additional mailings required under the terms of this Settlement Agreement; (e) receiving and maintaining on behalf of the Court any Settlement Class Member correspondence regarding requests for exclusion and/or objections to the Settlement; (f) forwarding written inquiries to Class Counsel or their designee for a response, if warranted; and (g) otherwise implementing and/or assisting with the dissemination of the Notice of the Settlement. The Class Action Settlement Administrator shall also be responsible for, without limitation, implementing the terms of the Claims Process and related administrative activities.

89. If the Class Action Settlement Administrator fails to perform adequately on behalf of Defendant or the Settlement Class, the Parties may agree to remove the Class Action Settlement

Administrator. If counsel cannot resolve the issue after a good faith attempt to do so, they will refer the matter to the Court for resolution.

90. The Class Action Settlement Administrator may retain one or more persons to assist in the completion of his or her responsibilities as reasonably necessary to fulfill the Class Action Settlement Administrator's duties herein.

91. Not later than twenty-one (21) days before the date of the Final Approval Hearing, the Class Action Settlement Administrator shall file with the Court a list of those persons who have opted out of or objected to the Settlement. The Class Action Settlement Administrator shall also file with the Court proof, by affidavit or declaration, of the aforesaid publications and mailings as well as the details outlining the scope, method and results of the notice program.

92. The Class Action Settlement Administrator and the Parties shall promptly after receipt provide copies of any requests for exclusion, objections and/or related correspondence to each other.

93. The cost of the above Notice shall be paid by Defendant.

VI. OBJECTIONS/REQUESTS FOR EXCLUSION/CANCELLATION

A. Requests for Exclusion

94. A Settlement Class Member may opt out of the Settlement Class. To exercise this exclusion right, the Settlement Class Member must send a written notification of the decision to request exclusion via certified or first class mail to the Class Action Settlement Administrator. The request for exclusion must bear the signature of the Settlement Class Member (even if represented by counsel), and the Settlement Class Member's current address and telephone number. If the Settlement Class Member has entered into a written or oral agreement to be represented by counsel, the request for exclusion shall also be signed by the attorney who represents the Settlement Class Member. Such requests must be postmarked or personally delivered on such schedule as the Court may direct. In seeking Preliminary Approval of this Agreement, the parties will request that the deadline for submission of requests for exclusion shall be set on a date no less than sixty (60) days after the Direct Notices are mailed. That deadline will be stated in the Direct Notice. Exclusions sent by any Settlement Class Member to incorrect locations shall not be valid. The Class Action Settlement Administrator shall forward within five (5) days copies of any written requests for exclusion to Lead Class Counsel and Defendant's Counsel. A list reflecting all requests for exclusion shall be filed with the Court by the Class Action Settlement Administrator no later than twenty-one (21) days before the Final Approval Hearing. If a potential Settlement Class Member files a request for exclusion, he or she may not file an objection under Paragraphs 98-101.

95. Any Settlement Class Member who has not timely and properly filed a written request for exclusion as provided in Paragraph 94 shall be bound by the Settlement and all subsequent proceedings, orders, and judgments, including, but not limited to, the Release and Final Approval Order. Any Settlement Class Member who elects to opt out of the Settlement Class pursuant to this Agreement shall not be entitled to relief under or affected by this Agreement.

96. Settlement Class Members who have elected to opt out of the Settlement Class may withdraw their opt out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to water bodies.

97. Lead Class Counsel shall have the right to contact persons who file exclusion requests and to challenge the timeliness and validity of any exclusion requests, as well as the right to effect the withdrawal of any exclusion filed in error and any exclusion request which a Settlement Class Member wishes to withdraw for purposes of participating in the Settlement as set forth in this Agreement. The Court shall determine whether any of the contested opt-outs are valid.

B. Objections

98. A Settlement Class Member may object to the Settlement. To exercise this objection right, the Settlement Class Member must provide written notice of the objection via certified or first class mail to the Court and the Class Action Settlement Administrator. The objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Settlement Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the objection, and whether or not the Settlement Class Member intends to appear at the Final Approval Hearing. If the Settlement Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Settlement Class Member and state whether the attorney representing the objector will appear at the Final Approval Hearing. Such objection must be postmarked or personally delivered on such schedule as the Court may direct. In seeking Preliminary Approval of this Agreement, the parties will request that the deadline for submission of notice of objections shall be set on a date no less than sixty (60) days after the Direct Notices are mailed. Objections sent by any Settlement Class Member to incorrect locations shall not be valid.

99. The Class Action Settlement Administrator shall forward any objection(s) to Class Counsel and Defendant's Counsel within five (5) days of receipt.

100. Any Settlement Class Member who fails to comply with the provisions of Paragraph 94-98 above shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. The exclusive means for any challenge to this Settlement shall be through the provisions of this Section VI.B. Without limiting the foregoing, any challenge to the Settlement or Final Approval Order shall be pursuant to appeal under the Federal Rules of Appellate Procedure and not through a collateral attack.

101. Any Settlement Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Settlement Agreement and the terms contained herein are approved, as long as the objecting Settlement Class Member complies with all requirements of this Settlement Agreement applicable to Settlement Class Members, including the timely submission of an Application and other requirements herein.

C. Cancellation

102. Before the Parties move the Court for Final Approval of the Settlement, Defendant has the option to withdraw from the settlement, if any Named Class Action Plaintiff listed in Paragraph 28 or more than two percent (2%) of the Settlement Class Members opt out of the Settlement. If any Party that has filed a lawsuit against Defendant as of the issuance of the Final Order approving the Class Action Settlement ("Litigating Plaintiff") opts out of the Settlement, then the total settlement amount to be paid by Defendant under Paragraph 73 will be reduced by each opting out Litigating Plaintiff's allocated share of the Settlement Funds.

VII. ATTORNEYS' FEES AND EXPENSES

103. In advance of the date set by the Court for Objections, Class Counsel agrees to request approval of an award of all Attorneys' Fees and Expenses in a total amount of $98,000,000. Defendant agrees to pay the Attorneys' Fees and Expenses awarded by the Court in an amount not to exceed $98,000,000, and will do so within thirty (30) days of the Effective Date. The amount of Attorneys' Fees and Expenses was negotiated after the substantive terms of the Settlement, including the benefits to Settlement Class Members. The attorneys' fee was the product of the mediation process. The Motion for Preliminary Approval and Direct Notice shall state that Class Counsel will seek an award of Attorneys' Fees and Expenses in an amount not to exceed $98,000,000. Lead Class Counsel will petition the Court for approval. Lead Class Counsel may attach a declaration of the Mediator, declarations of other experts, and additional supporting documentation.

104. If the request for an award of Attorneys' Fees and Expenses is finally approved by the Court and upheld on any appeal, then Defendant shall pay the amount ordered by the Court via electronic transfer to Lead Class Counsel within thirty (30) days after the Effective Date, provided that Lead Class Counsel has submitted appropriate routing information and payment information reasonably necessary for Defendant to process such transfer.

105. Lead Class Counsel shall distribute Attorneys' Fees and Expenses to Co-Class Counsel. Should a dispute arise regarding the distribution, the cost shall be borne by Class Counsel. Neither this Agreement nor the Class Benefit are condintioned on the award of any particular amount of Class Counsel Attorneys' Fees and/or Expenses. No Attorneys' Fees and/or Expenses will be paid from the Settlement Fund.

VIII. MUTUAL RELEASE

106. Upon entry of the Final Approval Order, Defendant and Released Persons will have released any and all claims arising from PCB contamination that they have alleged or could allege against any Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons. Upon entry of the Final Approval Order, the Releasing Persons will have released the Released Persons from the Released Claims. Additionally, Defendant is entitled to protection from contribution and/or indemnity claims or actions asserted against Defendant by any person or persons who are not parties to this Settlement Agreement for all Released Claims and all matters alleged in the Action or the Underlying Actions. Nothing in this section shall create a duty on the part of Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons to defend and/or indemnify

Defendant or Released Persons in any contribution and/or indemnity claim. All Releases provided herein shall be mutual between Plaintiffs, Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand.

107. Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or derivative claims made by any third party for or as against Settlement Funds and/or the consideration that is the subject to this Agreement, to the extent allocated to each Settlement Class Member. Each Settlement Class Members further agree to defend, indemnify, and hold harmless Defendant against any claim, demand, action, cost, expense, attorneys' fee, loss, judgment, or liability it may be subjected to by any person or entity who may claim through the Settlement, for the portion of the Settlement allocated to each Settlement Class Member, in a derivative manner against Defendant, including without limitation, any insurers, agents, representatives, successors, predecessors, assigns, and attorneys, bankruptcy trustees, and any and all other persons, firms, corporations, associations, and other legal entities who may claim through them in a derivative manner.

108. If any Settlement Class Member brings an action or asserts a claim against Defendant contrary to the terms of the Settlement Agreement, Defendant shall provide Lead Class Counsel with a copy of the Settlement Class Member's complaint. Lead Class Counsel agrees to contact counsel of record for the Settlement Class Member and advise him or her of the Settlement Agreement.

IX. MISCELLANEOUS PROVISIONS

A. For Settlement Purposes Only/No Admissions

109. The Settlement Agreement is for settlement purposes only, and neither the fact of, nor any provision contained in, this Agreement or its Exhibits, nor any action taken hereunder shall constitute, be construed as, or be admissible in evidence as an admission of: (a) the validity of any claim or allegation by Plaintiffs, or of any defense asserted by Defendant in the Action; (b) the propriety of class certification or proceeding in whole or in part on a classwide basis for purposes of litigation and/or trial in this Action or any future action against one or more Defendant or any Released Party; or (3) any wrongdoing, fault, violation of law, or liability if any kind on the part of any Defendant or Released Party.

110. In the event that this Agreement does not become effective for any reason, this Agreement shall become null and void and of no further force and effect. In such instance, this Agreement and any negotiations, statements, communications, proceedings, and pleadings relating thereto, and the fact that the Parties agreed to the Agreement, shall be without prejudice to the rights of Plaintiffs or Defendant or any Settlement Class Member, shall not be used for any purpose whatsoever in any subsequent proceeding in this action or in any other action in any court or tribunal, and shall not be construed as an admission or concession by any party of any fact, matter, or allegation. In the event that this Agreement does not become effective, Plaintiffs, Defendant, and the Settlement Class Members shall be restored without prejudice to their respective positions as if the Agreement, any application for its approval by the Court, and the proposed amended complaint in the *City of Long Beach* action had not been made, submitted, or filed. Notwithstanding the foregoing, in the event that the Court should refuse to approve any material

part of this Agreement or the Exhibits thereto or if, on appeal, an appellate court fails to affirm the judgment entered pursuant to this Agreement, then the Parties may (but are not obligated to) agree in writing to amend this Agreement and proceed with the Settlement as so amended. Neither any award to a Named Class Plaintiff in an amount less than that sought, nor an award of attorneys' fees, costs, and disbursement to Class Counsel in an amount less than that requested by Class Counsel, nor a reversal on appeal of any such award shall be deemed to be a modification of a material part of this Agreement that causes the Agreement to become null and void pursuant to this section.

B. Alternative Dispute Resolution

111. So that the Settling Parties do not have to return to court, if any disputes arise out of finalization of the settlement documentation or out of the Settlement itself, said disputes are to be resolved by the Mediator first by way of mediation. If for any reason the Mediator is unavailable or has a conflict, the Settling Parties will agree on a substitute neutral so that this clause may be enforced without returning to Court. If the Settling Parties cannot agree upon a substitute neutral, they will jointly petition either the Mediator or the Court to select a neutral for them to enforce this clause.

112. If the Parties cannot resolve disputes via mediation, the Court will retain jurisdiction to enforce the terms of this Agreement and will be the ultimate arbiter of any disagreements.

113. Nothing in this provision is intended to prevent the Court from exercising its authority to inquire about the bases for settlement, settlement terms, the implementation of the settlement, or the information provided to the Court in connection with preliminary or final approval of the Settlement.

C. Exclusive Remedy; Dismissal of Actions; Continuing Jurisdiction of the Court

114. Each and every Settlement Class Member who has not requested exclusion pursuant to this Agreement submits to the jurisdiction of the Court and will be bound by the terms of this Settlement (including, without limitation, any and all releases).

115. This Agreement shall be the sole and exclusive remedy for any and all Released Claims, and upon entry of the Final Judgment by the Court, each Settlement Class Member who has not opted out of the Class shall be barred from initiating, asserting, or prosecuting any such Released Claims against Defendant.

116. Upon the entry of the Final Approval Order, this Action will be dismissed with prejudice.

117. No later than ten (10) days following the Effective Date, the Parties shall file a joint stipulation of voluntary dismissal with prejudice and without costs under Fed. R. Civ. P. 41 in each of the related Actions.

D. Best Efforts

118. The Parties, Lead Class Counsel, Co-Class Counsel, and Defendant's Counsel agree to use their best efforts to obtain Court approval of this Settlement, and agree to support all terms of the

Settlement Agreement in documents filed with the Court. They further agree to execute all such additional documents as shall be reasonably necessary to carry out the provisions of this Agreement.

E. Administrative Costs

119. Except as provided in Sections V (Notice) and VII (Attorneys' Fees and Expenses), each of the Named Class Plaintiffs and the Defendant shall be solely responsible for his, her, or its own costs and expenses.

F. Taxes

120. Plaintiffs, Settlement Class Members, Lead Class Counsel, and Co-Class Counsel shall be responsible for paying any and all federal, state, and local taxes due on any payments made to them pursuant to the Settlement Agreement.

G. Public Statements

121. Lead Class Counsel, Co-Class Counsel, and Defendant's Counsel shall not disparage the terms of this Settlement Agreement.

H. Complete Agreement

122. This Settlement Agreement and its Exhibits represent the complete agreement as to each and every term agreed to by and among Named Class Plaintiffs, the Settlement Class Members, and Defendant. The Settlement contemplated by this Agreement is not subject to any condition not expressly provided for herein, and there exist no collateral or oral agreements relating to the subject matter of the Agreement. In entering into this Settlement Agreement, no Party has made or relied on any warranty, promise, inducement or representation not specifically set forth herein. Any agreement purporting to change or modify the terms of this Agreement or the Exhibits hereto must be in writing, signed by Lead Class Counsel and Defendant's Counsel. The Parties agree that California law applies to the interpretation of this Agreement.

123. All the Exhibits attached hereto or referred to herein are incorporated as if fully set forth in the body of the Agreement.

I. Headings for Convenience Only

124. The headings in this Settlement Agreement are for the convenience of the reader only and shall not affect the meaning or interpretation of this Settlement Agreement.

J. No Party Is the Drafter

125. None of the Parties shall be considered to be the primary drafter of this Settlement Agreement or any provision hereof for the purpose of any rule of interpretation or construction that might cause any provision to be construed against the drafter.

K. Binding Effect

126. This Settlement Agreement shall be binding according to its terms upon, and inure to the benefit of Named Class Plaintiffs, Settlement Class Members, and Defendant, and their respective agents, successors, and assigns.

L. Authorization to Enter Settlement Agreement

127. Lead Class Counsel represents that they are fully authorized to conduct settlement negotiations with counsel for Defendant on behalf of Named Class Plaintiffs and the Settlement Class Members, and to enter into, and to execute, this Settlement Agreement on behalf of Named Class Plaintiffs and the Settlement Class Members, subject to Court approval pursuant to Federal Rule of Civil Procedure 23(e).

128. Defendant represents and warrants that: (a) it has all requisite corporate power and authority to execute, deliver and perform this Agreement and to consummate the transactions contemplated hereby; (b) the execution, delivery, and performance of this Agreement have been duly authorized by all necessary corporate action on the part of Defendant; (c) its signatories to the Agreement have full authority to sign on behalf of and to bind Defendant to its terms; and (d) this Agreement has been duly and validly executed and delivered by Defendant and constitutes its legal, valid and binding obligations.

129. Lead Class Counsel and Defendant's Counsel counsel represent that they have been fully authorized to execute this Agreement on behalf of their respective clients.

M. Execution in Counterparts

130. This Settlement Agreement may be executed in counterparts, and the execution of counterparts shall have the same effect as if all Parties had signed the same instrument. Facsimile signatures shall be considered as valid signatures as of the date signed, although the original signature dates shall thereafter be appended to the Settlement Agreement. This Settlement Agreement shall not be deemed executed until signed by Lead Class Counsel and Defendant's Counsel.

N. California Civil Code § 1542

131. The Parties have read, understood, and consulted with their attorneys and have been fully advised by them as to the contents and meaning of Section 1542 of the Civil Code of California, which provides that:

> A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor.
>
> The Parties shall be deemed to have knowingly and voluntarily waived and relinquished all rights and benefits afforded by California Civil Code Section 1542, and by any comparable

> statutory provision or common law rule that provides, in sum or substance, that a general release does not extend to claims which the party does not know or suspect to exist in its favor at the time of executing the release, which if known by it must have materially affected the settlement. The Parties hereby agree and acknowledge that this waiver is an essential term of this Settlement Agreement without which the consideration given herein by Defendant would not have been given.

IN WITNESS THEREOF, the Parties have executed this Settlement Agreement as of the dates set forth below.

Sediment Sites Fund- Allocation Application

Class Member: _____

Class Member Contact Information:

Contact Person: _____ Phone Number: _____

Email Address: _____

Qualifying Sediment Site Entity (must be one of 12 Qualifying Sediment Site Entities; only one qualifying Sediment Site per Application):

_____

Please provide an initial summary description of the Class Member's role, involvement, or responsibility in the qualifying Sediment Site, focusing on the regulatory or legal responsibility, and the costs or expenses related to and caused by PCB contamination, specific to the Class Member. The Class Member may continue this summary by attaching no more than two (2) pages typed, 14-point font, entitled "Sediment Sites Fund—Initial Summary Description."

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

Please provide known total amounts in dollars for the following categories of damages (undocumented totals will be considered speculative or inapplicable):

Total past costs/expenses spent for PCB-caused remediation of the Sediment Site:

$_____

Total past costs/expenses spent for PCB-caused mitigation required due to the Sediment Site:

$_____

Total future costs/expenses, as documented and evidenced, for PCB-caused remediation of the Sediment Site:

$_____

Total future costs/expenses, as documented and evidenced, for PCB-caused mitigation due to the Sediment Site:

$_____

Please provide a summary description of any other important factors or information that may be relevant to the Special Master's allocation, focusing on the regulatory or legal responsibility, and the costs or expenses related to and caused by PCB contamination, specific to the Class Member. The Class Member may continue this summary by attaching no more than two (2) pages typed, 14-point font entitled "Sediment Sites Fund—Other Important Factors and Information."

_____
_____
_____
_____
_____
_____
_____

Please provide a summary description of other relevant named Responsible Parties, and what impact, if any, those other relevant named Responsible Parties will have on the information provided above, including cost-sharing or cost reduction for the Class Member. Please continue this summary by attaching no more than two (2) page typed, 14-point font entitled "Sediment Sites Fund—Other Responsible Parties."

_____

Please provide a total Sediment Site Fund award requested by the Class Member:

$_____

Please attach no more than 25 pages of supporting documentation and evidence of your summary description, past and future costs and expenses, and other important factors and information that may be relevant to the Special Master's allocation. Only the first 25 pages submitted will be considered by the Special Master.

I hereby declare under penalty of perjury under the laws of the state of _____ that the information within this application and its attachments are true and correct to the best of my knowledge. Executed this ___ day of _____ at _____(County), _____ (State).

Signed: _____

(Must be signed by the Contact Person named above)

Application Instructions and Information:

Please fill out this Sediment Sites Allocation Application to the best of your knowledge and the knowledge of the qualifying Class Member. Please return your completed application to [INSERT EMAIL] no later than [INSERT DATE]. Late applications will not be considered by the Special Master. Qualifying Class Members that do not return a completed application or that return a late application will receive an allocation by the Special Master based on the good faith, best efforts of the Allocation Experts to complete an application for the qualifying class member. Qualifying Class Members that do not return a completed application or that return a late application will forfeit the right to the one (1) appeal to the Special Master but will not forfeit the receipt of Reserve Funds distributed pro-rata after all Appeals are exhausted and decided by the Special Master.

For any questions about this application or process, you may contact Lead Class Counsel Scott Summy, John Fiske, or Carla Burke of Baron & Budd, P.C., at PCBClassAction@BaronBudd.com; the Special Master at [INSERT EMAIL]; or the Allocation Experts at [INSERT EMAIL].

Part A- Litigating Entities- Special Needs Fund- Allocation Application

Litigating Entity: _____

Litigating Entity Contact Information:

Contact Person: _____ Phone Number: _____

Email Address: _____

Did the Litigating Entity file a lawsuit? If yes, what date?

_____

Did the Litigating Entity obtain a successful order on a motion to dismiss?

_____

Did the Litigating Entity serve a Rule 26(f) Initial Disclosure on Defendants?

_____

Did the Litigating Entity participate in other discovery such as written discovery, document production, and public records act requests? If yes, please describe the extent of such discovery including number of interrogatories propounded and responded to, the number of documents produced, and the number of documents provided pursuant to a public records act request.

_____
_____
_____
_____
_____
_____
_____
_____
_____
_____

Did the Litigating Entity participate in other discovery such as site visits, depositions of public entity personnel, depositions of retained expert witnesses, preparation of expert witness reports, exchange of expert witness reports, or other discovery efforts such as discovery motions? If yes, please describe the extent of such discovery including number of site visits, depositions, reports, or other efforts such as discovery motions.

Did the Litigating Entity participate in a motion for summary judgment, motion in limine, *Daubert* motion, or other significant pre-trial motion? If yes, please describe the extent of such motion practice.

Is the Litigating Entity a Named Class Action Representative? If yes, was the Litigating Entity involved in the negotiation of the Class Action Settlement?

Did the Litigating Entity oppose and/or litigate a counterclaim or cross-claim filed against it by Defendants?

_____

_____

_____

_____

Please describe the Litigating Entities' in-house efforts and costs, including but not limited to the number of lawyers actively involved in the litigation, the number of non-lawyer public entity personnel actively involved in the litigation, costs absorbed by the public entity (rather than initially advanced by outside counsel), if any, and any other information regarding in-house efforts and costs.

_____

_____

_____

_____

_____

_____

_____

_____

_____

_____

Please provide a total Part A award requested by the Litigating Entity:

$_____

Please attach no more than 25 pages of supporting documentation and evidence that may be relevant to the Special Master's allocation. Only the first 25 pages submitted will be considered by the Special Master.

I hereby declare under penalty of perjury under the laws of the state of _____ that the information within this application and its attachments are true and correct to the best of my knowledge. Executed this ___ day of _____ at _____(County), _____ (State).

Please describe the Class Member's additional cost or expense, which is not covered by the Monitoring Fund, TMDL Fund, Sediment Fund, or Special Needs Part A Fund, resulting from PCB contamination related to stormwater. The Class Member may continue this summary by attaching no more than two (2) pages typed, 14-point font, entitled "Part B- Significant Cost."

Please provide a total Special Needs Part B award requested by the Class Member:

$_____

Please attach no more than twenty-five (25) pages of supporting documentation and evidence that may be relevant to the Special Master's allocation. Only the first 25 pages submitted will be considered by the Special Master.

I hereby declare under penalty of perjury under the laws of the state of _____ that the information within this application and its attachments are true and correct to the best of my knowledge. Executed this ___ day of _____ at _____(County), _____ (State).

Signed: _____

(Must be signed by the Contact Person named above)

Application Instructions and Information:

Please fill out this Litigating Entities Part B Special Needs Fund Allocation Application to the best of your knowledge and the knowledge of the Class Member. Please return your completed application to [INSERT EMAIL] no later than [INSERT DATE]. Late applications will not be considered by the Special Master. Class Members that do not timely return a completed application forfeit any right to Part B funds.

For any questions about this application or process, you may contact Lead Class Counsel Scott Summy, John Fiske, or Carla Burke of Baron & Budd, P.C., at PCBClassAction@BaronBudd.com; the Special Master at [INSERT EMAIL]; or the Allocation Experts at [INSERT EMAIL].

Exhibit I

**UNITED STATES DISTRICT COURT
FOR THE CENTRAL DISTRICT OF
CALIFORNIA WESTERN DIVISION**

Case No.: 2:16-cv-03493-FMO-AS

NOTICE OF PENDENCY OF CLASS-ACTION PROPOSED SETTLEMENT AND COURT-APPROVAL HEARING

TO: As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.

THIS IS A COURT-APPROVED NOTICE. PLEASE READ THIS NOTICE CAREFULLY, AS THE PROPOSED SETTLEMENT DESCRIBED BELOW MAY AFFECT YOUR LEGAL RIGHTS AND PROVIDE YOU POTENTIAL BENEFITS. THIS IS *NOT* A NOTICE OF A LAWSUIT AGAINST YOU OR A SOLICITATION FROM A LAWYER.

I. WHAT IS THE PURPOSE OF THIS NOTICE?

The purpose of this Notice is (i) to advise you of a proposed settlement (referred to as the "Settlement") of the above-captioned consolidated lawsuits (the "Action") pending against Monsanto Company, Solutia Inc., and Pharmacia LLC (the former Monsanto Company), (collectively, "Defendant" or “Monsanto”) in the United States District Court for the Central District of California (the "Court"); (ii) to summarize your rights in connection with the Settlement; and (iii) to inform you of a Court hearing to consider whether to grant final approval of the Settlement, to be held on [DATE/TIME] before the Honorable Fernando M. Olguin, United States District Judge of the United

States District Court for the Central District of California, located at 350 W. First St., Los Angeles, California 90012.

II. WHAT IS THE ACTION ABOUT?

Plaintiffs City of Long Beach, Mayor and City Council of Baltimore, , City of Berkeley, City of Chula Vista, County of Los Angeles, City of Oakland, City of Portland, Port of Portland, City of San Diego, City of San Jose, and City of Spokane filed lawsuits against Defendant in district courts in their respective jurisdictions. In their complaints, Plaintiffs asserted that Defendant manufactured a class of industrial chemicals called polychlorinated biphenyls ("PCBs") between the 1930s and 1977 and stated various causes of action against Defendant for alleged PCB-related impairments to the environment, including to water bodies. Plaintiffs alleged that PCBs are present at sites and public properties, including in stormwater, stormwater and wastewater systems, water bodies, sediment, natural resources, fish and wildlife. Plaintiffs sought compensatory damages and injunctive and equitable relief.

On _____, the Court entered an order certifying the Action as a class action, and specifically certifying a Nationwide Class defined as: **As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs**. The claims certified for class-action treatment include claims that Defendant's PCBs and PCB-containing products were defectively designed, that the risks of environmental harm associated with PCBs and PCB-containing products outweighed the benefits of their uses, that Defendant failed to warn of the risks of harm associated with PCBs and PCB-containing products, and that Plaintiffs and the Settlement Class Members suffered property damage as a result of PCB contamination.

Defendant denies that class certification was or remains appropriate (except for purposes of the proposed settlement), denies that its PCBs and PCB-containing products were defectively designed, denies that the risks of

environmental harm associated with PCBs and PCB-containing products outweigh their benefits, denies that it acted unlawfully, and asserts various legal and factual defenses against Plaintiffs' claims.

The parties reached a settlement before the Court resolved the claims and defenses of the parties in the Action. Therefore, the Court never resolved whether Defendants did anything wrong.

This Notice should not be understood as an expression of any opinion by the Court as to the merits of the Plaintiffs' claims or Defendant's defenses. Plaintiffs and Defendant recognize that to resolve these and other important issues would be time-consuming, uncertain, and expensive, which is part of the reason for the Settlement.

III. WHO IS PART OF THE PROPOSED SETTLEMENT?

Plaintiffs and Defendant have entered into an agreement to settle the Action (the "Settlement Agreement"). The Court has preliminarily approved the Settlement Agreement as fair, reasonable, and adequate. The Court will hold the final Court Approval Hearing, as described below, to consider whether to make the settlement final.

You are a Class Member if you are:

- **As of June 24, 2020 only, but not later, a NPDES Phase I or II city, town, village, borough, township, or independent port district MS4 permittee with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs;**

OR

- **As of June 24, 2020 only, but not later, a NPDES Phase I or II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs.**

If you received this Notice about the proposed settlement in the mail,

then you have been identified as an Initial Settlement Class Member according to the parties' records.

Initial Settlement Class Members have been identified in accordance with the Class Definition using three publicly maintained and available databases, as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau.

IV. WHAT ARE THE KEY TERMS OF THE PROPOSED SETTLEMENT?

The key terms of the proposed Settlement are as follows.

1. ***Settlement Amount.*** Defendant has agreed to pay five hundred and fifty million dollars ($550,000,000) as the total and maximum dollar amount Defendant will be obligated to pay if the Court grants final approval and all other contingencies are met. This amount includes all payments (i) to Settlement Class Members in exchange for the Release (as described below), and (ii) to the Plaintiffs as class-representative awards (as described below). The Settlement Amount does not include the amount to be paid to Plaintiffs' attorneys for attorneys' fees and expenses actually incurred in the Action (as described below). The Settlement Amount also does not include the reasonable costs and expenses incurred in (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. Defendant will pay for the costs of the notice process and the costs necessary to process claims and administer the Settlement Agreement. The costs and expenses for implementing the Allocation by the Special Master will be split equally between the Parties; however, Defendant's share of costs and expenses shall not exceed $100,000. Any additional costs and expenses for implementing the Allocation shall be paid from Class Counsel's Attorneys' Fees and Expenses. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

2. ***Settlement Benefit.*** Each Settlement Class Member who has not excluded itself from the Class will be eligible to receive a settlement check(s) from the Class Action Settlement Administrator based on the Settlement Class Allocation method developed by Lead Class Counsel, the Special Master, and

the Named Class Plaintiffs' consulting experts, which has been approved by the Court as fair and reasonable.

The Settlement Amount will be allocated among four separate funds for Class Members. **You may be eligible to receive a payment from one or more of these funds. You are required to apply to receive payment from certain funds.**

(a) Monitoring Fund. The Monitoring Fund will include $42,895,000. **Every Settlement Class Member will receive a minimum payment from the Monitoring Fund as consideration for a Release.** The funds are intended to pay for PCB sampling and/or any other mitigation efforts in the Settlement Class Member's sole discretion, as part of compliance with applicable law.

The amount of Monitoring Fund payments are based on each Settlement Class Member's NDPES Permittee status as Phase I or Phase II and each Settlement Class Member's population as follows:

(1) Phase I ≥ 100,000 pop. and Phase I independent port districts each receive $30,000

(2) Phase I < 100,000 pop. each receive $20,000

(3) Phase II ≥ 100,000 pop. and Phase II independent port districts each receive $25,000

(4) Phase II < 100,000 pop. each receive $15,000

(b) TMDL Fund. The TMDL Fund will include $250,000,000. **Not every Settlement Class Member is eligible to receive payment from the TMDL Fund.** A Settlement Class Member will receive a payment from the TMDL Fund if the Settlement Class Member is subject to and/or responsible for a TMDL, TMDL Alternative, or TMDL Direct-to-Implementation regulation, promulgated or updated after January 1, 2010, wherein PCB is a named constituent.

The amount of TMDL Fund payments are determined by the following TMDL Allocation Calculation: for all TMDL Fund Entities, multiply (1) the total jurisdictional area within any HUC-12 Watershed that contains a 303(d) water body with a PCB TMDL, by (2) the USGS Geodatabase Imperviousness of such jurisdictional area (known as "Weighted Imperviousness"). Then, proportionally normalize all Weighted Imperviousness values to calculate a weighted, relative percentage for each TMDL Fund Entity. Lastly, multiply (1)

the weighted, relative percentage for each TMDL Fund Entity, by (2) the total fund less Population Factor Awards. A 0.7 multiplier is applied to any TMDL Fund Entity with a population of less than one hundred thousand (100,000). To account for large populations as a factor in the equitable allocation of the TMDL Fund, each TMDL Fund Entity town, city, village, borough, or township with a population of more than 1 million, and each TMDL Fund Entity county with a population of more than 2 million, will receive a Population Factor Award of $2 million. No Settlement Class Member will recover more than seven million five hundred thousand dollars ($7,500,000) under the TMDL Fund, regardless of whether a Population Factor Award would otherwise have provided for an amount greater than $7,500,000.

(c) Sediment Sites Fund. The Sediment Sites Fund will receive $150,000,000. **Not every Settlement Class Member is eligible to receive payment from the Sediment Sites Fund.** A Settlement Class Member will receive a payment from the Sediment Sites Fund if the Settlement Class Member is a Noticed Party/Potentially Responsible Party or named Responsible Party in at least one of three types of regulated Sediment Sites wherein PCBs have contaminated sediments due to stormwater contribution. The three types of Sediments Sites include only the following: (1) U.S. EPA Superfund Sites, (2) U.S. EPA Large Sediment Sites, and/or (3) Clean Water Act Category 4b Sites/Waters. The following is a list of Sediment Sites wherein at least one Initial Settlement Class Member is a Noticed Party/ Potentially Responsible Party or named Responsible Party due to stormwater contribution of PCBs: Diamond Alkali- Lower Passaic River (Newark, New Jersey); Newtown Creek (New York, New York); Gowanus Canal (New York, New York); Lower Duwamish Waterway (Seattle, Washington); Portland Harbor (Portland, Oregon); Commencement Bay, Near Shore/Tide Flats (Tacoma, Washington); Harbor Island (Lead) (Seattle, Washington); Pacific Sound Resources (Seattle, Washington); San Diego Bay (San Diego, California). Class Members who are eligible for Sediment Sites Fund payments are "Qualifying Sediment Site Entities." The following is the list of the twelve (12) Initial Settlement Class Members that are Noticed Parties/Potentially Responsible Parties or named Responsible Parties, due to stormwater contribution of PCBs, in at least one Sediment Site: City of Newark, New Jersey; City of New York, New York; City of Seattle, Washington; King County, Washington; Port of Seattle, Washington; City of Tukwila, Washington; City of Tacoma, Washington; Port of Tacoma,

Washington; City of Portland, Oregon; Port of Portland, Oregon; City of San Diego, California; Port of San Diego, California.

The amount of Sediment Sites Fund payments will be determined by the court-appointed Special Master. The Special Master shall use the Sediment Sites Application to inform, guide, and design an equitable allocation among all eligible applicants based on the totality and relativity of the following PCB-caused factors: past costs and expenses spent as of the date of the application for Sediment Site remediation; past costs and expenses spent as of the date of the application for other mitigation required due to the Sediment Site; documented and evidenced future costs and expenses that will be spent for Sediment Site remediation; documented and evidenced future costs and expenses that will be spent for mitigation required due to the Sediment Site; and any other important factors or information deemed relevant by the Special Master. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential.

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

If a Qualifying Sediment Site Entity fails to provide a Sediment Sites Application, the Special Master will rely on the Allocation Experts to determine, upon application completed by the Allocation Experts, the allocation amount that could have been otherwise allocated to the Qualifying Sediment Site Entity that did not submit an application.

The Special Master may, but is not required to, create an appeals process by utilizing a Sediment Sites Appeals Reserve Fund of up to ten percent (10%) of the $150,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions will be at the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Sediment Sites

Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Sediment Site Settlement Class Members on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

(d) Special Needs Fund**.** The Special Needs Fund will receive $107,105,000, further allocated into two separate parts known as Special Needs Fund, Part A and Special Needs Fund, Part B. Settlement **Class Members must apply to receive payment from these funds. Not every Settlement Class Member is eligible to receive payment from the Special Needs Funds.**

1. ***Special Needs Fund, Part A*****.** Special Needs Fund, Part A is allocated $57,105,000. Not every Settlement Class Member is eligible for a payment from Special Needs Fund, Part A, which is intended to compensate and accommodate those Litigating Entities whose time, energy, effort, attorney work product, costs, expenses, and risk of litigation helped to cause the entire Class Settlement, for the benefit of all 2,528 Initial Settlement Class Members.

Payment from Special Needs Fund, Part A is available only to those Initial Settlement Class Members that are "Litigating Entities" --- i.e., Class Members that (1) have filed tort, public nuisance, and/or product liability lawsuits against Defendant for PCB contamination of stormwater and sediment, and/or (2) that are Named Class Members --- who submit Special Needs Fund, Part A Applications. Litigating Entities include only the following fifteen (15) Initial Settlement Class Members: City of Chula Vista, City of San Diego, Unified Port District of San Diego, City of Long Beach, County of Los Angeles, City of San Jose, City of Berkeley, City of Oakland, City of Portland, Port of Portland, City of Seattle, City of Tacoma, City of Spokane, City of Baltimore, and County of Baltimore.

The Special Master will equitably and reasonably allocate Part A funds, upon application, based on the totality and relativity of the following factors: whether outside counsel was retained; whether a lawsuit was filed; how long the lawsuit was filed at the time of Preliminary Class Approval; the case posture and procedure of any lawsuit; the amount, time, energy, cost, and productivity during discovery with Defendants the retention of experts; the development of expert testimony and reports; the preparation and presentation

of experts for deposition; the litigation of significant motions, including but not limited to motions to dismiss, discovery motions, motions for summary judgment or adjudication, in limine motions, and other motions; and any other important factors or information deemed relevant by the Special Master as having a significant impact on, or catalyst for, this Settlement. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Evidence Code section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. The Claims Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. The standard for any judicial oversight or review, if any, of the Special Master will be an "abuse of discretion" standard. The Special Master will give attention and consideration to any Litigating Entity that has incurred attorneys' fees to outside counsel, other than Lead or Co-Class Counsel. The Special Master will reasonably and equitably prioritize and reimburse any Litigating Entity that, through outside counsel other than Lead or Co-Class Counsel, incurred reasonable, documented out-of-pocket litigation costs. Litigating Entities that retained outside counsel, and that were not under contract for representation by Lead or Co-Class Counsel, may apply for and receive, subject to Special Master Allocation, an equitable and reasonable allocation for such outside counsel, including attorneys' fees and costs. Nothing herein shall prevent any Litigating Entity from applying for and receiving, subject to Special Master Allocation, an equitable allocation for in-house or general counsel fees, overhead, salaries, time, energy, costs, resources, and/or attention, including but not limited to city attorneys, county counsel, and/or general counsel.

Not every Settlement Class Member who submits a Special Needs Fund, Part A Application will receive payment from this Fund. Certain Settlement Class Members are not eligible to receive payment, or payment for certain categories, from the Special Needs Fund, Part A:

- Settlement Class Members that are not Litigating Entities shall not recover from the Special Needs Fund, Part A.
- Litigating Entities, which as of October 2019, were under contract for

representation by Lead or Co-Class Counsel shall not recover for outside counsel fees or costs in the Special Needs Fund, Part A.

- Litigating Entities that do not timely return a completed application will not receive any payment from the Special Needs Fund, Part A.

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

The Special Master may, but is not required to, create an appeals process by utilizing a Part A Appeals Reserve Fund of up to ten percent (10%) of the $57,105,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part A Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Litigating Entities on a pro-rata basis. All final decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

2. ***Special Needs Fund, Part B.*** Special Needs Fund, Part B, is allocated $50,000,000. Not every Settlement Class Member is eligible for a payment from Special Needs Fund, Part B, which is intended to compensate those Settlement Class Members who apply and make a showing, in the discretion of the Special Master, of a significant regional, state, or national benefit, cost, or contribution regarding 303(d) bodies of water impaired by PCBs through stormwater and/or dry weather runoff, and such benefit, cost, or contribution is not otherwise encompassed within any other part of this Allocation.

The Special Master will equitably and reasonably allocate Part B funds among only those Settlement Class Members who apply for funds. Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds. Application does not guarantee that the Special Master will allocate Part B Funds to the applicant. **Some Part B applicants may not receive any Part B Funds.** The Special Master shall use the Special Needs

Fund, Part B Application to inform, guide, and design an equitable allocation among all eligible applicants. The Special Master will rely solely on the application and documents submitted and will not include oral advocacy, presentation, interview, or interactive process. All applications and documents submitted to the Special Master for the Allocation will be and will remain confidential, and subject to Evidence Code section 408 and state law equivalent code sections, to this Settlement Allocation process and shall not be disclosed or shared beyond the review of the following: the Special Master, the Allocation Experts, Lead Class Counsel, the Class Action Settlement Administrator, and the Court. At the discretion of the Special Master, Defendant may have access to the information for business purposes only, such as insurance or other business needs, provided however that such materials are maintained by Defendant as confidential to the extent legally allowable. The Class Action Settlement Administrator shall also provide Monsanto with a quarterly accounting of the Settlement Funds and any distributions made as part of the Allocation. Documents related to the Portland Harbor Superfund Site shall remain confidential in any event during the pendency of the Portland Harbor Superfund Site action. **Settlement Class Members that do not timely return a completed application forfeit any right to Part B Funds.**

Applications must be submitted by [DATE]. Applications may be submitted electronically to www.PCBClassAction.com, Attn: Judge Jay Gandhi.

The Special Master may, but is not required to, create an appeals process by utilizing a Part B Appeals Reserve Fund of up to ten percent (10%) of the $50,000,000 fund. If created by the Special Master, the appeals process will allow for one (1) de novo appeal from each eligible applicant, and any decisions, including regarding eligibility, will be the discretion of the Special Master. The appeals process, if any, shall be conducted within an efficient time-frame so as not to hinder the progress of the overall Allocation. The appeals process, if any, shall include only a two (2) page written appeal explaining the basis for the appeal, referring only to the original application as evidence of such basis. Any Part B Appeals Reserve Funds remaining after all appeals have been decided by the Special Master shall be redistributed to all Part B awarded applicants only on a pro-rata basis. Part B applicants who did not receive an award under either an initial application or an appeal will not receive any pro-rata distribution after all appeals are exhausted. All final

decisions of the Special Master, after any appeals process, if any, will be final, binding, and unappealable.

The Special Master may, in his sole discretion, fairly and reasonably, and consistent with the intention and general structure of the terms of the Allocation, equitably balance monetary allocations to Settlement Class Members to the extent that any did not receive a proper and appropriate Allocation in accordance with the terms herein.

3. ***Payment of Settlement Benefit.*** Settlement Benefits will be paid to Settlement Class Members in four (4) annual payments based on the following percentages: Year 1: 40%; Year 2: 20%; Year 3: 20%; Year 4: 20%. Monitoring Fund Payments will be disbursed in their entirety during the first payment in Year 1. The first payment will be made as soon as possible and at the earliest reasonable direction by the Special Master to the Class Action Settlement Administrator. Subsequent payments will be made annually on or around the same date.

4. ***Release.*** Plaintiffs and all Settlement Class Members who have not excluded themselves from the Class will release certain claims against the Defendant, its affiliates, certain predecessors and successors, and other parties set forth in the Settlement Agreement. This is referred to as the "Release." Generally speaking, the Release will prevent any Settlement Class Member from bringing any lawsuit or making any claims that Defendant's PCBs and PCB-containing products were defectively designed, that the risks of environmental harm associated with PCBs and PCB-containing products outweighed the benefits of their uses, that Defendant failed to warn of the risks of harm associated with PCBs and PCB-containing products, and that Plaintiffs and the Class suffered property damage as a result of PCB contamination. The terms of the Release, as set forth in the Settlement Agreement, can be found in the Addendum at the end of this Notice.

The Release, as set forth in Paragraphs 106-108, and Paragraph 41, of the Settlement Agreement and the Addendum to this Notice, will be effective as to every Settlement Class Member who has not excluded himself or herself from the Class, regardless whether or not that Settlement Class Member receives a Settlement Benefit.

5. ***Attorney fee/litigation cost and class representative awards***. The Court will determine the amount of attorneys' fees and expenses to award to Class Counsel from the Settlement Amount for investigating the facts and law in the

Action, litigating the Action since 2015, and negotiating the proposed Settlement of the Action. Class Counsel will request an award of all Attorneys' Fees and Expenses in a total amount of $98,000,000 to be paid by Defendant. Class Counsel will make their request in a motion for attorneys' fees and litigation costs to be filed with the Court at least 60 days before the Final Approval Hearing. After the motion for attorneys' fees and litigation costs is filed, copies will be available from Class Counsel, the Settlement website, or from the Court docket.

Any attorneys' fees, litigation costs, or award to the class representatives approved by the Court will be paid by Defendant exclusively and will not be paid from the class benefit Settlement Amount.

6. ***Settlement Administration.*** In addition to the Settlement Amount, Defendant has agreed to pay the reasonable costs of (1) the notice process, which includes all costs incurred in connection with preparing, printing, publishing, and mailing the Direct Notice; and (2) the administration process, which includes all costs and expenses incurred to hire a Class Action Settlement Administrator and costs of processing claims and administering the Settlement Agreement. No costs and expenses for implementing the Allocation shall be paid from the Settlement Fund.

7. ***Dismissal of the Action.*** If the Settlement is approved by the Court and becomes final, the Action will be dismissed with prejudice. If the Settlement is not approved by the Court or does not become final for any reason, the Action will continue, and Class Members will not be entitled to receive any Settlement Benefit.

THE PARAGRAPHS ABOVE PROVIDE ONLY A GENERAL SUMMARY OF THE TERMS OF THE PROPOSED SETTLEMENT. YOU CAN REVIEW THE SETTLEMENT AGREEMENT ITSELF FOR MORE INFORMATION ABOUT THE EXACT TERMS OF THE SETTLEMENT. THE SETTLEMENT AGREEMENT IS AVAILABLE FROM LEAD CLASS COUNSEL.

V. WHO REPRESENTS THE SETTLEMENT CLASS?

The Court has appointed the attorneys from the following law firms to act as counsel for the Class (referred to as "Lead Class Counsel" or "Plaintiffs' Counsel") for purposes of the proposed settlement:

Scott Summy
Carla Burke Pickrel
Baron & Budd, P.C.
3102 Oak Lawn Avenue,
Ste. 1100
Dallas, Texas 75219
(214) 521-3605

summy@baronbudd.com
cburkepickrel@baronbudd.com
jfiske@baronbudd.com

John Fiske
Baron & Budd, P.C.
11440 West Bernardo Court, Suite
265
San Diego, CA 92127
858-251-7424

VI. WHAT ARE THE REASONS FOR THE PROPOSED SETTLEMENT?

Plaintiffs and Defendant agreed on all of the terms of the proposed Settlement through extensive arms-length negotiations between Plaintiffs' Counsel and Counsel for the Defendant, with the able assistance of a third-party mediator, Hon. Jay C. Gandhi (Ret.) of JAMS. The parties have entered into the proposed Settlement after weighing the benefits of the Settlement against the probabilities of success or failure in the Action, and against the delays that would be likely if the Action proceeded to trial and, after trial, to appeal.

Plaintiffs and Plaintiffs' Counsel have concluded that the proposed Settlement provides substantial benefits to the Class, avoids prolonged litigation, and is in the best interests of the Class. Plaintiffs and Plaintiffs' Counsel have concluded that the proposed Settlement is fair, reasonable, and adequate.

Defendant firmly deny any wrongdoing and any liability whatsoever, but believe that it is in their best interest to settle the Action on the terms set forth in the Settlement Agreement in order to avoid further expense, uncertainty, inconvenience, and business disruption as a result of the Action.

VII. WHAT DO YOU NEED TO KNOW AND DO NOW?

You CAN PARTICIPATE IN THE SETTLEMENT. You do not need to do anything in order to participate in the Settlement and be represented by Plaintiffs and Plaintiffs' Counsel. You will not be billed for their services. If you do nothing, you will be eligible to receive the Monitoring Fund Payment described in this Notice. You may apply for additional payments from the TMDL Fund, the Sediment Sites Fund, and the Special Needs Funds, Parts A and B by submitting applications to the Special Master. Plaintiffs' Counsel will receive a fee only if the Court approves the Settlement and the fee award, if any, will be set by the Court. If you participate in the Settlement, you will be bound by any judgment or other final disposition of the Action, including the Release set forth in the Settlement Agreement, and will be precluded from pursuing claims against Defendant separately if those claims are within the scope of the Release.

You CAN OPT OUT OF THE SETTLEMENT. If you do not wish to be a Class Member, and do not want to participate in the Settlement and receive a Settlement Benefit Check, you may exclude yourself from the Class by completing and mailing a notice of intention to opt-out (referred to as an "Opt-Out").

To be treated as valid, the Opt-Out must be sent via certified or first class mail to the Class Action Settlement Administrator at the address below.

Class Action Settlement Administrator
Steven Weisbrot of Angeion Group, LLC
1650 Arch Street, Suite 2210
Philadelphia, PA 19103

The Opt-Out must be postmarked on, or personally delivered, no later than [DATE].

The Opt-Out must bear the signature of the Settlement Class Member (even if represented by counsel), and the Settlement Class Member's current address and telephone number. If the Settlement Class Member has entered into a written or oral agreement to be represented by counsel, the request for exclusion shall also be signed by the attorney who represents the Settlement

Class Member.

Any Settlement Class Member who has not timely and properly filed an Opt-Out will be bound by the Settlement and all subsequent proceedings, orders, and judgments, including, but not limited to, the Release and Final Approval Order. **Any Settlement Class Member who elects to opt out of the Settlement Class pursuant to this Agreement shall not be entitled to any Settlement Benefit.**

Settlement Class Members who have elected to Opt Out of the Settlement Class may withdraw their Opt-Out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to the environment, including water bodies.

Lead Class Counsel shall have the right to contact persons who file Opt-Outs and to challenge the timeliness and validity of any Opt-Out requests, as well as the right to effect the withdrawal of any exclusion filed in error and any exclusion request which a Settlement Class Member wishes to withdraw for purposes of participating in the Settlement as set forth in this Agreement. The Court shall determine whether any of the contested Opt-Outs are valid.

You CAN OBJECT OR TAKE OTHER ACTIONS. Any Settlement Class Member who has not successfully excluded himself or herself ("Opted-Out") may object to the Settlement. To exercise this objection right, the Settlement Class Member must provide written notice of the objection via certified or first class mail to the Court and the Class Action Settlement Administrator at the addresses below:

United States District Court for the Central District of California
350 W. First Street
Los Angeles, California, 90012

Class Action Settlement Administrator
Steven Weisbrot of Angeion Group, LLC
1650 Arch Street, Suite 2210
Philadelphia, PA 19103

The Objection must be postmarked on, or personally delivered, no later than [DATE]:

The objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Settlement Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the objection, and whether or not the Settlement Class Member intends to appear at the Final Approval Hearing. If the Settlement Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Settlement Class Member and state whether the attorney representing the objector will appear at the Final Approval Hearing.

Any Settlement Class Member who fails to comply with these provisions shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions. The exclusive means for any challenge to this Settlement shall be through the provisions of Section VII of the Settlement Agreement. Without limiting the foregoing, any challenge to the Settlement or Final Approval Order shall be pursuant to appeal under the Federal Rules of Appellate Procedure and not through a collateral attack.

Any Settlement Class Member who objects to the Settlement shall be entitled to all of the benefits of the Settlement if this Settlement Agreement and the terms contained herein are approved, as long as the objecting Settlement Class Member complies with all requirements of this Settlement Agreement applicable to Settlement Class Members, including the timely submission of an Application and other requirements herein.

Appearances at the Court Approval Hearing. It is not necessary for you to appear at the final Court Approval Hearing. If you have not excluded yourself from the Class and wish to appear and/or speak at the hearing, whether personally or through a lawyer, then you must properly file a Notice of Appearance in the Action with the Clerk of Court of the United States District Court for the Central District of California, and you must mail or hand-deliver a copy of the Notice of Appearance to Class Counsel and Counsel for the Defendants at the addresses set forth below, by [DATE]. If you choose to participate at

the hearing, you will not be permitted to raise matters that you could have raised, but did not raise, in a properly submitted and valid objection (as described above) without the Court's approval.

Other Motions or Submissions Concerning the Action or the Settlement. It is not necessary for you to submit any motion concerning the Action or Settlement to the Court. If you have not excluded yourself from the Settlement and want to submit a motion to the Court concerning the Settlement or the Action, however, then you must properly file a motion, together with all supporting documents, in the Action with the Clerk of Court of the United States District Court for the Central District of California, and must mail or hand-deliver a copy of the motion, together with all supporting documents, to Class Counsel and Counsel for the Defendant at the addresses set forth below, by [DATE].

VIII. WHAT WILL HAPPEN AT THE FINAL COURT APPROVAL HEARING?

The Court will hold the final Court Approval Hearing in Courtroom 80 of the First Street U.S. Courthouse, located at 350 W. 1st St., Los Angeles, California, 90012, on [DATE/TIME]. At that time, the Court will determine, among other things, (i) whether the Settlement should be finally approved as fair, reasonable, and adequate, (ii) whether the Action should be dismissed with prejudice pursuant to the terms of the Settlement Agreement, (iii) whether Class Members should be bound by the Release set forth in the Agreement, (iv) whether Class Members should be subject to a permanent injunction that, among other things, bars Settlement Class Members from filing, commencing, prosecuting, intervening in, or participating in (as class members or otherwise) any lawsuit, claim, demand, or proceeding in any jurisdiction that is based on or related to, directly or indirectly, matters within the scope of the Release, (v) the amount of attorneys' fees and costs to be awarded to Plaintiffs' Counsel, if any, and (vi) the amount of the award to be made to Plaintiffs for their services as class representatives, if any. The Court approval hearing may be postponed, adjourned, or continued by Order of the Court without further notice to the Class.

IX. HOW CAN YOU GET ADDITIONAL INFORMATION ABOUT THE ACTION, THE PROPOSED SETTLEMENT, THE

SETTLEMENT AGREEMENT, OR THE NOTICE?

The descriptions of the Action, the Settlement, and the Settlement Agreement in this Notice are only a general summary. In the event of a conflict between this Notice and the Settlement Agreement, the terms of the Settlement Agreement control. All papers filed in this case, including the full Settlement Agreement, are available for you to inspect and copy (at your cost) at the office of the Clerk of Court, the Settlement website, or online through PACER. A copy of the Settlement Agreement also may be obtained from Class Counsel by contacting them at the addresses or telephone numbers set forth above. Any questions concerning this Notice, the Settlement Agreement, or the Settlement may be directed to Class Counsel. You may also seek the advice and counsel of your own attorney, at your own expense, if you desire.

DO NOT WRITE OR TELEPHONE THE COURT, THE CLERK'S OFFICE, OR DEFENDANTS WITH ANY QUESTIONS ABOUT THIS NOTICE, THE SETTLEMENT, OR THE SETTLEMENT AGREEMENT.

X. WHAT ARE THE ADDRESSES YOU MAY NEED?

Lead Class Counsel:

XI. WHAT YOU MUST INCLUDE IN ANY DOCUMENT YOU SEND REGARDING THE ACTION.

In sending any document to the Settlement Administrator, the Court, Class Counsel, or Defendants' Counsel, it is important that both your envelope and any documents inside contain the following case name and identifying number:

City of Long Beach v. Monsanto Co., et al., CASE NO.: 2:16-cv-03493-FMO-AS.

You must also include your full name, address, email address, and a telephone number where you can be reached.

XII. WHAT IMPORTANT DEADLINES YOU NEED TO KNOW.

DATE	Any notices of appearances and motions must be hand-delivered or postmarked and mailed to the Court and hand-delivered or postmarked and mailed to Class Counsel and Defendants' Counsel.
DATE	All opt-outs must be postmarked and mailed to the

	Settlement Administrator.
DATE	Any objections must be hand-delivered or postmarked and mailed to the Court and hand-delivered or postmarked and mailed to Class Counsel and Defendants' Counsel.
DATE	Court Approval Hearing

_____ Dated: 2020

The Honorable Fernando M. Olguin UNITED STATES DISTRICT JUDGE

ADDENDUM

As noted in Section IV of the Notice, the terms of the Release, and definitions of terms, as embodied in Paragraphs 41-43 and 106-108 of the Settlement Agreement, are reproduced below.

41. "Released Claims" means all claims, demands, rights, damages, obligations, suits, debts, liens, contracts, agreements, and causes of action of every nature and description whatsoever, ascertained or unascertained, suspected or unsuspected, existing now or arising in the future, whether known or unknown, both at law and in equity which were or could have been alleged related to the manufacture, sale, testing, disposal, release, marketing, or management of PCBs, including but not limited to any claims based upon or related in any way to the subjects of the Action, the Underlying Actions, or this Settlement Agreement or any component parts thereof, and regardless of the legal theory or type or nature of damages claimed; provided, however, that nothing in this Settlement Agreement will preclude or affect any action brought by governmental entities seeking response costs, penalties, or other remedies, under the Comprehensive Response, Compensation and Liability Act ("CERCLA") or similar state Superfund statutes and applicable regulations, or under any other laws or regulations, related to Defendant's or a Released Person's discharge or disposal of PCBs. This Agreement shall in no way affect any administrative test claims related to the California Water Board. Released Claims also include any claim for attorneys' fees, expenses, costs, and catalyst fees under any state's law or under federal law. The Releases provided herein shall be mutual between Plaintiffs, Settlement Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand. Releasing Persons release only Released Persons as defined herein.

42. "Released Persons" means Defendant and any Affiliate of Defendant, including but not limited, to Bayer AG, Pfizer Inc., and Eastman Chemical Company. "Affiliate" under this Settlement means each and all past, present, or future, direct or indirect, predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

43. "Releasing Persons" shall include Named Class Plaintiffs and all Settlement Class Members, and each of their past, present, or future, direct or indirect,

predecessors, successors (including but not limited to successors by merger or acquisition), parents (including intermediate parents and ultimate parents), subsidiaries, affiliated or related companies, divisions, partnerships, and joint ventures; and any past, present, or future officer, director, shareholder, employee, partner, trustee, representative, agent, servant, insurer, attorney, predecessor, successor, or assignee of any of the above.

VIII. MUTUAL RELEASE

106. Upon entry of the Final Approval Order, Defendant and Released Persons will have released any and all claims arising from PCB contamination that they have alleged or could allege against any Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons. Upon entry of the Final Approval Order, the Releasing Persons will have released the Released Persons from the Released Claims. Additionally, Defendant is entitled to protection from contribution and/or indemnity claims or actions asserted against Defendant by any person or persons who are not parties to this Settlement Agreement for all Released Claims and all matters alleged in the Action or the Underlying Actions. Nothing in this section shall create a duty on the part of Named Class Plaintiffs, Settlement Class Members, and/or Releasing Persons to defend and/or indemnify Defendant or Released Persons in any contribution and/or indemnity claim. All Releases provided herein shall be mutual between Plaintiffs, Class Members, and Releasing Persons, on the one hand, and Defendant and Released Persons on the other hand.

107. Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or derivative claims made by any third party for or as against Settlement Funds and/or the consideration that is the subject to this Agreement, to the extent allocated to each Settlement Class Member. Each Settlement Class Members further agree to defend, indemnify, and hold harmless Defendant against any claim, demand, action, cost, expense, attorneys' fee, loss, judgment, or liability it may be subjected to by any person or entity who may claim through the Settlement, for the portion of the Settlement allocated to each Settlement Class Member, in a derivative manner against Defendant, including without limitation, any insurers, agents, representatives, successors, predecessors, assigns, and attorneys, bankruptcy trustees, and any and all other persons, firms, corporations, associations, and other legal entities who may claim through them in a derivative manner.

108. If any Settlement Class Member brings an action or asserts a claim against Defendant contrary to the terms of the Settlement Agreement, Defendant shall

provide Lead Class Counsel with a copy of the Settlement Class Member's complaint. Lead Class Counsel agrees to contact counsel of record for the Settlement Class Member and advise him or her of the Settlement Agreement.

Attorney General

Re: Notice of Proposed Class Action Settlement Pursuant to 28 U.S.C. § 1715

Dear Attorney General:

Pursuant to the Class Action Fairness Act ("CAFA"), 28 U.S.C. § 1715, Defendant Monsanto Company, through undersigned counsel, writes to give notice of a proposed nationwide class settlement in: *City of Long Beach v. Monsanto Co.*, Case No. 2:16-CV-03493-FMO-AS (C.D. Ca.). On June 24, 2020, the Parties filed a Joint Motion for Preliminary Approval of Class Action Settlement.

The parties' Settlement Agreement contemplates that the Court will certify a class, for settlement purposes only, defined as: "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

Enclosed with this letter are the following documents: (1) the Third Amended Complaint filed in *City of Long Beach v. Monsanto Co.; City of Chula Vista v. Monsanto Co.*; and (2) the Notice of Motion and Joint Motion for Preliminary Approval of Class Action Settlement and corresponding exhibits, which includes, among other things, the settlement agreement, the proposed notice of settlement, and exclusion rights to class members.

The Court has not scheduled a preliminary approval hearing or final approval hearing.

There are no other agreements between class counsel and counsel for Defendant at this time. No final judgment or notice of dismissal has been issued. There are no written judicial opinions related to the information described in 28 U.S.C. §§ 1715(b)(3)-(6). Enclosed with this letter is a listing

Confidential | Attorney Work Product | Attorney-Client Privilege

of the names of the class members who reside in each state. At this time, it is not feasible to provide the estimated shares of their claims.

Thank you for your attention to this matter.

Sincerely,

/s/ Mark D. Anstoetter

CASE NO.: 2:16-cv-03493-FMO-AS

DECLARATION OF JOHN FISKE IN SUPPORT OF MOTION FOR CERTIFICATION OF SETTLEMENT CLASS, PRELIMINARY APPROVAL OF CLASS ACTION SETTLEMENT, APPROVAL OF NOTICE PLAN, APPOINTMENT OF CLASS ACTION SETTLEMENT ADMINISTRATOR, AND APPOINTMENT OF CLASS COUNSEL

Time of Hearing: 10:00 a.m.
Date of Hearing: July 23, 2020
Courtroom: 6D
Honorable Fernando M. Olguin

File Date: May 19, 2016
Trial Date: May 11, 2021

DECLARATION OF JOHN P. FISKE

I, John Fiske, declare as follows:

1. I am an attorney licensed to practice in all courts in the State of California. I make this declaration in support of Plaintiffs' Motion for Preliminary Approval of Class Action Settlement and Direction of Notice under Fed.R.Civ.P.23(e). I have personal knowledge of the following facts, and if called as a witness, I could and would testify competently to them.
2. I am a Shareholder in the law firm of Baron & Budd, P.C. I have practiced with the Firm's Environmental Litigation Group since July 2016 and have been licensed since June 2007.
3. My experience. I have a significant amount of experience as lead counsel in complex environmental litigation cases, specifically for public entities. For more than 5 years, I have represented numerous public entities and individuals in environmental tort cases that are substantively similar to the proposed Class Action.
4. Many of the cases I have worked on involve environmental and public resources damages, product liability, trespass, nuisance, and negligence, primarily focused on public entities as plaintiffs. This type of litigation has resulted in billions of dollars in recoveries for my clients. Some of the most significant mass tort, class action, public entity, and environmental cases, in which I had a leadership role, include the following:
    a. *Southern California Fire Cases*, JCCP No. 4965, Superior Court of the State of California, County of Los Angeles; Court-Appointed Co-Lead Counsel for Public Entities against Southern California Edison; Resulting in $150 million recovery for multiple public entities including but not limited to County of Santa Barbara, City of Santa Barbara, County of Ventura, and City of San Buenaventura, among several other public

entities; 2020 California Lawyer Attorney of the Year ("CLAY") Award in Environmental Law.

b. *Woolsey Fire Cases*, JCCP No. 5000, Superior Court of the State of California, County of Los Angeles. Court-Appointed Co-Lead Counsel for Public Entities against Southern California Edison; Resulting in $210 million recovery for multiple public entities including but not limited to County of Los Angeles, City of Malibu, County of Ventura, City of Westlake Village, City of Agoura Hills, and City of Thousand Oaks, among several other public entities; 2020 California Lawyer Attorney of the Year ("CLAY") Award in Environmental Law.

c. *California North Bay Fire Cases*, JCCP No. 4955, Superior Court of the State of California, County of San Francisco; lead counsel for public entities including but not limited to County of Sonoma, County of Napa, City of Santa Rosa, and City of Napa, among several other public entities; Resulting in $415 million recovery.

d. *Town of Paradise v. PG&E Corporation, et al.*, Case No. 19CV00259; and, *County of Butte v. PG&E Corporation, et al.*, Case No. 19CV00151; lead counsel for public entities in the 2018 Camp Fire cases, resulting in $582 million recovery for public entities.

e. *Danielle Trujillo, et al. v. Ametek, Inc., et al.* Case No.: 15-cv-01394, Southern District of California; lead counsel in toxic tort/environmental class action representing students and teachers from a school located above a groundwater contamination plume; Preliminary approval and class case pending claims process and final approval; Part of a larger $10 million settlement.

f. *Adam Cox, et al. v. Ametek, Inc. et al.*, Case No.: 17-cv-0597 in the Southern District of California; lead counsel in environmental/toxic tort class action representing mobile home owners living above a groundwater

contamination plume; Preliminary approval and class case pending claims process and final approval; Part of a larger $10 million settlement.

g. *Fitbit Cases*, JCCP 4880; Court appointed Co-Lead Counsel for hundreds of personal injury cases caused by defective product; products liability; $3 million recovery.

h. *Jim Spivey v. Fitbit, Inc., et al.*, Case No. 37-2014-00007109, class action against Fitbit, Inc. for defective product.

i. *JUUL Labs Product Cases*, JCCP No. 5052, Los Angeles County Superior Court; Court appointed Co-Lead Counsel for Public Entities in products liability, public nuisance, and negligence actions; Cases currently pending.

j. California Opioid Consortium of 36 Counties and Cities; lead counsel for 36 California county and city plaintiffs, including but not limited to County of San Diego, County of Monterey, City of San Jose, and several others, suing Opioid manufacturers, distributors, and retailers in the Opioid MDL in the Southern District of Ohio; Cases currently pending.

5. Intent of this Declaration. This Declaration is intended to supplement the Declaration of Scott Summy rather than overlap with or repeat the same attestations made therein.

6. I am a California-licensed lawyer and my office is located in San Diego, California, where the first of these PCB stormwater contamination cases was filed. In late 2014 and early 2015, while an attorney at Gomez Trial Attorneys located in San Diego, California, I learned of PCB contamination in San Diego Bay; and, I learned of the legal and financial responsibility imposed on the City of San Diego and the San Diego Unified Port District for regulatory actions requiring expensive remediation. Around the same time, I began a professional working relationship with Scott Summy at Baron & Budd, and we decided to work together to investigate and explore potential lawsuits helping the City of San Diego and the Port of San Diego recover costs paid to remediate PCBs. The

first of these actions was filed by the City of San Diego and the Port of San Diego on March 13, 2015 in the Southern District of California.

7. Public Entity Client Co-Counsel Involvement and Communications. The City of San Diego was the first plaintiff to file suit in these cases in March 2015, followed by cities such as the City of Spokane and the City of San Jose, among others. Including the first case filed, 11 Named Class Members have filed suit in their respective jurisdictions and venues. The other 2 Named Class Members retained Baron & Budd as outside counsel and were preparing their complaints for filing when the settlement negotiations began. All public entities, through their in-house counsel and staff, have been actively involved throughout the litigation, including the evaluation of the claims, the preparation of the complaint, the preparation, organization, and production of discovery, the technical expert-intensive development of the cases.

8. After the City of San Diego complaint was filed, I began working with several other cities and public entities along the west coast to learn of similar PCB related regulations causing similar PCB related costs. For each case, in addition to my own extensive and original research into the issue of PCB contamination of stormwater as a potential tort action, I immediately began working with each client and each of the Named Class Plaintiffs in successive order as each case developed and was filed. Each client selected one or more in house counsel to work as co-counsel with us in each case, and that client co-counsel became my primary contact for the cases.

9. Since the beginning, I have been the lead contact with each of the Named Class Plaintiffs' client co-counsel, which are also counsel of record. For the Named Class Plaintiffs, including starting with San Diego and continuing as more cases developed, our firms established some regularly lines of communication for coordination of counsel and clients. For example, we utilized a regularly scheduled monthly phone call for all clients in order to establish standing updates

on the cases, to coordinate actions and communications, to share strategy, and to work together. Another example of regular communications includes an email list serve that allowed for group discussion of the case and case strategy.

10. The client co-counsel, as counsel of record, have been regularly and personally involved in each of their respective cases. All cases were filed individually, and Plaintiff's motion to coordinate and centralize the cases was denied by the Judicial Panel on Multidistrict Litigation. Therefore, each client was represented by the two firms, Gomez Trial Attorneys and Baron & Budd, in each respective case. In July 2016, I moved my practice from Gomez Trial Attorneys to Baron & Budd, and I continued in the same role for these PCB cases.

11. Throughout the cases, the lawyers, paralegals, and staff worked regularly and personally on each case because each case was separately litigated in its respective court. As such, I and other lawyers worked to understand the law, liability, causation, injury, and damages issues for each and every case—of the 13 Named Class Plaintiffs this included four states and at least six federal district courts, and even more courtrooms as some cases were not related.

12. Throughout the representation, the client co-counsel were heavily involved, including during legal motions, discovery, strategy, trial preparation, and ultimately throughout the resolution discussions. Of particular note is the technically intensive expert work and evaluation required to develop these cases. Not only were client co-counsel regularly involved, but so were client staff, including specifically technical staff and subject matter lawyers specializing in environmental, stormwater, or public works issues. As each case was litigated individually, our firm worked closely with each client to understand the technical environmental engineering characteristics of each client's cases. These issues were particularly complex legally and scientifically.

13. The Named Class Plaintiffs were actively engaged and understand the demands and risks of litigation. They produced numerous documents, assisted Class

Counsel with fact development, answered several dozen sets of discovery requests, and regularly communicated with me and other lawyers at Baron & Budd to remain up to date on the litigation.

14. I retained Dr. Michael Trapp of Michael Baker International, of an office located in San Diego County, to advise and work on the litigation as a consultant. Dr. Trapp later became a testifying expert in some of the cases, and ultimately became one of the two consulting experts on class member identification and settlement allocation projects. Because Dr. Trapp had consulted during several of the cases in active litigation, from San Diego to Long Beach to Spokane, and others, Dr. Trapp was well-acquainted with the case and best-positioned to help consult on class member identification and settlement allocation.

15. As settlement discussions developed, Scott Summy and I met regularly with Dr. Trapp and another expert, Rob Hesse, to undertake what would be a set of massive research projects.

16. Scott Summy and I, working with Dr. Trapp and Rob Hesse, have gone through extensive and exhaustive efforts to identify all Settlement Class Members from publicly-available government data — a research project never before completed.

17. The massive research project included hundreds, if not thousands, of collective professional hours to solve for a problem never solved before. The problem involved two steps: (1) how do we identify the class members and (2) how do we fairly allocate settlement funds. While there is publicly available data to solve for these problems, there is no one relational database that connects the data required for this project.

18. After many in person meetings with Dr. Trapp and Rob Hesse, it was determined that the use of publicly available information such as US EPA 303(d) water bodies, USGS HUC 12 watersheds, Total Maximum Daily Load regulatory actions, US EPA Superfund Sites, US EPA Sediment Sites, and US Census Bureau data could best serve our goal of identifying class members and then

designing a fair an equitable allocation process. Designing how to approach the class identification and allocation project alone took hundreds of collective hours. The actual research took many hundred more.

19. The research project, as described more fully in the declarations of Dr. Trapp and Rob Hesse, took place over many months and required hundreds if not thousands of collective professional hours. During the entire process, both Scott Summy and I remained involved with oversight and direction, and we regularly communicated with the clients regarding the process, the results, the updates, and the changes. At one point, the regularly scheduled monthly calls turned into regularly scheduled weekly calls in order to continue the high level of coordination among two sets of experts and 13 Named Class Plaintiffs.

20. Ultimately, 2,528 class members were identified, after extensive research and quality assurance/quality control efforts. All 2,528 class members qualify to receive funds under the Monitoring Fund. Of those 242 class members were subject to a TMDL, TMDL Alternative, or TMDL direct to implementation regulation. And, nine PCB contaminated Sediment Sites and twelve class members were determined to involve PCB contribution through stormwater discharges. Attached hereto are the Declarations of Michael Trapp (Exhibit D1) and of Rob Hesse (Exhibit D2).

21. The ultimate result of the class identification and allocation research project is the most comprehensive and extensive research project identifying cities, towns, villages, townships, boroughs, counties, and independent port districts and their potential PCB contributions and associated costs of its kind ever conducted. Baron & Budd lawyers, paralegals, and other staff identified the mailing addresses of all 2,528 Initial Settlement Class Members. (Exhibit I).

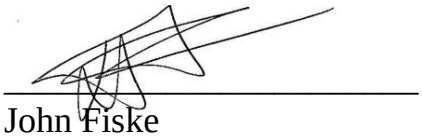

22. Moreover, the Named Class Plaintiffs provide a widely diverse representation of class members, including Phase I, Phase II, city, county, and port permittees.

23. The Named Class Plaintiffs have communicated that they understand their duties as class representatives, have agreed to consider the interests of absent Class members, and have actively participated through discussions with Lead Class Counsel, including me, in this litigation and will continue to do so. They have no interests that would be in conflict with the Settlement Class Members and will continue to vigorously protect class interests, as they have throughout this litigation.

24. No Class Representative was promised, or conditioned its representation on, the expectation of a service award.

25. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct to the best of my knowledge.

Executed this 23rd day of June 2020, at San Diego, California.

1 Introduction

1.1 Scope of Work

J. Michael Trapp, PhD at Michael Baker International has been retained by Baron & Budd, P.C. to provide expert consultation and analysis in connection with the methodology used for estimating damages for class members in a national class action settlement.

The following is my written report and contains the methodology and its bases and information considered in developing the methodology. This report consists of Section 1, Introduction, which defines my qualifications; Section 2, Background, which explains the contaminant of concern—i.e., polychlorinated biphenyls (PCBs)—and the regulatory requirements which class members, as municipal separate storm sewer system (MS4) National Pollutant Discharge Elimination System (NPDES) permittees, are subject to in order to mitigate damages in PCB-contaminated waters and sediment; Section 3, Settlement Distribution Methodology, which explains the PCB national class action settlement distribution among MS4 NPDES permittees who are identified as class members. This report is based on information from publicly available data and documents. The documents I refer to in this report are listed in Section 4, References.

I reserve the right to update, supplement, or amend my report if, and/or when, additional information or data becomes available for my review and analysis.

1.2 Qualifications for J. Michael Trapp

The qualifications which justify the expertise to make the opinions stated in this report result from my formal education as well as my 18 years of professional experience in the public, private, and university sectors, as discussed below.

My educational credentials include a Bachelor of Science degree in biology and chemistry from Florida Southern College, which included a study year abroad at the University of Bristol, UK. My postgraduate degrees include a Master of Science degree in chemistry from the University of Miami, and a PhD in marine and atmospheric chemistry from Rosenstiel School of Marine and Atmospheric Science at the University

of Miami. My graduate research at the University of Miami focused on the transport and effects of anthropogenic pollutants to the ocean and their potential effects on the food web.

Following my graduate studies, I completed an internship with the US Environmental Protection Agency's (US EPA) National Enforcement Investigations Center in Lakewood, Colorado, where I conducted investigations utilizing advanced analytical methodologies to chemically fingerprint pollutant sources from around the world for federal environmental cases.

I also served as a faculty member and the Director of the Environmental Quality Laboratory at the Coastal Carolina University (CCU) Burroughs & Chapin Center for Marine and Wetland Studies. While at CCU, I led a research program anchored by a certified laboratory for environmental monitoring. My research agenda centered around terrestrial pollutant fate and transport to the nearshore ocean and pollutant effects on the beneficial uses, with a heavy emphasis on stormwater as the vector of transport. Additionally, I led numerous monitoring and assessment programs to meet local and regional water quality needs, and supervised and trained technicians, undergraduates, and graduate students in regulatory laboratory and field quality control practices.

In my current role as department manager of surface water and sediment quality at Michael Baker International, I am responsible for the development and management of projects to meet local and regional regulatory compliance requirements. These efforts have helped define current and future management strategies for characterizing the risk level and areas to be included in the cleanups, as well as the cleanup and abatement strategies to be employed.

I also serve as the administrative officer for the Southern California Stormwater Monitoring Coalition. In this role, I help lead the member agencies in carrying out the coalition's mission to develop the technical foundation to better understand stormwater mechanisms and impacts, and develop the tools that will effectively and efficiently improve stormwater decision-making. As part of this role, I am leading a five-year study

to understand the effectiveness of low-impact development best management practices (BMPs).

My extensive experience in water chemistry, laboratory analysis, pollution chemistry, stormwater projects, and Southern California water and sediment quality regulations allows me to provide expert counsel regarding water and sediment quality. Additional details are available in my curriculum vitae and schedule of fees, included as Appendices A and B, respectively.

2 Background

2.1 PCBs in the Environment are Collected and Discharged to Water Bodies

The Clean Water Act made it unlawful for any person to discharge any pollutant from a point source into navigable waters, unless a permit (i.e., NPDES permit) was obtained under its provisions (US EPA 2019). The NPDES permit contains limits on what may be discharged, monitoring and reporting requirements, and other provisions to ensure that the discharge does not impair water quality. The permit translates general requirements of the Clean Water Act into specific provisions tailored to the operations of each entity discharging pollutants. The term point source means any discernible, confined, and discrete conveyance, such as a pipe, ditch, channel, tunnel, conduit, discrete fissure, or container (US EPA 2019), which includes stormwater discharges from a town, city, village, borough, township, county, or independent port district.

When rain or stormwater runoff contacts pollutants in the environment such as PCBs, the pollutants can be picked up by the stormwater runoff and discharged into receiving water bodies: "[p]olluted storm water runoff is commonly transported through municipal separate storm sewer systems (MS4s), and then often discharged, untreated, into local waters" (US EPA 2018c). Due to this reason, certain towns, cities, villages, boroughs, townships, counties, and independent port districts that own or operate stormwater systems are required to obtain NPDES permits and develop stormwater management programs. Depending on the population and the location of the entity, either a Phase I or Phase II MS4 permit is required. Phase I MS4: The 1990 Phase I regulation

requires medium and large cities or certain counties with populations of 100,000 or more to obtain NPDES permit coverage for their stormwater discharges. Phase II MS4: The 1999 Phase II regulation requires small MS4s in U.S. Census Bureau-defined urbanized areas, as well as MS4s designated by the permitting authority, to obtain NPDES permit coverage for their stormwater discharges.

2.2 Clean Water Act Requires to List and Restore PCB-impaired Waters

The goal of the Clean Water Act is "to restore and maintain the chemical, physical, and biological integrity of the Nation's waters" (33 United States Code Section 1251(a)). Under Section 303(d) of the Clean Water Act, states are required to evaluate all available water quality-related data and information to develop a list of waters that do not meet established water quality standards (impaired) and those that currently meet water quality standards, but may exceed it in the next reporting cycle (threatened).

The law also requires that states develop total maximum daily loads (TMDLs) for every pollutant/water body combination on the list. An essential component of a TMDL is the calculation of the maximum amount of a pollutant that can occur in a water body and still meet water quality standards. Within the TMDL, the state allocates a loading capacity among the various point sources and non-point sources (US EPA 2020). If an entity is assigned with this TMDL allocation, the entity is required to reduce its contribution of TMDL pollutants to meet the TMDL allocation assigned. Permittees are required to submit annual reports documenting permittees' actions to meet the requirements above and monitor for PCBs in surface water and sediments.

To address PCB-impaired water bodies, in lieu of the traditional TMDL process, state and US EPA sometimes selected a direct-to-implementation approach or TMDL Alternative to avoid the lengthy process of TMDL development and adoption, which typically takes years.

States are required to update and resubmit their impaired waters list every two years. This process ensures that polluted waters continue to be monitored and assessed until applicable water quality standards are met. States submit integrated reports to meet

the 303(d) requirements, which include a list of impaired and threatened waters still requiring TMDLs; identification of the impairing pollutant(s); and priority ranking of these waters, including water bodies targeted for TMDL development within the next two years as well as water bodies with or planned for actions alternative to TMDLs. The following five reporting categories are used to report on the water quality status of all water bodies in each state (Table 1; US EPA 2009).

TABLE 1. REPORTING CATEGORIES IN 303(D) LIST

Category	Description
1	All designated uses (DU) are supported, no use is threatened
2	Available data and/or information indicate that some, but not all of the DUs are supported
3	There is insufficient available data and/or information to make a DU support determination
4*	Available data and/or information indicate that at least one DU is not being supported or is threatened, but a TMDL is not needed
4a*	A TMDL is established
4b*	Other required control measures are expected to result in attainment of an applicable water quality standard in a reasonable period of time
4c*	Non-attainment of any applicable water quality standard is the result of pollution and is not caused by a pollutant
5*	Available data and/or information indicate that at least one DU is not being supported or is threatened, and a TMDL is needed
5m*	Non-attainment of any applicable water quality standard for mercury is the result of mainly atmospheric deposition sources and comprehensive mercury reduction programs are in place to address the impairment

* Waters in Category 4 and 5 are impaired or threatened; Category 5 represents the state's Section 303(d) list.

3 Settlement Distribution Methodology

A quantitative- and qualitative-based methodology was developed to determine which entities qualify as class members and the allocation of funds among certain class members based on provided criteria. The methodology can be broken down into two steps:

1. Identify appropriate class members, including for certain allocation funds.
2. Calculate allocation within certain funds.

These steps are further described below.

3.1 Class Member Identification

3.1.1 Class Member Definition

Class members are defined as all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated[1] boundaries within a HUC 12 watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs. The independent port district means a port that is not a part of another entity (e.g., a division or department of city or county) and is a separate legal entity.

Several steps were involved to identify potential class members. A geographic information systems (GIS) analysis was conducted to identify and determine water bodies impaired for PCBs; watersheds that drain into these PCB-impaired water bodies; and cities, towns, villages, boroughs, townships, counties, and independent port districts whose jurisdictions, or for counties their urbanized, unincorporated jurisdictions, fall

[1] Unincorporated means and refers to the US Census Bureau boundaries for counties exclusive of incorporated city, towns, villages, boroughs, or other like incorporated municipal governments within those county boundaries.

within these identified watersheds. ArcGIS software was used to gather, manage, and analyze geospatial data obtained for the analysis. Literature and online researches were also conducted.

3.1.2 303(d) and TMDL Water Body Identification

As described in Section 2.2, states are required to develop 303(d) lists of impaired water bodies and develop TMDLs (US EPA 303(d) Category 4a), or implement other actions (i.e., US EPA 303(d) list Category 4b or direct-to-implementation approach) to improve the quality of the impaired water bodies and meet water quality standards of the water bodies. PCB-impaired water bodies on the most current and approved 303(d) lists for each state and those impaired water bodies with PCB TMDLs in place were identified in this analysis.

Two separate geospatial datasets were obtained through the WATERS Geospatial Data Downloads portal from the US EPA Office of Water Programs:[2] 1) impaired water bodies identified on the 303(d) list and 2) impaired water bodies subject to TMDL requirements. The geospatial data obtained through this portal is current as of May 1, 2015. These datasets were appended together in GIS to create one master dataset. Only 303(d) and TMDL water bodies impaired for PCBs were of interest and used in this analysis.

Individual state websites and US EPA databases were investigated for the most current and approved 303(d) list. Because 303(d) lists are submitted during even-numbered years, 2016 and 2018 lists have been in use since the last upload of the US EPA GIS data. Thus, newly identified PCB-impaired water bodies on state 303(d) lists and water bodies subject to PCB TMDLs after May 1, 2015, until April 1, 2020, were also

---

[2] 303(d) listed impaired waters as of May 1, 2015: https://www.epa.gov/waterdata/waters-geospatial-data-downloads#303dListedImpairedWaters. Impaired waters with TMDLs as of May 1, 2015: https://www.epa.gov/waterdata/waters-geospatial-data-downloads#ImpairedWatersWithTMDLs.

included in the analysis. Each state's most current approved 303(d) list was researched to verify and update GIS data from the US EPA GIS database. PCB TMDLS were also researched from US EPA's ATTAINS database,[3] and individual state websites to verify and update GIS data from the US EPA GIS database. TMDLs are limited to those where PCBs are a named constituent, and which were promulgated or updated after January 1, 2010. The list of the 303(d) listed water bodies and the water bodies with TMDLs are presented in Appendices C and D.

The geospatial data sets included in this analysis are the most up to date sets of publicly available data as of June 23, 2020.

3.1.3 Watersheds that Contain and/or Immediately Adjoin PCB-Impaired Water Bodies, Identification

After the identification of PCB-impaired water bodies, watersheds that contain and/or immediately adjoin these water bodies were identified. A watershed is an area of land that drains to a single outlet or an area and is based on topography. Watersheds can be made up of a subset of multiple watersheds (i.e., subwatersheds) where networks of rivers and conveyance systems meet and outlet to a single area. Watershed boundaries distinguish where runoff gathers, thus signaling where sources of pollution originate and to where pollution is transported.

Watershed boundary data were obtained online from the US Department of Agriculture Natural Resources Conservation Services (NRCS) Geospatial Data Gateway.[4] The NRCS, previously known as the Soil Conservation Service, was established in 1935, and works with farmers and ranchers, local and state governments, and other federal agencies to maintain landscapes through a variety of fields including soils, crops, forestry, engineering, economics, wildlife biology, and other disciplines to

---

[4] HUC 12 GIS Data: https://datagateway.nrcs.usda.gov/GDGHome_DirectDownLoad.aspx, https://nrcs.box.com/v/huc.

help landowners plan and install conservation practices (NRCS 2019). The NRCS develops numerous science-based tools and provides databases to assist in environmental planning.

US Geological Survey's Watershed Boundary Dataset maps the full areal extent of surface water drainage for the US using a hierarchical system of nesting hydrologic units at various scales, each with an assigned hydrologic unit code (HUC). The hydrologic unit hierarchy is indicated by the number of digits in groups of two (such as HUC 2, HUC 4, and HUC 6) within the HUC code. HUC 12 is a local subwatershed level that captures tributary systems (about 90,000 nationwide); see Figure 1 for the visualization of the hydrologic unit hierarchy. For the purpose of capturing local watersheds draining to PCB-impaired water bodies, HUC 12 was used for this analysis.

FIGURE 1. VISUALIZATION OF THE HYDROLOGIC UNIT HIERARCHY (USGS 2018).

The HUC 12 watersheds were overlaid with 303(d) listed PCB-impaired water bodies in GIS to identify the watersheds that contain and/or immediately adjoin these PCB-impaired water bodies. The HUC 12 watersheds were also overlaid with PCB-TMDL water bodies to identify watersheds draining to PCB TMDL-established water bodies. It should be noted that all TMDL water bodies are 303(d) listed, so the TMDL list is a subset of the 303(d) list.

3.1.4 City, Town, Village, Borough, Township, County, and Independent Port District Identification

After the identification of the PCB-impaired water bodies, PCB-TMDL water bodies, and the HUC 12 watersheds that contain and/or immediately adjoin these water bodies, the cities, towns, villages, boroughs, and counties located within these watersheds were identified by GIS analysis of jurisdictional boundaries using US Census Bureau databases. Townships were identified from a list of MS4 permitted townships provided by the U.S. EPA and then secondarily cross-referenced against the US Census Bureau database when possible.

2018 data for the jurisdictional boundaries for towns, cities, villages, boroughs, and counties, and, also their corresponding urbanized areas, were obtained from the US Census Bureau (2020). Because there is no public database for independent port districts' jurisdictional boundaries, online research was performed to identify any independent port district which is located near 303(d) listed water bodies for PCBs. Note that only point locations are available for independent port districts; acreages and associated metadata are not available. Urbanized boundary areas are identified in the US Census Bureau data, and the data was used to identify and include those geographical areas of unincorporated counties that are related to Phase I or Phase II MS4 permittee stormwater runoff (e.g., not state or national forest areas, etc.).

The jurisdictional boundaries were overlaid with HUC 12 watershed boundaries in GIS, identifying the areas of the cities, towns, villages, boroughs, or urbanized, unincorporated boundaries of counties, or locations of the independent port districts

within the selected watersheds. Counties were identified using their unincorporated boundaries within the urbanized areas as identified in the US Census Bureau data. The outcome of this analysis is a comprehensive dataset of the qualifying cities, towns, villages, boroughs, counties, and independent port districts that are within the HUC-12 watersheds that contain PCB-impaired water bodies and PCB-impaired water bodies with PCB-TMDLs established (PCB-TMDL water body[ies]). Townships were identified from a list of MS4 permitted townships provided by the U.S. EPA and then secondarily cross-referenced against the US Census Bureau database when possible.

3.1.5 NPDES Permit Requirement – Phase I or Phase II Permittees

Each Phase I and Phase II city, town, village, borough, county, or independent port district identified in the GIS analysis was investigated to determine if it was required to obtain an MS4 NPDES permit, and if so, the type of permit (i.e., Phase I or Phase II MS4 NPDES permit). Online research was conducted, as well as contacting cities, towns, counties, or independent port districts via email and phone, to verify the MS4 NPDES permit requirement for each city, town, county, or independent port district. The MS4 permits of the townships from the US EPA list were verified.

In summary, a list was assembled of cities, towns, villages, boroughs, townships, counties,[5] or independent port districts that are required to obtain MS4 NPDES permits and are located partially or completely within a HUC 12 watershed(s) that drains into a 303(d) listed PCB-impaired water body(ies). A total of 2,528 class members were identified. This list is provided in Appendix E.

3.2 Allocation Funds

3.2.1 Monitoring Fund

All Class Members receive funds from the Monitoring Fund. Phase I permits generally have more extensive requirements than Phase II permits. If a Phase I permittee discharges to a PCB-impaired water body, the permittee is likely subject to monitoring

[5] Urbanized, unincorporated boundaries.

and other additional requirements associated with the impaired water body as part of the Phase I permit requirements. Phase II permits requirements vary widely.

The monitoring fund will provide a minimum payment to all class members, and each of them. Phase I permittees are likely subject to more requirements associated with PCB-impaired water bodies than Phase II permittees, largely due to Phase I association with larger population areas, often greater than 100,000 in population. The funds are intended to compensate costs incurred from PCB sampling and the associated water body characterization (i.e., identification of impairments). Monitoring Fund payments are organized by NPDES Permit Phase (Phase I or Phase II) and population (greater than or equal to 100,000, or less than 100,000). Independent port districts do not necessitate a population consideration.

- Four payment levels apply in the Monitoring Fund:
  - $30,000 for Phase I class members (greater than or equal to 100,000 Population)
  - $20,000 for Phase I class members (less than 100,000 Population)
  - $25,000 for Phase II class members (greater than or equal to 100,000 Population)
  - $15,000 for Phase II class members (less than 100,000 Population)

There are 124 Phase I class members with a population greater than or equal to 100,000, summing to $7,720,000, and 149 Phase I class members with a population less than 100,000, summing to $2,980,000. There are 237 Phase II MS4 permittee class members with a population greater than or equal to 100,000, summing to $5,925,000, and 2018 Phase II class members with a population less than 100,000, summing to $30,270,000.[6] The total monitoring fund allocation is $42,895,000 for all 2,528 class

[6] Populations for cities, towns, villages, boroughs, and counties are based on the 2016 estimates from the US Census Bureau database (2020). 2016 or 2018 populations for Townships are independently researched.

members. The monitoring fund distribution for the class members is presented in Appendix F.

3.2.2 TMDL/TMDL Alternative/Direct-to-Implementation Fund (TMDL Fund)

This fund considers the class member's inclusion as a responsible party in a TMDL, TMDL alternative, or a TMDL direct-to-implementation ("TMDL Alternative") in lieu of a TMDL where PCBs are a named constituent. TMDLs impose regulatory requirements which are directly tied to the impairment of water bodies by PCBs and are enforceable and specific to permittees. Class members with PCB TMDLs were identified via the analysis presented above.

PCB TMDL alternatives which were developed to address PCB-impaired water bodies were researched, and class members who are subject to these TMDL alternatives were identified. Some water bodies and regulators move directly to a TMDL alternative known as direct-to implementation under Section 303(d) and include restoration requirements and activities that are sent "direct to implementation" in lieu of a TMDL, such as a Consent Decree.[7] This type of alternative is less common, but certain class members were identified. A summary table of TMDL Alternatives and Direct to Implementation regulation is attached hereto under Appendix J.

Class members responsible pursuant to a TMDL, TMDL alternative, or direct-to-implementation approach (in lieu of TMDL), promulgated or updated after January 1, 2010, wherein PCB is a named constituent, qualify for this fund.[8] Of 2,528 total class

---

[7] Spokane River was identified as a TMDL alternative applicable to the TMDL Fund, as identified through research described in Section 3.2.3.2, below.

[8] Category 4b regulation requiring remediation of sediments are more appropriately categorized in the Sediments Fund. For instance, US EPA Category 4b of 303(d) listed water bodies are water quality-impaired segments being addressed by actions other than TMDLs. These Category 4b water bodies were researched on both the US EPA website and state agency websites. See the definition of Category 4b of 303(d) list in Table 1 of Section 2.4. All TMDL alternative categories were also researched, and only Category

members, 242 class members qualify for this fund (TMDL fund class members). In other words, the class members that qualify for this fund are a subset of the total set of class members, all of which qualify for the monitoring fund.

Each TMDL fund class member is assigned a portion of the TMDL fund proportional to its impervious TMDL land area, which was calculated by multiplying the TMDL land area[9] by its percent imperviousness, as explained below.

Impervious TMDL land areas: This is a TMDL land area (an entity's area within a HUC 12 watershed that contains a PCB-TMDL water body) multiplied by a percent imperviousness of that area. The TMDL land area and the percent imperviousness were determined via GIS analysis. The area (acres) is proportional and the imperviousness is reverse-proportional to PCB contribution from the area. TMDL land area (acres) was calculated using the "North American Lambert Conformal Conic" coordinate system in GIS. The percent imperviousness was calculated using the Nationwide Impervious Surface layer created by the National Land Cover Database, which are downloadable at Multi-Resolution Land Characteristics Consortium website (MRLC 2020)[10]. The impervious surface layer was overlaid with the jurisdictional boundaries of class members' areas. Percentage imperviousness varies depending on land uses (e.g., open, commercial, residential) within an entities' area. Therefore, an arithmetic mean of the

---

4b applied to this class when sorted for PCB contamination. However, Category 4b regulation requiring remediation of sediments were considered and organized in the Sediments Fund, addressed further below.

[9] TMDL land area can also be described as the total surface area within the applicable class member jurisdiction that falls within a HUC 12 watershed.

[10] The Multi-Resolution Land Characteristics (MRLC) consortium is a group of federal agencies who coordinate and generate consistent and relevant land cover information at the national scale for a wide variety of environmental, land management, and modeling applications. The creation of this consortium has resulted in the mapping of the lower 48 United States, Hawaii, Alaska, and Puerto Rico into a comprehensive land cover product termed the National Land Cover Database, from decadal Landsat satellite imagery and other supplementary datasets.

imperviousness values within each class member was calculated. TMDL fund class members with populations less than 100,000 were applied a 0.7 multiplier.

Large Population Awards: Populations[11] are those in the entire jurisdictional areas of the city, town, village, borough, township, or county class members. County population is defined as a population of the entire county, including incorporated and unincorporated areas. No population data are available/applicable for the independent port districts. Each city, town, village, borough, or township in the TMDL Fund with a population over 1 million people will receive a population bonus of $2 million, and each county in the TMDL Fund with a population over 2 million people will receive a population bonus of $2 million.

The total TMDL fund is $250 million. No class member is assigned more than 3 percent of the TMDL fund ($7.5 million). Therefore, if apportionment for a TMDL fund class member, based on the impervious TMDL land area and/or the population bonus (if applicable) exceeds $7.5 million, it will be adjusted to $7.5 million, which is that class member's final portion. Then this class member will be removed from further calculation and the TMDL fund will be adjusted by subtracting that class member's portion and by subtracting the sum of the population bonuses from the total TMDL fund. The adjusted TMDL fund will be distributed among the rest of the TMDL fund class members, who did not exceed the maximum cap during the first iteration, proportional to their impervious TMDL land areas. Again, the population bonus and the maximum cap will be applied in the same way. This iterative process will continue until no new class member exceeds the maximum cap and then the calculated portions will become final. This calculation approach is summarized in an equation presented below.

[11] Populations for cities, towns, villages, boroughs, and counties are based on the 2016 estimates from the US Census Bureau database (2020). 2016 or 2018 populations for Townships are independently researched.

$$\text{TMDL fund class member portion} = \left(\frac{\text{Class member's impervious TMDL land area}}{\Sigma \text{ Impervious TMDL land areas of TMDL fund class members}}\right) x\ (\Sigma \text{ TMDL fund} - \Sigma \text{ population bonus})$$

*A TMDL fund class member exceeding 3% of total TMDL fund will be capped at 3% of the total TMDL fund. This TMDL fund class member will be removed from further calculation. This iterative process will continue until no class member exceeds the 3% cap. TMDL fund class members with populations less than 100,000 will receive a 0.7 multiplier.

The TMDL fund class members and calculated portions of the fund are presented in Appendix G.

3.2.3 Sediment Fund

Class members that qualify for this fund include the following: (1) Noticed Parties and/or Potentially Responsible Parties, due to stormwater (MS4/CSO) contribution of PCBs, to US EPA Superfund, US Sediment Sites, or (2) Noticed Parties and/or Potentially Responsible Parties and/or Responsible Parties due to stormwater contribution of PCBs, to a 303(d) Category 4b listed water body where sediment remediation and/or mitigation is a required control measure to attain an applicable water quality standard.

A list of EPA Superfund Sites contaminated with PCB and cross-referenced against Class Member addresses, as discussed below, was provided to Rob Hesse of SWAPE for further research into whether certain Superfund Sites include Class Members as Noticed or Potentially Responsible Parties and involve stormwater discharge of PCBs. For further detail on the selection criteria and supplemental information on the sediment sites and qualifying class member research, see Rob Hesse Declaration.

The EPA maintains a list of all active superfund sites nationwide in the EPA's Superfund Enterprise Management System (SEMS) database. This database contains geographic information about the location of the superfund sites and list of pollutants of concern.

The SEMS database was downloaded to obtain a list of the more than 13,000 active Superfund sites in the nation. To determine the Superfund sites that potentially are related to class members, a series of criteria were used to select sites for further research. This process included the initial download of "Active" sites using the "Download Excel file

containing values for all search criteria" option in the EPA SEMS online website. This process produces an Excel file of 13,117 active Superfund sites that contains three tabs; Site Results, Contaminant Results_1, Contaminant Results_2.

Pivot Tables were created to identify all sites with the attribute "Contaminant Name" for "POLYCHLORINATED BIPHENYLS (PCBs)," "AROCLOR 1016," "AROCLOR 1221," "AROCLOR 1232," "AROCLOR 1242,", "AROCLOR 1248," "AROCLOR 1254," "AROCLOR 1260," and "AROCLOR 1268," from tabs Contaminant Results_1 and Contaminant Results_2. This resulted in the identification of 817 active Superfund sites impaired for PCBs (625) and Aroclors (382) (190 co-listed for both). Results are shown in Appendix H.

The PCB related Superfund sites list was then examined to identify sites geographically related to class members. The superfund locational data provided in the SEMS database varied from precise addresses to descriptions of locations due to the nature of the site (example a train car spill). The most reliable information provided was the City and County location information, however several manual corrections based on spelling, identification of a sub-area of a class member (i.e., borough of Brooklyn and New York City), or identification of a military base rather than the City (class member) where it was located were made to complete analysis. Thus, the geographical search was conducted to identify the potential class members as of the final class member list using City and County identifiers in the EPA SEMS output. Zip code information in the EPA SEMS output was noted to be incomplete (missing for some sites) or incorrect (missing a digit) but was considered complete enough to conduct a check on the application to the class using GIS to overlay the PCB sites associated with the class member with the jurisdictional boundaries of the class member. All sites identified as associated with a class member were included in the list for additional research providing a list more encompassing of Class member association than the HUC-12 watershed analysis conducted for Class member inclusion. This process resulted in a list of 283 active Superfund sites impaired for PCBs (234) and Aroclors (105) (56 co-listed for both) with

matching class members that was provided to Hesse for further research and investigation (Appendix I).

As part of the TMDL Alternative research into Category 4b and TMDL Alternatives for PCB-impaired water bodies it was noted that this regulatory pathway often resulted in an ultimate resolution that more closely fit the Sediment Fund than the TMDL fund. This is because the TMDL Alterative resolutions often consisted of a sediment clean-up rather than traditional TMDL actions to reduce pollutant loads to receiving waters. Additionally, many of the TMDL Alternative sites were also listed as Superfund sites. For this reason, TMDL Alternative identified waterbodies were also evaluated using the Hesse Superfund Criteria of inclusion.

3.2.3.1 TMDL Alternatives and Category 4b

Multiple TMDL alternatives and TMDL direct to implementation regulations (collectively "TMDL Alternatives") were investigated for Class Members. Research in to these TMDL Alternatives included Category 4(b) waterbodies identified on State and US EPA lists, as well as availability of records for US EPA, regional, or State lead actions such as Consent Decrees, Administrative Settlements, Cleanup and Abatement Orders (California), Unilateral Orders, and Cost Recovery Actions. General internet searches as well as targeted searches of online databases (including: https://cfpub.epa.gov/enforcement/, https://www.justice.gov/enrd/consent-decrees, https://archive.epa.gov/, https://www.epa.gov/enforcement/sites-superfund-alternative-approach-agreements#sites, https://www.epa.gov/pcbs/notifications-polychlorinated-biphenyl-pcb-activities, and https://www.gc.noaa.gov/natural-office1.html) were used to target PCB related TMDL Alternatives for inclusion. TMDL Alternatives were evaluated using the same criteria as TMDLs for inclusion in the TMDL fund or the Sediment fund.

A review of all fifty states shows that TMDL alternatives including Category 4b designations for PCB impairments has been limited as used in five states: California, Connecticut, Maine, Michigan and Washington. TMDL alternatives sites with PCBs listed as a contaminant of concern included three in Connecticut, three in Maine, and five

in Washington,[12] all of which were also listed as existing Superfund Sites and thus already evaluated under the Superfund Site analysis. Michigan had 49 TMDL alternative sites with PCBs listed as a contaminant of concern. All Michigan sites were reviewed, and all included atmospheric deposition as the source of pollutants, and thus are not applicable to this class (note all Michigan sites are in the process of being incorporated into a statewide TMDL). California contains three TMDL alternative sites with PCBs listed as a contaminant of concern that were not Superfund sites and thus were separately examined: Stege Marsh, San Diego Bay Shoreline between Sampson and 28th Street, and Port Hueneme Harbor (Back Basins). Only the San Diego Bay, a Category 4b site, was determined to be eligible to the Sediments Fund as the other two sites included no class members.

Results are shown in Appendix E.

3.2.3.2 Qualifying Sediment Funds Locations and Class Members

Nine qualifying sediment sites were identified:

- Diamond Alkali - Lower Passaic River (Newark, NJ)
- Newtown Creek (New York, NY)
- Gowanus Canal (New York, NY)
- Lower Duwamish Waterway (Seattle, WA)
- Portland Harbor (Portland, OR)
- Commencement Bay, Near Shore/Tide Flats (Tacoma, WA)
- Harbor Island (Lead) (Seattle, WA)
- Pacific Sound Resources (Seattle, WA)
- San Diego Bay (San Diego, CA)

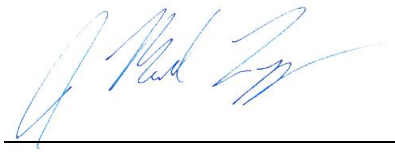

[12] Although not a Sediment Site enforced through Category 4b regulation, the Spokane River was identified as a water body subject to TMDL alternative regulation, and therefore categorized in the TMDL Fund.

Twelve class members who are named as a responsible party in a US EPA Superfund Site, and US EPA Sediment Site, or 303(d) Category 4b listed water body with sediment mitigation requirement, due to stormwater and PCBs, were identified.

- City of Newark, New Jersey
- New York City, New York (2 sites)
- City of Seattle, Washington (2 sites)
- King County, Washington

Curriculum Vitae

John Michael Trapp, Ph.D.
Project Manager

5050 Avenida Encina, Suite 260
Carlsbad, CA 92008
Tel. (760) 476-9193
Web: https://www.mbakerintl.com/

Education

Ph.D. Marine Science and Water Quality, University of Miami, 2009

M.S. Chemistry, University of Miami, 2003

B.S. Biology and Chemistry, Florida Southern College, 2000

Professional Experience

Dr. Michael Trapp has extensive experience in environmental monitoring, sampling, chemical analysis, water quality data reporting, and over 18 years of experience in the field of stormwater during which he cultivated a vast working knowledge of regulation and policy. He has been responsible for the development and management of projects to meet local and regional water quality needs, and has supervised and trained technicians, undergraduates, and graduate students in regulatory laboratory and field quality control practices.

Dr. Trapp's research in the field of stormwater related sciences has resulted in numerous conference presentations and peer reviewed publications. As a result, he has been invited to lead multiple workshops on stormwater and monitoring at national and regional conferences.

Experience

Dr. Michael Trapp has acted as the Contract Manager, Project Manager (PM), Quality Assurance (QA) Manager, Chief Scientist, and/or Principal Review for the following ongoing or recent projects:

Stormwater Regulatory Support

- Permit and Time Schedule Order Compliance Support for Metal Discharges - Southern California Edison Company
- San Onofre Nuclear Generating Station Permit Renewal - Southern California Edison Company
- Industrial General Permit Tenant Outreach California Industrial General Permit and Municipal Separate Storm Sewer System Requirements - Port of Los Angeles
- Los Peñasquitos Watershed Master Plan – City of San Diego
- La Pata Avenue Gap Closure Water Quality Management Plan - Orange County
- Trash Amendments Phase 1 Baseline Study Work Plan and Watershed Protection Program - San Diego County
- Total Maximum Daily Loads Development, Technical Feasibility of Implementation Plans, Liability Assessment, and Technical Report Review - Caltrans
- National Pollutant Discharge Elimination System Phase II Stormwater Regulation – Caltrans

Michael Baker INTERNATIONAL

- Municipal Separate Storm Sewer Systems Municipal Permit Assistance – Caltrans
- Stormwater Policy and Permit Support Services, Annual Stormwater Program Reporting – Caltrans
- State Parks Dust Control and Treatment Services - California Department of Parks and Recreation
- State Parks Surface Water and National Pollutant Discharge Elimination System Support Services - California Department of Parks and Recreation
- Peer Review and Professional Advising – Caltrans
- Facility Pollution Prevention Plans – Caltrans
- Municipal Waterways Maintenance Plan Support – City of San Diego
- Channel Maintenance Program – City of San Diego
- Watershed Assessment Management Plan Support – City of San Diego
- Stormwater Maintenance Program – City of San Diego
- Miramar Landfill Stormwater Implementation Plan – City of San Diego
- Stormwater Standards Manual Update – City of San Diego
- City Wide Pipe Assessment and Repair Support - City of San Diego
- Street Sweeping and Aerial Deposition Research - City of San Diego
- Street Sweeping Update to the Union City Best Management Practices Street Sweeping Program – City of Union City
- Alternative Compliance Program - City of San Diego
- Port of San Diego Trash Amendment Support - San Diego Unified Port District
- Stormwater Permit Implementation – Orange County
- Aerial Deposition Research - Port of Los Angeles
- Street Sweeping Research - Port of Los Angeles
- Water Quality Improvement Program - Port of Los Angeles
- Big Creek Powerhouse No. 1 Wastewater Treatment Plant Waste Discharge Requirements Permit - Southern California Edison Company

Environmental Monitoring

- Assessment of Discharges of Contaminated Sediments into San Diego Bay - City of San Diego Economic Development.

Expert Witness Experience

Dr. Michael Trapp has given expert witness testimony in the case of City of San Diego v. Monsanto, et al.

Past Project Experience

- Surf Monitoring for Regulatory Fecal Indicator Bacteria at Myrtle Beach and North Myrtle Beach, South Carolina
- Design, Construction, and Monitoring for Long Bay Hypoxia Consortium, Myrtle Beach and North Myrtle Beach, Horry County, Surfside, and Georgetown, South Carolina.
- Waccamaw River Ambient Water Quality Monitoring Program, Horry and Georgetown Counties, South Carolina.
- Development of a Pilot Investigative Approach to Remediate Bacterial Source Impairments Along the Grand Strand.
- Development of A Multi-Tracer Microbial Source Tracking Protocol Centering Around Host Specific QPCR Genetic Markers, Planning Assistance to States, Horry and Georgetown Counties, South Carolina - U.S. Army Core of Engineers.
- Development/Adoption of Microbial Source Tracking and Stormwater Management Tools To Remediate Bacterial Source Impairments Along the Grand Strand - Grand Strand, South Carolina Communities and USACE.
- National Oceanic and Atmospheric Administration National Estuarine Research Reserve System Science Collaborative - Determining the Role of Estuarine 'Swashes' on Water Quality Impairment along the Grand Strand of South Carolina: Impacts of Land Use and Stormwater Runoff, Horry and Georgetown Counties, South Carolina.
- Multi-Disciplinary Watershed Bacteria Source Tracking, Briarcliff Acres, South Carolina.
- GEOTraces Aerosol inter-comparison, Miami, Florida.
- BarDEx. II Barbados Dust Experiment, Barbados, West Indies.
- BarDEx. I Barbados Dust Experiment, Barbados, West Indies.
- P16 North, Global Ocean Repeat Hydrography Study, Tahiti, French Polynesia, Honolulu, Hawaii
- Florida Bay Carbonate and Trace Metal Study, Florida Keys.
- Bahamas Banks Carbonate and Whiting Study, Big Bahamas Banks, Bahamas.
- A16S Global Ocean Repeat Hydrography Study - Punta Arenas, Chile, Fortaleza, Brazil.
- A16N Cruise Global Ocean Repeat Hydrographic Study, Madeira, Portugal, Natal Brazil.
- Bahamas Banks Carbonate and Whiting Study, Big Bahamas Banks, Bahamas.

Professional History

Michael Baker International, Project Manager, 2014-Present

Coastal Carolina University, Laboratory Director, Environmental Quality Lab, 2010-2014

Michael Baker INTERNATIONAL

U.S. Environmental Protection Agency, SCEP Chemist, 2009- 2010, National Enforcement and Investigation Center

University of Miami, Graduate Research Associate, 2002 – 2009

Chemist Novartis / Cardinal, 2000-2002

Honors and Awards

Key to the City of New Port Richey, Florida - Community Service

Maytag Fellowship in Chemistry, University of Miami

SCEP Internship – EPA National Investigation and Enforcement Center

1. INTRODUCTION

I was retained to provide research expertise and technical support to Michael Baker International ("Baker") for a project to estimate damages for potential Class Members with liabilities relating to stormwater discharges of PCBs to PCB-impaired water bodies. The scope of the project was designed by Baker to estimate damages for a defined group of Class Members consisting of cities, counties, towns, villages, townships, boroughs, and independent port districts in the United States. My research activities, limitations of the project, the data sources used, and methodologies for my work on the project are summarized herein.

I am a founder and principal at the environmental consulting firm of Soil Water Air Protection Enterprise ("SWAPE"), located at 2656 29th Street, Suite 201, in Santa Monica, California 90405. I received a Bachelor's degree in Geology from the University of Colorado at Boulder in 1993. I have practiced as an environmental site assessor since the mid-1990s and gained specific knowledge and experience that qualifies me to provide expert opinions on this matter.

In 1994, I began working as a Staff Geologist at the environmental engineering and consulting firm of Erler & Kalinowski, Inc. ("EKI") in Santa Monica, California. At EKI, I conducted a substantial number of environmental site assessments for a wide variety of agricultural, commercial and industrial sites. These assessments included Phase I Environmental Site Assessments, site investigations, and special studies for projects involving litigation support. In addition, I performed many in-field remedial investigations at hazardous waste release sites to determine the nature and extent of contamination from petroleum hydrocarbons, chlorinated solvents, pesticides, polychlorinated biphenyls (PCBs), heavy metals, and other chemical contaminants. In addition to site investigations, I was assigned to a number of projects involving active remediation activities, as well as operation and maintenance of remediation systems. I also participated in several projects involving preparation of storm water pollution prevention plans, and NPDES stormwater compliance sampling and reporting. While at

EKI, I conducted a wide variety of services on projects that developed my knowledge of historical and contemporary industrial operations and handling of chemicals, sources of contamination, and site characterization methodology to identify sources of pollution. I also managed CAD/GIS mapping activities for the Santa Monica office at EKI during these years.

In 2000, I moved to another consulting firm, Komex H2O Science, Inc. ("Komex") in West Los Angeles, California. At Komex, I performed similar services on projects at sites with contamination from petroleum hydrocarbons, chlorinated solvents, and other chemicals. In May 2003, I received my license as a Registered Geologist in California and was promoted to a Senior Staff Geologist. At Komex, I conducted several field investigations at hazardous waste release sites. My primary role at Komex was to manage environmental database and GIS mapping operations for several large projects involving litigation support activities. One such project was to manage annual reporting for the Charnock Well Field MTBE Investigation for the City of Santa Monica. At Komex, I further developed my experience in areas of environmental site assessment and complex environmental mapping and data analysis projects.

In June 2003, I founded the consulting firm SWAPE with several colleagues from Komex. Since that time, I have worked on a large number of projects, most of which have involved litigation concerning releases of chemical contaminants to soil, groundwater, surface water, and atmospheric emissions. I have studied numerous types of historical and active industrial facilities and managed research tasks to assist in the preparation of expert reports for other expert witnesses and for my own assignments. Based on my accumulated experience, my practice at SWAPE is primarily concentrated on environmental site assessment, as well as environmental data analysis and litigation support. I have testified at depositions in three cases, two of which involved releases of petroleum hydrocarbons and/or MTBE to soil and groundwater, and one of which involved collection of surface water samples relating to stormwater releases from a construction site contaminated by PCBs. I have worked on several projects as a consulting expert involving PCBs and have

studied a large number of areas around the country that have been contaminated by PCBs. I have also participated in several projects within the Los Angeles area and San Diego relating to stormwater inspections and sampling.

Over many years of practice, I have had the opportunity to develop expertise in areas of environmental data analysis and mapping. I have performed environmental assessments of many areas in most of the states in the country, including local, regional, and state-wide evaluations. In addition, over the last 25 years I have accumulated a large amount of knowledge and expertise concerning the fate and transport of chemicals in the environment, remediation methodologies and technologies, environmental regulatory agency policies and guidance, and practices used by other environmental professionals.

2. U.S. EPA SUPERFUND SITE ANALYSIS

2.1 Overview and Process

A Superfund Site is a location/area of land or sediments that have been contaminated by hazardous waste or toxic chemicals and identified by the U.S. EPA as a candidate for cleanup because the site poses a risk to human health and/or the environment. Several hundred Superfund Sites are documented by U.S. EPA to have PCBs as a contaminant of concern ("COC"). For this project, I was assigned the task to evaluate an inventory of Superfund Sites provided to me by Baker. As documented separately by Michael Trapp, Ph.D. of Baker, the inventory of Superfund Sites included for evaluation was based on GIS/geospatial analyses conducted as part of their work on this project and consists of an inventory of 283 Superfund Sites ("283 List"). This inventory of 283 Superfund Sites is based on U.S. EPA data obtained by Baker, updated as recently as June 9, 2020. This section of my report describes the methodology that I used for evaluating these Superfund Sites for this project. My analysis was also conducted using a list of 2,528 Class Members received from Baker, updated as recently as June 19, 2020 and a U.S. EPA database that identifies Noticed Parties for Superfund Sites, updated as recently as May 22, 2020 (described in Section 2.5).

My assignment for the project was to determine whether any Superfund Site in the 283 List was impacted by PCBs as a result of contributions from stormwater discharges, including municipal separate storm sewer systems ("MS4s") and/or combined sewer overflows ("CSOs"), associated with Class Members.

My initial process of review was to screen through U.S EPA Superfund records and identify any Superfund Sites in the 283 List that met certain criteria, which would then determine if a Site was "flagged" for additional review.

Superfund Sites in the 283 List inventory were evaluated based on the following criteria:

> *whether a Superfund Site has any potential or confirmed contributions to its PCB contamination from MS4 and/or CSO discharges, and*
>
> *whether a Class Member is identified by U.S. EPA as a Noticed Party and/or Potentially Responsible Party (collectively "PRP").*

This first phase review of Superfund Sites was performed by myself as well as two of my associates at SWAPE.

The research team screened U.S. EPA information and records for each of the Superfund Sites in the 283 List inventory and identified site-specific information for each Site. A summary of the 283 List Superfund Sites reviewed for this project is presented in Exhibit A.

U.S. EPA Superfund records were reviewed for each of the Superfund Sites listed in the 283 List by the research team. Following discussions regarding the records review and data logging process, the research was conducted on a site by site basis. Superfund records review (see Section 2.3) was performed to understand the site history at each Site, the nature and extent of contamination, confirm PCB contamination, and search for information indicating whether a site's PCB contamination involved contributions from MS4 and/or CSO discharges. The Superfund records generally contain information on principal PRPs; however, a specific U.S. EPA database was utilized for identifying PRPs

for each Superfund Site (see Section 2.5). Superfund records were found for the majority of Sites on dedicated U.S. EPA website pages for each Site. However, as noted in Section 2.4 below, U.S. EPA records and/or documents were not found for a small number of the Superfund Sites.

For each of the Superfund Sites in the 283 List, SWAPE included in its research the following information:

- Pollutants/Hazardous Substances on Site
- Status of Superfund Site Remediation (Planned, In Progress, Finished)
- Status Source Link (hyperlink to U.S. EPA website page)
- Municipal/Class Member Responsible Parties
- Reason for Class Member Responsibility (MS4/CSO related)

2.2 Review of U.S. EPA Superfund Websites

The Superfund records reviewed included a variety of documents and information from U.S. EPA sources available in the public-record and accessible via the internet. Dedicated U.S. EPA website pages for each of the Superfund Sites was the first resource used for site information.

In general, the approach used by the research team consisted of reviewing the Superfund website first, followed by review of selected Superfund documents (examples listed below). The first step in the evaluation of each site generally consisted of filling in the 283 List with general site information obtained from the site-specific U.S. EPA website pages. The pollutants present at each Site can be determined using a site-specific document (e.g., Record of Decision) and/or a "Contaminant List" table present on a site-specific Superfund Site webpage. Similar website information was used to determine the general site background or history, nature and extent of contamination, and status of Superfund Sites. As indicated below, the U.S. EPA websites for most of the Superfund Sites contained these sources of information.

2.3 Review of Publicly Available Documents on U.S. EPA Websites

For most of the Superfund Sites in the 283 List, several types of documents that are typically developed during the Superfund process were reviewed and searched for site-specific information. These documents generally consisted of the following types of Superfund reports/records:

- Fact Sheets / Community Updates
- Remedial Investigation (reports, work plans, etc.)
- Feasibility Study (reports, work plans, etc.)
- Record of Decision ("ROD", describes the selected cleanup remedy)
- Explanation of Significant Differences (describes changes, after ROD)
- Five Year Review (documents site status each five-years after cleanup action(s))
- Administrative Records (e.g., Consent Decree)

Site-specific Superfund websites and selected available documents, including but not limited to the above, were reviewed and searched to record information about each Superfund Site, such as site history, nature and extent of contamination, source(s) of site contamination, and remedial actions, as well as the principal PRPs involved in cleanup activities. Documents were keyword-searched using terms such as "storm", "stormwater", "MS4," and/or "CSO," and "PCB" to locate information about potential stormwater discharges and PCB occurrence. Most of the Superfund records indicated above contain information about significant sources of PCB contamination that have been identified or suspected. For several Superfund Sites where stormwater discharges have been identified as a potential contributing source, the Superfund website information and/or documents generally indicated this finding. In several cases, specific storm drains (MS4 or CSO) and owners/operators were identified. In other instances, stormwater discharges were indicated as a potential contributing source, but no specific stormwater owners/operators were identified. For most of the Superfund Sites reviewed, there were no indications of stormwater contributions to Site contamination indicated in the U.S. EPA records and

contamination was a direct result of historical industrial/commercial operations and releases onsite.

2.4 Research for First Criteria: Stormwater Discharges

For each Superfund Site, the U.S. EPA records review process was performed to identify *whether a Superfund Site has any potential or confirmed contributions to its PCB contamination from MS4 and/or CSO discharges*. The process used by the research team started with review of the Superfund website information pages and followed by review of Superfund documents. This process was conducted until definitive information on whether a site met criteria was found or not found following records review.

Some Superfund Sites were selected for further review based on the research that indicated potential or confirmed contributions to the site's PCB contamination from MS4 and/or CSO discharges. At this stage, the selection was based on whether the Superfund records indicated potential or confirmed stormwater discharges regardless of whether PRPs were identified. If a Superfund Site was contaminated as a result of historical operations onsite, and no indications of stormwater discharges were identified in the Superfund records, then that Site was determined to be outside of the criteria.

During the first phase of screening the 283 List, Superfund Sites were evaluated concerning potential or confirmed contributions to the site's PCB contamination from MS4 and/or CSO discharges. For Superfund Sites that were determined to NOT have potential or confirmed MS4/CSO contributions, the records in the 283 List were flagged to indicate a finding of "None" in the field [Reason for Class Member Responsibility]. Alternatively, Superfund Sites determined to have potential or confirmed MS4/CSO contributions were flagged regarding "MS4", "CSO", or combined contribution (see Exhibit A).

During the review process, an extensive review of publicly available documents was performed for most of the sites and for all of the sites where documents were

available.[1] Some websites did not contain publicly available documents. Additional information used by the research team to screen Superfund Sites was obtained from the information pages of the U.S. EPA websites for each Site, or other indicating documents such as a Record of Decision or state report. Based on the entire research team's analysis and review, I do not believe any Superfund Site, without publicly available documents on its corresponding website, includes any qualifying Class Member stormwater PCB contribution. Thus, of the Superfund Sites without publicly available documents on its corresponding website, it is my professional opinion that none should be added to the ultimate Qualifying Sediment Sites List. I believe our research of the publicly available information is complete and exhaustive to the best of my knowledge and experience.

2.5 Research of Second Criteria: Review of U.S. EPA Noticed Parties (PRP) Database

The research team evaluated each Superfund Site in the 283 List to determine *whether a Class Member is identified by U.S. EPA as a PRP*. In order to determine whether a Class Member was identified by U.S. EPA as a PRP for any of the Superfund Sites in the 283 List, a database extract obtained from U.S. EPA's Superfund Enterprise Management System ("SEMS") was used. The specific dataset is called the *Noticed Parties at Sites in SEMS (FOIA 11)*.[2] This dataset (hereinafter referred to as the "PRP Database") contains a listing of all entities that have received notices from U.S. EPA

---

[1] During the screening of the Superfund Records, an attempt was made to determine if any Class Member was identified as a PRP and whether PRP status was potentially related to stormwater discharges. Based on review of the Superfund records, specific owners/operators of stormwater conveyances (i.e., storm drains [MS4/CSO]) were indicated for only a small number of Sites. To ultimately determine PRP status of any Class Member for each Superfund Site, a specific U.S. EPA database that tracks Noticed Parties for Superfund Sites was used (see Section 2.5).

[2] Noticed Parties at Sites in SEMS (FOIA 11). Superfund Data and Reports. United States Environmental Protection Agency. Online at: https://www.epa.gov/superfund/superfund-data-and-reports.

concerning potential liability or were involved in any of several types of other administrative actions relating to a Superfund Site. The PRP Database is a Microsoft Excel spreadsheet attachment that is archived within a PDF file.[3]

The PRP Database is updated approximately monthly. The version of the PRP Database used for the final evaluation was updated as recently as May 22, 2020.

I believe the SEMS database is the most comprehensive and complete method for reviewing each site for potential Class Member responsibility. Following is a more detailed description of the PRP Database and the process used by the research team to identify noticed Class Members for Sites.

The PRP Database tracks several different types of notices that PRPs have received from U.S. EPA for each Superfund Site. The PRP Database indicates the type(s) of notices sent to PRPs in a field named [ACTION TYPE SEQ]. The types of notices sent to PRPs include: General Notice Letter, Special Notice Letter, Administrative Order on Consent, Administrative/Voluntary Cost Recovery, Consent Agreement, Consent Decree, and others. U.S. EPA uses two types of letters to communicate with PRPs (General Notice and Special Notice Letters).[4] General Notice Letters inform recipients that they have been identified as PRPs at Superfund Sites and related information. Special Notice Letters gives PRPs information on why EPA thinks they are liable and EPA's plans for the cleanup of the Site. For purposes of the project, the listing of a Class Member in the PRP Database was used as the qualifying criteria to determine PRP status for a Superfund Site.

The PRP Database was searched for each Superfund Site and for all the Class Members listed in the Class Member List. The PRP Database spreadsheet contains a field

---

[3] Once the PRP Database (PDF document) is downloaded from EPA's website and opened, an archived attachment (Microsoft Excel spreadsheet) is indicated as part of the file. Once this spreadsheet file is extracted from the PDF it can be saved as a separate file and used for searching Superfund Sites.

[4] Superfund "Notice of Liability" Letters. Online at: https://www.epa.gov/enforcement/superfund-notice-liability-letters. United States Environmental Protection Agency.

indicating the name of the Superfund Site ([Site Name]). Within the spreadsheet, the AutoFilter tool was used to select only the specific Superfund Site of interest for evaluation. Once the AutoFilter was used to select a particular Site, the parties that received U.S. EPA notices associated with the Site were isolated in a field named [Party Name]. The contents of the [Party Name] field were then copied into a temporary spreadsheet and duplicates removed. The parties listed in this spreadsheet field were then reviewed (visually) to identify Class Members using the Class Member List for reference. As a matter of practice, the research team entered the names of all parties noticed for Sites that appeared to be Class Members into the 283 List.

Any listing of a Class Member in the PRP Database for a Superfund Site was considered an indication of PRP status. For those Superfund Sites with no Class Member(s) indicated in the PRP Database, the records in the 283 List were flagged to indicate a finding of "None" in the field [Municipal/Class Member Responsible Parties]. For Superfund Sites with a Class Member(s) listed in the PRP Database, a Class Member(s) name (e.g., Port of Portland) was recorded in the 283 List in the [Municipal/Class Member Responsible Parties] field. The results of the evaluation of Superfund Sites in the 283 List are presented in Exhibit A.

Note that entities listed in the [Municipal/Class Member Responsible Parties] field in the 283 List include all of the parties listed for Superfund Sites in the PRP Database that appeared to the research team to resemble a name in the Class Member List. This approach was used to capture all potential Class Members associated with Superfund Sites and was overly inclusive. As a result, there are some duplicate names for Class Members in Exhibit A. A Class Member associated with a certain Site during the first phase review, later determined to be geographically unrelated to stormwater discharges for that particular corresponding Site, was not considered to qualify as a Qualifying Sediment Site Entity.

For fifty-seven (57) Superfund Sites in the 283 List inventory, no Site listing was found in the PRP Database to determine whether Class Members are PRPs associated

with those Sites. Twenty-four (24) of these Sites are federal facilities, including primarily military installations. The other thirty-three (33) Sites are locations where manufacturing, hazardous wastes disposal, landfilling, or waste handling/recycling activities occurred. These sites were flagged in the field [Municipal/Class Member Responsible Parties] as "None Reported." Additional review of U.S. EPA records for these Sites was performed to identify potential liability for Class Members, but ultimately none qualified as Qualifying Sediment Sites because they did not meet the criteria.

2.6 Summary of Results of Review of 283 List Superfund Sites

Out of the Superfund Sites reviewed in the 283 List, a total of 21 sites were initially identified as having potential or confirmed contributions to the site's PCB contamination from MS4 and/or CSO discharges. Those 21 Sites[5] underwent an even further and exhaustive review of the publicly available information, but it was determined that only eight (8) ultimately qualified as Qualifying Sediment Sites because only those eight (1) included at least one Class Member listed as a Noticed or Potentially Responsible Party and (2) involve stormwater contribution of PCBs to a corresponding Site.[6]

2.7 Additional Quality Control/Quality Assurance Efforts

For most of the Superfund Sites, the research team conducted additional quality control/quality assurance review of the Superfund Site to verify the findings of the research conducted during the first phases of review. For the Sites with limited information available from U.S. EPA websites, additional research was conducted to acquire records from other sources. Sites with limited information from U.S. EPA websites were ultimately determined, using publicly available information, to not qualify

---

[5] As discussed further in Section 3 below, 20 of these remaining 21 Superfund Sediment Sites are also listed in the U.S. EPA Large Sediment Sites list, and thus were subjected to even further review under that analysis. One of these 21 remaining Sites was determined to be ineligible due to CSO discharge from a PCB manufacturing facility.

[6] These eight (8) Sites are the same eight (8) Sites that resulted from the Sediment/Superfund combined research, described in Section 3, below.

because they did not have both a Class member and an implication of stormwater contribution of PCBs. In my professional opinion, the entire team's review and analysis of the 283 List, including the quality control and quality assurance efforts, extensively and comprehensively included all appropriate Sites for this Class, based on publicly available information.

3. U.S. EPA LARGE SEDIMENT SITES ANALYSIS

3.1 Overview of Large Sediment Sites

Contaminated sediments may limit the beneficial uses of water bodies. They also may be a contributing factor to fish-consumption advisories. For Class Members with potential or confirmed PCB contributions to Superfund Sites from MS4 and/or CSO discharges, contaminated sediments likely represent the largest liabilities in terms of complexity and cost of cleanup. For this reason, I conducted analysis of large sediment sites tracked by U.S. EPA ("Sediment Sites").

U.S. EPA has developed policy and technical guidance specifically for characterizing contamination, managing risk, and implementing remedies at contaminated Sediment Sites. The majority of contaminated Sediment Sites in the U.S. are Superfund Sites. Large Sediment Sites typically involve river segments, bays, and harbors that have become contaminated from industrial and urbanized areas, which can also include MS4 and/or CSO discharges from urban sources such as, but not limited to, cities, counties, and port facilities. Thus, Sediment Sites are likely to represent the largest PCB-contaminated sites where Class Members have potential or confirmed contributions from MS4 and/or CSO discharges.

U.S. EPA established a two-tiered designation for large contaminated Sediment Sites to ensure that Superfund Site managers appropriately consider sediment

management principles in risk management decisions.[7] Tier 1 Sites include all sites or areas where the proposed or selected sediment action will address more than 10,000 cubic yards or five acres of contaminated sediment. At these sites, the EPA's regional office demonstrates to EPA headquarters how it considered sediment management principles in its decisions. Tier 1 sites can be large and costly remediation sites; however, they are generally less complex than Tier 2 and a Record of Decision is typically in place. Tier 2 Sites (current and former) include a small number of Tier 1 sites that are large, complex or controversial.

3.2 Sediment Sites Evaluation

A dataset for Tier 1 Sediment Sites was obtained from U.S. EPA.[8] This dataset contains 71 sites and metadata that was developed by the U.S. Army Corps of Engineers and U.S. EPA for tracking of Tier 1 Sediment Sites by Remediation Project Managers, headquarters, and regional staff. This dataset tracks Tier 1 sites that have signed a Record of Decision and also documents the remedy selected, estimated costs, contaminants of concern, and other information. The Tier 1 dataset was last updated for public review in July 2015. As discussed below, this list was used as a starting point for evaluating U.S. EPA Sediment Sites.

The first step in the process of evaluating Sites in the Tier 1 dataset was to identify those Sediment Sites with PCBs. The original Tier 1 list contains a field named [COC], which contains the chemicals of concern for each of the Operable Units ([Area Name]) for each [Site]. Records containing PCBs (e.g., Aroclor 1254, PCBs) in the [COC] field were highlighted. Sediment Sites information from the original Tier 1 Sediment Sites

---

[7] Site Designations and CSTAG Applicability. Contaminated Sediments Technical Advisory Group. Online at: https://www.epa.gov/superfund/contaminated-sediments-technical-advisory-group. United States Environmental Protection Agency.

[8] Large Sediment Sites: Tiers 1 & 2. Tier 1 Sediment Site List (.XLS). United States Environmental Protection Agency. Online at: https://www.epa.gov/superfund/large-sediment-sites-tiers-1-2.

dataset was then compiled into a new list, including the Site name, Operable Unit Area, and Contaminants (e.g., PCBs, metals, VOCs, etc). The format of the new list with Tier 1 Sites was then simplified to provide single-row records of Sites, with associated Operable Unit(s), and Contaminants (e.g., PCBs, metals, pesticides, etc.). Sediment Sites with PCBs were then highlighted on the list for visual identification. Each of the Sediment Sites with PCBs indicated as a COC was then evaluated using the PRP Database to determine if a Class Member(s) was noticed by U.S. EPA and this information recorded in the list as "Yes" or "None". Tier 1 Sediment Sites with a noticed Class Member were then highlighted. A total of thirteen (13) Tier 1 Sediment Sites with PCBs and at least one Class Member indicated in the PRP Database were identified. These thirteen (13) Tier 1 Sites were then reviewed using corresponding Superfund Site documents, as further noted below.[9]

In addition, the U.S. EPA's Contaminated Sediments Technical Advisory Group ("CSTAG") that authored the July 2015 Tier 1 list was contacted, and an up to date Tier 1 list was requested and a site-names only, redacted version of the up to date Tier 1 list was subsequently provided. This updated list of Tier 1 Sites included an additional seven (7) relevant Sites. However, none of the updated Tier 1 Sites provided ultimately qualified for inclusion, after the same full review.

U.S. EPA provides a listing of Tier 2 Sediment Sites on its website.[10] This list of Tier 2 Sediment Sites includes current or former Tier 2 sites as designated by the U.S. EPA's Contaminated Sediments Technical Advisory Group ("CSTAG"). Former Tier 2 sites are those with a Record of Decision in place. Like the process used for Tier 1 Sites above, Tier 2 Sediment Sites were compiled into a simple list for initial evaluation. This list included seven (7) current and ten (10) former Tier 2 Sediment Sites. A preliminary

---

[9] Tier 1 Sites were reviewed alongside Tier 2 Sites, using publicly available Superfund Site documents.

[10] Large Sediment Sites: Tiers 1 & 2. United States Environmental Protection Agency. Online at: https://www.epa.gov/superfund/large-sediment-sites-tiers-1-2.

review of Superfund records was then conducted to determine those Tier 2 Sediment Sites (total of 17) that have PCBs as contaminants. In addition, the PRP Database was searched for each of the Tier 2 Sediment Sites to determine if a Class Member(s) has been Noticed by U.S. EPA. A total of eight (8) Tier 2 Sediment Sites with PCBs with at least one Class Member indicated in the PRP Database were identified.

These eight (8) Tier 2 Sites were then added into a new combined list with selected Tier 1 Sediment Sites for detailed Superfund records review.

3.3 Sediment Site to Superfund Site Comparison

Superfund Sites in the 283 List (described in Section 2) with potential or confirmed PCB contributions from MS4 and/or CSO discharges and one or more Class Member(s) identified in the PRP Database were compared to the selected Sediment Sites inventory. Twenty (20) Superfund Sites identified for detailed records review were listed with the Site Name—this was based on potential Class Member and/or stormwater discharge. Superfund Sites were cross-referenced with Sediment Sites, including as "Tier 1", "Tier 2 Current", "Tier 2 Former", or "None". Of the twenty (20) Superfund Sites in the 283 List that were identified for further review, fifteen (15) Sites overlapped with the selected inventory of Sediment Sites. Of the five (5) non-overlapping Sites, three (3) of the five (5) Superfund Sites were added to the inventory of Sediment Sites for detailed review of Superfund records. Two (2) of the five (5) Superfund Sites were excluded from further review because they did not have a Class Member(s) identified in the PRP Database.

3.4 Review of U.S. Sediment Sites Using Superfund Site Documents

A detailed review of Superfund records was conducted for each of the twenty (20) Tier 1 and Tier 2 Sediment Sites/Superfund Sites and of the three (3) additional Superfund Sites from the 283 List, all of which were selected for further research. Research was then conducted using records available from U.S. EPA Superfund websites to determine whether these Sediment/Superfund Sites have any potential or confirmed contributions to its PCB contamination from MS4 and/or CSO discharges and also Class Members. The

remaining 23 Sediment/Superfund Sites underwent a further detail-intensive review process of records and publicly available information.

The process that I utilized began with review of the Superfund website pages for each Site. Superfund documents were also downloaded from the U.S. EPA website for each Site for review. The types of documents that were collected and reviewed for each Site varied. The Superfund documents that were keyword-searched and reviewed for these Sites included many of the types of records listed in Section 2.1. Review of records for each Site was continued to the point a determination could be made, as to whether a site's PCB contamination involved contributions from MS4 and/or CSO discharges and whether a Class Member was involved—all of the selected Sediment Sites were evaluated using the PRP Database and Class Member List to identify Class Members. The inventory of Sediment/Superfund Combined Inventory, inclusive of the up to date Tier 1 site from CSTAG, evaluated at this stage is summarized in Exhibit B.[11]

3.5 Summary of Results of Review of Sediment/Superfund Sites

A total of twenty-nine (29) Sediment/Superfund Sites were reviewed in the final process.[12] Based on my review and evaluation of U.S. EPA records and other publicly available information for the selected Sediment Sites, a total of eight (8) Sediment Sites were determined to meet criteria and were identified for inclusion in the settlement model. These Sites are presented in Table 1, below.

---

[11] Two sites (Palos Verdes Shelf and Montrose Chemical Corp.) were combined into one record for review purposes because the sites are related. Also, two sites associated with the Gowanus Canal were combined. These combinations resulted in a total of 29 sites on Exhibit B.

[12] This inventory included the consolidation of two listings for one site (Gowanus Canal), which appeared in from both Tier 1 and 2 Sediment Site datasets. In addition, another Tier 1 site (Montrose Chemical Corp.) was consolidated for review with a Tier 2 site (Palos Verdes Shelf) because the sites are related. See Exhibit B.

Table 1- Sediment Sites with Class Members Included in Settlement Model

Sediment Site	***Class Member(s)***
Diamond Alkali - Lower Passaic River (Newark, NJ)	City of Newark
Newtown Creek (New York, NY)	New York City
Gowanus Canal (New York, NY)	New York City
Lower Duwamish Waterway (Seattle, WA)	City of Seattle, King County, Port of Seattle, City of Tukwila
Portland Harbor (Portland, OR)	City of Portland, Port of Portland
Commencement Bay, Near Shore/Tide Flats (Tacoma, WA)	City of Tacoma, Port of Tacoma
Harbor Island (Lead) (Seattle, WA)	City of Seattle, Port of Seattle
Pacific Sound Resources (Seattle, WA)	Port of Seattle

4. TMDL ALTERNATIVES

In addition to the above, I provided research support to Baker, which was tasked with identifying TMDL Alternatives and TMDL Direct to Implementation regulation (collectively "TMDL Alternatives") for Class Members, which included the identification of the availability of records, such as Consent Decrees, Orders, and Cost Recovery Actions, on state-supported websites.

I conducted research on TMDL Alternatives for the states of Hawaii, New Mexico, New York, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, and Washington.

First, I researched a U.S. EPA website[13] to identify whether these states have TMDL Alternatives listed on a waterbody by waterbody basis. This website provided links to website pages for individual states that contain water quality assessment information. For each individual state, "TMDL Alternatives by Cause of Impairment" are

[13] Water Quality Assessment and TMDL Information. United States Environmental Protection Agency. Online at: https://ofmpub.epa.gov/waters10/attains_index.home.

provided, if any, in a tabular format within the body of the Water Quality Assessment Report that is presented on the website page. For each state that I reviewed, I tracked information on TMDL Alternatives from this EPA website and provided this information to Baker. A description of the TMDL Alternatives analysis is presented by Michael Trapp, Ph.D. of Baker under separate cover.

I also conducted an additional quality assurance review of information on TMDL Alternatives with the Baker team. For this assignment I reviewed State websites for all 50 states to determine if alternative categories other than Category 4b were used by any of the states as a TMDL Alterative for PCB-impaired water bodies. Based on my research, I determined that some States have designated and/or utilize alternatives (e.g., Category 4e, 5-alt, 5r) other than Category 4b for TMDL Alternatives. I provided this research to Baker. The final evaluation of TMDL Alternatives for this project was performed by Baker and is reported under separate cover.

Executed this 23rd day of June 2020, at SANTA MONICA, California.

Rob Hesse

Exhibit E

I, JAY C. GANDHI, declare:

1. I submit this Declaration in my capacity as the mediator in connection with the proposed settlement of the above-captioned class action. While the mediation process is confidential and privileged, the parties have authorized me to inform the Court of certain procedural and substantive matters in support of approval of the Settlement. My statements and those of the parties during the mediation process are subject to Federal Rule of Evidence 408, and there is no intention on either my part or the parties' part to waive the protections of Rule 408 and/or similar statutes, rules, and laws. I make this Declaration based on personal knowledge and am competent to so testify.

Background and Qualifications

2. I previously served as a United States Magistrate Judge for the U.S. District Court for the Central District of California, the nation's largest federal court. I am also a former litigation partner with the international law firm of Paul Hastings LLP. I spent eight (8) years on the federal bench and 12 years at Paul Hastings. I am a member of, among others, the bar of California, the U.S. District Court for the Central District of California, the U.S. Court of Appeals for the Ninth Circuit, and the U.S. Supreme Court.

3. During my time on the bench, I not only presided over many trials, but also oversaw the Court's Alternative Dispute Resolution program and its panel of approximately 200 mediators. While a partner at Paul Hastings, I litigated complex commercial cases and MDL/class actions in a variety of state and federal jurisdictions across the country. I earned my J.D., *Order of the Coif*, from the University of Southern California Gould School of Law and then served as judicial law clerk for the U.S. District Court for the Southern District of Texas.

4. I am the recipient of several professional awards during my time on the bench and in practice, including for example, the Judicial Trailblazer Award, the Benjamin Aranda III Judge of the Year Award, and the Judicial Excellence and Public Service Award.

5. I was and remain active in several professional associations, including for example, as a former member of the Board of Directors of the Los Angeles Federal Bar Association, a former member on the Judicial Advisory Board of Emory Law School's Institute for Complex Litigation and Mass Claims, and as a former Co-Chair of the Alternative Dispute Resolution Committee of the American Bar Association's Litigation Section.

6. I did and do often speak and write about best practices in alternative dispute resolution and trial advocacy, including in connection with the American Bar Association, the Federal Bar Association, and the U.S. Department of Justice.

7. I currently serve as a mediator and arbitrator with JAMS. I am also an owner of JAMS. JAMS is the world's largest private alternative dispute resolution (ADR) provider. The JAMS panel includes approximately 400 retired state and federal court judges and attorneys with proven track records and extensive practice area and industry expertise. JAMS is supported by more than 200 associates, including ADR system-design experts and case managers with decades of experience.

8. I have successfully mediated many complex, multi-party cases, including mass torts and class actions; business and commercial matters; antitrust cases; environmental actions; employment matters; entertainment and sports conflicts; health care cases; products liability actions; professional liability disputes; intellectual property matters; real estate cases; and securities and finance actions.

9. I also serve as a court-appointed Special Master, including for the U.S. District Court for the Central District of California and as an arbitrator, both solely and as a member of a tripartite panel, over complex, multi-party cases.

The Arms-Length Settlement Negotiations

10. In the fall of 2019, I was contacted by counsel at Baron & Budd, P.C., the putative lead class counsel, and Shook, Hardy & Bacon, L.L.P., the national defense and settlement counsel for the Monsanto Company. I was informed that the parties were immersed in litigation across the country regarding alleged PCB contamination. Due to the complexity of the matter, including the multitude of contested issues and the broad scope of the litigation, the parties desired a mediator to facilitate a lengthy and, at times, a contentious process.

11. Over the course of three to four months before the COVID-19 crisis, I met in person with the parties in several locations and moderated numerous conference calls. After the COVID-19 crisis halted travel, we continued our discussions in weekly videoconference calls. At these sessions, calls and meetings, the parties were represented by a number of lawyers and client representatives.

12. Both prior to and after our meetings and calls, the parties exchanged and submitted to me detailed mediation statements, opposition mediation statements, reply mediation statements, sur-reply mediation statements, evidentiary exhibits, damages calculations, a number of pleadings and orders, and a wealth of other written materials. I found these submissions to be valuable in helping me understand the relative merits of each party's positions and to identify the issues that were likely to serve as the primary drivers and obstacles to achieving a settlement. Counsel for both parties presented significant

arguments regarding their client's positions and zealously advocated on their behalf. It was apparent that both sides possessed persuasive arguments, and neither side was assured of victory. Both strongly believed in their position, but both notably faced risk.

13. Because the parties submitted their materials and made their presentations in the context of a confidential mediation process pursuant to Federal Rule of Evidence 408, their contents cannot be revealed. I can say, however, that the arguments and positions advanced by all involved were the product of hard work and thoughtfulness; they were complex and nuanced; and they were oppositional and credible.

14. During the ensuing many months and in order to resolve this litigation, I engaged in countless in-person, telephonic, video, and email discussions and conversations with Baron & Budd and Shook, Hardy, and Bacon, separately and jointly. The discussions and conversations also included their respective clients, including for example, in-house counsel for the class representatives here and the in-house counsel for the Monsanto Company and Bayer AG, the parent company of Monsanto.

15. In March 2020, the mediation process resulted in a draft term sheet for a potential national class settlement, although disagreements then arose over key provisions of that draft term sheet. I moderated well over a dozen videoconferences and a myriad of calls with putative lead class counsel and defense counsel over numerous issues related to the final settlement agreement and class process issues.

16. Ultimately months later, in June 2020, the parties agreed upon the terms for the Settlement that is now before the Court for approval. I have remained involved in their subsequent discussions regarding the detailed contours of this Settlement.

17. The parties' settlement negotiations were hard fought and adversarial, though professional, and tackled virtually every issue in this Settlement, including but not limited to the class definition; the amount and scope of compensation for class members; the methodology for allocating funds among class members; the scope of the release language; and the appropriate monetary value for such a settlement.

18. The settlement negotiations were also difficult and contentious because all held strong to their convictions that they had the better factual and legal arguments, with regard to liability, damages and otherwise, and robust debates were held on virtually every issue, including what motions, trials and appeals would ultimately yield if a negotiated agreement was not achieved. Both parties had the wherewithal to prosecute and defend this action for many more years.

Conclusion

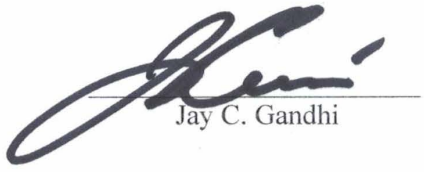

19. Based upon my experience as a former federal judge and class action litigator, and in my role as the mediator here, I respectfully lend three chief observations.

20. First, this Settlement represents an outcome that is reasonable and fair for the putative class and all parties involved. The Settlement represents the parties' and counsels' best professional effort and judgment about a fair, reasonable, and adequate settlement after thoroughly investigating and litigating the case for years, taking into account the risks, strengths and weaknesses of their respective positions on the substantive issues of the case, the risks and costs of continued litigation, and the best interests of their clients. I support the approval of this Settlement.

21. Second, the outcome is due to the assiduous efforts of putative lead class counsel, defense counsel, and their clients who worked with me to achieve this result. I am familiar with the effort, creativity, and zeal that they put into their work for this matter.

22. Third, the advocacy on both sides of the case was outstanding. I have experience with attorneys from the law firms on both sides of this case, which are nationally recognized for their prosecuting and defending large, complex environmental actions such as this case. All counsel displayed the highest caliber of civility in carrying out their duties on behalf of their respective clients. This settlement is the direct result of all counsel's expertise and experience in these types of complex class actions, and the vigorous and exemplary representation they exercised on behalf of their clients here.

I declare under penalty of perjury under the laws of the State of California and the United States of America that the foregoing is true and correct and that this declaration was executed on the 22nd day of June, 2020 in Malibu, California.

Jay C. Gandhi

Please provide a total Sediment Site Fund award requested by the Class Member:

$_____

Please attach no more than 25 pages of supporting documentation and evidence of your summary description, past and future costs and expenses, and other important factors and information that may be relevant to the Special Master's allocation. Only the first 25 pages submitted will be considered by the Special Master.

I hereby declare under penalty of perjury under the laws of the state of _____ that the information within this application and its attachments are true and correct to the best of my knowledge. Executed this ___ day of _____ at _____(County), _____ (State).

Signed: _____

(Must be signed by the Contact Person named above)

Application Instructions and Information:

Please fill out this Sediment Sites Allocation Application to the best of your knowledge and the knowledge of the qualifying Class Member. Please return your completed application to [INSERT EMAIL] no later than [INSERT DATE]. Late applications will not be considered by the Special Master. Qualifying Class Members that do not return a completed application or that return a late application will receive an allocation by the Special Master based on the good faith, best efforts of the Allocation Experts to complete an application for the qualifying class member. Qualifying Class Members that do not return a completed application or that return a late application will forfeit the right to the one (1) appeal to the Special Master but will not forfeit the receipt of Reserve Funds distributed pro-rata after all Appeals are exhausted and decided by the Special Master.

For any questions about this application or process, you may contact Lead Class Counsel Scott Summy, John Fiske, or Carla Burke of Baron & Budd, P.C., at PCBClassAction@BaronBudd.com; the Special Master at [INSERT EMAIL]; or the Allocation Experts at [INSERT EMAIL].

CENTRAL DISTRICT OF CALIFORNIA – WESTERN DIVISION

CITY OF LONG BEACH, a municipal corporation; COUNTY OF LOS ANGELES, a political subdivision; CITY OF CHULA VISTA, a municipal corporation; CITY OF SAN DIEGO, a municipal corporation; CITY OF SAN JOSE, a municipal corporation; CITY OF OAKLAND, a municipal corporation; CITY OF BERKELEY, a municipal corporation; CITY OF SPOKANE, a municipal corporation; CITY OF TACOMA, a municipal corporation; CITY OF PORTLAND, a municipal corporation; PORT OF PORTLAND, a port district of the State of Oregon; BALTIMORE COUNTY, a political subdivision; MAYOR AND CITY COUNCIL OF BALTIMORE; all individually and on behalf of all others similarly situated,

Plaintiffs,

v.

MONSANTO COMPANY; SOLUTIA INC., and PHARMACIA LLC, and DOES 1 through 100,

Defendants.

CASE NO.: 2:16-cv-03493-FMO-AS

[PROPOSED] ORDER CERTIFYING SETTLEMENT CLASS, PRELIMINARILY APPROVING CLASS ACTION SETTLEMENT, APPROVING NOTICE PLAN, APPOINTING CLASS ACTION SETTLEMENT ADMINISTRATOR, AND APPOINTING CLASS COUNSEL

Time of Hearing: 10:00 a.m.
Date of Hearing: July 23, 2020
Courtroom: 6D
Honorable Fernando M. Olguin

File Date: May 19, 2016
Trial Date: May 11, 2021

Upon consideration of *Plaintiffs' Motion for Certification of Settlement Class, Preliminary Approval of Class Action Settlement, Approval of Notice Plan, Appointment of Class Action Settlement Administrator, and Appointment of Class Counsel*, the Settlement Agreement entered into by the Parties on June 24, 2020, and the pleadings and other materials on file in the above-captioned actions, IT IS HEREBY ORDERED that Plaintiffs' Motion for Preliminary Approval is GRANTED.

The Court FURTHER ORDERS AS FOLLOWS:

1. The Settlement Agreement and its exhibits are hereby incorporated by reference in this Order as if fully set forth herein. Capitalized terms in this Order shall, unless otherwise defined herein, have the same meaning as in the Settlement Agreement.
2. For purposes of the Settlement, the Class shall be defined as

> "As of June 24, 2020 only, but not later, all NPDES Phase I and II city, town, village, borough, township, and independent port district MS4 permittees with jurisdictional boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs and all NPDES Phase I and II county MS4 permittees with urbanized, unincorporated boundaries within a HUC 12 Watershed that contains and/or is immediately adjoining a 303(d) water body impaired by PCBs."

3. Subject to further consideration at the Preliminary Approval Hearing described in paragraph 19 below, this Court finds that the Class meets the requirements of Fed. R. Civ. P. 23 for purposes of the Settlement.
4. For purposes of the Settlement, and after considering the pertinent factors in Fed. R. Civ. P. 23, the Court designates as the representatives of the Class (the "Representative Plaintiffs") the following: City of Long Beach, County of Los Angeles, City of Berkeley, City of San Diego, City of Oakland, City of San Jose,

Mayor and City Council of Baltimore, Baltimore County, City of Chula Vista, Port of Portland, City of Portland, City of Spokane, City of Tacoma.

5. For purposes of the Settlement, and after considering the relevant factors in Fed. R. Civ. P. 23 and for the reasons set forth in the Certification Order, the Court appoints the following attorneys as Class Counsel: Lead Class Counsel: Scott Summy, John Fiske, and Carla Burke Pickrel of Baron & Budd, P.C.; and Co-Class Counsel John Gomez of Gomez Trial Attorneys, John R. Wertz, Esq., and Richard Gordon and Martin Wolf of Gordon Carney & Wolf.

6. For purposes of the Settlement, the Court appoints Steven Weisbrot of Angeion Group, LLC as Class Action Settlement Administrator. The Parties are hereby authorized to retain the Class Action Settlement Administrator to assist in effectuating the terms of and administering the Notice Plan.

7. Pursuant to Fed. R. Civ. P. 23, the Court preliminarily approves the terms of the Settlement Agreement, and the Settlement provided for therein, as (a) fair, reasonable, and adequate in light of the relevant factual, legal, practical, and procedural considerations of the Actions, (b) free of collusion to the detriment of Class Members, and (c) within the range of possible final judicial approval, subject to further consideration at the Court Approval Hearing described in paragraph 19 of this Order. Accordingly, the Settlement Agreement and the Settlement are sufficient to warrant notice thereof, as set forth below, and a full hearing on the Settlement.

8. Pursuant to the terms of the Settlement Agreement, Representative Plaintiffs and Class Counsel are hereby directed to cause the Class Action Settlement Administrator to provide notice of the Settlement to the Settlement Class Members consistent with the Notice Plan and deadlines set forth in the Settlement Agreement. Specifically, the Class Action Settlement Administrator shall:

    a. within five (5) days of the Preliminary Approval Order, mail Direct Notice substantially in the form of the document attached to the Agreement as

Exhibit I, in a form that requires signature confirming delivery, to each Class Member identified by the parties as meeting the Class Definition using three publicly maintained and available databases as follows: (1) the U.S. EPA 303(d) list of bodies of water impaired by PCBs; (2) USGS HUC 12 Watersheds; (3) U.S. Census Bureau;

b. promptly log each Direct Notice that is returned as undeliverable and shall provide copies of the log to Class Counsel and Defense Counsel;

c. take reasonable steps to re-mail all undeliverable Direct Notices to updated addresses provided by the National Change of Address Database maintained by the United States Post Office or by other means. In the event that any Direct Notice mailed to a Settlement Class Member is returned as undeliverable a second time, then no further mailing shall be required;

d. maintain records of all of activities, including logs of all telephone calls received and all mailings, and shall maintain an electronic database reflecting the running tally of all calls received and number and types of materials mailed by it in connection with this Settlement;

e. be responsible for, without limitation: (1) printing, mailing or arranging for the mailing of the Direct Notices in a form that requires signature confirming delivery; (2) handling returned mail not delivered to Settlement Class Members; (3) attempting to obtain updated address information for any Direct Notices returned without a forwarding address; (4) making any additional mailings required under the terms of this Settlement Agreement; (5) receiving and maintaining on behalf of the Court any Settlement Class Member correspondence regarding requests for exclusion and/or objections to the Settlement; (6) forwarding written inquiries to Class Counsel or their designee for a response, if warranted; and (7) otherwise implementing and/or assisting with the dissemination of the Notice of the Settlement. The Class Action Settlement Administrator shall also be responsible for,

without limitation, implementing the terms of the Claims Process and related administrative activities;

f. forward within five (5) days of receipt copies of any written requests for exclusion to Lead Class Counsel and Defendant's Counsel, shall maintain a list reflecting all requests for exclusion, and shall file that list with the Court by the Class Action Settlement Administrator no later than twenty-one (21) days before the Final Approval Hearing;

g. forward within 5 days of receipt any Objection(s) to Class Counsel and Defendant's Counsel.

9. The Court finds that the Settlement Agreement's plan, as further set forth in Plaintiffs' Motion for Preliminary Approval, for direct mail notice to Settlement Class Members is the best notice practicable under the circumstances and satisfies the requirements of due process and Fed. R. Civ. P. 23.

10. The Parties shall be authorized to make non-material changes to the Notice Plan, so long as Class Counsel and Defendant's Counsel agree and one of the Parties files a notice thereof with the Court prior to the Final Approval Haring. Neither the insertion of dates nor the correction of typographical or grammatical errors shall be deemed a change to the Notice Plan.

11. Pursuant to the Class Action Fairness Act of 2005, 28 U.S.C. § 1715(b), Defendant's Counsel shall serve notice of the Settlement via First Class Mail on the appropriate federal and state officials no later than 10 calendar days after the filing of this Settlement Agreement with the Court.

12. Any Settlement Class Member who wishes to be excluded from the Settlement Class and not be bound by the Settlement Agreement must complete and mail via certified or first class mail a request for exclusion ("Opt-Out") to the Class Action Settlement Administrator at the address set forth in the Direct Notice. The Opt Out request must be postmarked no later than DATE [60 days after notices are mailed], 2020. For a Settlement Class Member's Opt-Out to be valid and treated

as a Successful Opt-Out, it must (a) set forth the Settlement Class Member's full name, current address, and telephone number, (b) bear the Settlement Class Member's signature (even if represented by counsel); (c) include the signature of the attorney who represents the Settlement Class Member if the Settlement Class Member has entered into an agreement to be represented by counsel; (d) contain the original signature of a person previously authorized by law, such as a trustee, guardian, or person acting under a power of attorney, to act on behalf of the Class Member; and (d) unequivocally state the Settlement Class Member's intent to be excluded from the Class, to be excluded from the Settlement, not to participate in the Settlement, and/ or to waive all right to the benefits of the Settlement. Statements generally objecting to the Settlement or to specific terms of the Settlement but which do not clearly express an intent to opt out as set forth above are not valid Opt-Outs.

13. Any Settlement Class Member that does not submit a successful Opt-Out, or otherwise comply with all requirements for opting out as are contained in this Order, the Settlement Agreement, and the Class Notice, shall be bound by the Settlement Agreement, including the Release and any Final Order and Judgment entered in the Action.

14. Any Settlement Class Member who is a Successful Opt-Out will be deemed to have waived any rights or benefits under the Settlement Agreement, and will not have standing to object to the Settlement. Settlement Class Members who have elected to opt out of the Settlement Class may withdraw their opt out requests prior to the Effective Date, but only if they accept the benefits and terms of this Settlement and dismiss with prejudice any other pending action against Defendant arising out of PCB-related impairments to water bodies.

15. Any Class Member who does not Opt-Out and who wishes to object to the Settlement must file a written objection to the Settlement ("Objection") with the Clerk of the Court and the Class Action Settlement Administrator no later than

sixty (60) days after the date the Notice is mailed. The Objection must bear the signature of the Settlement Class Member (even if represented by counsel), the Class Member's current address and telephone number, and state the exact nature of the objection including any legal support the Settlement Class Member wishes to introduce in support of the Objection, and whether or not the Class Member intends to appear at the final approval hearing. If the Class Member is represented by counsel, the objection shall also be signed by the attorney who represents the Class Member. Objections sent by any Settlement Class Member to incorrect locations shall not be valid.

16. The Class Action Settlement Administrator shall forward any objection(s) to Lead Class Counsel and Defendant's Counsel within five (5) days of receipt. Any Settlement Class Member who fails to comply with this procedure shall waive and forfeit any and all rights to appear separately and/or to object, and shall be bound by all the terms of this Settlement Agreement and by all subsequent proceedings, orders and judgments, including, but not limited to, the Release, the Final Order and the Final Judgment in the Actions.

17. In advance of the date set by the Court for Objections, Class Counsel agrees to request approval of an award of all Attorneys' Fees and Expenses in a total amount of $98,000,000. Defendant agrees to pay the Attorneys' Fees and Expenses awarded by the Court in an amount not to exceed $98,000,000, and will do so within thirty (30) days of the Effective Date.

18. Plaintiffs' motion for final approval of the Settlement shall be filed by DATE [the same date set for objections].

19. A hearing (the "Final Approval Hearing") shall be held before the undersigned as directed by the Court, in the United States District Court for the Central District of California, 350 W. 1st St., Los Angeles, California, 90012, to determine, among other things, (a) whether the proposed Settlement should be approved as fair, reasonable and adequate, (b) whether the Actions should be dismissed with

prejudice pursuant to the terms of the Settlement Agreement, (c) whether Settlement Class Members should be bound by the Release set forth in the Settlement Agreement, (d) whether Settlement Class Members should be subject to a permanent injunction that, among other things, bars Class Members from commencing, prosecuting, or assisting in any lawsuit against the Released Persons that asserts or purports to assert matters within the scope of the Release, (e) the amount of any Attorneys' Fees/Litigation Cost award to be made to Class Counsel, if any, upon application pursuant to the Settlement Agreement.

20. It is not necessary for a Settlement Class Member to appear at the Final Approval Hearing. However, any Class Member who wishes to appear at the Final Approval Hearing, whether pro se or through counsel, must file a notice of appearance in the Actions, and mail and postmark, or hand-deliver, the notice and other pleadings to Lead Class Counsel and Counsel for the Defendants, on or before DATE [45 days before Court Approval Hearing], 2020.

21. Any Settlement Class Member who wishes to file a motion or any other must file the motion or other paper with the Court, and contemporaneously mail and postmark, or hand-deliver, to Lead Class Counsel and Counsel for the Defendants, the motion or other paper, together with any and all supporting documents, on or before DATE [45 days before Court Approval Hearing], 2020.

22. Without prior leave of the Court, no Settlement Class Member shall be permitted to raise matters at the Final Approval Hearing that the Settlement Class Member could have raised in an Objection, motion, or other paper, but failed to raise.

23. Any Settlement Class Member who fails to comply with this Order, the Class Notice, and/ or the Settlement Agreement shall be barred from appearing at the Final Approval Hearing.

24. No later than ten (10) days following the Effective Date, the Parties shall file a joint stipulation of voluntary dismissal with prejudice and without costs under Fed. R. Civ. P. 41 in each of the related Actions.

25. All proceedings other than such as may be necessary to carry out the terms and conditions of the Settlement Agreement or the responsibilities related or incidental thereto, are stayed and suspended until further order of this Court.

26. If Final Approval of the Settlement is not achieved, or if the Settlement Agreement does not become effective for any reason, this Order shall become null and void and of no further force and effect. The fact that the Parties agreed to the Settlement Agreement shall be without prejudice to the rights of Plaintiffs or Defendant or any Settlement Class Member, shall not be used for any purpose whatsoever in any subsequent proceeding in this action or in any other action in any court or tribunal, and shall not be construed as an admission or concession by any party of any fact, matter, or allegation. In the event that this Agreement does not become effective, Plaintiffs, Defendant, and the Settlement Class Members shall be restored without prejudice to their respective positions as if the Settlement Agreement, any application for its approval by the Court, and the proposed Third Amended Complaint in the City of Long Beach action had not been made, submitted, or filed. Notwithstanding the foregoing, in the event that the Court should refuse to approve any material part of the Settlement Agreement or the Exhibits thereto or if, on appeal, an appellate court fails to affirm the judgment entered pursuant to the Settlement Agreement, then the Parties may (but are not obligated to) agree in writing to amend the Settlement Agreement and proceed as so amended.

27. Neither the Settlement nor the Settlement Agreement constitutes an admission, concession, or indication by the Parties of the validity of any claims or defenses in the Actions or of any wrongdoing, liability, or violation of law by Defendant, which denies all of the claims and allegations raised in the Actions.

28. The Court reserves the right to approve the Settlement with such modifications, if any, as may be agreed to by Class Counsel and Counsel for Defendant and without further notice to the Settlement Class Members.

29. Pending this Court's decision on whether to finally approve the Settlement of the Actions, Representative Plaintiffs, all Settlement Class Members (excepting those who are Successful Opt-Outs), Class Counsel, and Plaintiffs' Counsel are preliminary enjoined from commencing, prosecuting, or assisting in any lawsuit against the Released Persons that asserts or purports to assert matters within the scope of the Release.

30. The Parties shall meet and confer in good faith to resolve any dispute concerning the Settlement Agreement and/ or this Order and, to the extent any such dispute cannot be resolved between them, present the matter to this Court for resolution.

IT IS SO ORDERED.

Dated: _____, 2020
